RAYMOND L. FLYNN  
MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

BRUCE C. BOLLING  
PRESIDENT, CITY COUNCIL

VOL. 80

MONDAY, JANUARY 4, 1988

NO. 1

## MAYOR SIGNS MINORITY/WOMEN BUSINESS ENTERPRISE ORDER

Mayor Raymond L. Flynn, on December 17, signed an Executive Order establishing the Minority and Women Business Enterprise Development Program for the City of Boston. The order establishes standards and guidelines to be used by city departments to encourage business opportunities and access for minority and women-owned enterprises to all contractual expenditures for goods, services and construction projects.

"The City of Boston is adding a new and stronger dimension to our policy of inclusion," said Mayor Flynn at the signing. "We are taking affirmative steps to ensure that all share in the benefits of economic growth by providing access and opportunities to firms owned by minorities and women."

Earl Campbell, chairman of Manassa Systems, a minority-owned business firm, said, "The minority business community looks upon this Executive Order as providing the greatest historic potential for minorities to do business with the City of Boston in recent history."

The M/WBE Order provides that city departments will secure at least fifteen percent of goods and services from minority-owned firms and an additional five percent from businesses owned by women. The program will be coordinated by M/WBE Coordinator William Byard who will report directly to the director of Administrative Services. Coordinator Byard will also provide staff support to the eleven-member Minority and Women Business Advisory Council, which includes eight representatives of the minority and women business communities, in addition to the Mayor's policy director, the senior advisor on equal rights, and the director of the Women's Commission. The operating budget for the M/WBE Program is \$179,000.

In conjunction with the Executive Order, Mayor Flynn promulgated procedures for the implementation of the program. In addition, the city has issued a Request for Proposals to augment monitoring and staff training systems for the program.

Mayor Flynn also noted his support for an amendment to the National League of Cities' Municipal Policy that urges federal and private sector assistance for new minority business

enterprises. The amendment encourages technical and advisory assistance and stresses the importance of contractual and joint venture partnerships for minority firms.

Minority and women-owned business vendors will be certified under a new agreement between the State Office of Minority Business Assistance and the Mayor's Office of Jobs and Community Service.

### MBTA POLICE OFFICERS MAKE KEY ARREST

Praising Chief Thomas P. Maloney and the Authority's Police Department, MBTA General Manager James F. O'Leary announced the arrest, in the early hours of December 17, of an armed criminal near the Chinatown transit station. The two arresting officers recognized the man from wanted posters.

Officers Joseph P. Mastorilli, 39, of Easton, and Edward M. O'Malley, 38, of Foxboro, had carried out a station check at Chinatown on the Orange Line, when they spotted the wanted criminal, Daniel Birmingham (AKA Daniel Rutinger), at the corner of Beech and Washington Streets in downtown Boston. The man was found to be in possession of a .22 caliber revolver, a ski mask, and a change of clothing.

Birmingham was wanted as an escapee from the Plymouth MCI, where he had been serving a sentence for armed robbery. He was charged with illegal possession of a firearm and was arraigned in Boston Municipal Court.

Mastorilli and O'Malley are responsible for a total of 552 arrests so far this year, 80 percent of these (441) through recognition from wanted posters.

O'Leary praised the MBTA Police Department's continuing success in its battle against crime throughout the system since the inception of Governor Michael Dukakis's comprehensive anti-crime program in 1983. In September, Governor Dukakis announced that crime in the MBTA system was down by 26 percent since 1983, and down 20 percent from last year. Crime is also down on each of the transit lines.

The T Police has activated extra details for the holiday season, resulting in an increase of over 60 percent in coverage at key locations throughout the system, for the safety of MBTA passengers.

One other direct result of Governor Dukakis's program to improve safety on the transit system became evident in March, 1986, when the MBTA Police Department became the first transit police in the nation, and the first police body in Massachusetts, to receive formal accreditation from the national Commission on Accreditation of Law Enforcement Agencies (CALEA) for "the highest level of professional standards."

Accreditation by CALEA included a thorough investigation of the department's hiring, training, promotion and budgeting procedures, criminal investigation, officers' code of conduct standards and arrest procedures, and security and trial preparation standards.

### BOSTON RECEIVES \$1 MILLION IN FEDERAL AID FOR HOMELESS

Mayor Raymond L. Flynn, on December 24, announced that the U.S. Department of Housing and Urban Development has approved the city's request, submitted by the Public Facilities Department, for \$1 million in emergency assistance for Boston's

homeless population. The federal funds, made available through the Stewart B. McKinney Homeless Assistance Act, will lever an additional \$2.7 million in city, state, foundation and private money for a total of \$3.7 million to support expanded shelter beds and services for the homeless.

"This money will allow us to create 372 new shelter beds in Boston and provide important support services, such as job training and child care," said Mayor Flynn. "That we were able to secure \$1 million out of a total of \$15 million available nationwide is a tribute to the dedication and leadership of the Massachusetts Congressional delegation, House Speaker Jim Wright, Mitch Snyder of the Center for Creative Nonviolence and the more than twenty local nonprofit organizations that provide services to Boston's homeless."

The \$3.7 million will enable the city to more than double the number of people it currently services. Among the additional services will be child care for 200 children and help for 219 elderly and handicapped persons.

"This is a great Christmas present for Boston's needy," said Lisa G. Chapnick, the director of the city's Public Facilities Department. "But we can't lose sight of the fact that the federal government continues to give with one hand and take away with the other. The recently passed budget, for instance, slashes \$768,000 from the city's Community Development Block Grant (CDBG) allocation. That just makes it more difficult for us to expand the city's supply of permanent and affordable housing."

Since 1984, the City of Boston has spent over \$10 million to assist the homeless — one of the highest per capita allocations of any major city in the country.

The \$1 million in emergency assistance money is the third grant the city has received in recent months under the Stewart B. McKinney Homeless Assistance Act. Boston was also awarded \$317,000 for four emergency shelters and \$500,000 for health care services.

The McKinney Homeless Assistance Act, named for the late Connecticut representative who championed the cause of the homeless prior to his death last year, was passed in June with the active

support of the U.S. Conference of Mayors Task Force on Hunger and Homelessness, chaired by Mayor Flynn.

**Invitation for Proposals for Supplying and Delivering  
Library Furniture for the Lower Mills  
Branch Library.**

The City of Boston, acting by the Board of Trustees in charge of the Library Department of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for supplying and delivering library furniture for the Lower Mills Branch Library.

Proposals will be received until 12 o'clock noon, Boston time, Monday, February 1, 1988, at the office of the Awarding Authority (Office of the Director), 666 Boylston Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Business Office, Boston Public Library, Room 305, 666 Boylston Street, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in an envelope, sealed, plainly marked with the name of the bidder and the notation "Bid Proposal," followed by a brief description of the item bid upon. One copy shall be filed at the office of the Awarding Authority (mail address: P.O. Box 286, Boston, MA 02117), and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, MA 02201. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of 5 percent of the total bid price shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bid may be withdrawn after the time limit for filing bids and for two days (Saturdays, Sundays, and legal holidays excluded) from the opening of the bids. In addition, no bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to the execution and delivery of the contract, unless no award has been made upon the expiration of the prescribed time therefor.

Specifications may be obtained on and after 12 o'clock noon, Boston time, Wednesday, January 6, 1988, at the Business Office, Boston Public Library, Room 305, 666 Boylston Street, Boston, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, and written in the full amount of the contract, will be required of the successful bidder.

The Awarding Authority reserves the right to waive any informalities, to accept or reject any or all bids, and to award the contract as it deems for the best interest of the city.

**NOTICE TO CONTRACTORS**

**Invitation for Bids for Excavating and Regrading  
the Lagoon in the Public Garden.**

The City of Boston, acting by the Parks Commission, 294 Washington Street, Room 901, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project listed below. Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled: "Excavating and Regrading the Lagoon in the Public Garden."

**SCOPE OF WORK** includes: Furnishing all labor, materials, equipment to excavate and remove excess material and regrade the lagoon base in the Public Garden. Estimated cost, \$170,000.

**BIDS** shall be submitted in duplicate before 2 p.m. on Thursday, January 14, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bid. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

**SPECIFICATIONS** will be available on or about Monday, December 28, 1987, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

**BIDDERS** are hereby notified that bid deposits must be 5 percent of his/her bid and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise. For the purpose of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

A completed Minority Business Identification Statement (MBU-IS-A) shall be submitted for each Minority Business Enterprise listed on a bidders form (MBU-F), and submitted at the time of bid opening, that is not included in the Minority Business Directory published by the Office of Minority Business. Copies of the Minority Business Identification Statement are available at the City of Boston Jobs and Community Services, 15 Beacon Street, Boston, MA 02108.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any or all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, Room 901, 294 Washington Street, Boston, MA 02108, on Tuesday, January 5, 1988, at 10 a.m., Boston time.

RAYMOND L. FLYNN  
MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

ELLA  
PRESIDENT, CITY COUNCIL

VOL. 80

MONDAY, JANUARY 11, 1988

NO. 2

## MAYOR FLYNN'S SECOND INAUGURAL ADDRESS

*The Second Inaugural Address of the Honorable Raymond L. Flynn, Forty-sixth Mayor of Boston, was delivered at the Wang Center for the Performing Arts, on January 4, 1988, at 10 A.M.*

Reverend Clergy, Distinguished Guests, Fellow Elected Officials, Ladies and Gentlemen: Good Morning and Welcome.

I am honored to be here today, to again take the oath of office as your Mayor. Let me offer my congratulations, too, to the members of the City Council and School Committee who worked hard to win the privilege of taking their oaths this morning.

As I look around this hall, I feel especially honored to be in the company of men and women who are so deeply committed to the city that we are all proud to call "Our Hometown."

I feel a deep sense of comfort that comes from being among those who believe in the traditional values of hard work and fair play. These are values you learn from life. To learn them, you don't have to attend a great university or read a textbook, as important as those endeavors are. No, they are values you learn over time, perhaps beginning at a young age, as I did, by watching hard-working parents striving to make a better life for their children. They worked hard and long, supporting each other to be productive breadwinners, in tough times and in periods of poor health — working even harder to be a better mother, and a better father.

Or maybe you learn these values by growing up in a city where adults believe they have an obligation to help children; where the strong believe they have an obligation to help the weak and the needy.

My path to the Mayor's Office took me along many roads, and I learned many important lessons. But perhaps the most important value that I brought with me to the Mayor's Office was a *belief*, that the fundamental obligation of government is really, *helping people*.

Now, before I go any further, I really want to thank you, the people of Boston, for giving me this opportunity to be the Mayor of the greatest city in America. Let me also tell you that my enthusiasm for hard work and leading this city is as great today as it was the day I stood before you, four years ago, to be sworn in as the Forty-sixth Mayor of Boston.

This morning I want to share with you some thoughts about the next four years. I want to talk about what is important to me, in terms of personal and political values, as I start a new term.

I remember very clearly the wonderful response you gave me four years ago at the swearing-in when I said that *the hopes that unite us are much greater than the narrow issues that divide us*. We had learned from Dr. Martin Luther King, Jr. that "*injustice anywhere is a threat to justice everywhere*," and I knew that you were going to stand beside me as we moved this city forward, bringing about a city governed by one set of rules that apply evenly to everyone.

We've made some important progress in bringing this very diverse city together. We always understood that our diversity is in fact our strength and we said it from the start. We also know, however, that we can't look back. We must move forward. We must continue to build on the progress we have already made.

Together, we've been *building a city*. Nothing takes more vision, commitment, and sheer work than building our city and making it work.

In Boston, a few days before becoming our nation's President, John F. Kennedy told us, quoting the First Governor of Massachusetts, John Winthrop:

" 'We must always consider that we shall be as a City upon a Hill — the eyes of all people upon us.' "

We know that there is more to a city than glittering towers and fashionable streets. Those things no more make a city than four walls and a ceiling make a home. A city is people. People are as dynamic and diverse as any skyline that we could ever imagine.

Building a city means that we must never forget that no matter how grand the city of brick and steel grows, it must *always* serve — and *never* dominate — the people, the families who give it life.

Our work is never done. No great city is ever finally built. Only cities that have died are finished. We must continue to work hard to ensure that a vibrant, dynamic, and healthy Boston is our legacy for future generations.

Cities are built on foundations of *human values* and governments are made the same way. It is our *system of values that defines who we are*. That is, we are *what we believe in*.

We believe in a Boston that is compassionate, open, and honest.

We believe in fundamental human dignity.

We believe in the integrity of each and every member of our extended family.

Our vision is being created out of these shared beliefs in what is good, what is right, and what is desirable for Boston.

I talked about vision and values when I asked for your support in my quest to continue as your Mayor. As I

(Continued on next page)

(Continued from front page)

told you then, the standard that we are all striving to meet, in terms of the meaning of our work, can be summarized in some humble, but meaningful words from St. Francis. They are printed on a simple plaque that my family gave me years ago, and that I keep on my desk.

"Lord, make me an instrument of your peace. Where there is hatred let me sow love . . . where there is despair, hope; where there is darkness, light . . ."

On the day I announced for reelection, I pointed across Boston Harbor from Jeffries Point in East Boston. As I gazed up at those shimmering glass towers of the downtown, I made a statement that I drew from deep down inside.

I told you how much it would mean to me, to be able to say, that during my public life, I was able to build lasting bridges of opportunity between that booming Downtown and the people in the neighborhoods who historically have been left behind. We're already doing that in some significant ways.

- Later this week, as a result of the success of our national-model, linkage program, I will be announcing a significant new commitment of linkage dollars that will connect Downtown growth to neighborhood families by providing hundreds of critically needed new units of affordable housing.
- Our Parcel-to-Parcel Linkage Program, which is just getting underway, is a first-in-the-nation partnership for economic justice, that directly links Downtown development with development in the neighborhoods.

Our commitment to linkage springs from our belief that all children should be able to grow up knowing that society cares about them; that every family should be able to plan and dream, secure in the knowledge of adequate and predictable incomes from good jobs.

I envision a day when all of this will be possible. But that day is not today my friends, and the true test of our moral worth as a government is how hard we're willing to work to bring that day closer.

It all starts with work.

Pope John Paul II, who was a Pastor to the workers of Poland, thought about it this way:

"The Greatness of Work is Inside Man."

A good job means self-respect and pride. People feel they count and they're filled with a feeling of self-esteem. They become strong individuals, they build strong families, and become the building blocks of stable and healthy communities.

Successful cities are made of all kinds of people — Black and White, Hispanic, Asian, newcomer and native, families and individuals — who believe they have a stake in that city. So it's not just a matter of rhetoric when we say that our goal as a city is to give every resident that sense of self-respect. I can't imagine there is a city in America where a willing person has a better chance than right here in Boston. There is nowhere else in America that opportunities will be greater in the dozen years that separate us from the twenty-first century. In the coming years, thousands of new jobs will be created in Boston. It's our job to see that Boston residents get their fair share.

Today, I have a very special pledge to make to our young people, especially to our children in the Boston Public Schools:

*My commitment — Boston's commitment — is a good job at a living wage for every young person willing to work.*

Through expanded public-private partnerships, and with new city initiatives like the soon-to-be announced Boston Jobs Academy, we will keep building the structures needed to meet this goal. Existing programs like the Boston Compact, Boston for Boston, our new Jobstarts Network, the plan for excellence, and A.C.C.E.S.S. have already proven successful. Surely, a city that has such a profound economic impact on Massachusetts and the entire New England Region should at least be able to offer its own people *good-paying jobs*.

Our greatest natural resource is the potential for creativity that lives in every child. Children are born with hope in their hearts and dreams in

their minds. It's our responsibility to nurture these hopes.

Yet it seems to me that as a society we've been discouraging the young for too long, perhaps out of our own lack of vision. It is time for society to start inspiring its children with a sense of what they *can do*.

Those of us who have been busy telling our children what they *can't* do should be challenged to look at the world through a young person's eyes. They would see the world in a far less cynical way. The child's perspective forces us to be honest with ourselves. It also forces us to break free of those limits that we adults impose on the possibilities for a better society, a better Boston.

The need is there. The opportunity is waiting. The question is, do we, as a city, a state, and a nation — both the public and private communities — have the *will*?

Only time will tell, but the answer must be yes.

Because I believe it's *just plain unfair* for even a single family to be trapped in poverty in a city and a nation of such tremendous wealth.

It's *just plain unfair* for any kid to grow up illiterate in the shadows of the greatest academic institutions in America.

It's *just plain unfair* for people to go without adequate health care when they live next door to some of the world's most respected medical centers.

Over the last four years, we've worked to build the bridges of economic opportunity to Boston's neighborhoods. But we also know we cannot and should not be expected to do it alone.

Because poverty, illiteracy, and lack of affordable housing are not just poor peoples' problems. They're not just Boston's problems.

Growing poverty is an American problem and we need the support from our Federal Government to begin to deal with it.

We are approaching a Presidential Election that may be the most critical since 1932 in terms of the economic direction America will take. Urban leaders know how government works. We fully understand — perhaps better than most officials in

(Continued on next page)

## Inaugural . . .

(Continued from previous page)

Washington — the potentially devastating impact of the national deficit. So we're not looking for a blank check for big-ticket spending programs.

What we are looking for is a leader who is sensitive to the needs in America's cities; who is willing to work with us on compassionate and sensible programs to fight poverty, homelessness, and illiteracy.

If America is to be truly strong, we must maintain a strong commitment to the basic needs of our poor and working families. That's just what I said recently when I appeared before the Budget Committee of the United States Congress, speaking for the mayors of America's major cities. It was my task to put before the Congress a plea for basic fairness for America's urban centers.

Now, perhaps the greatest obstacle we face is the mind-set of federal officials, who say we *can't* do anything about problems like infant mortality and inadequate job training. What they're really saying is they *refuse* to do anything.

Well, just because fairness is out of fashion these days for some in Washington, we *refuse to apologize* for our vision: a nation that can defend the dreams of its working families at home, just as well as it defends its national security interests abroad.

If you think fairness costs too much, just look at America's prisons, jails, and the growing number of soup kitchens, and add up the toll that poverty takes. I say, we pay now, or we pay later.

In Boston, we're taking the problems head-on, because we have a city to build *and people to serve*. Serving means listening, caring, and delivering.

Just recently, I reminded people at City Hall of the basic fact that government's job is to help people solve problems they can't solve alone; whether it's a family without heat in winter, a retiree with a question about her pension check, or a neighborhood group requesting improvements for their local park. I said that if the day ever comes, when that call for help is not the most important

call you take all day, that's the day we should all get out of this business. Because if we lose our zeal for service, then we surrender our right to serve.

I am pleased to tell you that we are ready to keep moving forward — with zeal and pride — to keep Boston on solid financial ground and provide a level of services that will be just as good as the people we serve. We will keep moving forward, for example, on our nearly \$1 billion investment in rebuilding Boston: its police stations, neighborhood libraries, medical centers, parks, and roadways.

Here again, however, we need partners. Like every city and town in Massachusetts, we cannot sustain this progress without a fair and equal partnership with State government. We need State cooperation to provide the quality of services that people deserve: in public safety, environmental health, industrial development, and every other category of services.

We know Boston is the greatest single generator of economic activity in the state, particularly in terms of pumping revenues into the state treasury.

It's time for fairness.

I can assure you, we will never shy away from standing up for our city when we're treated callously and unfairly.

Fighting for what we believe in is one of Boston's proudest traditions. It's part of building a city, building a hometown, where our kids can grow up free of the deadly menace of the drug pusher, and where the schools are giving them tools for the future.

It's part of building a city where the arts are vibrant and accessible to all; where there's affordable housing for working families; and where a strong economy continues to grow and to open its doors to people who've never known anything but having those doors slammed in their faces.

This is my vision for Boston. Not just for some — but for everyone.

We are striving for that day, when no matter which neighborhood you live in, no matter who you are, you can say with pride, *the shining city on a hill is my hometown*.

## ABCD FILM EXPLORES HOUSING OPTIONS FOR THE ELDERLY

Action for Boston Community Development's Elder Services Department and the Boston University Film Unit recently joined forces to produce a documentary film on shared living as a housing option for older people.

At the recent premiere showing of "Open House" at the Boston Public Library, Euterpe Dukakis, Governor Dukakis's mother; Frank Ollivierre, regional director of the Administration on Aging; Paul Lanzikos, secretary, Massachusetts Executive Office of Elder Affairs; and Dorothy Altman, elder housing coordinator for the Massachusetts Executive Office of Communities and Development were on hand to discuss crucial housing issues as they relate to the elderly.

Throughout the eighteen-minute documentary, Gray Panther founder and Shared Living participant Maggie Kuhn discusses her ten years of shared living experience in Philadelphia. The film explores the pros and cons of shared living while describing a wide range of housing options including extended-family living in private homes, congregate housing, home-match arrangements, lodging homes, and roommate situations. Equally important, the film helps older people examine these issues for themselves.

Shared living advocates were also on hand to address issues of elder housing. Ginny Robinson, ABCD elder affairs specialist, commented on current decision making in our society. "As things stand now," she asked, "Who is it that makes the decisions about what kind of housing is developed? It's the developers or perhaps the government . . . but as we've been hearing that really needs to change."

Mrs. Euterpe Dukakis stressed the demographics of the elderly population, namely "that senior citizens make up a larger and larger portion of our society" with an "increasing need for communities to plan housing for their senior citizens and to look for creative and meaningful ways to meet this need . . . We have dynamic, competent seniors who are perfectly capable of playing a leading role in planning alternative methods of housing."

Paul Lanzikos likewise emphasized "the need to look creatively at an array of housing choices. At EOE (Executive Office of Elder Affairs)," he said, "we want to involve elders in every aspect of decision making and planning."

Dorothy Altman encouraged older people to get involved in planning for alternative housing in their respective communities saying that "at the state level, we are just waiting to hear what kinds of thoughts you have and how we can help you carry them out."

In a written statement Maggie Kuhn, who was unable to attend, commented about the film. "It is a significant social commentary on the need for long-range planning for our cities and the need for participation of the people involved in those plans. It shows how urgently we need a comprehensive, long-range, national housing policy in America . . . National housing policy should be developed by the people and tested in our neighborhoods where people of all ages can be involved."

For more information about the film, which can be rented or purchased after January, call Elder Services, ABCD, 357-6000, extension 204.

ABCD is Boston's antipoverty agency and the largest human services agency in New England, with funding from a variety of sources totaling over \$30 million annually. The agency is a private, non-profit corporation established in 1962, with the majority of board members elected from Boston's neighborhoods through the decentralized ABCD neigh-

borhood network. ABCD programs include Fuel Assistance, Foster Grandparents, Head Start, Day Care, Center for Jobs, Education, and Career Training, the Summer Youth Employment Program, a tuition-free, accredited Urban College Program, Health Services, Community Services and others.

### VI. COMMENDATION

On September 4, 1987, at 1200 hours, Fire Fighter Joseph S. Teixeira, Engine Company 14, while off duty, came upon a group of citizens trying to control the bleeding of a nine-year-old girl with a wrist laceration of a radial artery, at 1 Warwick Street.

Immediately identifying himself as a Boston Fire Fighter, he proceeded to stop the bleeding with direct pressure as well as pressure point application. He then directed a citizen to call Fire Alarm who dispatched Engine Company 22. Upon their arrival, he was relieved by members of Engine Company 22.

Fire Fighter Teixeira, who performed this medical assist without the benefit of infectious disease protection, and with the praise of the citizens present, reflected credit to himself and the department. The Fire Commissioner is pleased to commend him and makes this commendation a part of his personnel folder.

Immediately thereafter, in a designated room, the bids will be opened and read aloud publicly.

The work consists of intrusion alarm security system at forty (40) MBTA rapid transit stations and eleven (11) vacuum fare collection sites, and train approach announcement systems at thirty-four (34) MBTA rapid transit stations and an information transfer network.

This contract is subject to a financial assistance contract between the MBTA and the U.S. Department of Transportation.

Each prospective bidder proposing to bid on this project must be prequalified in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders." Copies may be obtained from the Contract Administration Office at the above address. Requests for prequalification for this project will not be accepted by the Authority after the tenth (10th) day preceding the date set for the opening of bids.

Prequalified bidders may obtain from the Contract Administration Office a "Request for Bid Form" which must be properly filled out and submitted for approval.

Bidding documents may be obtained from the Contract Administration Office at the address above from 8:30 a.m. to 4 p.m., after December 27, 1987, Monday through Friday, at a charge of \$50 per set. The Authority's Standard Specifications, Bidding and Contract Requirements and Division 1 — General Requirements, dated November 1983, is available at a charge of \$5 per copy. The Authority's Standard Specifications, Construction, dated January, 1980, is available at a charge of \$15 per copy. Bidding documents will be mailed by parcel post upon request and receipt of an additional fee of \$15, payable by separate check. If requested, documents will be forwarded by air freight, where such service is available, at the expense of the plan holder. None of these charges are refundable.

Bidders' attention is directed to Appendix 1, Goals and Timetables for Female and Minority Participation in the Construction Industry; and to Appendix 2, Supplemental Equal Employment Opportunity, Anti-Discrimination, and Affirmative Action Program in the specifications. In addition, pursuant to the requirements of Appendix 3, Disadvantaged Business Enterprise (DBE) participation provision, bidders must submit an assurance with their bids that they will make sufficient reasonable efforts to meet the stated DBE goal of 10 percent.

Bidders will affirmatively insure that in regard to any contract entered into pursuant to this solicitation, minority and female construction contractors will be afforded full opportunity to submit bids and will not be discriminated against on the grounds of race, color, religion, sex, or national origin in consideration for an award.

Bidders will be required to comply with federal equal employment opportunity regulations and the President's Executive Order No. 11246 and any amendments or supplements thereof.

Authorization for the bidders to view the site of the work on the MBTA's property shall be obtained from the office of the Project Manager, Walter Grady, 21 Arlington Avenue, Charlestown, MA 02129, Telephone No. (617) 722-5914. A prebid conference will be held on February 4, 1988, at 10 a.m. in the above office. Any request for interpretation of plans and specifications should be submitted in writing at the same time.

Bidders will be required to certify as part of their bids that they are able to furnish labor that can work in harmony with all other elements of labor employed or to be employed on the work.

This contract is subject to federal wage and hour laws and state minimum wage rates as well as all other applicable labor laws.

All bidders are advised that the "Buy America" provisions of the Surface Transportation Assistance Act of 1982 (Pub. L. 97-424), as amended, apply to any contract, procurement or agreement which results from this solicitation.

Bid guaranty shall consist of a bid deposit in the amount of 5 percent of the value of the bid, in the form of a bid bond, cash, certified check, treasurer's or cashier's check.

The successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract price.

The Authority reserves the right to reject any or all bids, to waive informalities, to advertise for new bids, or proceed to do the work otherwise, as may be deemed to be for the best interests of the Authority.

**NOTICE TO CONTRACTORS**

**Invitation for Bids for Mechanical Improvements, Tobin Building Long Island Homeless Shelter, Project #4470, Phase IV, C. 149 Projects.**

The City of Boston, acting by its Public Facilities Commission, through its Director of Public Facilities, sixth floor, 26 Court Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the above-entitled project. Bids shall be on a form supplied by the Public Facilities Department, shall be clearly identified as a bid, and signed by the bidder. All bids for this project are subject to all applicable provisions of law, including without limitation, sections 39F and 39K through 39P of chapter 30, and sections 29 and 44A to 44H, inclusive of chapter 149 of the General Laws, as amended, and in accordance with the terms and provisions of the contract documents entitled: "Mechanical Improvements, Tobin Building Long Island Homeless Shelter."

SCOPE OF WORK includes heating improvements to this shelter for the homeless.

TIME AND PLACE FOR FILING BIDS: ALL GENERAL BIDS shall be filed with the Awarding Authority at the above address before twelve o'clock noon on January 29, 1988, at which time and place respective bids will be opened forthwith and read aloud.

General bids will be valid only when accompanied by (1) a certificate of eligibility issued by DCPO, showing that the contractor has been approved to bid on projects the size and nature of that advertised; and (2) an updated statement summarizing the contractor's record for the period between the latest DCPO certification and the date the contractor submits its bid.

PLANS AND SPECIFICATIONS will be available on or about January 11, 1988, at the Public Facilities Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Plans and specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned. Bidders are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

A performance bond and labor and materials payment bond of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and in the sum of 100 percent of the contract price will be required of the successful bidder.

The Awarding Authority reserves the right to waive any informalities in or to reject any and all bids if it be in the public interest to do so.

## MARTIN LUTHER KING, JR. 1929-1968

As Boston commences the fifth annual celebration of Martin Luther King's birthday, it is important to note the relevance this great American continues to have to all of us, irrespective of our color, race, or creed.

King is an American leader of the same stature as Abraham Lincoln and John F. Kennedy; he helped to shape the social forces of his time into a mass movement that served to remind America not just of its highest aspirations, but of its foremost responsibilities.

King's message, on behalf of his fellow Blacks, is understood by all beleaguered people throughout the world. It is a message that still inspires resistance to injustice, whether it is on the streets of Johannesburg, Belfast, or New York City. King was not just for civil rights, he was for human rights.

Twenty years ago this winter, King and his followers met to plan a "poor people's campaign" that would challenge the federal government to implement comprehensive anti-poverty programs for the needy. That plan never materialized, because King was assassinated in Memphis later that year.

It is clear that if King were alive today he would be speaking for the poor, for the homeless, and for the thousands of people shut out of Ronald Reagan's America. He would be challenging the profit-makers who judge success by the bottom line. He would inspire Americans to rise above their fears and move toward the promised land, where liberty, justice, and the pursuit of happiness includes everyone, not just the powerful.

The celebration of Martin Luther King Day in Boston — and throughout the world — is a tribute to the enormous strides in civil rights made possible by King's life work. It is also a reminder of the formidable work that lies ahead.

Boston's great Irish poet John Boyle O'Reilly, in an address to Blacks at Faneuil Hall in 1885, said that, "every heart that beats for humanity, beats with the oppressed." As we celebrate Martin Luther King's legacy, let us continue to uphold the values that King exemplified, for they are the values to which America aspires.

### MANAGING ATTENDANCE SHOULD CONTINUE TO BE A HIGH PRIORITY IN BOSTON

In the last two years the city has placed greater emphasis on its Managing Attendance Program (MAP) in an effort to control absenteeism among public employees. That emphasis is important to improve employee productivity and service delivery, decrease sick leave costs and eliminate abuse. In 1986, approximately \$14 million in wages was paid to city and county employees who did not work due to sickness. The costs of temporary employees, overtime and lost municipal services would add to that figure. The

Personnel Division of the Administrative Services Department is responsible for administering the MAP, and at this time needs to play a larger role in the coordination of the program. With the strong support of the Mayor and Director of the Administrative Services Department, Personnel should move forward to ensure that the administration of the Program is uniform and centralized.

In 1978, the Boston Municipal Research Bureau issued a Special Report characterizing Boston's sick leave program as poorly supervised, frequently abused and too expensive. The report recommended that the city, among other things, develop and implement an

integrated computerized Personnel/ Payroll system to manage sick leave usage. In 1979, Mayor White issued an Executive Order which established the MAP. This program was designed to curtail sick leave abuse while not infringing upon an employee's legitimate use of sick time. It established standard procedures for monitoring sick leave, identifying patterns of abuse and taking appropriate disciplinary actions. It also identified personal problems that may cause excessive absenteeism and provided assistance to address these problems. In 1984, Mayor Flynn issued the same Executive Order on Managing Attendance. However, a 1986 Bureau Special Report revealed that the majority of city departments ignored the MAP. Subsequently, Mayor Flynn issued a memo to all department heads reinforcing his 1984 Executive Order requiring that the MAP be actively enforced. Presently, 47 departments out of 62 participate in the MAP. Other departments such as Health and Hospitals, School and Library have established their own attendance programs. In the Police and Fire Departments, only civilian employees participate in the MAP.

The Personnel Division, since 1986, has worked to institutionalize this program by making it a high priority among departments. Personnel has held training sessions on the MAP for all personnel officers and department heads. In conjunction with the Data Processing Division, Personnel has developed a personal computer program for tracking attendance. However, to date this program has not been implemented. Departments are required to submit attendance data on a quarterly basis. Presently, these reports are compiled manually. To help assess the uniformity of compliance, Personnel recently completed an audit of departmental attendance practices.

(Continued on next page)

## Managing Attendance . . .

(Continued from previous page)

According to Personnel, within the 47 participating departments, the average days absent is expected to decrease from 11.9 days in 1986 to 10.0 days in 1987. The Bureau believes that the steps taken by Personnel over the past two years have made city departments more sensitive to the problem of employee absenteeism as department heads become more committed to the MAP and training is provided to personnel officers. The Bureau is unable, however, to verify the decrease in the average number of sick days taken last year. Sick usage reports from the city's main computer system calculated absences at a substantially lower rate than reflected by the MAP. Further, analysis of the average days absent revealed discrepancies in the compilation of the statistics from year to year as well as between departments. One department, for example, showed a large decrease in the number of absent days because in 1986 employees using workmen's compensation were recorded as sick, but in 1987 they were excluded from the sick leave statistics. This department subsequently was excluded from the annual statistics. However, it is unclear how many other departments have different reporting procedures.

The Personnel Division has been successful in getting most departments to focus on improving attendance among their employees. However, these efforts need to be carried further to improve the program's effectiveness. The Bureau recommends the following:

The Director of Administrative Services should assist the Personnel Division to ensure departmental compliance of the city's MAP and to broker inter-agency disputes regarding its implementation. Currently, central lines of responsibility are unclear and departmental compliance is uneven. With his support, Personnel could be held accountable for the overall administration of the MAP. As administrator, Personnel should address the following four recommendations:

Personnel should rely exclusively on its Personnel/Payroll system for monitoring and reporting sick leave usage. This recommendation was originally made by the Bureau in 1978 and again in 1986. Utilizing the Personnel/Payroll system would ensure central control, provide consistent information among

departments and reduce tedious paper work. Discrepancies between the manual and automated systems have resulted in departments relying on their own manual system, which contributes to the lack of uniformity and centralization. The Personnel/Payroll system is the appropriate vehicle to report sick usage for the MAP. On each payroll, sick hours for each city employee are recorded and verified by the department head and then posted to the city's personnel master file. Historical attendance data, by individual employee and department, is available to Personnel for central reporting purposes. The city should reconsider implementation of the personal computer program in each department in favor of enhancing its integrated payroll system to accommodate MAP objectives. The long-term solution should be the development of a calendar-based MAP as part of the Personnel/Payroll system.

Personnel should establish a procedures manual for uniform administration of the MAP. This would help ensure accurate and consistent record keeping among all departments.

To maintain central control, Personnel should require all city-funded departments to submit summary sick leave usage data on a periodic basis. Currently, departments such as Health and Hospitals, School, Library, City Council and some Suffolk County departments have established alternative

attendance programs. The Personnel Division and Director of Administrative Services should ensure that a uniform managing attendance policy is incorporated into all union contracts.

Personnel should compile information to evaluate the MAP. This information should include such items as the cost of sick leave and the cost of administering the program as well as data on the number of employees who have been reprimanded, suspended or dismissed due to poor attendance. Personnel should also identify employees with poor attendance where no action has been taken.

Samuel R. Tyler, is executive director of the Boston Municipal Research Bureau.

## MBTA ANNOUNCES WINTER SCHEDULE CHANGES

The Massachusetts Bay Transportation Authority (MBTA) has announced service changes as part of the Authority's new winter schedule.

Changes are highlighted by an increase in morning peak-period Green Line service from 112 to 125 cars. The increase will improve Green Line service and will permit the operation of more frequent two-car trains between Brigham Circle and Lechmere (E line) and peak-period three-car service between Riverside and Government Center (D line).

Other major changes include the operation of shuttle buses on the Red Line between Park Street and JFK/UMASS stations, weeknights between 8:45 p.m. and the end of service, to allow continuation of the Red Line track reconstruction program. Shuttle buses have operated since May between the Red Line's Kendall and South Stations. Busing is no longer required between Harvard and Park Street Stations.

Shuttle buses will continue to replace Green Line service between Copley and Kenmore Stations, weeknights between 8:45 p.m. and the end of service while the Green Line track reconstruction program continues.

In other changes:

- Route 16 (Forest Hills-JFK/UMASS Station). Trips added from Forest Hill at 6:26 a.m. and 6:44 a.m.
- Route 300 (Riverside-Downtown Evening service to Needham Junction) will no longer operate (service available via Needham Line commuter rail).

## MUSEUM OF FINE ARTS NEWS

### *Zangezi*

A play by Velimir Khlebnikov, directed by Peter Sellars, with original music by Jon Hassell. Wednesday, Thursday, and Friday, March 2-4, at 8 p.m. Remis Auditorium.

Khlebnikov, who died in Russia in 1922 at the age of thirty-six, was one of the great innovators of literary modernism, along with Joyce, Pound, and Stein, although he is less known in the West because his startlingly original poetry has long been thought untranslatable. Now, Paul Schmidt has translated for the first time the poem-play *Zangezi*, a rendition hailed by Susan Sontag as "dazzling — an important, unexpected gift," giving us access to the harmonious vision of the self-dubbed "King of

Time." In *Zangezi*, which premiered at the opening of the Museum of Contemporary Art in Los Angeles, Khlebnikov builds a structure of words and sounds that speak of his transcendent faith in the human spirit. *Zangezi* was performed at this year's Next Wave Festival at the Brooklyn Academy of Music and here has its New England premiere. Presented with support from the Massachusetts Council on the Arts and Humanities. *Tickets:* \$8, Museum members, seniors, students; \$10, general admission. Series subscription: \$20 and \$24. To order tickets, send request, check payable to the Museum of Fine Arts, and a stamped self-addressed envelope to Public Programs, Museum of Fine Arts, Boston, MA 02115. Box office opens one hour before each program. For more information, call 267-9300 x306.

### CONCERTS; MARCH 1988

Boston Museum Trio with Judith Malafrente, mezzo soprano, Sunday, March 6, at 3 p.m. in Remis Auditorium, music of Barbara Strozzi and Montclair.

John Gibbons, fortepiano, Sunday, March 13, at 3 p.m. in Remis Auditorium, music of Beethoven, including Sonata No. 14, "Moonlight."

American Originals III, Thursday, March 24, at 8 p.m. in Remis Auditorium, the Lydian String Quartet performs music of Charles Ives and others, including Ives's String Quartet No. 2.

TICKETS: \$10, Museum members, seniors, students; \$12, general admission. To order tickets, send request, check payable to the Museum of Fine Arts, and a stamped self-addressed envelope to Public Programs, Museum of Fine Arts, Boston, MA 02115. Box office opens one hour before each program.

### FILM; MARCH 1988

YVONNE RAINER RETROSPECTIVE, Thursdays and Fridays, March 10-18, in Remis Auditorium.

*Lives of Performers* (1972). In her first film, Rainer, a dancer and choreographer, assigns fictional relationships to members of her own dance group in this examination of issues of sexual and personal identity. 90 minutes. Thursday, March 10, at 5:30 p.m.

*Film About a Woman Who...* (1974). Dance, performance, and film combine to create a rich film text in this autobiographical tour-de-force which parallels the literary work of Robbe-Grillet in examining the opposition of emotional life to the experiences of everyday life. 105

minutes. Thursday, March 10, at 8 p.m.

Yvonne Rainer will appear in person to introduce a screening of *The Man Who Envied Women* (1985). With William Raymond, Trisha Brown. Around the familiar theme of the break-up of a marriage, Rainer constructs an honest, graceful, and wickedly funny account of a self-satisfied womanizer and explores the issues of sexuality, aging, power relations, and political activism. Program approximately 2-3/4 hours. Friday, March 11, at 7 p.m.

*Kristina Talking Pictures* (1976). With Ivan and Yvonne Rainer. A young European woman lion-tamer comes to America and takes up choreography. The film then diverges from a strict narrative, by intercutting dialogue based on works by Samuel Beckett, Simone de Beauvoir, John Cage, and Susan Sontag with segments of choreographed movement, printed words, photographs, and film fragments. 90 minutes. Thursday, March 17, at 5:30 p.m.

*Journeys from Berlin/1971* (1980). With Anette Michelson. Rainer's theme is the dichotomy of public and private actions, and she uses the political situation of the Baader-Meinhof group in Germany to illustrate the private and social implications of violence. 125 minutes. Thursday, March 17, at 8 p.m. and Friday, March 18, at 5:30 p.m.

*The Man Who Envied Women* (1985). With William Raymond, Trisha Brown, Jackie Raynal. 125 minutes. Friday, March 18, at 8 p.m.

Tickets: \$3, Museum Members, students, senior citizens; \$3.50 general admission. Films are screened in Remis Auditorium, which features a large screen, excellent projection, and comfortable seats. Tickets to films are only available one hour prior to each screening at box office. All films are in the original language with English subtitles.

### FILM SPECIALS

#### MARCH 1988

*Karma*, Friday, March 25, at 7:30 p.m. Vietnamese filmmaker Ho Quang Minh will present the New England premiere of his 1986 film *Karma*, a tragic wartime story of a South Vietnamese couple. Program approximately 2-1/2 hours. Presented in cooperation with the William Joiner Center for the Study of War and Social Consequences, University of Massachusetts, Boston.

TICKETS: \$4, Museum Members, students, senior citizens; \$5 general

admission. Films are screened in Remis Auditorium. All films in original language with English subtitles. Box office opens one hour before each program. Tickets to special films are available in advance. Celebrating New England Filmmakers, Thursday, March 31, at 5:30 and 8 p.m.

Short Film Showcase — Boston is among the country's leading centers for independent filmmaking. This selection presents prize-winning short work by internationally acclaimed area filmmakers made during the past decade. Films to be shown include *City Slickers* by Rufus Butler Seder, *Kudzu* by Margie Short, *Photo Album* by Enrique Oliver, *To a Random* by Michael Burlingame, *The Roar from Within* by Flip Johnson, and *Nine Lives* by Karen Aqua. Program approximately 90 minutes. Thursday, March 31, at 5:30 p.m.

World Premier of *Lola La Loca* by Enrique Oliver. In this Caribbean-American comedy, filmed in Boston, a well-intentioned social worker visits a Hispanic housing project to learn if her client qualifies for welfare. Just as Alice stumbled into Wonderland, so does the pretty young social worker stumble into a puzzling and bizarre society of outlandish characters with unfamiliar rules of behavior. Filmmaker Enrique Oliver will be present. Program approximately 1-3/4 hours. Thursday, March 31, at 8 p.m.

**TICKETS:** March 31 Two-part program — \$7. Museum members, students, senior citizens; \$8 general admission. Films are screened in Remis Auditorium. All films in original language with English subtitles. Box office opens one hour before each program.

#### MORNING SUBSCRIPTION LECTURE SERIES MARCH 1988

An Introduction to Women's Costume, 1725-1925, Nancy Rexford, Tuesdays, March 29-April 19, at 10:30 a.m., Mabel Louise Riley Seminar Room.

Fashionable female dress plays a complex role in Western culture. Among its functions are to provide decency and warmth, to reflect the position of women as a group, and to act as a specific social identifier, telling us the wearer's wealth, status or even her opinions. But it also expresses in a most personal way the aesthetic of its age.

This series outlines the evolution of women's fashion from 1725 to 1925 and suggests some of the ways it related to contemporary ideas in culture and art.

Nancy Rexford is a museum consultant on costume, and is currently writing a book on dating American women's clothing, 1795-1930.

**SUBSCRIPTION:** \$30, Museum members, students, senior citizens; \$35, general admission. To order tickets, send request with a check payable to the Museum of Fine Arts and a self-addressed, stamped envelope to Public Programs, Museum of Fine Arts, Boston, MA 02115. For more information, call 267-9300, x306.

Preserving Historic New Bedford in a Changing Economy, Therese S. Kelly, director, Waterfront Historic Area League, Friday, March 18, at 10:30 a.m. in Remis Auditorium.

Much of New Bedford's historic character — its waterfront district, its fishing industry, and its textile mills — remains intact and in use today. But a changing and growing economy continues to exert pressure on those valuable historic resources. This lecture will highlight those resources and consider how a community can protect its legacy while adapting to the demands of the late twentieth century.

**TICKETS:** \$6.50, MFA members, seniors, students; \$7.50, general admission. To order tickets, send request, check payable to the Museum of Fine Arts, and a stamped self-addressed envelope to Public Programs, Museum of Fine Arts, Boston, MA 02115. Box office opens one hour before each program.  
**EVENING SUBSCRIPTION LECTURE SERIES  
MARCH 1988**

Discovering Greek Sculpture Miranda Marvin, professor of art history Wellesley College, Thursdays, March 31-April 21, at 8 p.m., Mabel Louise Riley Seminar Room.

The classical tradition has dominated Western sculpture since it was initiated by Greek artists 2500 years ago. This series will trace its origin and development, emphasizing how the unique approach of Greek sculptors to the rendering of forms in space changed over time. Among the issues to be considered are public and private patronage, the function of works of art in ancient society, and the interaction between sculpture and architecture. What

can really be known of the great masters Polykleitos, Pheidias, and Lysippos? Who were the tastemakers of the classical world? How has our knowledge of Greek art colored our understanding of Greek society? These are some of the questions to be explored, even if they cannot be fully answered.

**SUBSCRIPTION:** \$30, Museum members, students, senior citizens; \$35, general admission. To order tickets, send request with a check payable to the Museum of Fine Arts and a self-addressed, stamped envelope to Public Programs, Museum of Fine Arts, Boston, MA 02115.

**Town Views in Dutch Landscapes: A Sense of Pride, A Sense of Place,** James A. Welu, director, Worcester Art Museum, Wednesday, March 9, at 8 p.m. in Remis Auditorium.

During the seventeenth century the town view became a popular motif in paintings of the Dutch landscape. This lecture will explore the topographical tradition behind this motif including its relationship to concurrent developments in cartography, and in connection with social and political changes of the period.

**Looking Up: Sky and Land in Dutch Landscape,** John Walsh, director, J. Paul Getty Museum, Wednesday, March 23, at 8 p.m. in Remis Auditorium.

Dutch landscape painters were the first to exploit the variety and beauty of the skies, yet their achievement has not been fully understood or credited. John Walsh will consider what goes on above the horizon and what it contributes to the paintings.

**Mozart's Music as Mozart Heard It,** Christopher Hogwood, artistic director, Handel & Haydn Society; Daniel Stepner, member, Boston Museum Trio and concertmaster, Handel & Haydn Society Wednesday, March 16, at 8 p.m. in Remis Auditorium.

In recent years, performances on original instruments, employing historically appropriate techniques, have changed our understanding of baroque and classical music. Christopher Hogwood, founder of the world-renowned Academy of Ancient Music, will discuss what makes a performance "authentic." Daniel Stepner, baroque violinist, will illustrate various points on historic and on modern instruments.

**The City: The Natural and the Man-**

**Made,** Vincent Scully, Sterling Professor of the History of Art, Yale University, Wednesday, March 30, at 8 p.m. in Remis Auditorium.

Professor Scully traces the relationship of man-made architecture to the natural environment throughout Amerindian and European culture, with special emphasis on pre-Columbian and pueblo architecture, Greek architecture, and the French formal garden.

**TICKETS:** \$6.50, MFA members, seniors, students; \$7.50, general admission. To order tickets, send request, check payable to the Museum of Fine Arts, and a stamped self-addressed envelope to Public Programs, Museum of Fine Arts, Boston, MA 02115. Box office opens one hour before each program.

#### **FREE SUNDAY PROGRAMS MARCH 1988**

**PLEASE NOTE:** These programs are made possible by the Lowell Institute. Free tickets are required for admission, and are available at the box office one hour prior to the program.

**The Art of John La Farge,** Lauretta Dimmick, assistant curator, Department of American Decorative Arts and Sculpture, Sunday, March 13, at 2 p.m. in Mabel Louise Riley Seminar Room.

**Unfolding Beauty: The Art and History of the Fan,** Ellen Dennis, cataloguer and appraiser, Robert W. Skinner Inc., Sunday, March 20, at 2 p.m. in Mabel Louise Riley Seminar Room.

**The Jeweler in the Graeco-Roman Period,** Jack M. Ogden, consultant for early jewelry and fine art, Sunday, March 20, at 3 p.m. in Remis Auditorium.

#### **SPECIAL SATURDAY PROGRAM MARCH 1988**

**What Do We Mean by "Masterpiece"?** Saturday, March 19, 10 a.m.-5 p.m., Remis Auditorium.

The word masterpiece evokes in us the sense that there are works of art, literature, or music, whose value is universal and timeless. They stand in the general understanding as authoritative exemplars, lying beyond the reach of personal opinion or the vagaries of taste. But a more critical view of the term would demonstrate that definitions of supreme mastery, as well as the works of art that have been called masterpieces, have changed over time and are by no means accepted as such by

all. This program will explore from different perspectives some aspects of the sense and implications of the masterpiece.

This program will be moderated by Walter Cahn, Carnegie Professor of the History of Art, Yale University, and author of *Masterpiece: Chapters on the History of an Idea*. Speakers include: Arthur C. Danto, Johnsonian Professor of Philosophy, Columbia University; John Pope Hennessey, professor of fine arts, Institute of Fine Arts, New York University; Sherman E. Lee, adjunct professor, Department of Art, University of North Carolina; Marcia Tucker, director, The New Museum of Contemporary Art, New York, and Cornelius Vermeule, curator of classical art, MFA.

*DUTCH LANDSCAPE ON PAPER: REMBRANDT TO MONDRIAN*  
*DECEMBER 19-MID-APRIL*

Changing conceptions and continuities in the Dutch vision of landscape are traced in eighty landscape prints, drawings, and watercolors from around 1600 to the early twentieth century. A generous selection of fine landscape prints, primarily etchings, is complemented by sensitive landscape drawings and watercolors. Drawn primarily from the Museum's collection — including a number of recent acquisitions — the exhibition in the Huntington Print, Drawing, and Photograph Galleries features quintessential works by such artists as Goltzius, Segers, Rembrandt, Jongkind, van Gogh, and Mondrian, as well as works by lesser-known Dutch masters equally deserving of attention. Although independently conceived, the exhibition is also intended as a complement to "Masters of Seventeenth-Century Dutch Landscape Painting" on view from February 3 to May 1, 1988.

*MASSACHUSETTS MASTERS: AFRO-AMERICAN ARTISTS*  
*JANUARY 16-MARCH 6*

Lois Mailou Jones, Ellen Banks, Allan Rohan Crite, and Calvin Burnett are among twenty-five contemporary Black artists whose work will be on view in the Foster Gallery. According to exhibition curator and director of the Museum of the National Center for Afro-American Artists Edmund Barry Gaither, the exhibition will feature "artists working in various idioms and styles who have enjoyed long careers in the state as well as a broad cross section of contemporary artists whose work has been recognized within the last fifteen years.

"While most of the sixty-three paintings, tapestries, and sculptures on exhibition were completed since 1973, a number of pieces date from the 1930s.

Many of the artists have strong ties to the Museum School: Lois Mailou Jones graduated in 1927, and Allan Rohan Crite in 1933, and both Ellen Banks and Milton Derr are currently on the faculty at the School. "In the nineteenth century," notes Gaither, "the liberal environment of Massachusetts provided rich support for several Afro-American artists from other regions. With the opening of the Museum School in 1876, the opportunity to study art in formal surroundings became available in Massachusetts."

*MASTERS OF SEVENTEENTH-CENTURY DUTCH LANDSCAPE PAINTING*  
*FEBRUARY 3-MAY 1*

The first exhibition in more than thirty-five years to survey the full range of seventeenth-century Dutch landscape painting attests to the Dutchman's adoring record of his surroundings. Pioneers of the naturalistic landscape, Dutch artists were inspired by a seemingly unpromising little subject, namely their own flat, watery country, but created images of unprecedented richness and diversity — blonde dunes, limitless panoramas, and bosky forests. They painted Holland's regular canals and broad plain as well as subtle effects of season and weather — the moist Dutch air, the stillness at evening, and the hoarfrost of winter. Great travelers, the Dutch also lent form to the plunging valleys of the Rhine, the cliffs and cataracts of Tirol and Scandinavia, the sunny Italian Campagna, even the emerald vistas of Brazil.

Not only the Dutchman's varied and encyclopedic vision, but also the selectiveness and subjectivity of his naturalism emerge through this show. Most conspicuous in the lunar fantasies of Hercules Segers, the creative aspect of Dutch realism is also revealed in the subtler reshufflings of nature performed by artists like Jan van Goyen or Salomon van Ruysdael, who did not hesitate to reroute a river or relocate a church spire to achieve a compelling truth to life and ever more inventive effects of light and atmosphere. Reviewing the entire century with loans from forty of the world's most distinguished museums and a score of leading private collectors, the exhibition highlights

masterpieces by such artists as Hendrick Avercamp, Aelbert Cuyp, Jacob Ruisdael, and Meindert Hobbema, while revealing the merits and contributions of many artists of lesser renown.

The 560-page catalogue illustrates all 123 paintings in the exhibition in color and provides more than 400 black-and-white comparative illustrations. In addition to charting stylistic development and the changing favor of specific subjects and themes, the catalogue examines the relationship between the rise of landscape painting and such factors as the Dutchman's pride in his own newly won national independence; Holland's commercial success and global reach in her "Golden Age"; the country's extensive land-reclamation projects and commitment to geographic engineering; and the growing popularity of pastoral poetry and other literary forms, such as the indigenous *Hofdicht*, that celebrate the beauty of the local scene and countryside. Also investigated are the roles of patronage and landscape's place in the marketplace, as well as questions of "hidden symbolism." Born of sixteenth-century religious allegorical, and mythological paintings, landscapes acquired new forms and meanings in the seventeenth century as the audience for this popular art form broadened.

The exhibition was organized by the Museum of Fine Arts, Boston, with the collaboration of the Rijksmuseum and the Philadelphia Museum of Art. The exhibition and catalogue are supported by grants from the National Endowment for the Arts, a federal agency, and the Algemene Bank Nederland N.V. Additional support for the exhibition is provided by an indemnity from the Federal Council on the Arts and Humanities and by KLM Royal Dutch Airlines. The catalogue is made possible in part by grants from Coopers & Lybrand; Dutch Institutional Holding Company; and Nutter, McClennen & Fish in association with Netherlands-American Amity Trust.

JOHN LA FARGE February 24 - May 1, 1988

The retrospective of the work of John La Farge opening at the Museum of Fine Arts on February 24, 1988, explores the work of this immensely influential nineteenth-century American artist and presents over 100 paintings, graphics and stained glass. A brilliant mural and easel painter, designer and

colorist, La Farge was a master at fusing the decorative arts with architecture. As a portraitist, engraver and illustrator, landscape and still life painter, his dedication to the function of the artist as craftsman led him to explore a variety of subjects and media. He was instrumental in reviving the arts of American monumental mural painting and stained glass, the medium in which he made his most enduring contribution by developing a technique in which the glass itself is used to create pictorial effects. According to Lauretta Dimmick, Assistant Curator who is working on the installation at the Museum of Fine Arts, La Farge often was a step ahead of his continental counterparts although not trained in Europe. He collected Japanese prints before James McNeill Whistler, created impressionistic landscapes before the first impressionist exhibition, and painted in Tahiti a year before Paul Gauguin. He revived such neglected art forms as stained glass and mural decoration. Yet his formal and technical innovations are frequently linked to a conservative figural style and he cannot be accurately described as a modernist. La Farge presents the paradox of an innovator who was wedded to the conservative strain in Victorian American culture. Only recently have scholars begun to re-evaluate La Farge and to see him as one of the central figures of nineteenth-century art. In the 1870s, as the artist was beginning to gain recognition for his easel paintings, La Farge turned to decorative work. His first major commission was the interior of architect H.H. Richardson's Trinity Church in Boston. This mural project, the first large-scale decorative scheme in America to be executed by a distinguished painter, set a new direction in American art and initiated the movement now known as American Renaissance. La Farge is generally acknowledged to be the greatest innovator in the history of modern stained glass. In addition to his technical innovations, La Farge expanded the traditional subject matter of stained glass. A comprehensively illustrated book accompanies the exhibition and includes essays by leading La Farge scholars. *John La Farge* was organized jointly by The Carnegie Museum of Art and the National Museum of American Art, Smithsonian Institution, with the generous support of grants from The Luce Fund for Scholarship in

American Art, a program of The Henry Luce Foundation, Inc., the National Endowment for the Humanities, The Foster Charitable Trust, the Smithsonian Special Exhibition Fund, and the James Smithsonian Society. Following the exhibition's premiere at the National Museum of American Art (July 10 - October 12, 1987), the exhibition will travel to The Carnegie Museum of Art in Pittsburgh (November 7, 1987 - January 3, 1988) and conclude its tour at the Museum of Fine Arts, Boston.

UNFOLDING BEAUTY: THE ART OF THE FAN, March 9 - June 5, 1988.

The beauty and romance of fans will be highlighted in the Western fans and costumes from the permanent collection of the Museum of Fine Arts, Boston shown in *Unfolding Beauty: The Art of the Fan*. According to Deborah Kraak, Assistant Curator in the Department of Textiles and Costumes, "Ninety fans and twenty costumed mannequins in the exhibition will illustrate the changing styles of the fan from the eighteenth to the twentieth century. The chronological survey will be complemented by a display of fans from different eras grouped according to specific themes: the Grand Tour, political fans, chinoiserie, and ballooning." Specialty fans created by ingenious designers who transformed the fans into party games, lorgnettes, and parasols will be well represented in the exhibition. Selected fans will be accompanied by works of European and American decorative arts, costume accessories and fashion plates, and classical figurines that relate to the fans' subject matter and design. Portraits and prints containing fans will also be on view. The costumed mannequins will reveal the fan as a virtually indispensable fashion accessory for both women and men. The exhibition will display the richness and variety of materials used in manufacture of these luxurious accessories. Ivory from India or Africa, mother-of-pearl from Madagascar, Australia and Sumatra, tortoiseshell from Borneo, Bali and Guinea were imported to Europe and transformed into sticks to support the colorful fan leaves. A variety of techniques were used to decorate the miniature "canvases," often with adaptations of paintings by famous artists such as Velasquez and Watteau. Fan leaves painted in watercolors or oils will be shown along with handtinted prints and illustrations rendered in the more un-

usual media of appliqued straw, fabric and sequins. Rare fan types such as cabriolet fans, seldom found in a collection, are characterized by widely spaced spokes and a reinforcing rim and are named for their structural similarity of the wheels of a popular eighteenth-century carriage. The Museum of Fine Arts has five, including a beautiful "double" cabriolet whose finely painted medallions resemble the reserves on Meissen porcelain. The Museum's collection is particularly rich in nineteenth-century fans manufactured by the Hunt Allen fan company of Weymouth Landing, Massachusetts, producer of the beautiful Luna Moth fan. The fans in *Unfolding Beauty: The Art of the Fan* were selected from the Museum's collection of 648 fans, 424 of which were the gift of a single donor: the late Miss Esther Oldham of Wellesley, Massachusetts, who gave her world-famous collection to the Museum in 1976. A catalogue, prepared in conjunction with the exhibition and written by Anna G. Bennett, will illustrate 145 fans with 33 in color, and contain a biographical sketch of Miss Oldham and essays entitled "The Fan in Social History" and "An Almost Incredible Commerce." Research for the catalogue is supported in part by a grant from the National Endowment for the Arts. The Museum is also organizing an international symposium of fans to be held in the Remis Auditorium on April 8, 1988.

**Request for Proposals for Consultant to Assist in Developing a Five-Year Financial Plan Encompassing Capital, Operating and Outside Funding Sources for the Boston Parks and Recreation Department.**

The City of Boston, acting by the Commissioner of Parks and Recreation Department, hereinafter referred to as the commissioner, invites sealed proposals for work generally described above and in the request for proposals.

PROPOSALS will be received until 2 p.m., Boston time, Tuesday, February 2, 1988, and shall be placed in the bid box provided for receiving bids, at the office of the commissioner, Room 816, City Hall, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals must be submitted in duplicate on the proposal forms obtained from the Awarding Authority. Each copy of the proposal shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the name of the bidder and the description of the work to be done. One copy of the proposal shall be filed with the Awarding Authority, at the office designated above and the duplicate copy of the proposal shall be filed with the City

Auditor, City Hall, Boston, Mass., previous to the time for the opening of proposals. The proposals shall be filed before the time stated above for the opening of proposals.

The attention of all bidders is directed to the provisions of the contract documents and specifically to the requirements for performance as may be applicable.

The city and the official reserve the right to accept or reject any or all proposals, in whole or in part; to waive any defects, informalities and minor irregularities in the proposals received; to accept exceptions to these specifications; and to act otherwise as the city and the official alone may deem in the city's best interests.

The city will award the contract under this request for proposals to that responsible and eligible proposer whose proposal conforming to this request for proposals may be deemed by the city and the official to be most advantageous and otherwise in the city's best interest, price and other factors considered.

Specifications and other contract documents will be available on and after Monday, January 18, 1988, at the office of the commissioner at and after 9:00 a.m., Boston time.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

## BOSTON NEIGHBORHOODS TO GET NEW HOUSING

The Public Facilities Department (PFD) of the City of Boston recently completed its selection of developers for the first of the vacant buildable lots (over 3,500 square feet) to be offered as part of Project 747. This ambitious project aims to turn all of the city's vacant buildable lots into attractive quality housing for the people of Boston. Six packages of three to five lots each, located in Dorchester and Mattapan, were included in this first round. They were awarded to Bilt-Rite Construction and Boston Modular Homes, both of Dorchester; Consalvo and Sons of Hyde Park; and T. Owen Trainer Associates of Quincy.

"Project 747 will be the source of much of the future affordable housing for Boston's residents," said Lisa G. Chapnick, director of PFD. "We encourage architects and developers to participate in this venture by responding to our next Request for Proposals, which will be issued at the end of the month."

The guidelines of Project 747 require that a licensed contractor be part of the development team. Three of the four developers selected for the six packages are contractors themselves. Bilt-Rite will be building three, three-family homes on Withington, Milton, and Mora Streets in the Codman Square area of Dorchester. Each unit will sell for \$83,000. Consalvo and Sons, currently involved in housing projects in Hyde Park, Roslindale, and Dorchester, have slated two, six-family houses for the vacant land on Greendale and Westmore Roads in Mattapan. The twelve units will sell for \$85,000 each.

Six lots in the Fields Corner section of Dorchester were sold for \$1 to Trainer Associates, who will be working with Harnais Construction of Quincy. Five lots in the Franklin Field area went to Boston Modular, who also acts as a distributor of manufactured housing. Both developers will be putting three-family homes on the land. The fifteen Boston Modular units on Callender, Floyd, and Massey Streets, and Woodrow Avenue in Franklin Field will each sell for \$82,000. The eighteen Trainer units on Hancock, Quincy, Olney and Barry Streets and Mt. Bowdoin Terrace in Fields Corner will sell for \$85,000 each.

The below-market selling price of each unit is guaranteed. Under the

contractual agreement with the city, developers assume responsibility for any unforeseen costs that might exceed the selling price of the units. The units will be marketed by the city through a local nonprofit organization. The city has also submitted an application to the state's Homeownership Opportunity Program, which would make it possible for eligible, first-time home buyers to receive low-interest mortgages.

Developers were selected based on the quality of design, the price of the units, and the capacity of the builders to deliver. Another basis for selection is the compatibility of the housing design with the architectural styles of the existing neighborhood. All of the selected developers will be building innovative designs of the predominant triple decker for the most efficient use of the small lots.

The developers expect to break ground in May or June and to have units ready for occupancy before the end of the year.

### MBTA INTRODUCES RED LINE CARS INTO SERVICE

State Transportation Secretary Frederick P. Salvucci and MBTA General Manager James F. O'Leary have announced that the first six of fifty-eight, new, rapid transit cars have been put into service on the MBTA's Red Line. The complete \$56.8 million

order will be in service by the end of the summer.

Salvucci said, "These cars will play an important role in improving service for the Red Line's 180,000 daily passengers, and along with the other MBTA projects, will help keep our highways moving by increasing the use of public transportation."

O'Leary said, "The arrival of these cars is a major component of the MBTA's ongoing Red Line modernization and improvement program. The cars will help relieve overcrowding on the Red Line and will improve the reliability of the line's operation."

The new cars, similar in outside appearance to the existing Red Line fleet, are manufactured by Urban Transportation Development Corporation of Thunder Bay, Ontario, Canada, and assembled by General Electric Company in Mansfield, Massachusetts.

The new cars are compatible in operation to the existing Red Line fleet, and feature enhanced propulsion and motor design, state-of-the-art cab signal systems, improved door systems, and air conditioning. The car is nearly 70 feet long, weighs 71,200 pounds, and seats 63.

In addition to the new cars, other programs in the \$205.8 million Red Line modernization effort, include:

- rebuilding of seventy-four older "Silverbird" cars (\$38.2 million);
- complete rehabilitation of track, power, and signal systems between Harvard and JFK/UMASS stations (\$32.3 million);
- reconstruction of JFK/UMASS station, including the addition of platforms to service Braintree trains (\$13.5 million); and
- modernization and platform lengthening at seven Red Line stations, to allow the operation of six-car trains (\$65 million).

This will increase peak-period capacity by 50 percent.

**Proposal for Purchase of Physical Education  
Supplies and Equipment for the Fiscal Year  
88/89 for Boston Public Schools.**

The School Committee of the City of Boston invites bids for purchase of physical education supplies and equipment for the Fiscal Year 88/89 for the Boston public schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 26 Court Street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Purchase of Physical Education Supplies and Equipment for the Fiscal Year 88/89. Bid Date: Tuesday, February 16, 1988." The bid must be in duplicate. One copy, signed by the bidder, and accompanied by a certified check payable to the City of Boston, in the amount of one hundred dollars (\$100), or a bid bond, must be left at the office of the Business Manager, at or before twelve o'clock noon, on Tuesday, February 16, 1988. Copies filed with the Business Manager will be publicly opened and read at twelve o'clock noon of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids and to accept the bid which it deems best for the interests of the city.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and contract and the obligation of the contractor to take affirmative action in connection with employment practices throughout the period of the contract.

**Invitation for Bids for Furnishing, Delivering and  
Installing in Place New Milk Coolers to Vari-  
ous Schools.**

The School Committee of the City of Boston, acting by the Senior Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed bids for furnishing, delivering and installing in place new milk coolers to various schools.

General bids will be received up until twelve o'clock noon, Boston time, Wednesday, February 10, 1988, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals must be made in duplicate, the one with the certified check is to be filed and left at the above, the other without certified check to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$100 minimum or 5 percent of total amount bid, whichever is the greater amount. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any information in or to reject any and all bids if it be in the public interest to do so.

**BOSTON REDEVELOPMENT AUTHORITY**

**INVITATION FOR BIDS**

The Boston Redevelopment Authority will receive sealed bids for Site Preparation Contract No. 1 in the Columbia Point Project Area, located in the City of Boston, Massachusetts, until 12 noon, Boston time, on January 29, 1988, at One City Hall Square, ninth floor, Room 910, Boston, Mass., Attention: Engineering Department, at which time and place all bids will be publicly opened and read.

A prebid conference will be held at 10 a.m. on January 21, 1988, at One City Hall Square, ninth floor, Room 955, Boston, Mass., to discuss scheduling of the work and other matters.

The work will consist of the reconstruction of Mount Vernon Street, U-Mass. Connector Road and a portion of the U-Mass. Loop Road to the degree of completeness as shown on the plans. More specifically the removal and disposal of existing pavements; resetting of existing edgework; furnishing and installing gravel, bituminous pavement, concrete pavement, trees, loam and sod, street lights, pavement markings and miscellaneous other roadway items.

Proposed forms of contract documents, including drawings, and technical specifications are on file at the office of the Boston Redevelopment Authority, Room 910, ninth floor, One City Hall Square, Boston, MA 02201.

Copies of the contract documents may be obtained by paying one hundred dollars (\$100), non-refundable, in cash or a certified check, payable to the Boston Redevelopment Authority for each set of documents so obtained.

Bids shall be accompanied by a bid deposit in the form of a bid bond, or cash, or a certified check, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the Boston Redevelopment Authority. A bid bond shall be: (a) in a form satisfactory to the Awarding Authority; (b) with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority; and (c) conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid. Bid deposit

shall be in the amount equal to at least 5 percent of each proposal for site preparation contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Authority, and each in the sum of 100 percent of the contract price will be required of the successful bidder.

The attention of all bidders is called to Massachusetts General Laws, c. 30, sect. 39, which became effective July 1, 1981, and which is set forth in its entirety in section 304 of the General Conditions of the contract.

Attention is called to the Authority's requirements regarding minimum wages, Workmen's Compensation, nondiscrimination, affirmative action with respect to minority, female, and resident employment, and minority business enterprise utilization.

The above requirements are included in the bid specifications. A prebid conference to discuss contract compliance will be held with the Boston Redevelopment Authority's Office of Contract Compliance, on January 21, 1988, at 11 a.m., in Room 955.

The Authority reserves the right to reject any or all bids or to waive any informalities in bidding, if it be in the public interest so to do.

The Authority may reject any bid if the bidding entity has not formally obtained the bidding documents from the Authority and been listed as a potential bidder.

Bids may be held by the Boston Redevelopment Authority for a period not to exceed thirty (30) days from the date of the opening of bids for the purpose of reviewing the bids and investigating the qualifications of the bidders, prior to awarding the contract.

PARKS AND RECREATION DEPARTMENT

NOTICE TO CONTRACTORS

Invitation for Bids for Perimeter Repairs and Rehabilitation at Westerly Burial Ground, West Roxbury.

The City of Boston, acting by the Parks Commission, 294 Washington Street, Room 930, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project listed below. Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled: "Perimeter Repairs and Rehabilitation at Westerly Burial Ground, West Roxbury."

SCOPE OF WORK includes: Furnishing all labor, materials, equipment for excavation, masonry stonework and restoration, chain link fence, steel picket fence and iron gate repair. Estimated cost, \$70,000.

BIDS shall be submitted in duplicate before 2 p.m. on Thursday, February 11, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bid. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS will be available on or about Monday, January 25, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise. For the purpose of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

A completed Minority Business Identification Statement (MBU-IS-A) shall be submitted for each Minority Business Enterprise listed on a bidders form (MBU-F), and submitted at the time of bid opening, that is not included in the Minority Business Directory published by the Office of Minority Business. Copies of the Minority Business Identification Statement are available at the City of Boston Jobs and Community Services, 15 Beacon Street, Boston, MA 02108.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under

the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any or all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, Room 930, 294 Washington Street, Boston, MA 02108, on Tuesday, February 2, 1988, at 10 a.m., Boston time.

NO. 5

## MAYOR FLYNN CITES INFANT MORTALITY PROBLEM

In testimony on behalf of the U.S. Conference of Mayors (USCM), before the House Banking Subcommittee on Housing and Community Development on January 26, Boston Mayor Raymond L. Flynn called for "substantial increases in federal nutrition programs to aid pregnant women, infants and children to address the shocking and unconscionable levels of infant mortality and low-birthweight babies in U.S. cities."

The Mayor's remarks on infant mortality, made in response to a report issued recently by the Children's Defense Fund in Washington, D.C., were offered in addition to his prepared testimony on the problem of homelessness in cities throughout the nation.

In his role as chair of the USCM Task Force on Hunger and Homelessness, the Mayor reported on a recent survey of U.S. cities which revealed a 21 percent increase in homelessness and an 18 percent increase in demand for emergency food assistance between 1986 and 1987. Mayor Flynn reiterated his remarks later in a meeting with Rep. Leon Panetta, chairman of the House Agriculture Subcommittee on Nutrition.

Responding to the CDF study, he said further: "I find it absolutely incredible, in a nation as wealthy and powerful as the United States, that we have babies dying in our cities at rates which exceed those of some of the smallest and poorest nations in the world. The fact that our nation's progress in reducing infant mortality has come to an abrupt halt in recent years can be directly linked to cuts in prenatal and postnatal health care and in desperately needed nutrition programs such as Food Stamps and WIC. The health and nutrition problems of poor women and their children are only compounded by homelessness and high costs of housing which often forces the choice between paying rent and feeding children.

To have listened to the President speak on January 25, one would think that all Americans are sharing in the benefits of our alleged economic prosperity. The Children's Defense Fund report points out clearly

that many Americans — indeed the neediest and most vulnerable of our citizens — are not prospering at all. It seems to me, that rather than wanting to wage war in Central America, the President and the federal government would do better to wage war on infant mortality and the problems which contribute to its incidence.

In Boston, as in other cities, the data on infant mortality, particularly in the minority community, points to a very serious problem. We have implemented the "Healthy Baby" Program to reach at-risk pregnant women through our neighborhood health centers and hospital-based obstetrics programs. Unfortunately, the 1985 data which CDF used for Boston precedes the implementation of the Healthy Baby Program. We expect to see improvement in lowering Boston's infant mortality rate when the data for 1986 and 1987 are analyzed." The Mayor said that another program, the "Healthy Child" Program, would begin next month as a postnatal follow-up program for women and children identified through the Healthy Baby Program. "Healthy Child" would follow the progress of children for two years.

In characterizing the infant mortality problem, Mayor Flynn said: "A key to the problem is the fact that many families lack health insurance of any kind. Our Healthy Baby Outreach Program has identified that at least 45 percent of families screened

have no health insurance. We cannot expect to make major improvements in the health of people unless the access to health care is available. In addition, we need the federal government to expand significantly the funding for Food Stamps, WIC, school meals program, and surplus food distribution programs.

### IX. HIGH COMMENDATIONS

At 2321 hours, November 14, 1987, Incident No. 44320, the Fire Alarm Office stilled Rescue Company 1 to 100 Federal Street, a high-rise building known as the First National Bank Building in District 3.

Rescue Company 1 found an unusual situation at this building. Two men were working in a utility shaft, 20 ft. x 20 ft. This shaft runs about twenty floors and contains many of the building's utility services. The workers were repairing some equipment in the shaft by means of a motorized electrically operated bucket attached to two guide wires. The apparatus malfunctioned trapping the two men

between the fifth and eighth floors. Access doors about 2 ft. x 2 ft. are provided in the stairwell every few floors. Members of Rescue Company 1 opened an access door on floor 8. Lieutenant John F. Joyce, Fire Fighter Edward T. Loder and Fire Fighter Paul G. Carey of Rescue Company 1 entered the shaft. Using proper procedures, Lieutenant Joyce decided that it would be necessary to rappel members into the shaft as the only method for the rescue of the workers. By means of friction devices and "D" rings attached to rappelling ropes, Fire Fighter Loder and Fire Fighter Carey descended into the shaft and each picked up a worker by attaching a life line to the fire fighters D ring and sliding down to a safe area at the fourth-floor level.

Fire Lieutenant Joyce had entered the shaft, and by means outlined above, lowered himself so that he could direct operations, see that safe procedures were undertaken and to retrieve the department's equipment. He was available for any eventuality that might be encountered.

Fire Fighter Richard R. Parker and Fire Fighter William T. Connors, Rescue Company 1, were an essential part of this operation acting as safety men for the members and trapped men within the shaft who were dependent upon these two fire fighters to oversee and to assist them. These two fire fighters professionally prepared, secured and guided the equipment used in this most unusual incident.

The fact that this operation was carried out in a routine manner, without injury, is directly attributed to the training by the department and by the officer and members of Rescue Company 1.

Because of the unusual personal risk involved in this operation, the Fire Commissioner is pleased to highly commend Fire Lieutenant John F. Joyce, Fire Fighter Edward T. Loder and Fire Fighter Paul G. Carey of Rescue Company 1 and refers their cases to the Board of Merit for further consideration.

### X. COMMENDATIONS

Because of their performances at Incident No. 44320, mentioned above, the Fire Commissioner is pleased to commend Fire Fighter Richard R. Parker and Fire Fighter William T. Connors of Rescue Company 1, who were an essential part of the

## CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

### CABLE COMMUNICATIONS

#### Television Production Services

Dear Mr. Mayor:

In response to an advertisement published in the City Record of August 17, 1987, requesting proposals for television production services related to this office's Gateway Cities project, the following bids were publicly opened and read on August 3, 1987:

Steve Abbott, Somerville, \$37,000; DU-AL Productions, Charlestown, \$41,000; Appropriate Media Services, Boston, \$42,480.

After carefully reviewing all proposals and conducting interviews with all bidders, including multiple interview with two finalists, the Office of Cable Communications has concluded that the City of Boston will be best served by awarding this contract to Appropriate Media Services.

Considering all services included in the AMS bid that were included in no other (e.g., hiring and payment of native on-camera talent, as well as delivery of seventy copies of the finished, half-inch version of the tapes in each of the three specified languages), the AMS bid was in fact the lowest bid received. Moreover, AMS already has had extensive experience with agencies of Boston city government, as well as with Boston's Chinese community of our target audiences. Finally, we were very favorably impressed by a series of promotional videos AMS has produced for Yale University.

Therefore, because of the range and quality of services that AMS can provide and the reasonable cost of these services, I respectfully request your permission to reject all bids and to award this contract, without public advertising, to Appropriate Media Services, Inc. for an amount not to exceed \$42,480 for the period October 15, 1987, through June 30, 1988.

This request is being processed late due to requests requested by the Law Department and a subsequent notification delay by the Contract Management Office.

Sincerely,  
Thomas P. Cohan,  
Director

### HEALTH AND HOSPITALS DEPARTMENT

#### Preventive Maintenance and Repairs

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Northland Industrial Truck Company, Inc., Wilmington, for the period December 15, 1987, through June 30, 1988, at a cost not to exceed \$11,000.

Under this contract, Northland Industrial Truck Company, Inc. will provide preventive maintenance and repair services as needed to the following

Three Taylor Dunn electric tractors; oneushman electric cart; one Taylor Dunn Electric cart; one Big Joe electric jack; one Yale electric ck; one Kalamazoo electric flat truck.

Northland Industrial Truck Company, Inc. has provided the department with excellent service in the past, and has been awarded unadvertised contracts for the last three fiscal years in the following amounts: 1987 — \$13,600; 1986 — \$6,600; 1985 — \$7,900.

Inasmuch as Northland Industrial Truck Company, Inc. has the service rights for repair of the above equipment, and is able to repair the equipment in a minimum of time, and as the cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

#### Hardware/Software Leasing

Dear Sir:  
Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award a contract, without advertising, to Medical Registry Service, Inc., New Jersey, for the period February 15, 1987, through February 14, 1990, or for thirty-six months from the date of installation of the product and equipment, at a cost not to exceed \$28,500.

Under this contract, Medical Registry Service, Inc. will lease/license of hardware/software to the Medical Records Department of Boston City Hospital.

Because Medical Registry Services, Inc. is the sole source for this software program no benefit would inure to the city by publicly advertising for bids.

The hardware consists of a fully configured IBM AT. The license will cover all software necessary for the on-site operation of the Tumor Registry and future updates and releases. The system meets the requirements of the American College of Surgeons and the State of Massachusetts. Personnel will be trained to access data and will control the input and output functions of the system. Modifications will be made to the software to incorporate special data needs of the hospital. Participation and of the CIRF — Comprehensive Cancer Information Reference File — is available to the hospital as a source of comprehensive national and regional data.

This contract encompasses more than one fiscal year and the city's financial obligations are subject to the availability of an appropriation in accordance with the requirement of City of Boston Code, St. 4, § 4 and 8.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

#### JOBS AND COMMUNITY SERVICES

#### Education and Training Services

Dear Mayor Flynn:  
I respectfully request your Honor's permission to award a contract to Oficina Hispana, a nonprofit corporation, located at 125 Amory Street, Boston, 02119. Under the terms of the contract, the contractor will operate a training program for approximately thirteen JTPA and DPW eligible participants. The participants will be trained in the areas of basic office skills, advanced office and management procedures, word and data processing and basic electronics. In addition, counseling and job placement services will be provided.

The contractor was selected based upon an evaluation of its refunding proposal submitted to the Mayor's Office of Jobs and Community Services. Other selection criteria include the results of site monitoring visits conducted by JCS staff, an overall review of the contractor's performance during the prior contract period, administrative capability, reasonableness of cost, and the ability to serve the targeted population.

Compensation under the terms of this contract shall not exceed \$39,400, payment being provided by the Job Training Partnership Act and the Department of Public Welfare. The period of performance shall be from July 1, 1987, until June 30, 1988. This request has been delayed due to the time involved in reaching funding decisions.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Kristen J. McCormack,  
Director.

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to the Home Builders Institute, a nonprofit corporation, located at Washington, D.C. Under the terms of the contract, the contractor will provide classroom and hands-on training to approximately fifty-five JTPA and DPW eligible participants in the area of housing rehabilitation. In addition, counseling and job placement services will be provided.

The contractor was selected based upon an evaluation of its refunding proposal submitted to the Mayor's Office of Jobs and Community Services. Other selection criteria include the results of site monitoring visits conducted by JCS staff, an overall review of the contractor's performance during the prior contract period, administrative capability, reasonableness of cost, and the ability to serve the targeted population.

Compensation under the terms of this contract shall not exceed \$255,127, payment being provided by the Job Training Partnership Act and the Department of Public Welfare. The period of performance shall be from July 1, 1987, until June 30, 1988. This request has been delayed due to the time involved in reaching funding decisions.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Kristen J. McCormack,  
Director.

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to the Bunker Hill Community College, an accredited Commonwealth of Massachusetts educational institution, located at Rutherford Avenue, Boston. Under the terms of the contract, the contractor will operate an electronics assembly skills/English as a Second Language Program and a Clinical Assistant Program for approximately twenty-seven JTPA and DPW eligible participants. In addition, counseling and support services will be provided to the participants.

The contractor was selected based upon an evaluation of its refunding proposal submitted to the Mayor's Office of Jobs and Community Services. Other selection criteria include the results of site monitoring visits conducted by JCS staff, an overall review of the contractor's performance during the prior contract period, administrative capability, reasonableness of cost, and the ability to serve the targeted population.

Compensation under the terms of this contract shall not exceed \$58,982, payment being provided by the Job Training Partnership Act and the Department of Public Welfare. The period of performance shall be from July 1, 1987, until June 30, 1988. This request has been delayed due to the time involved in reaching funding decisions.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Kristen J. McCormack,  
Director.

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to the Boston Technical Center, a nonprofit corporation, located at 660 Summer Street, Boston. Under the terms of the contract, the contractor will provide skills training to approximately forty-eight City of Boston JTPA and DPW eligible participants in the areas of combination welding, business machine repair, and medical secretary. In addition, counseling and job placement services will be provided.

The contractor was selected based upon an evaluation of its refunding proposal submitted to the Mayor's Office of Jobs and Community Services. Other selection criteria include the results of site monitoring visits conducted by JCS staff, an overall review of the contractor's performance during the prior contract period, administrative capability, reasonableness of cost, and the ability to serve the targeted population.

Compensation under the terms of this contract shall not exceed \$150,100, payment being provided by the Job Training Partnership Act and the Department of Public Welfare. The period of performance shall be from July 1, 1987, until June 30, 1988. This request has been delayed due to the time involved in reaching funding decisions.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Kristen J. McCormack,  
Director.

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to the Greater Boston YMCA, a nonprofit corporation, located at 316 Huntington Avenue, Boston. Under the terms of the contract, the contractor will operate a clerical training program for approximately twenty-four City of Boston JTPA and DPW eligible participants. In addition, counseling and job support services will be provided.

The contractor was selected based upon an evaluation of its refunding proposal submitted to the

Mayor's Office of Jobs and Community Services. Other selection criteria include the results of site monitoring visits conducted by JCS staff, an overall review of the contractor's performance during the prior contract period, administrative capability, reasonableness of cost, and the ability to serve the targeted population.

Compensation under the terms of this contract shall not exceed \$74,510, payment being provided by the Job Training Partnership Act and the Department of Public Welfare. The period of performance shall be from July 1, 1987, until June 30, 1988. This request has been delayed due to the time involved in reaching funding decisions.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Kristen J. McCormack,  
Director.

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to the Roxbury Community College, an accredited Commonwealth of Massachusetts educational institution, located at 625 Huntington Avenue, Boston. Under the terms of the contract, the contractor will provide adult basic education classes, tutorial and counseling services for employees of the Boston City Hospital and the University Hospital.

The contractor was selected based upon an evaluation of its proposal submitted in response to a competitive bid process conducted by the Executive Office of Economic Affairs/Office of Training and Employment Policy. In addition, the contractor was selected based upon the quality of its proposal in the areas of curriculum design, cost effectiveness and its demonstrated effectiveness in servicing this targeted population.

Compensation under the terms of this contract shall not exceed \$43,500, payment being provided to the City of Boston through a Workplace Education Grant provided by the Executive Office of Economic Affairs. The period of performance shall be from September 14, 1987, until June 30, 1988. The submission of this letter has been delayed due to the late notification of funding availability from the state.

As this is a negotiated contract at a reasonable cost, based upon an extensive review of proposals which conforms to federal procurement requirements, no public purpose would be served by public advertising. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Kristen J. McCormack,  
Director.

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to Dimock Community Health Center, a nonprofit corporation, located at 55 Dimock Street, Boston. Under the terms of the contract, the contractor will operate a vocational training program for approximately thirty-three JTPA and DPW eligible City of Boston participants for positions in the allied health field. The participants will be trained in the areas of third-party billing clerks and general supply technicians. In

addition, counseling and job placement services will be provided.

The contractor was selected based upon an evaluation of its refunding proposal submitted to the Mayor's Office of Jobs and Community Services. Other selection criteria include the results of site monitoring visits conducted by JCS staff, an overall review of the contractor's performance during the prior contract period, administrative capability, reasonableness of cost, and the ability to serve the targeted population.

Compensation under the terms of this contract shall not exceed \$96,538, payment being provided by the Job Training Partnership Act and the Department of Public Welfare. The period of performance shall be from July 1, 1987, until June 30, 1988. This request has been delayed due to the time involved in reaching funding decisions.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Kristen J. McCormack,  
Director.

#### PUBLIC FACILITIES

##### Energy Management Services

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on November 5, 1987, I respectfully request your Honor's written permission to dispense with public advertisement and award a contract to Francis O'Brien & Associates, Inc., a Massachusetts corporation, with offices at 41 Mendum Street, Boston, providing professional services for collecting and processing of energy use and cost information for all city-operated, non-school buildings. Scope of work will consist of twelve reports at a rate of \$1,667 per report.

Compensation under this contract shall not exceed \$20,000, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be from December 1, 1987, through June 30, 1988.

Francis O'Brien & Associates, Inc. is uniquely qualified to provide this service due to prior long-term involvement in city building, planning and operation since the late 1950's. They have made a substantial contribution towards improved energy management in the city, in the public schools and have developed and implemented computer-based energy management information systems for the city, in particular, the monitoring/reporting system they developed with the Public Facilities Department. The system was developed on a FY 80/84 base and they have produced monthly reports since through the end of FY '87.

I believe Francis O'Brien & Associates, Inc. is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgement that public advertising would serve no useful purpose in this instance.

Sincerely,  
Lisa G. Chapnick,  
Director.

##### Emergency Removal of Asbestos Material

Dear Mayor Flynn:

On June 26, 1987, the Public facilities Department was notified of an emergency situation in the Mattapan Hospital Laundry involving loose and falling asbestos material. On July 17, 1987, our depart-

ment was also notified of similar emergencies at South Boston gymnasium and Dorchester Cou House involving asbestos.

Because of the threat to health and safety of the employees and public users of the City of Boston have requested and received approval from the Commonwealth of Massachusetts Division of Capital Planning and Operations to dispense with meeting the requirements of Massachusetts General Laws chapter 149, section 44A as it pertains to public advertising, and to include all three locations under the same emergency contract.

At noon on Friday, July 31, 1987, the Public Facilities Department requested and received bids from four reputable contractors normally engaged in this type of work. The results were as follows:

American Environmental Services, bid \$15,988  
National Surface Cleaning, Inc., bid \$41,000  
Northern Asbestos Abatement Co., bid \$45,600  
Walton Systems International, Inc., bid \$54,719

The bid of American Environmental Services the lowest eligible and responsible general bid for this project and is within the range of our estimate for the cost of this work. It is my opinion that the cost is reasonable.

Your Honor's written authorization is requested in awarding a contract to American Environmental Services of Braintree, in an amount not to exceed \$15,988. This contract was unavoidably delayed due to lengthy vendor review.

Sincerely,  
Lisa G. Chapnick,  
Director.

##### Renovations to Facilities

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on October 1, 1987, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to Dorchester House, Inc. a non profit corporation with offices at 1353 Dorchester Avenue, Dorchester, to provide renovations to its facility under Non profit Organization/Physical Improvement Program.

Compensation under this contract shall not exceed \$50,000, which I have determined to be a reasonable cost for the services to be performed. The term of this contract shall be from November 1987, to December 31, 1988. This contract has been submitted late due to the length of time involved in securing the required insurance documentation.

The contractor was selected based upon an evaluation of the proposal submitted in response to publicly advertised Request for Proposals in *Boston Globe* on December 1, 1986. A selection committee, consisting of members of the Public Facilities Department's Development Division, evaluated proposals based on the following eligibility selection criteria: community-based, nonprofit organization, low-moderate-income census neighborhood location, readiness to start construction, and feasibility of project. The seven non-profit organizations which were awarded contracts based on the above eligibility and selection criteria are Victoria House; South Boston Neighborhood House, Inc.; Little Folks Day Care, Inc.; Family Academy; NICE Day Care Center; Fenway Community Health Center, Inc.; and Dorchester House, Inc.

Costs were determined to be reasonable after a tentative analysis by Public Facilities Department staff.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that further public advertising would serve no useful purpose. I, there-

request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

Lisa G. Chapnick,  
Director.

#### Construction Loans

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on August 14, 1987, I respectfully request our Honor's written permission to dispense with further public advertising and award a contract to BancBoston Mortgage Corporation, a corporation, with offices at 3 Sunlife Executive Park, Wellesley, providing construction loans for the Abandoned Housing Program. The contractor was chosen based upon a Request for Proposal conducted by the Housing Division staff. The contractor was determined to possess the necessary experience and administrative capability to conduct Abandoned Housing Bank loan services.

Compensation under this contract shall not exceed \$150,000, which I have determined to be a reasonable cost for the services to be performed. The term of this contract shall be from October 1, 1987, to December 31, 1988. Funds for this contract shall come from those received under the Community Development Block Grant program.

As this is a negotiated contract for professional services and in view of the reasonable cost, based upon an extensive program and proposal review, I believe that further public advertising would serve a useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston, St. 4, s. 5.

This request has been delayed due to the amount of time required to secure funding (four weeks). An additional three weeks were required by BancBoston to complete all necessary documents.

Sincerely,

Lisa G. Chapnick,  
Director.

#### PUBLIC WORKS DEPARTMENT

##### Snow Plowing

Dear Mr. Mayor:

In conjunction with the GSX Corporation of New England contract(s) for collecting and removing snow (SC 7602-88) and (SC 7608-88), as set forth in the Notice to Bidders, page E, paragraph 13.10, section 2(f), (copy enclosed), in accordance with the specifications of the said refuse contract(s), the contractor is obligated to furnish plowing vehicles at a cost of \$100.00 per vehicle used for collecting and removing snow. This cost is to be used for plowing operations during the snow season.

With regard to the foregoing, I respectfully request permission to dispense with public advertising and to award a contract to GSX Corporation of New England, a corporation, located at 66 Cambridge Street, Charlestown, for furnishing trucks for plowing operations during the snow season in various districts in the City of Boston.

The contractor is specially qualified to do this work because it is relative to the above-mentioned contract for refuse collection and removal.

Compensation under this contract shall not exceed \$6,000, to be paid at an hourly rate of \$86.75 for each three-axle truck and \$76.60 for each two-axle truck utilized during plowing operations, and which I have established as being reasonable for the work to be performed. The term of this contract shall be from November 15, 1987, to April 30, 1988.

Because this work is relative to and in conjunction with another existing contract and the equitable cost of these services, I believe that public advertising would serve no useful purpose.

Very truly yours,

Joseph F. Casazza,  
Commissioner.

#### SCHOOL DEPARTMENT

##### Chapter 636 Services

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to Suffolk University, located at 8 Ashburton Place. The contract shall be in effect during the period of December 11, 1987, to June 30, 1988, and shall occur at a cost not to exceed \$15,700, which I have deemed to be reasonable. On July 21, 1987, the School Committee approved all of the chapter 636 proposals for the sum of \$5,128,956. Suffolk University's portion as is related to that amount is \$15,700.

Under the terms of this contract, the following services will be provided.

Suffolk University will work with Parent Information Centers in all districts to provide training and technical assistance to parents in producing and distributing video public service announcements. About seventy-five parents, fifteen from each of the five community districts will be selected to receive instructional and technical assistance in script development, use of video equipment and marketing techniques for PSA's which publicize and encourage use of Parent Information Centers as well as recruit students to the Boston Public Schools. Recruitment of parents will be done in conjunction with School Volunteers for Boston.

The contractor is uniquely qualified to provide the above services because: the contractor has organized appropriate resources to enable the Boston School Department to qualify for funding under chapter 636 (1974 amendments to the 1965 Racial Imbalance Act) in the category of University Pairing; the institution has specifically designed services in conjunction with school personnel to meet the intent of U.S. District Court Judge W. Arthur Garrity, Memorandum and Orders Modifying Desegregation Plan (*Morgan v. McDonough*, Civil Action No. 72-911-G); further, the services have been reviewed and approved by appropriate personnel at the Department of Education.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services, it is my determination that the public interest would not be served by public advertisement for bids.

This agreement is to be executed, without an appropriation of funds, under provisions of General Laws, chapter 44, s. 53A and is subject to the receipt of funds under grant from chapter 636.

Compensation to this vendor over the past three fiscal years in the form of unadvertised contracts is as follows: 1987 — \$20,000.

Very truly yours,

Laval S. Wilson,  
Superintendent.

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to Synectics, Inc., located in Cambridge. The contract shall be in effect during the period from December 11, 1987, to June 30, 1988, and shall occur at a cost

not to exceed \$10,000, which I have deemed to be reasonable. On July 21, 1987, the School Committee approved all of the FY '88 chapter 636 proposals for the sum of \$5,128,956. Synectics, Inc.'s portion as is related to that amount is \$10,000.

The contractor will provide the following services:

A staff development program for a group of twelve to fifteen elementary teachers selected from seven or eight schools in Area B. The program is a three-phase program. The first two phases for the entire group and the third phase for two or three teachers selected from the group. The program is designed to give teachers strategies for creating a supportive climate and strategies for using creativity to learn.

The contractor is uniquely qualified to provide the above services because: the contractor has organized appropriate resources to enable the Boston School Department to qualify for funding under chapter 636 (1974 amendments to the 1965 Racial Imbalance Act) the contractor has specifically designed services in conjunction with school personnel to meet the intent of U.S. District Court Judge W. Arthur Garrity, Memorandum and Orders Modifying Desegregation Plan (*Morgan v. McDonough*, Civil Action No. 72-911-G); further, the services have been reviewed and approved by appropriate personnel at the Department of Education.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services, it is my determination that the public interest would not be served by public advertisement for bids.

This agreement is to be executed, without an appropriation of funds, under provisions of General Laws, chapter 44, s. 53A and is subject to the receipt of funds under grant from chapter 636.

This is the first contractual agreement between this contractor and the Boston Public Schools.

Very truly yours,

Laval S. Wilson,  
Superintendent.

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to Judge Baker Children's Center, located at 295 Longwood Avenue. The contract shall be in effect during the period from December 11, 1987, to June 30, 1988, and shall occur at cost not to exceed \$18,700, which I have deemed to be reasonable. On July 21, 1987 the School Committee approved all of the chapter 636 FY'88 proposals for the sum of \$5,128,956.

The contractor will provide consultation and supervision services at the Ohrenberger School.

The contractor is uniquely qualified to provide the above services because: the contractor has organized appropriate resources to enable the Boston School Department to qualify for funding under chapter 636 (1974 amendments to the 1965 Racial Imbalance Act) in the category of Cultural Institution; the contractor has specifically designed services in conjunction with school personnel to meet the intent of U.S. District Court Judge W. Arthur Garrity, Memorandum and Orders Modifying Desegregation Plan (*Morgan v. McDonough*, Civil Action No. 72-911-G); further, the services have been reviewed and approved by appropriate personnel at the Department of Education.

Because of the professional nature of the services to be provided under this agreement and the

expertise of the contractor in providing such services, it is my determination that the public interest would not be served by public advertisement for bids.

This agreement is to be executed, without an appropriation of funds, under provisions of General Laws, chapter 44, s. 53A and is subject to the receipt of funds under grant from chapter 636.

Compensation to this vendor over the past three fiscal years in the form of unadvertised contract is as follows: 1986 — \$9,000; 1987 — \$7,119.

Very truly yours,

Laval S. Wilson,  
Superintendent.

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to the American Theatre Dance, Inc., located at Medford. The contract shall be in effect during the period from December 7, 1987, to June 30, 1988, and shall occur at a cost not to exceed \$3,500, which I have deemed to be reasonable. On July 21, 1987, the School Committee approved all of the FY'88 chapter 636 proposals for the sum of \$5,128,956.

The contractor will provide the following instructional services to Area E at English High School:

Hold auditions to inform and identify talented dance students at the Area E middle and high schools; provide a twenty-week intensive dance training to dance students selected through audition. The training program includes ballet, modern dance technique and repertory; produce a spring dance concert for elementary and middle school students featuring the All City Dance Company performing repertory set by faculty members; provide enrichment to 120 students with field trips to major dance performance and visiting artists and performing groups.

The contractor is uniquely qualified to provide the above services because: the contractor has organized appropriate resources to enable the Boston School Department to qualify for funding under chapter 636 (1974 Amendments to the 1965 Racial Imbalance Act) in the category of Cultural Institution; the institution has specifically designed services in conjunction with school personnel to meet the intent of U.S. District Court Judge W. Arthur Garrity, Memorandum and Orders Modifying Desegregation Plan (*Morgan v. McDonough*, Civil Action No. 72-911-G); further, the services have been reviewed and approved by appropriate personnel at the Department of Education.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services, it is my determination that the public interest would not be served by public advertisement for bids.

This agreement is to be executed, without an appropriation of funds, under provisions of General Laws, chapter 44, s. 53A and is subject to the receipt of funds under grant from chapter 636.

This is the first contractual agreement between the Boston Public Schools and this contractor.

Very truly yours,

Laval S. Wilson,  
Superintendent.

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to City Stage Co., Inc., located at 539 Tremont Street. The

contract shall be in effect during the period from December 11, 1987, to June 30, 1988, and shall occur at a cost not to exceed \$5,170, which I have deemed to be reasonable. On July 21, 1987, the School Committee approved all of the chapter 636 FY'88 proposals for the sum of \$5,128,956. City Stage Co., Inc.'s portion as is related to that amount is \$5,170.

The contractor will provide instructional services for 120 students at the Rogers Middle School in Hyde Park in "Introduction to Musical Theatre" program. Activities include acting classes, reading music and choral singing classes. Also included will be lecture demonstrations by professional vocalists and musicians, visits to musical theatre productions and a performance by students in June.

The contractor is uniquely qualified to provide the above services because: the contractor has organized appropriate resources to enable the Boston School Department to qualify for funding under chapter 636 (1974 Amendments to the 1965 Racial Imbalance Act) in the category of Cultural Institution; the institution has specifically designed services in conjunction with school personnel to meet the intent of U.S. District Court Judge W. Arthur Garrity, Memorandum and Orders Modifying Desegregation Plan (*Morgan v. Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services, it is my determination that the public interest would not be served by public advertisement for bids.

This agreement is to be executed, without an appropriation of funds, under provisions of General Laws, chapter 44, s. 53A and is subject to the receipt of funds under grant from chapter 636.

Compensation to this vendor over the past three fiscal years in the form of unadvertised contracts is as follows: 1986 — \$5,500; 1987 — \$5,500.

Very truly yours,

Laval S. Wilson,  
Superintendent.

## CONTRACTS AWARDED

The Mayor has approved the award of the following contracts to the lowest eligible bidders:

### SCHOOL DEPARTMENT

#### Design Work

For surveying school lunch kitchen facilities, and the preparation of plans and specifications with cost estimates, awarded to Eastern Food Facility Associates, at \$46,925.

## CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

### LAW DEPARTMENT

#### Professional Services

Dear Mr. Mayor:

On September 14, 1987, your Honor approved an award of a contract without public advertising for

bids to William B. Fairley, Analysis and Inference Inc., Philadelphia. Since that time, the above office has moved to a new location at 1617 John F. Kennedy Boulevard, Philadelphia.

Your approval is requested to amend this contract to provide for additional services to further prepare for trial including the preparation of demonstrative evidence including charts and graphs that break down the technical aspects of the case.

The cost of this amendment, which is effective of November 30, 1987, shall not exceed \$5,000 which I have determined to be reasonable. The contract, as amended, shall not exceed \$10,000.

Because of the professional nature of the services to be performed, I believe public advertising would serve no useful purpose.

Very truly yours,

Joseph I. Mulligan, Jr.,  
Corporation Counsel.

### PARKS AND RECREATION DEPARTMENT

#### Fiscal Management

Dear Mayor Flynn:

On June 26, 1987, your Honor approved an award of a contract based on public advertising bids to the Boys and Girls Club of Boston, Inc., Green Street, Charlestown, for fiscal management for park programming and athletic programs, during the period of July 1, 1987, through June 30, 1988 at a cost not to exceed \$550,000.

Your approval is requested to amend this contract in order that the services may be continued. The scope of the park programs and athletic programs has been expanded into the winter and spring to incorporate a greater variety of recreational activities which will include not only young people of the City of Boston but the elderly, as well. We are also extending and expanding the athletic programs due to public request and the need of the department.

The cost of the amendment which is effective of December 15, 1987, shall not exceed \$200,000 sum which I have determined to be reasonable. The contract, as amended, shall not exceed \$750,000. All other terms and conditions of the original contract shall remain the same.

Due to the contractor's ability to continue financial management services for the park programming and athletic programs and because the contractual arrangement insures continuing services in an efficient and cost-effective manner, it is my judgment that the amendment proposed is in the best interest of the city, and that public advertising would serve no useful purpose.

Sincerely,

William B. Coughlin,  
Commissioner.

Fenway Community Health Center, hereinafter referred to as the Awarding Authority, through funding from the Public Facilities Department, under support from the Community Development Block Grant, invites contractors to bid the following project:

*Site:* Fenway Community Health Center, 16 Haviland Street, Boston, MA 02115.

*Scope of Work:* Convert offices into counseling rooms with proper ventilation, lighting and sound-proofing.

*Time and Place for Filing Bids:* ALL GENERAL BIDS shall be filed with the Awarding Authority at the above address before 10 a.m., on February 12, 1988, at which time and place respective bids will be opened forthwith and read aloud. Contractors planning to submit bids should plan to attend a prebid meeting specifying the extent of the renovations. The prebid meeting is scheduled as follows: Fenway Community Health Center, 16 Haviland Street, Boston, MA 02115, January 29, 1988, at 10 a.m.

PLANS AND SPECIFICATIONS will be available on January 25, 1988, at Fenway Community Health Center, 16 Haviland Street, Boston, MA 02115, through Judy Heiman at 267-7573 or 267-0900.

The attention of all bidders is specifically directed to the fact that this is a federally assisted project and, therefore, not less than the minimum salaries and wages set forth in the contract documents must be paid to each worker on the project (Davis-Bacon), and that the contractor must ensure that employees and applicants are not discriminated against because of color, religion, sex, or national origin (Executive Order No. 11246). Attention is also called to the requirements relating to Workmen's Compensation, and insurance requirements of the successful general contractor and subcontractor for the project shall be set forth in the Supplementary and Special Conditions of the contract documents.

The Awarding Authority reserves the right to waive any informalities in or to reject any and all bids if it be in the public interest to do so.

**PARKS AND RECREATION DEPARTMENT**

**NOTICE TO CONTRACTORS**

**Invitation for Bids for Perimeter Repairs and Rehabilitation at Westerly Burial Ground, West Roxbury.**

The City of Boston, acting by the Parks Commission, 294 Washington Street, Room 930, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project listed below. Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled: "Perimeter Repairs and Rehabilitation at Westerly Burial Ground, West Roxbury."

SCOPE OF WORK includes: Furnishing all labor, materials, equipment for excavation, masonry stonework and restoration, chain link fence, steel picket fence and iron gate repair. Estimated cost, \$70,000.

BIDS shall be submitted in duplicate before 2 p.m. on Thursday, February 11, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bid. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS will be available on or about Monday, January 25, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise. For the purpose of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

A completed Minority Business Identification Statement (MBU-IS-A) shall be submitted for each Minority Business Enterprise listed on a bidders form (MBU-F), and submitted at the time of bid opening, that is not included in the Minority Business Directory published by the Office of Minority Business. Copies of the Minority Business Identification Statement are available at the City of Boston Jobs and Community Services, 15 Beacon Street, Boston, MA 02108.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under

the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commission and in the sum of 100 percent of the contract price as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any or all bids if it in the public interest so to do.

Prospective bidders are requested to attend prebid conference in the office of the Chief Engineer, Room 930, 294 Washington Street, Boston, MA 02108, on Tuesday, February 2, 1988, at a.m., Boston time.

PRESIDENT, CITY COUNCIL

NO. 6

## BOSTON WORKS SMARTER AWARDS CEREMONY

Mayor Raymond L. Flynn presented awards to twelve city employees at a City Hall ceremony honoring them for their participation in Boston's Works Smarter first-round competition. The twelve employees developed ideas on improving morale and job performance that were selected for funding through the Works Smarter Program.

Mayor Flynn said, "The commitment and dedication of these workers is largely responsible for Boston being a world class city. They care a great deal about being able to do their jobs in the most effective and efficient way. The Works Smarter Program is an innovative tool for assisting them in that effort.

"We have been so pleased by the suggestions submitted through Works Smarter that a second round competition began on January 29," Flynn added.

"This is the first time ever that this type of employee incentive program has been offered to the city's workers and the response by the employees has been very positive," said programs coordinator Darrell Crockett.

Of the sixty-eight ideas submitted, the following twelve suggestions were selected on the basis of their anticipated impact on employee morale and productivity, and their long-term, cost-effectiveness:

*Richard P. Bradley, Rehabilitation Manager, Housing and Rehabilitation Services Division, Public Facilities Department.* Purchase of a computer specification writing system to improve PFD division's ability to produce specifications and cost estimates for housing and rehabilitation jobs in Boston.

*Theresa M. Padula, Administrative Clerk, Permit Application Division, Inspectional Services Department.* Institute procedure of mailing Boston homeowners information detailing the permits required by the city for home improvement work. This will decrease potential penalties levied against homeowners, as well as decrease time inspectors now spend responding to calls about work done without appropriate permits.

*Catherine Coyne, Children's Librarian, Adams St. Branch, Boston Public Library.* Purchase child-size chairs for pre-school story hour to improve quality of service to this age group.

*Beverly Brady, Medical Social Worker, Social Services Division, Department of Health and Hospitals.* Purchase of a Visual Tek Camera to improve ability to read standard forms.

*Anthony Watson, Program Specialist, Fair Housing Commission.* Purchase and use of "windowed" envelopes to eliminate time spent by clerical staff on typing address labels.

*Donna Banks, Administrative Assistant, Parking Clerk, Transportation Department.* Purchase of a customized video seminar on effectively dealing with the public.

*Thomas Reid, Shop Foreman, Sign Shop, Transportation Department.* Purchase of fork lift to improve efficiency of unloading and delivery of supplies.

*Joseph P. Duca, Police Office Dispatcher, Boston Police Department.* Purchase and installation of track lighting and indirect lighting in the dispatch area of police headquarters to enhance work environment.

*Jeff Lipsitt, Producer/Director, Cable Communications Office.* Develop and install a new sign system for city hall to clarify the location of city departments for visitors.

*Susan Gaeta, Administrative Secretary, Law Department.* Development and use of a "Manual for Legislation Drafters" to standardize the format of orders, ordinances, resolutions, home rule petitions, etc. This will streamline the actual drafting process as well as eliminate time spent on redrafting formats.

*Paul C. Kinney, Principal Clerk-Typist, Data Entry Division, Inspectional Services Department.* Modification of current software used to enter building and electrical permit information. New system will reduce input time.

*Walter Newman, Paper Conservator, Rare Books Division, Boston Public Library.* Purchase of an ultrasonic encapsulator to improve library's ability to preserve rare books. Acquisition of encapsulator will also enable documents encased in plastic to be made available to library patrons.

### PASSENGER SAFETY WEEK

February 7-13 is dedicated for the safety of child passengers.

The leading cause of child death can be eliminated in a snap — so buckle them up.

The proper use of seat belts and child car-seats can reduce death and injuries by more than 50 percent.

Just properly securing your children will help save their lives in the event of a motor vehicle accident.

Massachusetts law requires all children, twelve years and under, to be fastened in a safety belt or a child car-seat when riding in a motor vehicle.

You can be fined \$25 for every child, twelve years and under, not fastened in a safety belt or a car-seat.

A message from Transportation Commissioner Richard A. Dimino.

## ABCD ISSUES HYPOTHERMIA ALERT

As the frigidly cold, late winter months descend upon us the threat by hypothermia, or the dangerous lowering of inner body temperature, becomes an increasingly real threat to the very young and the very old. A few of the symptoms associated with hypothermia are confusion, slow breathing, and violent shivering. Once thought to be caused by exposure to extreme cold, it is now believed that hypothermia can occur in the elderly and infants after exposure to only mild cold, even temperatures in the mid-to low-sixties.

Recognizing the seriousness of the situation, Action for Boston Community Development (ABCD) is issuing a hypothermia alert to Boston residents. ABCD Executive Director, Robert M. Coard points out that the majority of hypothermia cases can be prevented by improving living conditions and recognizing its early warning signals.

Hypothermia often goes unrecognized because the victim may be unaware of the problem or may confuse symptoms with other conditions. However, there are several basic hypothermia warning signs which everyone can learn to identify: body temperature which registers below the normal thermometer scale (i.e. 95F); chest or abdomen that is cold to touch; any kind of change in normal appearance or behavior; and evidence that the victim has been in a cold or cool environment.

The best insurance against the dangers of hypothermia is prevention. Warm dress, good nutrition, and regular exercise are all important ways of keeping warm in cold weather. In addition, "at-risk" individuals, particularly older people living by themselves, should be in daily contact with friends, family, and neighbors so that dangerous changes in the behavior or appearance of the possible victim can be detected early. It should be emphasized that residents can cut heating costs by the use of low-cost or no-cost energy conservation techniques. Financial assistance with heating bills is also available through the ABCD Fuel Assistance program. For more information call 357-6012.

ABCD is Boston's antipoverty agency and the largest human services agency in New England, with funding from a variety of sources totaling over \$30 million annually. The agency is a private, non-

profit corporation established in 1962, with the majority of board members elected from Boston's neighborhoods through the decentralized ABCD neighborhood network. ABCD programs include Fuel Assistance, Foster Grandparents, Head Start, Day Care, Center for Jobs, Education and Career Training, the Summer Youth Employment Program, a tuition-free, accredited Urban College Program administered in conjunction with area colleges and universities, Health Services, Community Services and others.

## TREATMENT FACILITY TO RECEIVE CITY FUNDS

The Public Facilities Department (PFD) of the City of Boston has awarded a \$37,500 grant to the Gavin House in South Boston, a twenty-five-bed residential treatment program for drug and alcohol abusers, sponsored by the Arch Foundation. The funding, given through the Physical Improvements Program (PIP) for nonprofit organizations, will be used for repairs to the center's East Fourth Street home.

"The Gavin House is considered one of the finest rehabilitation facilities in the state," said Lisa G. Chapnick, director of PFD. "With the money from the city, they will be able to make the necessary repairs while continuing to operate their rehabilitation program."

### NEWS AGENCY

Old South Newsstand, 302 Washington Street.

### Advertising

A rate of \$8 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the City Record. Advertising and other copy must, except in emergencies, be in hand at the City Record office by 11 a. m., Monday of each week to insure its publication in the following Monday's issue.

The PIP money will be used to install new windows and a new roof, and for painting the exterior. Matching funds of \$12,500 provided by private contributors will be added to the city's \$37,500 to complete the total project cost of \$50,000.

The Gavin House is named for James Gavin, a probation officer who founded the Arch Foundation in 1962. Mr. Gavin originally operated a half-way house for incarcerated alcoholics on the first floor of his three-decker in South Boston, while he and his family lived on the upper floors. The current residential treatment program is located in the former Station 12, which was purchased by the Arch Foundation when the police station was closed following the passage of Proposition 2 1/2 in 1980. The Arch Foundation receives the bulk of its funding from the State Office of Human Services, and offers a variety of alcohol related treatment programs, including a follow-up program for those who have successfully completed the residential treatment program.

"We also hold Alcoholics Anonymous Way of Life (AAWOL) meetings at the Tynan Community School on Tuesdays for community residents and AA members who have attained sobriety but need additional support," said Dick Moalli, general manager of the Gavin House.

The Physical Improvements Program has awarded almost \$4 million to over seventy-five, nonprofit organizations, allowing them to make improvements to their facilities without interrupting the services they provide to the community.

## AMERICAN CANCER SOCIETY MEDIA AWARDS

Five entries from Massachusetts newspapers, television stations, and freelance writers were selected to receive the American Cancer Society 1987 Sword of Hope Award for excellence in communications about cancer. The winning stories, which focused on skin cancer prevention, teen smoking, breast cancer, and interleukin-2 research, were selected recently from about forty entries by a panel of judges.

The winners are:

- Daily newspaper: *Hampshire Life* and the *Daily Hampshire Gazette* for "Stubborn, Suspicious, Tough," an article by Sherry Marker about her experience with breast cancer;

• Weekly newspaper: *Tab* Publications for "Teenagers at Risk" by Jon Keller and Daniel Isaac, about the availability of tobacco products to minors, in spite of a state law prohibiting their sale to individuals under age eighteen;

• Television news/feature story: WBZ-TV for "More than Skin Deep," a three-part series on skin cancer produced by Cheryl Bond Nelms and reported by Jeanne Blake on the station's "Eyewitness News";

• Freelance: "Anita Diamant for 'The Clinical Trials of Interleukin-2,'" published in the *Boston Globe Magazine*, about the testing in patients of this experimental cancer therapy; and

• Continuing overall effort: *The Boston Globe* for a series of "Health Sense," columns written by Betsy Lehman.

Sword of Hope trophies were presented to the winners on February 4 at a dinner held at the Northeastern University School of Journalism.

A panel of six judges selected the winners from entries published or aired between November 1, 1986, and October 31, 1987, based on their accuracy, originality, and effectiveness. Judges included: Len Levin, night editor of the *Providence* (R.I.) *Journal*; Norm Runion, managing editor of the *Brattleboro* (Vt.) *Reformer*; Thomas J. Smith, M.D., chief of surgical oncology at New England Medical Center and an assistant professor at Tufts University School of Medicine; Rob Stein, medical writer for United Press International; E.C. "Bud" Tiker, general manager of WCYT Radio in Jackson, N.H.; and Greg Suernovich, chief writer for the Environmental Protection Agency in Boston.

The annual Sword of Hope Awards program is coordinated by a committee

Massachusetts Division volunteers including Nick Ingala, chairman of the American Cancer Society's Massachusetts Division public information committee and account executive at Publicity, Inc.; Martha Wood, a member of the division public information committee and assistant director of the state office of Smoking or Health; Louis Condon, professor of journalism at Northeastern University; and Thomas J. Smith, M.D.

The deadline for entering the 1988 Sword of Hope Awards program is November 10, 1988.

More information about the competition is available from the American Cancer Society's Massachusetts Division headquarters by calling 1-800-952-7664.

### CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

#### HEALTH AND HOSPITALS DEPARTMENT

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the contract with Cardiac Pacemakers, Inc., Minnesota, to provide implantable pacemakers and related items to the Department of Health and Hospitals for the period July 1, 1986, through June 30, 1988, at a cost not to exceed \$50,000.

This amendment will increase the amount of the

contract by \$150,000, thereby increasing the total amount of the contract to an amount not to exceed \$200,000.

Currently Boston City Hospital implants pacemakers to treat bradyarrhythmias and now the hospital has been selected as a center for the implantation of AICDs for the treatment of tachyarrhythmias. Boston City Hospital thus becomes the fourth hospital in New England selected to provide this service. Patients who survive episodes of ventricular fibrillation or symptomatic ventricular tachycardia go on to have a very high rate of recurrence. In over half the instances the recurrence is fatal. The AICD device reduces the frequency of fatal recurrences to less than 2 percent over the first year. Therefore this device is an absolutely remarkable treatment for these severely ill patients.

The Start-Up Kit for this treatment costs \$43,085. The cost for additional AICDs ranges from \$11,900 to \$13,000 each. The prices are subject to change without notice and there is a minimum value of \$50 per order.

Cardiac Pacemakers, Inc., is currently the only company worldwide making this device. Therefore since no benefit would inure to the city by publicly advertising for bids I recommend approval of this amendment.

Very truly yours,  
Lew W. Pollack,  
Commissioner.

#### TRANSPORTATION DEPARTMENT

##### Adjudicating Parking Violations

Dear Mr. Mayor:

On June 24, 1987, your Honor approved an award of a contract, without public advertising, to Rory P. Melvin, Somerville, for the purpose of adjudicating parking violations in the Adjudication Section of the Office of the Parking Clerk during the period July 1, 1987, to June 30, 1988, at a cost not to exceed \$17,400.

Your approval is requested to amend this contract to provide for an increase in the hourly wage from \$9.50 to \$11 per hour. This amendment to be effective on December 7, 1987.

The reasons for the increase in hourly wage are: increased responsibilities and case management; research and preparation of informational material for interoffice use which is an increase from his original responsibilities; and preparation and training of the new hearing officers.

Because of the professional nature of the services to be performed, I believe advertising would serve no useful purpose.

Very truly yours,  
Richard A. Dimino,  
Commissioner.

Dear Mr. Mayor:

On June 24, 1987, your Honor approved an award of a contract, without public advertising, to Daniel A. Capodilupo, Braintree, for the purpose of adjudicating parking violations in the Adjudication Section of the Office of the Parking Clerk during the period July 1, 1987, to June 30, 1988, at a cost not to exceed \$17,400.

Your approval is requested to amend this contract to provide for an increase in the hourly wage from \$9.50 to \$11 per hour. This amendment to be effective on December 7, 1987.

The reasons for the increase in hourly wage are: increased responsibilities and case management; research and preparation of informational material

for interoffice use which is an increase from his original responsibilities; and preparation and training of the new hearing officers.

Because of the professional nature of the services to be performed, I believe advertising would serve no useful purpose.

Very truly yours,  
Richard A. Dimino,  
Commissioner.

Dear Mr. Mayor:

On June 24, 1987, your Honor approved an award of a contract, without public advertising, to Brian McCormick, Somerville, for the purpose of adjudicating parking violations in the Adjudication Section of the Office of the Parking Clerk during the period July 1, 1987, to June 30, 1988, at a cost not to exceed \$17,400.

Your approval is requested to amend this contract to provide for an increase in the hourly wage from \$9.50 to \$11 per hour. This amendment to be effective on December 7, 1987.

The reasons for the increase in hourly wage are: increased responsibilities and case management; research and preparation of informational material for interoffice use which is an increase from his original responsibilities; and preparation and training of the new hearing officers.

Because of the professional nature of the services to be performed, I believe advertising would serve no useful purpose.

Very truly yours,  
Richard A. Dimino,  
Commissioner.

### CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

#### HEALTH AND HOSPITALS DEPARTMENT

##### AIDS Clinic Staff

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Trustees of Boston University, acting by the Boston University School of Medicine, 80 East Concord Street, for the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$134,232.

Under this contract, the Boston University School of Medicine will provide qualified physicians to administer, precept and supervise house officers and medical students in the AIDS Clinic. The individual assignments to the positions will be determined by the university with the approval of the department. This contract will cover salaries and fringe benefits.

In fiscal year 1987, an unadvertised contract was awarded to Trustees of Boston University for the services in the amount of \$92,000. Prior to the AIDS Clinic did not exist within the Department of Health and Hospitals.

Because of the special fitness of the university to provide these services, because of the professional and professional nature of the services to be provided, and as the cost, in my opinion, is reasonable,

no benefit would inure to the city by publicly advertising for bids.

This award is being processed late due to the fact that negotiations over the amount of this contract were not finalized until after the start of the contract period. The contract documents were then sent to the vendor for signature, however they were not returned to the Contract Office until November 19, 1987.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

#### Primary Care Center Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Trustees of Boston University, acting by the Boston University School of Medicine, 80 East Concord Street, to provide physicians' clinical services in the Primary Care Center of the Ambulatory Care Center for the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$116,613.

Under this contract, the university will provide qualified physicians to render clinical services in the Ambulatory Care Center of the Department of Health and Hospitals. This includes administration, precepting, and supervision of house staff and medical students in the Primary Care Center. The individual assignments to the positions will be by the university with the approval of the department.

The department has had contracts with Boston University School of Medicine for the above listed services for many years. Unadvertised contracts or the last three fiscal years were awarded for the following amounts: 1987 — \$111,325; 1986 — \$106,838; 1985 — \$123,467. The Medical School provides the department with high quality medical and professional services that incorporate service, teaching and research activities.

Because of the special fitness of the university to provide these services, because of the personal and professional nature of the services to be provided, and as the cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

This award is being processed late due to the fact that negotiations over the amount of this contract were not finalized until after the start of the contract period. The contract documents were then sent to the vendor for signature, however they were not returned to the Contract Office until November 19, 1987.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

#### Pulmonary Staff Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Trustees of Boston University, acting by and through the Pulmonary Section of Boston University School of Medicine, 80 East Concord Street, for the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$63,813.

Under this contract, the Pulmonary Section of the Boston University School of Medicine will provide treatment services for patients with tuberculosis. Physicians from the Pulmonary Section with specific training and expertise in pulmonary disease

will staff the tuberculosis clinics. In addition, there will be a clinical medical director who will provide administrative, supervisory, and direct clinical care.

The department has had contracts with Boston University School of Medicine for medical and professional services for many years. Unadvertised contracts have been awarded for the last three fiscal years in the following amounts: 1987 — \$59,452; 1986 — \$55,982; 1985 — \$55,982. The Medical School provides the department with high quality medical and professional services that incorporate service, teaching and research activities.

Because of the special fitness of the university to provide these services, as the Pulmonary Section has provided excellent services in this area in the past, because of the professional nature of the services, and as the cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

This award is being processed late due to the fact that negotiations over the amount of this contract were not finalized until after the start of the contract period. The contract documents were then sent to the vendor for signature, however they were not returned to the Contract Office until November 19, 1987.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

#### Medico-Administrative Staff

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Trustees of Boston University, acting by the Boston University School of Medicine, 80 East Concord Street, for the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$452,671.

Under this contract, the university shall provide qualified physicians to serve in specified medico-administrative staff positions in the Division of Emergency Medicine. Services will include on-site supervision and teaching of intern and resident physicians, medical students, nurses and EMTs; medical administration and quality control within the Boston City Hospital Emergency Department and Boston Emergency Medical Services; committee work at local and regional level; research in the Emergency Department and in EMS; and disaster preparedness work. The individual assignments to the positions will be by the university with the approval of the department.

The department has had contracts with Boston University School of Medicine for medical and professional services for many years. Unadvertised contracts have been awarded for the past three fiscal years in the following amounts: 1987 — \$350,190; 1986 — \$336,075; 1985 — \$291,092. The increase in cost for the fiscal year 1988 contract reflects the addition of one FTE attending physician position. The increase will allow the group to improve quality assurance and patient care in the Emergency Department, and allow one FTE to concentrate on medical control, continuing education, and quality assurance of Boston EMS. The increase will allow the director of Boston EMS more time to oversee the Ambulance Service and the Emergency Department and to further minimize use of part-time employees. The Medical School provides the department with high quality medical and professional services that incorporate service, training, and research activities.

Therefore, because of the special fitness of the university to provide these services, because of the personal and professional nature of the services to be provided, and as the cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

This award is being processed late due to the fact that negotiations over the amount of this contract were not finalized until after the start of the contract period. The contract documents were then sent to the vendor for signature, however they were not returned to the Contract Office until November 19, 1987.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

#### MANAGEMENT INFORMATION SYSTEMS

##### Software Maintenance Services

Dear Mr. Mayor:

Permission is respectfully requested to dispense with public advertising and award a contract to Compuware Corporation, Birmingham, MI 48010, to provide software maintenance for systems currently installed in the Management Information Systems Department.

This department had originally contracted with Compuware Corporation for purchase of this software system through an advertised contract (award letter dated April 30, 1984). Since this product has proven satisfactory and has been used by the city since that time, we are seeking to continue its use.

In view of the above, and since this service has continued to be offered at a reasonable price, I feel that no useful purpose would be served by formally advertising again. I therefore request that a contract be approved for the period of July 1, 1987, through June 30, 1988, at a cost not to exceed \$5,616. The cost of this contract will be charged to appropriation code 011-140-0149-MI02-0490.

The letter of award is being submitted late because repeated requests to the contractor for the return of original documents were unsuccessful thus delaying the process.

Sincerely,  
Allan K. Stern,  
Director.

#### POLICE DEPARTMENT

##### Integrated Public Safety Project

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and award a contract to the Trustees of Health and Hospitals, a corporation located at 818 Harrison Avenue. This corporation will provide administrative and operational support for the Integrated Public Safety Project.

The Integrated Public Safety Project is the design and implementation of a Computer-Aided Dispatch, Records Management, and E-9-1-1 Systems for the Police, Fire, and EMS Departments.

Under the terms of the contract, the Trustees of Health and Hospitals will provide professional services to support the administrative needs of the project, as well as to coordinate the implementation of the E-9-1-1 Public Education Program. The Trustees of Health and Hospitals is uniquely qualified to do this work because of its ability to provide employment through a non-proprietary agency.

Compensation under this contract shall not exceed \$22,400, which I have determined to be reasonable for the work to be performed. Of this amount, \$11,200 is being transferred by the Fire

Department to the Police Department. The term of this contract shall be from July 1, 1987, through June 30, 1988.

This contract is late because of the unusual nature of this request in that it is a multi-agency effort and required extensive planning.

Respectfully,

Paul F. Evans,  
Superintendent.

## PUBLIC FACILITIES DEPARTMENT

### Design Services

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on September 3, 1987, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to Graham/Meus, Inc., a Massachusetts corporation, with offices at 224 Clarendon Street, providing design services for the replacement of fire doors, garage doors and installation of control exhaust system for laundry building at Long Island Hospital and Mattapan Chronic Disease Hospital. Scope of work will include preliminary drawings, design development, working drawings and construction supervision.

Compensation under this contract shall not exceed \$38,680 (including \$2,000 for supplementary services) which is a fixed fee of 13.1 percent based on an estimated cost for the work to be performed. The term of this contract shall be for seventy weeks from the date of execution.

Following the advertisement of this project in the *Boston Globe* on June 8, 1987, and receipt of proposals, the contractor was selected on the basis of a rating system undertaken by the Public Facilities Designer Selection Committee in accordance with MGL c. 7, s. 38A 1/2 et seq. The committee evaluated seven proposals submitted by the applicants and determined Graham/Meus, Inc. most qualified and competent to complete said design work. The numerical matrix rating for a firm reflects the combined score of each committee member's ranking of this firm and thus the recommended firm has the lowest number. The numerical matrix rating of the three finalists, in order of rank was as follows:

Graham/Meus, Inc., 224 Clarendon Street, 7; Bayside Engineering Associates, Inc., 803 Summer Street, 13; ASEC Corporation, 383 Dorchester Avenue, 15.

I believe Graham/Meus, Inc. is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that further public advertising would serve no useful purpose in this instance.

Sincerely,

Lisa G. Chapnick,  
Director.

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on September 17, 1987, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to Bay State Design Associates, a Massachusetts corporation, with offices at 266 Summer Street, providing design services for the egress renovations at ten schools: Margaret Fuller School, Clarence Edwards School, Woodrow Wilson School, Lewis Middle School, Emily Fifield School, Nathan Hale School, Patrick Kennedy School, William Russell School, James Timilty School, Brighton High School. The scope of work will include

preliminary drawings, design development, working drawings and construction supervision.

Compensation under this contract shall not exceed \$106,800 (including \$29,000 for supplementary services) which is a fixed fee of 12.87 percent based on an estimated cost of construction of \$604,500, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be for 109 weeks from the date of execution.

Following the advertisement of this project in the *Boston Globe* on June 1, 1987, and receipt of proposals, the contractor was selected on the basis of a rating system undertaken by the Public Facilities Designer Selection Committee in accordance with MGL c. 7, s. 38A 1/2 et seq. The committee evaluated nine proposals submitted by the applicants and determined Bay State Design Associates, Inc. most qualified and competent to complete said design work. The numerical matrix rating for a firm reflects the combined score of each committee member's ranking of this firm and thus the recommended firm has the lowest number. The numerical matrix rating of the three finalists, in order of rank was as follows:

Bay State Design Associates, Inc., 266 Summer Street, 8; Gillen, Kuhn, Riddle & Gray, Inc., 186 South Street, 12; Bayside Engineering, 803 Summer Street, 14.

I believe Bay State Design Associates, Inc., is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that further public advertising would serve no useful purpose in this instance.

Sincerely,

Lisa G. Chapnick,  
Director.

## SCHOOL DEPARTMENT

### Chairs

Dear Mr. Mayor:

It is necessary that the Department of Planning and Engineering purchase a supply of chairs for use in various school buildings.

I have determined that it is possible to obtain the chairs using the Commonwealth of Massachusetts bid award. The chairs in the state contract award meet the specifications for chairs generally purchased for use in the schools. Use of the state contract will permit us to obtain a favorable price.

The period of the contract will be from December 28, 1987, to February 26, 1988.

I request your approval of my action in awarding a contract, without advertising, to Edward C. McCarthy, d/b/a McCarthy Bros., 362 Centre Street, Jamaica Plain, in an amount not to exceed \$13,000. In this instance I do not believe that public advertising would serve any useful purpose.

Respectfully yours,

Paul W. Mooney,  
Senior Structural Engineer.

## Kurzweil Voice System

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Otolaryngologic Foundation, Inc., Institute on Technology, located at 300 Longwood Avenue, for providing equipment for physically handicapped students.

Under the terms of the contract, the contractor will provide adaptive equipment designed for the visually handicapped in computer training. The in-

stitute is specially qualified to do this work and is the sole vendor offering the adaptive Kurzweil Voice System-KVS for the visually impaired.

This voice recognition system will allow visually impaired students to access and master basic applications. The institute will also provide free training for Boston Public School teachers.

Compensation under this contract shall not exceed \$12,000 for the period January 1, 1988, to June 30, 1988. This contract is subject to the availability of funds under Article 12, Vocational Grant funds P.L. 98-524. The initial encumbrance is \$7,500.

Because the contractor is a sole vendor and the cost is reasonable for the service, I believe that public advertising would serve no useful purpose.

Compensation to this vendor during the past year in the form of unadvertised contracts is as follows: 1985/1986 — \$2,534; 1986/1987, no contract activity, purchases were under \$1,500.

Very truly yours,

Leo J. Burke,  
Business Manager.

### PENAL INSTITUTIONS DEPARTMENT

Invitation for Proposals to Offer a Community-Based Program for Selected Suffolk County House of Correction Inmates Nearing Release, Consisting of Residential Half-Way House placements of one to three months duration. The program should be based upon a Recognized Half-Way House Program Model; to Offer Immediate Assistance to Recently Released and Indigent Ex-offenders from the Suffolk County House of Correction in the Areas of Housing, Food, Clothing, Transportation, etc. until Clients Have an Alternative Income to Meet Their Basic Needs.

The City of Boston (the City), acting by its Penal Commissioner (the Official), invites sealed proposals for the performance of the work generally described above, and in the contract documents.

Every proposal shall be submitted in duplicate on, and in accordance with, the contract documents which may be obtained at the office of the Official, Boston Penal Institutions Department, One City Hall Plaza, Room 716, Boston, MA 02201, on or after February 8, 1988.

All proposals shall be filed no later than 4 p.m., Boston time, February 23, 1988, at the office of the City Auditor, Room M4, City Hall, Boston, and at the office of the Official at which time and place they shall be publicly opened and read aloud.

The attention of all bidders is directed to the provisions of the contract document and specifically to the requirements for insurance and performance bonds as may be applicable.

A bid deposit in the form of a certified check or bid bond payable to the City of Boston, in the sum of one hundred dollars (\$100), to accompany the proposal for the Official.

A performance bond of a surety company authorized to do business in Massachusetts, and satisfactory to the Official, or a certified check on, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston, may be required of the successful bidder as security to guarantee the faithful performance of the contract. The penal sum of such bond or amount of such check may be up to 100 percent of contract price.

The City and the Official reserve the right to reject any or all proposals or any part or parts thereof and to award the contract as the Official deems to be in the best interests of the City.

By GEORGE ROMANOS,  
Deputy Commissioner.

**Invitation for Bids for Replacement of Swimming Pool Filtration Equipment In Various Schools.**

The School Committee of the City of Boston, acting by its Department of Planning and Engineering, 26 Court Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the above-entitled project, subject to all applicable provisions of law, including without limitation, sections 39F and 39K through 39P of chapter 30, and sections 29 and 44A to 44I, inclusive, of chapter 149 of the General Laws, as amended, and in accordance with the terms and provisions of the contract documents entitled "Replacement of Swimming Pool Filtration Equipment in Various Schools," at an estimated cost of \$200,000.

**SCOPE OF WORK:** In general includes: removal of existing pool filtration equipment. Installation of new specified equipment which shall include all labor and materials, including electrical wiring according to the electrical code.

**PLANS AND SPECIFICATIONS** will be available on or about Tuesday, February 9, 1988, and NO LATER THAN Tuesday, February 23, 1988, at the Department of Planning and Engineering to all interested parties for a deposit of \$10. Plans and specifications must be returned in good condition within thirty days after bid opening in order to have the \$10 returned. Bidders are hereby notified that bid deposits must be 5 percent of the bid and shall be in the form of a bid bond, certified check, payable to the City of Boston.

**ALL GENERAL BIDS** will be received before twelve o'clock noon on Friday, March 25, 1988, at which time and place they will be publicly opened and read aloud. Contractors must file with their bids a copy of a certificate from DCPO showing that they are eligible to bid on projects in Pool Filtration Systems up to an aggregate limit, and with an update statement, DCPO Form CQ3.

The cut-off date for receipt of applications for certification in the category Pool Filtration Systems in the Division of Capital Planning and Operations, Commonwealth of Massachusetts, is Tuesday, March 1, 1988.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligations of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work. Pursuant to minority participation, the general contractor must complete the Minority Business Form in the specifications, giving assurance that at least 10 percent of his bid price shall be expended for minority business enterprise. The form must be signed by the Minority Business Enterprise. No bid for the award of this project will be considered acceptable unless the Minority Business Form signed by both parties accompanies the bid.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to

waive any informalities in or to reject any and all bids if it be in the public interest to do so.

NOTICE TO CONTRACTORS

Invitation for Bids for Development of Burial Areas at Fairview Cemetery, Hyde Park, Mass.

The City of Boston, acting by the Parks Commission, Room 930, 294 Washington Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project listed below. Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled: "Development of Burial Areas at Fairview Cemetery, Hyde Park, Mass."

**SCOPE OF WORK:** Excavating, subsoiling, backfilling, and grading burial areas. Estimated cost of construction \$50,000.

**BIDS** shall be submitted in duplicate before 2 p.m., Boston time, on Thursday, February 25, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bid. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

**SPECIFICATIONS AND PLANS** will be available on or about Monday, February 8, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

**BIDDERS** are hereby notified that bid deposits must be 5 percent of his/her bid and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

A completed Minority Business Identification Statement (MBU-IS-A) shall be submitted for each Minority Business Enterprise listed on a bidders form (MBU-F), and submitted at the time of bid opening, that is not included in the Minority Business Directory published by the Office of Minority Business. Copies of the Minority Business Identification Statement are available at the City of Boston Jobs and Community Services, 15 Beacon Street, Boston, MA 02108.

All contractors shall also avail themselves of the

City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Preference Section contract provisions of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any or all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, Room 930, 294 Washington Street, Boston, MA 02108, on Tuesday, February 16, 1988, at 10 a.m., Boston time.

The City of Boston, acting by its Commissioner, invites sealed proposals for the performance of the work generally described above and in the contract documents which may be obtained at Room 714 (Contract Office), City Hall, Boston, Mass., after 10 a.m. on Friday, February 8, 1988. There will be a charge of five dollars (\$5), not refundable, for each set of contract documents taken out.

Every proposal shall be submitted in duplicate and in accordance with the contract documents. All proposals shall be filed no later than 2 p.m., Boston time, Thursday, February 25, 1988, at Room 714 located at the office of the City Auditor, Room M4, City Hall, Boston, at which time and place they shall be publicly opened and read aloud.

The attention of all bidders is directed to the provisions of the contract documents and specifically the requirements for bid deposits, insurance and performance bonds as may be applicable.

Proposal guaranty shall consist of a bid deposit of 5 percent of the total bid price, in the form of a bid bond, certified check, treasurer's or cashier's check issued to the City of Boston.

A performance bond of a surety company authorized to do business in Massachusetts, and satisfactory to the Commissioner or a certified check on, a treasurer's or cashier's check issued by a responsible bank or trust company payable to the City of Boston, will be required of the successful bidder to guarantee the faithful performance of the contract. The penal sum of such bond or amount of such check shall be in the sum of 100 percent of the contract price.

**NOTICE**

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

During the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following Workforce Requirements (labor).

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Boston Resident Workforce:* The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on this contract.

3. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on this contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates," as determined by the Commissioner of Labor and Industries under the provisions of Chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended.

**ATTENTION TO ALL BIDDERS  
Minority Business Requirements**

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for Minority Business Enterprise Utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 10 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the Minority Business Enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 15 Beacon Street, fifth floor, Boston, MA 02108, telephone number 720-4300. If a contractor wishes to use a minority business that is not listed in the directory, he must contact the Minority Business Office to obtain a copy and submit with his bid, a Minority Business Identification Statement. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

**PREBID CONFERENCE**

Bidders seeking information pertaining to the City of Boston's Affirmative Action and Minority Business Enterprise Utilization requirements are invited to attend prebid conference to be held on Tuesday, February 16, 1988, at 10 a.m., in Room 714, City Hall. All prospective bidders are urged to attend and all will be held to knowledge of what there transpires, whether they are present or not.

**ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH.** The commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

PRESIDENT, CITY COUNCIL

## PRESIDENT'S DAY 1988

### LINKAGE FUNDS HELPING BOSTON NEIGHBORHOODS

One of our commitments to Boston residents has been to ensure that every neighborhood in the city benefits from the economic growth of the downtown area. To help achieve this goal, we implemented a linkage program, in which funds from downtown development are funneled into affordable homes and job opportunities for city residents.

The terms of linkage are straightforward. Developers are required to pay \$5 per square foot over 100,000 square feet for affordable homes in the neighborhoods, and an additional \$1 per square foot for jobs training programs. To date, thirty-two major developers have participated.

The results of our linkage program after the first term are encouraging. In four years, we have raised nearly \$6 million for affordable housing. To date, over \$17 million, or 38 percent, of this total has been expended, comprising 2,079 units, of which 1,666 are affordable. A remarkable 66 percent of the new homes created will be affordable to low- and moderate-income families.

Jobs linkage programs have generated over \$300,000 in commitments, with another \$1.1 million expected in 1988. The jobs programs provide training to Boston residents and give them the first crack at newly created service economy jobs. The Boston Residents Jobs Policy requires developers to use Boston residents for 50 percent of all construction jobs.

Mayor Flynn, BRA, developers celebrated "Linkage — Building Bridges

of Opportunity: Affordable Housing and Jobs"; look to future of downtown/neighborhood cooperation.

Mayor Raymond L. Flynn announced first-term results of Private/Public Partnership.

At a briefing held at the World Trade Center in January, Mayor Raymond L. Flynn announced the first-term results of the city's unique housing and jobs linkage program. The Mayor was joined by a host of local downtown and neighborhood developers, Boston neighborhood opinion leaders, city officials and the media.

The theme of the event, as articulated by Mayor Flynn was "Linkage — Building Bridges of Opportunity: Affordable Housing and Jobs."

Mayor Flynn said: "The development community and the City of Boston have formed a new kind of social contract with the residents of the

neighborhoods. This new pact provides that the economic vitality and growth of downtown Boston will be shared through the creation of safe, decent, affordable housing in every neighborhood of the city, and through a jobs training program that gives Boston residents a greater opportunity for newly created jobs."

Under the linkage guidelines, developers of large commercial projects are required to contribute \$6 for every square foot above 100,000 to go toward affordable housing (\$5/square foot) and jobs training (\$1/square foot). In the four years since its inception in 1983, nearly \$46 million in housing linkage has been committed by developers. To date, over \$17 million, or 38 percent, of this total has been expended, creating 2,079 housing units of which 1,666 are affordable.

Moderating the event was Larry Dwyer, chairman of the Neighborhood Housing Trust. In addition, Mayor Flynn, spoke before the gathering. A slide presentation was made, and private citizens were acknowledged for their exemplary work with the linkage program.

A luncheon followed the press conference and presentations.

Completed Minority Business Identification Statement (MBU-IS-A) shall be submitted for each Minority Business Enterprise listed on a bidders form (MBU-F), and submitted at the time of bid opening, that is not included in the Minority Business Directory published by the Office of Minority Business. Copies of the Minority Business Identification Statement are available at the City of Boston Office and Community Services, 15 Beacon Street, Boston, MA 02108.

Contractors shall also avail themselves of the

City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Preference Section contract provisions of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any or all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, Room 930, 294 Washington Street, Boston, MA 02108, on Tuesday, February 16, 1988, at 10 a.m., Boston time.

Hyde Park, Mass.

The City of Boston, acting by the Parks Commission, 294 Washington Street, Room 930, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project detailed below. Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled, "Grading and Seeding of Proposed Burial Area at Fairview Cemetery, Hyde Park, Mass."

SCOPE OF WORK includes: Furnishing all labor, materials, and equipment necessary for grading, grading, fertilizing, hydroseeding and maintenance at proposed burial area. Estimated cost, \$5,000.

BIDS shall be submitted in duplicate before 2 p.m., Boston time, on Thursday, March 3, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bid. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS will be available on or about Tuesday, February 16, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must provide satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by minority group members who are Black, Hispanic, Puerto Rican, or American Indian.

Each contractor with the contract documents is a copy of the "Minority Business Utilization Form." Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

A completed Minority Business Identification Statement (MBU-IS-A) shall be submitted for each Minority Business Enterprise listed on a bid form (MBU-F), and submitted at the time of bid opening, that is not included in the Minority Business Directory published by the Office of Minority Business. Copies of the Minority Business Identification Statement are available at the City of Boston

Jobs and Community Services, 15 Beacon Street, Boston, MA 02108.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The City of Boston, acting by its Commissioner, invites sealed proposals for the performance of the work generally described above and in the contract documents.

Every proposal shall be submitted in duplicate on and in accordance with the contract documents which may be obtained at Room 714 (Contract Office), City Hall, Boston, Mass., after Monday, February 15, 1988.

All proposals shall be filed no later than 2 p.m., Boston time, Friday, March 4, 1988, at Room 714, and at the office of the City Auditor, Room M4, City Hall, Boston, at which time and place they shall be publicly opened and read aloud. There will be a charge of twenty-five dollars (\$25), not refundable, for each set of contract documents taken out.

The attention of all bidders is directed to the provisions of the contract documents and specifically to the requirements for bid deposits, insurance and performance bonds as may be applicable.

Proposal guaranty shall consist of a bid deposit of 5 percent of the total bid, in the form of a bid bond, certified check, treasurer's or cashier's check issued to the City of Boston.

A performance bond of a surety company authorized to do business in Massachusetts, and satisfactory to the Commissioner or a certified check on, or a treasurer's or cashier's check issued by a responsible bank or trust company payable to the City of Boston, will be required of the successful bidder as security to guarantee the faithful performance of the contract. The penal sum of such bond or amount of such check shall be in the sum of 100 percent of the contract price.

**NOTICE**

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

During the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following Workforce Requirements (labor).

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Boston Resident Workforce:* The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on this contract.

3. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on this contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates," as determined by the Commissioner of Labor and Industries under the provisions of chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended.

**ATTENTION TO ALL BIDDERS**

**I. Minority Business Requirements**

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for Minority Business Enterprise Utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 20 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the Minority Business Enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 15 Beacon Street, fifth floor, Boston, MA 02108, telephone number 720-4300. If a contractor wishes to use a minority business that is not listed in the directory, he must contact the Minority Business Office to obtain a copy and submit with his bid, a Minority Business Identification Statement. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

**PREBID CONFERENCE**

Bidders seeking information pertaining to the City of Boston's Affirmative Action and Minority Business Enterprise Utilization requirements are invited to attend prebid conference to be held on February 24, 1988, at 10 a.m., in Room 714, City Hall. All prospective bidders are urged to attend and all will be held to knowledge of what there transpires, whether they are present or not.

**ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH.** The commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

# CITY RECORD

RAYMOND L. FLYNN  
MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

CHRISTOPHER A. IANNELLA  
PRESIDENT, CITY COUNCIL

VOL. 80

MONDAY, FEBRUARY 22, 1988

NO. 8

## MAYOR SEEKS ABANDONED CAR LEGISLATION

Mayor Raymond L. Flynn has signed and passed on to the state Legislature a Home Rule Petition designed to rid the city's streets of abandoned vehicles.

Last September, the Mayor announced his two-part plan to address the problem of abandoned cars by strengthening the ability of cities and towns to deter individuals from abandoning cars on public roadways. The plan included legislation calling for changes in existing law to enable the city to penalize directly the owners of abandoned motor vehicles. It also included the establishment of an Abandoned Car Unit within the Transportation Department.

The proposed legislation seeks to amend the existing abandoned car law which provides for criminal penalties against anyone who "abandons a motor vehicle on any public or private way without the permission of the owner or lessee of said property" with fines ranging from \$100 to \$500.

Mayor Flynn said, "The intent of the legislation is to deter people from abandoning their vehicles. Adjudicating this type of offense has been a low priority of the courts. Therefore, municipalities have no recourse in deterring offenders or receiving any compensation for the expenses involved in removal. This legislation would give municipalities the ability to impose fines and hopefully make it difficult and costly for people to abandon their unwanted vehicles."

Councillor James M. Kelly of South Boston added, "This legislation effectively addresses the problem of abandoned automobiles. For too long, irresponsible individuals have disposed of their vehicles by leaving them on city streets or vacant lots. In addition to adding blight to the neighborhoods, abandoned cars compound parking problems for local residents."

The second part of the Mayor's two-pronged approach included the establishment last July of a full-time unit within the Transportation Department which works exclusively on the removal of abandoned cars. This unit, funded in the FY1988 budget at approximately \$400,000, consists of

thirteen employees and eight tow trucks and works on a regular basis, Monday through Friday, to remove abandoned vehicles.

Transportation Commissioner Richard Dimino said, "The creation of this new unit enables the city to remove vehicles on a regular basis Monday through Friday. Since July 1, we have removed over 7,000 cars from city streets. With this new unit, we expect to have the capacity to remove up to 13,000 vehicles per year."

The legislation, which must now go through the Legislature, will create a civil process whereby the City of Boston could impose a stiff, graduated-fine structure, plus license revocation and nonrenewal penalties for noncompliance. This change would not preclude an individual's recourse in court, but would merely add a hearing at an administrative level. It would give the city the ability to administer and enforce abandoned vehicle laws and provide a deterrent mechanism without having to rely on the courts.

The number of abandoned cars on Boston's streets has risen dramatically in recent years, while the city's ability to deal with the situation has been hindered by several economic factors. Up until about three years ago, private contractors paid as much as \$37.50 per abandoned car for their scrap metal value.

In recent years, however, two primary factors have contributed to a reversal of this. First, the price of

scrap metal has decreased significantly. Second, concern over the potential environmental hazards of waste materials has resulted in stiffer DEQE regulations, and therefore, a higher cost of disposal.

Private contractors now charge individuals approximately \$50 to remove a vehicle as opposed to several years ago when they would pay a nominal amount to come and remove a car. Transportation officials estimate that it costs the city approximately \$80 to remove and properly dispose of each car abandoned on city streets.

Commissioner Dimino added "The city's ability to deter owners from abandoning their unwanted vehicles is crucial. Now that the Home Rule Petition has moved to the Legislature, we will be seeking assistance from residents and businesses in the city, as well as local officials and community groups, to obtain passage of this bill and to give the city the resources necessary to combat this public safety hazard and environmental nuisance."

### SIGNS OF THE TIMES

Mayor Raymond L. Flynn announced that the Boston Transportation Department (BTD) began implementing its Street Name Improvement Program on several major arterials throughout Boston's neighborhoods.

The Street Name Improvement Program, instituted in August of 1986 in Downtown Boston, the Kenmore/Fenway area and at major squares throughout the city, utilizes a standard-sized sign which is larger and sturdier than the signs previously used. They also have a highly reflective surface and larger lettering which allows them to be placed higher up on poles, making them more visible to motorists and virtually vandal-proof.

(Continued from front page)

Transportation Commissioner Richard Dimino said, "These new street signs are another step by the Flynn Administration toward delivering basic city services. They are designed to increase public safety by providing highly visible locational information and increased nighttime and daytime visibility of street signs, in addition to generally improving the flow of traffic on Boston's street system."

The following is the scheduled work plan for the neighborhood arterial program.

- Washington Street in Dorchester, Mattapan, Brighton, Allston, Hyde Park, Jamaica Plain, Roxbury, West Roxbury and Roslindale, 940 signs, cost \$37,600.
- Dorchester Avenue in Dorchester, Mattapan and South Boston, 434 signs, cost \$17,360.
- Blue Hill Avenue in Dorchester, Mattapan, Hyde Park and Jamaica Plain, 364 signs, cost \$14,560.
- Centre Street in Roxbury, West Roxbury and Roslindale, 280 signs, cost \$11,200.
- Hyde Park Avenue in Hyde Park and Jamaica Plain, 228 signs, cost \$9,120.
- Commonwealth Avenue in Allston and Brighton, 168 signs, cost \$6,720.
- Bunker Hill Street in Charlestown, 133 signs, cost \$5,320.
- Chelsea Street and Bennington Street in East Boston, 206 signs, cost \$8,240.
- East Broadway and West Broadway in South Boston, 88 signs, cost \$3,500.
- Massachusetts Avenue in Roxbury, 63 signs, cost \$2,520.

Four Transportation Department employees will be assigned on a full-time basis to the Street Name Improvement Program in the neighborhoods. They will be responsible for fabricating and replacing nearly 3,000 street name signs at intersections on twelve major roadways in twelve residential areas of the city. This phase of the project will take approximately four months to complete with a total cost of \$116,160 for sign materials.

## PASSENGER SAFETY DAY

Transportation Commissioner Richard Dimino encourages the public to stop by the passenger safety display in

the third floor lobby of City Hall on Thursday, February 25, between 8:45 a.m. and 2:30p.m. Materials developed to promote the use of safety belts and to increase awareness of the Massachusetts Child Passenger Safety Law will be available.

## BOSTON FAIR HOUSING COMMISSION CAMPAIGN

The Boston Fair Housing Commission released nine public service announcements to local television stations to increase awareness of housing discrimination and inform Boston residents of the rights and remedies available to them to combat such discrimination.

"We hope that after viewing these public service announcements, victims of housing discrimination, whether it be in the purchase or rental of units, will pick up the phone and call the number provided in the PSAs to assert their rights," said Ernest Gutierrez, executive director of the Boston Fair Housing Commission.

Produced by a production company in Minnesota for agencies participating in the federal Fair Housing Program, the PSA package contains, one, ten-second, four, thirty-second, and four, sixty-second announcements which are designed to educate and inform the public of various forms of discriminatory practices through simulated enactments of violations of fair housing laws.

## NEWS AGENCY

Old South Newsstand, 302 Washington Street.

## Advertising

A rate of \$8 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the City Record. Advertising and other copy must, except in emergencies, be in hand at the City Record office by 11 a.m., Monday of each week to insure its publication in the following Monday's issue.

With the exception of the ten-second PSA, each of the others have a sixty-second and a thirty-second version. The first set is entitled "Landlord Denial," and depicts a landlord refusing to show an apartment to a group of people of different races and ages. The next set is called "Fair Housing is the Law," and depicts a Black couple, an Asian family, and a single mother being denied the opportunity to rent.

The third set of PSAs, entitled "There's a Place You Should Go," targets Asian viewers. In three Asian languages (with English subtitles), viewers are told about some illegal discriminatory practices experienced by Asians. The last set shows more specific discriminatory acts in lending and selling real estate. Examples include steering, denying a loan application because of handicap, and refusal to sell, based on color.

The Boston Fair Housing Commission was established in 1982 to implement the city's policy that each individual, regardless of his/her race, color, religion, marital status, military status, handicap, children, national origin, sex, age, ancestry, sexual preference or source of income shall have equal access to housing.

## CONTRACTS AWARDED

The Mayor has approved the award of the following contracts to the lowest eligible bidders:

### BUDGET & PROGRAM EVALUATION

#### Service Delivery Improvements

To identify ways to improve the service delivery process of the Worker's Compensation Division, a Contractor will work to design an automated workload management system, enhance the City's cost control and risk control systems, analyze the cost of providing worker's compensation and evaluate the appropriateness of Boston's separate city, police and fire worker's compensation systems, awarded to Lynch, Ryan & Associates, Inc., not to exceed \$81,000.

## CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

## ENVIRONMENT DEPARTMENT

### Harbor Islands Task Force Documents, etc.

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and award a contract to Ms. Valerie Burns of 249 A Street, South Boston.

The period of this contract shall run from January 25, 1988, through June 30, 1988, at a cost not to exceed \$10,000, which I have determined to be reasonable. Ms. Burns shall be compensated for her services at a rate of \$45 per hour.

Under the terms of this contract, Ms. Burns will prepare briefing documents and background material for the Boston Harbor Islands Task Force which will be responsible for making city policy recommendations on future uses of the Boston Harbor Islands.

Ms. Burns will provide the following services: prepare briefing materials on the current physical conditions of the Harbor Islands; provide background research on ownership, previous uses, and future planning efforts undertaken by the Commonwealth of Massachusetts; update the Task Force on proposed uses of Spectacle Island by the State and the MWRA for disposal of excavated material from the Central Artery/Third Harbor Tunnel project and incineration or composting of sludge; assist in the preparation of work plans and reports from the committee for submission to the Mayor.

Valerie Burns is uniquely qualified to provide these services given her expertise as a former planning director for the City of Boston Parks and Recreation Department. As executive director for the Boston Harbor Associates, she coordinated the Youth Conservation Corps program on Long Island and worked closely with the Massachusetts Department of Coastal Zone Management, DEQE, and the Department of Environment Management on issues such as Harbor Development, Environmental legislation, and creation of the Boston Harbor Islands State Park.

Because of the professional nature of the services to be provided, I believe that public advertising will serve no useful purposes.

Sincerely,

L. M. Downey,  
*Director.*

## HEALTH AND HOSPITALS DEPARTMENT

### Ventilator Repair

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Clarence E. Smith, 31 Buena Vista Ave., Arlington, for the period November 1, 1987, through October 31, 1988, at a cost not to exceed \$8,750.

Under this contract, Clarence E. Smith will provide services to repair 3 Emerson ventilators: Serial No. 841106, \$425; Serial No. 841111, \$425; Serial No. K370, \$3,800; total, \$4,750.

In addition to the above, Clarence E. Smith will provide repairs as needed on nine additional Emerson ventilators totaling \$4,000.

Prior to Fiscal Year 1988, Clarence E. Smith was awarded an unadvertised contract for Fiscal Year 1981. During the interval of 1981 to 1987 this equipment was not in use. Due to the AIDS epidemic this equipment is in use again, which makes it necessary for the repairs.

Therefore, because Clarence E. Smith is the only vendor in the area that is qualified to provide these services, and because of the cost, in my opinion, is reasonable, no benefits would inure to the city by publicly advertising for bids.

The documents were not returned from the vendor until January, 1988, therefore this contract is being submitted late.

Very truly yours,

Lewis W. Pollack,  
*Commissioner.*

## Parent, Child Health Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Trustees of Health and Hospitals of the City of Boston, Inc., 725 Massachusetts Avenue, for the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$160,732.

This contract is for the development of a Parent and Child Health Services program within the Department of Health and Hospitals. Services will include the provision of health education for injury prevention, and administrative support to facilitate discharge planning for infants delivered at Boston City Hospital. The contract will cover salaries, fringe, operating costs, indirect costs and overhead for the administrative assistant and health educator assigned to facilitate discharge planning and train staff at Boston City Hospital, health centers and community sites.

Fiscal year 1988 is the first year that a contract will be in effect for these services.

Because of the professional nature of the services to be provided, and as the cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

This award is being processed late due to the fact that negotiations over the amount of this contract were not finalized until after the start of the contract period. The contract documents were then sent to the vendor for signature, however, they were not returned to the contract office until January 14, 1988.

Very truly yours,

Lewis W. Pollack,  
*Commissioner.*

## Gastroenterologist Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Michael Bliss, M.D., Cohasset, for the period October 1, 1987, through June 30, 1988, at a cost not to exceed \$2,333.

Under this contract, Dr. Bliss will provide consultative services in gastroenterology at Long Island Hospital. On-site consultations will be provided once every other week at Long Island Hospital, each visit not to exceed two hours in length. All sessions will be reimbursed at the rate of \$50 per hour. Telephone availability for consultations relating to gastroenterology will be provided over the period of the contract for a flat fee of \$333. Reimbursement will be paid on a service-rendered basis.

Fiscal year 1988 is the first year a contract will be awarded to Dr. Bliss. Fiscal year 1987, Dr. McClinck was awarded an unadvertised contract in the amount of \$2,300. Prior to this, these services were not required by the hospital.

As Dr. Bliss is a specialist in this field, because of the professional nature of the services to be provided, and as the cost, in my opinion, is reasonable, no useful purpose would be served by publicly advertising for bids.

This contract is being processed late because it was not determined whether the contract would be

with the Trustees of Boston University, a private corporation or the physician providing the services. It was decided that the contract would be with Dr. Michael Bliss, the physician providing the service.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

#### JOBS AND COMMUNITY SERVICES

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to the Home Builders Institute, a nonprofit corporation, located in Washington, D.C. Under the terms of the contract, the contractor will provide classroom and hand-on training to approximately thirteen TAG-eligible participants in the area of housing rehabilitation. In addition, counseling and job placement services will be provided.

The contractor was selected based upon an evaluation of its refunding proposal submitted to the Mayor's Office of Jobs and Community Services. Other selection criteria include the results of site monitoring visits conducted by JCS staff, an overall review of the contractor's performance during the prior contract period, administrative capability, reasonableness of cost, and the ability to serve the targeted population.

Compensation under the terms of this contract shall not exceed \$73,560, payment being provided to the City of Boston through a Targeted Assistance Grant received through the Commonwealth of Massachusetts. The period of performance shall be from July 1, 1987, until March 31, 1988. This request has been delayed due to the time involved in reaching funding decisions.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Kristen J. McCormack,  
Director.

#### SCHOOL DEPARTMENT Chapter 766 Services

Dear Mr. Mayor:

As superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to New England Medical Center, T.M.C.A. Foundation, Inc., a corporation located at 750 Washington Street.

This contract shall be in effect during the period from September 14, 1987, to June 30, 1988, and shall occur at a cost not to exceed \$11,870, which I have deemed to be reasonable.

Under the terms of this contract, the contractor will provide the necessary entry level physical examinations, medical examinations of students who participate in interscholastic sports, and chapter 766 physical examinations for students at Madison Park High School, Copley Square High School, and Boston High School. In addition, the contractor will provide emergency medical service and medical consultation services to the school nurses at these locations.

The contractor is specially qualified to provide the above services because it is in close proximity to the designated schools. In addition, many of students attending these schools presently receive primary care from TMCA Foundation, as it is the local health provider, the contractor is also able to provide additional back-up service to the school health care and has sufficient staff for this purpose.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest would not be served by publicly advertising for bids.

This request is being submitted late because of delays in obtaining an original Certificate of Authority from the contractor.

Compensation to this vendor during the past three fiscal years in the form of unadvertised contracts is as follows: 1987 — \$9,507; 1986 — \$12,300; 1985 — \$12,300.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston, I request your authorization for the award of a contract as a sole source provider to Pearl Street House, Wayside Community Programs, Framingham, for the provision of special educational services to Boston Public School children in accordance with M.G.M. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$150,000 which is deemed to be reasonable by the committee during the period of July 9, 1987, to June 30, 1988.

The amount to be encumbered initially is \$21,856.

The facility will provide educational services to Boston Public School pupils in accordance with each child's individual educational plan devised by the School Department staff.

This contractor is late due to the provider not understanding that cost-shared students also need a local education agency contract. Services have been provided however.

Because it has been determined that these children are in immediate need of special education, and due to the professional nature of the services to be performed, the expertise of the facility in this area, and the setting of rates by Massachusetts Rate Setting Commission it is the determination of the School Committee that the public interest would not be served by public advertising for bids. FY-85 expenditure \$10,300; FY-86 \$17,722; FY-87 \$10,080.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston, I request your authorization for the award of a contract as a sole source provider to CHARMS Collaborative, Randolph, for the provision of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$137,406, which is deemed to be reasonable by the committee during the period of July 1, 1987, to June 30, 1988.

The amount to be encumbered initially is \$37,406.

The facility will provide educational services to Boston Public School pupils in accordance with each child's individual educational plan devised by the School Department staff.

This contract is late due to the contractor having failed to return it. The services have however been provided.

Because it has been determined that these children are in immediate need of special education, and due to the professional nature of the services to be performed, the expertise of the facility in this area, and the setting of rates by Massachusetts Rate Setting Commission it is the determination of the School Committee that the public interest would not be served by public advertising for bids. FY-85 expenditure \$0; FY-86 \$0; FY-87 \$0.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston, I request your authorization for the award of a contract as a sole source provider to Whitney Academy, East Freetown, for the provision of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$111,715, which is deemed to be reasonable by the committee during the period of January 15, 1988, to June 30, 1988.

The amount to be encumbered initially is \$11,715.

The facility will provide educational services to Boston Public School pupils in accordance with each child's individual educational plan devised by the School Department staff.

Because it has been determined that these children are in immediate need of special education and due to the professional nature of the services to be performed, the expertise of the facility in this area, and the setting of rates by Massachusetts Rate Setting Commission it is the determination of the School Committee that the public interest would not be served by public advertising for bids. FY-85 expenditure \$0; FY-86 \$0; FY-87 \$0.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

#### Students Services

Dear Mr. Mayor:

As superintendent of the Boston Public Schools I respectfully request your authorization for the award of a contract to the Education Resources Institute, a corporation located at 330 Stuart Street.

This contract shall be in effect during the period from September 14, 1987, to June 30, 1988, and shall occur at a cost not to exceed \$32,000, which I have deemed to be reasonable.

This amount, which represents a token financial commitment on the part of the Boston Public Schools, will allow the Education Resources Institute to continue providing services to Boston Public School students and their parents. Services will include, but will not be limited to, financial aid counseling, early awareness counseling, and the printing and distribution of informational packets on higher education and occupational choices.

Financial support for the institute's operation provided by Boston area colleges, the Massachusetts Higher Education Assistance Corporation, the Massachusetts Rehabilitation Commission, United States Department of Education, and Boston Public Library.

Because of the professional nature of the services to be provided under this agreement and the unique ability of the contractor in providing th

services, it is my determination that the public interest would not be served by publicly advertising for bids.

Compensation to this vendor during the past three fiscal years in the form of unadvertised contracts is as follows: 1987 — \$25,000.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

Dear Mr. Mayor:

As superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to Public Affairs Research Institute, Inc., a corporation located at Arlington.

This contract shall be in effect during the period from December 15, 1987, to August 31, 1988, and shall occur at a cost not to exceed \$37,300, which I have deemed to be reasonable.

Under the terms of this contract, the contractor will carry out the evaluation of the 1987-88 ECIA (chapter I Reading, Mathematics, and Computer Aided Instruction Programs in the private schools) as follows:

Assess, through classroom observations and interviews, the operation of the Reading, Mathematics, and Computer Aided instruction classes; develop observation schedules and interview guides; construct questionnaires and administer them to involved personnel; determine the extent to which the objectives of the program have been met; execute appropriate statistical analyses, including those required by the Model A reporting system; submit 200 evaluation reports and 200 abstracts, interim and final, for each component, deadlines for submission to be in line with directive of Massachusetts Department of Education; submit periodic schedules monthly; fulfill requirements for procedures cited in the following evaluation proposals: proposal for the Elementary Reading/Mathematics Program, and proposal for the Secondary Reading/Mathematics Program.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest could not be served by publicly advertising for bids.

Compensation to this vendor during the past three fiscal years in the form of unadvertised contracts is as follows: 1987 — \$29,355; 1986 — \$29,355; 1985 — \$29,355.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

#### AIDS Prevention Program

Dear Mr. Mayor:

As superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to the Prevention Center of the Medical Foundation, Inc., a corporation located at 10 Commonwealth Avenue.

This contract shall be in effect during the period from January 15, 1988, to May 30, 1988, and shall occur at a cost not to exceed \$2,775, which I have deemed to be reasonable.

Under the terms of this contract, the contractor will conduct a Peer Education Program for AIDS prevention. The program will include two training sessions for five, school-based AIDS education coordinators who will serve as adult advisors to the peer educators in their schools and eight, training sessions for twenty-five students (five from each of five high schools) who will serve as peer educators. The Prevention Center will work with each of the

five participating high schools to assist those schools in identifying students to be trained to serve as peer educators. The Prevention Center will also conduct a training session for up to 160 AIDS education instructional team members from Boston Public Schools middle and high schools and non-Boston Public Schools alternative programs.

The contractor is specifically qualified to provide the above services because this proposal is consistent with federal application guidelines that encouraged applicant school districts to collaborate with community resources in preparing applications for federal funding from the Centers for Disease Control for AIDS education programs, staff from the Prevention Center participated in the development of the proposal. The approved application explicitly identified the Prevention Center as the consulting organization to train peer educators. The Prevention Center has previously assisted and continues to support peer leadership training in connection with drug education programs. It has demonstrated its capacity to organize and conduct such programs successfully, and has on its staff a nationally recognized expert in the area targeted by this contract.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest would not be served by publicly advertising for bids.

Compensation to this vendor during the past three fiscal years in the form of unadvertised contracts is as follows: 1987 — \$25,000; 1986 — \$11,025; 1985 — \$0.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

#### Drugs and Alcohol Survey

Dear Mr. Mayor:

As superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to Rocky Mountain Behavioral Science Institute, Inc., a corporation located at Colorado.

This contract shall be in effect during the period January 6, 1988, to June 30, 1988, and shall occur at a cost not to exceed \$22,000, which I have deemed to be reasonable.

Under the terms of this contract, the contractor will:

Survey grades four to twelve and staff in sixteen Boston schools (17,000 individuals); grades six to twelve will be given the American Drug and Alcohol Survey; grades four and five will take part in the Children's Survey; staff will take the American Drug and Alcohol survey but will not complete inappropriate questions.

Analyze the survey data and prepare reports at two different times at dates specified.

Provide reports as follows:

a. One detailed report will be provided for each school. For example, a detailed report will be provided for the ninth through twelve grade at each high school. Seventeen detailed reports will be produced, one for each of sixteen schools plus one for staff.

b. One executive summary will be provided for staff, reports for staff at sixteen schools will be combined for analyses.

c. The detailed reports will include tables such as use of drugs at schools and responses to questions on the perceived harm of drugs.

4. Train ninety-six Boston Public School employees in techniques of administering the survey instruments.

Provide Community Action Manuals for each of the sixteen schools.

The Office of Curriculum and Instruction contacted three agencies to provide this survey of drug and alcohol habits and attitudes of students and staff. The results are as follows: Massachusetts Prevention Center: The center has a survey instrument for evaluating the success of their programs but move to survey general habits and attitudes; they would be able to develop a survey but cannot provide data collection, analysis, reporting and disseminating; Boston University, contacted by Shirley Handler, program advisor for Health Education, indicated great interest in the project but could not quote a cost; the university would need to research the issue and develop a survey; The Rocky Mountain Behavioral Science Institute, has a survey instrument that is complete and has been validated for similar populations and only RMBSI has the capacity to perform the work during the period of the grant.

Because of the professional nature of the services to be provided under this agreement and the fact that only this vendor was able to provide the services during the grant period, it is my determination that the public interest would not be served by publicly advertising for bids.

This is the first contractual agreement between the Boston Public Schools and Rocky Mountain Behavioral Science Institute, Inc.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

#### Educational Materials

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and award contracts to companies listed on the attached for the period July 1, 1986, through June 30, 1989.

Under the terms of these contracts, the contractors will provide books and certain other educational materials as requested by a designated representative of the Boston Public Schools. The cost of all items purchased under these contracts will not exceed standard catalog prices then in effect, which the Business Manager considers reasonable. The total amount of the contract for all companies shall not exceed \$5,000,000 per year.

Because of the ongoing need to provide the Boston Public Schools with books and certain other educational materials, and because textbooks and certain other educational materials are unique to a particular publisher, it is my opinion that advertising for bids would serve no public purpose.

Your approval is hereby requested to award contracts to the firms listed on the attached award letter for the period of July 1, 1986, to June 30, 1989, inclusive.

The Auditor may certify an appropriation or other funds in an amount less than the face amount of each contract hereunder pursuant to the Standard Contract General Conditions, Article 12.3 and 12.4.

Very truly yours,  
Leo J. Burke,  
Business Manager.

#### Secondary Technical Education Project

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to Massachusetts Institute of Technology, located in Cambridge. This contract shall be in effect during the period from January 11, 1988, to June 30, 1988, and shall occur at a cost not to exceed \$49,794, which I have deemed to be reasonable. On July 21,

1987, the School Committee approved all of the chapter 636 FY'88 proposals for the sum of \$5,128,956. Massachusetts Institute of Technology's portion as is related to that amount is \$49,794.

The contractor will provide the following services:

Through its Secondary Technical Education Project, MIT proposes to continue its successful programs at the Mario Umana Harbor School of Science and Technology and to provide professional development activities for the faculty at Boston Latin School. Professional development will be directed toward improving instructional and interpersonal skills for the purpose of retaining minority students.

The contractor is uniquely qualified to provide the above services because: the contractor has organized appropriate resources to enable the Boston School Department to qualify for funding under chapter 636 (1974 Amendments to the 1965 Racial Imbalance Act) in the category of University Pairing; the institution has specifically designed services in conjunction with school personnel to meet the intent of U.S. District Court Judge W. Arthur Garrity, Memorandum and Orders Modifying Desegregation Plan (*Morgan v. McDonough*, Civil Action No. 72-911-G); further, the services have been reviewed and approved by appropriate personnel at the Department of Education.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services it is my determination that the public interest would not be served by public advertisement for bids.

This agreement is not to be executed without an appropriation of funds, under provisions of General Laws, chapter 44, s. 53A and is subject to the receipt of funds under grant from chapter 636.

Compensation to this vendor over the past three fiscal years in the form of unadvertised contracts is as follows: 1985 — \$86,250; 1986 — \$81,469; 1987 — \$81,154.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

#### Consultant Services

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to Dr. Jean Lau Chin, a consultant located in Newton. The contract shall be in effect during the period of January 27, 1988, to June 30, 1988, and shall occur at a cost not to exceed \$4,000, which I have deemed to be reasonable. On July 21, 1987 the School Committee approved all of the chapter 636 FY' 88 proposals for the sum of \$5,128,956.

Under the terms of this contract the following services will be provided:

The consultant will provide counseling services to bilingual students and their parents. Counseling for individual problems will include problems of depression, school performance, improving self-esteem, effective communication skills and effective behavior patterns. Group counseling for parents will include family problem solving, effective interpersonal skills, effective parenting skills, cognitive development and learning disabilities. Consultant will provide 100 hours of on-site counseling at \$40. per hour at the exam schools.

The contractor is uniquely qualified to provide the above services because she is highly experienced in dealing with school and community problems of Asian students, and there are no Asians on staff at the exam schools to service the 300 Asian students.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services, it is my determination that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation of funds, under provisions of General Laws, chapter 44, s. 53A and is subject to the receipt of funds under grant from chapter 636.

This is the first contractual agreement between this vendor and the Boston Public Schools.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

## CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information.

### HEALTH AND HOSPITALS DEPARTMENT Community Health Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to amend the contract with Trustees of Health and Hospitals of the City of Boston, Inc., 725 Massachusetts Avenue, for funding comprehensive health care services through health care centers affiliated with Boston City Hospital for the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$3,144,719.

This amendment will increase the contract sum by \$169,000, thereby increasing the city's total liability under this contract as so amended, to an amount not to exceed \$3,313,719.

This amendment represents the allocation of prenatal initiative funds targeted to reduce infant mortality rates in the neighborhood by expanding maternal and child health services provided by the community health centers.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to amend the contract with Brookside Park Family Life Center, 3297 Washington Street, Jamaica Plain, matching grant for primary health care services, for the period July 1, 1987, through June 30, 1988 at a cost not to exceed \$120,000.

This amendment represents the allocation of prenatal initiative funds targeted to reduce infants mortality rates in the neighborhood by expanding maternal and child health services provided by the community health centers.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to amend the contract with South Cove Community Health Center, 885 Washington Street, matching grant for primary health care services, for the period July 1, 1987, through June 30, 1988 at a cost not to exceed \$50,000.

This amendment will increase the contract sum by \$13,400, thereby increasing the city's total liability under this contract, as so amended, to an amount not to exceed \$63,400.

This amendment represents the allocation of prenatal initiative funds targeted to reduce infant mortality rates in the neighborhood by expanding maternal and child health services provided by the community health centers.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to amend the contract with Greater Roslindale Medical and Dental Center, Cummins Highway, Roslindale, matching grant primary health care services, for the period July 1, 1987, through June 30, 1988 at a cost not to exceed \$64,000.

This amendment will increase the contract sum by \$16,200, thereby increasing the city's total liability under this contract, as so amended, to an amount not to exceed \$80,200.

This amendment represents the allocation of prenatal initiative funds targeted to reduce infant mortality rates in the neighborhood by expanding maternal and child health services provided by the community health centers.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to amend the contract with South End Community Health Center, 400 Streetmut Avenue, for provision of medical services residents of the South End community through operation of a private nonprofit medical care clinic for the period July 1, 1987, through June 30, 1988 at a cost not to exceed \$156,700.

This amendment will increase the contract sum by \$13,000, thereby increasing the city's total liability under this contract, as so amended, to an amount not to exceed \$169,700.

This amendment represents the allocation of

prenatal initiative funds targeted to reduce infants mortality rates in the neighborhood by expanding maternal and child health services provided by the community health centers.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to amend the contract with Bowdoin Street Health Center, Inc., 200 Bowdoin Street, Dorchester, matching grant for primary health care services, for the period July 1, 1987, through June 30, 1988 at a cost not to exceed \$5,750.

This amendment will increase the contract sum by \$15,000, thereby increasing the city's total liability under this contract, as so amended, to an amount not to exceed \$60,750.

This amendment represents the allocation of prenatal initiative funds targeted to reduce infants mortality rates in the neighborhood by expanding maternal and child health services provided by the community health centers.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to amend the contract with Columbia Point Health Center, 300 Mt. Vernon Street, Dorchester, matching grant for primary health care services, for the period July 1, 1987, through June 30, 1988 at a cost not to exceed \$5,700.

This amendment will increase the contract sum by \$16,500, thereby increasing the city's total liability under this contract, as so amended, to an amount not to exceed \$52,200.

This amendment represents the allocation of prenatal initiative funds targeted to reduce infants mortality rates in the neighborhood by expanding maternal and child health services provided by the community health centers.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

#### Healthy Child Program

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the contract with Trustees of Health and Hospitals of the City of Boston, Inc., 725 Massachusetts Avenue, for the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$447,000.

This amendment will increase the contract sum by \$161,040, thereby increasing the city's total liability under this contract, as so amended, to an amount not to exceed \$608,040.

This amendment is necessary due to an increase in staffing to the Healthy Child Program. Two additional Neighborhood Health Advocates to Healthy Baby Program to increase outreach; two additional Advocates to Healthy Child Program; one-half FTE Health Educator to Healthy Baby Program; one-half FTE Nutritionist, plus one social worker to be shared with Healthy Baby/Healthy Child and Failure to Thrive Program.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

#### Diagnostic Test Kits

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the contract with Abbott Laboratories, Diagnostics Division, Illinois, to provide diagnostic test kits to the Department of Health and Hospitals for the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$177,610.

This amendment will increase the amount of the contract by \$25,000, thereby increasing the city's total liability under this contract to an amount not to exceed \$202,610.

A new virology laboratory has recently been set up at Boston City Hospital and as a result two tests that were previously being performed by outside agencies, will now be done in-house. Bids were solicited from seven companies and two companies responded to the invitation for bids, with Abbott Laboratories being the lower bidder.

Inasmuch as a contract exists with Abbott Laboratories, Diagnostics Division, for similar type items this amendment is requested to incorporate these items into this contract.

Whereas terms and conditions shall remain the same and kits are offered at prices I consider reasonable, I recommend approval of this amendment.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

#### JOBS AND COMMUNITY SERVICES

##### English Language Instructions

Dear Mayor Flynn:

On or about August 7, 1987, your Honor approved the award of a contract with Oficina Hispana, a nonprofit corporation, located at 125 Amory Street, Roxbury, for the provision of vocational, business skills and English as a second language instruction to Hispanic newcomers in the Jamaica Plain area.

Your approval is requested to amend this contract in terms of compensation. This amendment will increase the contract amount to allow the contractor to hire one additional support staff person and implement an automated fiscal management control system. In addition, the contractor will develop a short and long term plan to enhance its capacity to serve immigrants and refugees under the Gateway Cities Program. Funding will be provided by the Executive Office of Communities and Development (EOCD) through the Gateway Cities Program in the amount of \$33,960. Total compensation under the terms of the contract, as amended, shall not exceed \$78,960. All other terms and conditions of the original contract shall remain the same.

As this amendment is for a negotiated contract at a reasonable cost, no public purpose would be served by formal advertising. I, therefore, request

permission to dispense with inviting sealed bids by advertising in the *City Record* pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Kristen J. McCormack,  
Director.

#### PUBLIC WORKS DEPARTMENT

##### Repairs

Dear Mr. Mayor:

On July 22, 1987, you approved the award of a contract based on public advertising for bids to Ballfour Engineering Co., Inc., of 310 Franklin Street, for repairs to existing mechanical equipment at various drawbridges, SC-7629(88), at a cost not to exceed \$87,200, for the period July 1, 1987, to June 30, 1988.

Your permission is respectfully requested to amend this contract to provide for additional work not anticipated in the original contract:

In the course of the work this amount has proven to be insufficient, inasmuch as the major portion of the work done under this contract is on an emergency basis and cannot be anticipated in advance and the funds are being depleted at a rate that will expire very short of the expiration date of the contract and a great deal of additional work is still being scheduled.

Very truly yours,  
Joseph F. Casazza,  
Commissioner.

EXTENSION OF BID DATE

Invitation for Bids for Grading and Seeding of  
Proposed Burial Area at Fairview Cemetery,  
Hyde Park, Mass.

The City of Boston, acting by the Parks Commission, Room 930, 294 Washington Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby extends the bid date to March 10, 1988, instead of the proposed date March 3, 1988, to invite sealed bids for the project listed below.

Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled: "Grading and Seeding of Proposed Burial Area at Fairview Cemetery, Hyde Park, Mass."

SCOPE OF WORK consists of furnishing all labor, material, equipment necessary for grading, loaming, fertilizing, hydroseeding and maintenance at proposed burial area. Estimated cost, \$25,000.

BIDS shall be submitted in duplicate before 2 p.m., Boston time, on Thursday, March 10, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bids. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS AND PLANS will be available on or about Monday, February 22, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

A completed Minority Business Identification Statement (MBU-IS-A) shall be submitted for each Minority Business Enterprise listed on a bidders form (MBU-F), and submitted at the time of bid

opening, that is not included in the Minority Business Directory published by the Office of Minority Business. Copies of the Minority Business Identification Statement are available at the City of Boston Jobs and Community Services, 15 Beacon Street, Boston, MA 02108.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any or all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, Room 930, 294 Washington Street, Boston, MA 02108, on Tuesday, March 1, 1988, at 10 a.m., Boston time.

Paige Academy, hereinafter referred to as the Awarding Authority, through funding from the Public Facilities Department, under support from the Community Development Block Grant, invites contractors to bid the following project:

Site: Paige Academy, 40 Highland Avenue, Roxbury, MA 02119.

Scope of Work: General carpentry, interior painting, porch enclosure, exterior painting, fencing and electrical.

Time and Place for Filing Bids: ALL GENERAL BIDS shall be filed with the Awarding Authority at the above address before 12 noon, on March 9, 1988, at which time and place respective bids will be opened forthwith and read aloud. Contractors planning to submit bids should plan to attend a pre-bid meeting specifying the extent of the renovations. The prebid meeting is scheduled as follows: Paige Academy, 40 Highland Avenue, Roxbury, MA 02119, February 24, 1988, 12 noon.

PLANS AND SPECIFICATIONS will be available on February 22, 1988, at Paige Academy, 40 Highland Avenue, Roxbury, MA 02119, through Joe Cook at 445-5419.

The attention of all bidders is specifically directed to the fact that this is a federally assisted project and, therefore, not less than the minimum salaries and wages set forth in the contract documents must be paid to each worker on the project (Davis-Bacon), and that the contractor must ensure that employees and applicants are not discriminated against because of race, color, religion, sex, or national origin (Executive Order No. 11246). Attention is called to the contractor requirements relating to Workmen's Compensation, and insurance requirements of the successful general contractor and subcontractor for the project shall be set forth in the Supplemental and Special Conditions of the contract documents.

The Awarding Authority reserves the right to waive any informalities in or to reject any and all bids if it be in the public interest to do so.

The School Committee of the City of Boston, acting by the Senior Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed bids for furnishing and delivering physical education equipment and supplies to the Department of Safety Services, 205 Townsend Street, Dorchester, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Tuesday, March 8, 1988, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals must be made in duplicate, the one with the certified check is to be filed and left at the above, the other without certified check to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$100 minimum or 5 percent of total amount bid, whichever is the greater amount. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required before

commencing performance of this contract.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The City of Boston, acting by the Parks Commissioner, Room 930, 294 Washington Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project described below. Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled, "Improvements to James Lee Hunt Playground, Mattapan, Mass."

**SCOPE OF WORK** includes: Furnishing all labor, materials, equipment and transportation to total lot, ball diamonds, paving, planting materials, drainage, water and sod work. Estimated cost, \$260,000.

Bids shall be submitted in duplicate before 2:00 p.m., Boston time, on Thursday, March 3, 1988, opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. A duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bids. The Awarding Authority reserves the right to waive any informality, or to reject any and all bids, if it be in the public interest to do so.

**SPECIFICATIONS AND PLANS** will be available for about Tuesday, February 16, 1988, after 9:00 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$50 certified check, payable to the City of Boston for deposit. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$50 check returned.

**BIDDERS** are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must provide satisfactory assurance that at least 30 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by minority group members who are Black, Hispanic, Puerto Rican, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

Contractors shall also avail themselves of the services of the Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, MA 02108, to facilitate compliance with these requirements.

The attention of bidders is specifically directed to the City of Boston Supplemental Minority Participa-

tion and Resident Preference Section contract provisions of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, 294 Washington Street, Room 930, Boston, MA 02108, on Tuesday, February 23, 1988, at 10 a.m., Boston time.

**NOTICE TO CONTRACTORS**

**Invitation for Bids for Grading and Seeding of  
Proposed Burial Area at Fairview Cemetery,  
Hyde Park, Mass.**

The City of Boston, acting by the Parks Commissioner, 294 Washington Street, Room 930, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project listed below. Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled, "Grading and Seeding of Proposed Burial Area at Fairview Cemetery, Hyde Park, Mass."

**SCOPE OF WORK** includes: Furnishing all labor, materials, and equipment necessary for grading, loaming, fertilizing, hydroseeding and maintenance at proposed burial area. Estimated cost, \$25,000.

BIDS shall be submitted in duplicate before 2 p.m., Boston time, on Thursday, March 3, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bid. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

**SPECIFICATIONS** will be available on or about Tuesday, February 16, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

**BIDDERS** are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

A completed Minority Business Identification Statement (MBU-IS-A) shall be submitted for each Minority Business Enterprise listed on a bidders form (MBU-F), and submitted at the time of bid opening, that is not included in the Minority Business Directory published by the Office of Minority Business. Copies of the Minority Business Identification Statement are available at the City of Boston

Jobs and Community Services, 15 Beacon Street, Boston, MA 02108.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, Room 930, 294 Washington Street, Boston, MA 02108, on Tuesday, February 23, 1988, at 10 a.m., Boston time.

## HOMEOWNERS CAN PURCHASE ADJACENT LOTS

Under a new city program, homeowners in South Boston, Dorchester, Roxbury, Jamaica Plain, and Brighton can purchase vacant lots next to their properties, to add driveways, gardens, and play areas.

The Public Facilities Department's Abutter Lots Program has sold seventeen parcels to homeowners in the past two months. The lots average 2,800 to 3,000 square feet, and are generally too small for development. The program requires that the lots be bordered by privately owned homes on at least two sides, and are not needed for open space or other public use. The Abutter Lots Program will also accept proposals from joint applicants who wish to divide a lot.

Since October, forty-one abutter lots have been advertised for sale. Every two months, Public Facilities Department will seek proposals for approximately twenty new lots in neighborhoods across the city. For more information, call 725-3431.

### BOSTON AWARDED \$3.1 MILLION FOR HOMELESS ASSISTANCE

Boston received the largest single city grant awarded under the Stuart B. McKinney Homeless Assistance Act, obtaining \$1 million in emergency homeless funds, and \$317,000 for homeless assistance. The state received \$678,000 in additional aid to the homeless.

The money is a testament to the partnership we have forged with the non-profit organizations, the state, and the city in serving the homeless.

The grant proposal was submitted on behalf of 24 area non-profit organizations in Boston, and the money will go directly to these programs. The funds will create 264 new beds for Boston's homeless, 83 for homeless families, and 78 for elderly homeless. Further expansions of Boston's homeless support network through the use of these funds will allow 1500 additional homeless people each year to benefit from the area's homeless service. Child care, counseling, meals and jobs training services will also be expanded.

### DEAF HERITAGE PROGRAM AT BOSTON PUBLIC LIBRARY

Albert Couthen, Assistant Principal, Kendall Demonstration Elementary School, Gallaudet University, will speak in the Rabb Lecture Hall of the Boston Public Library in Copley Square on "Black Deaf Heritage" on Monday, February 29, at 10 a.m. and 11:30 a.m.

Mr. Couthen is the president of the Board of Directors of Deafpride, Inc. and of the National Health Care Foundation for the Deaf. He also serves as acting secretary of National Black Deaf Advocates.

The February 29th programs are planned for students from schools for the deaf, but the programs are open to the general public. In these sessions the speaker will explore the meaning of Black Deaf Heritage for young adults. A noted athlete in his days at the American School for the Deaf and at Gallaudet College, and a coach and physical education instructor at ASD and Gallaudet, Mr. Couthen will discuss the value of athletics but will emphasize the need to put learning first. Mr. Couthen himself serves as a role model for Black deaf youth. He holds a master's degree in educational administration and supervision from California State University at Northridge. Prior to accepting his present position at Gallaudet University, Mr. Couthen was the director of counseling in the Connecticut State Commission of the Deaf and Hearing Impaired.

All of the programs are presented in American Sign Language and will be voice interpreted. For further information about these free lectures, call the Access Center at 536-5400, Extension 295.

### CITY DONATES SCHOOL TO CHARLESTOWN SOCIAL SERVICE AGENCY

The Public Facilities Department of the City of Boston has sold the William H. Kent School on Moulton Street in Charlestown to the John F. Kennedy Family Service Center for \$1. The center has been using the building since 1972 for its Headstart and day care programs.

"The Kennedy Center has become an invaluable asset to the Charlestown community," said Lisa G. Chapnick, Director of PFD. "We are pleased to offer the Kent School to the Kennedy Center, which helps to insure the future for its child care programs."

All of the Kennedy Center's child care programs were disrupted in mid-December when an arsonist set fire to the Kent School building. The thirty-two children in pre-school day care were relocated to the First Baptist Church. The after-school program, which handles twenty children between the ages of six and twelve, was moved to space at the Kent Community School. Headstart, a federally funded educational program for underprivileged children three to five years old, has been shut down since the fire. The 107 children enrolled in the Headstart program are being visited in their homes by a staff member one hour a week. Classrooms are currently being prepared in space donated by developer T. J. Flatley in the Schrafft's Building. Classes will reconvene at the end of February.

(Continued on next page)

## City donates school . . .

(Continued from previous page)

"Everyone has been so helpful to us since the fire," said Kate McDonough, Executive Director of the Kennedy Center. "With Public Facilities giving us the Kent School, we can apply for the financing necessary to renovate the building. PFD has also encouraged us to apply for a physical improvement grant, which would really help us in getting both the Headstart and day care programs back into the building."

The John F. Kennedy Family Service Center, founded in 1965, offers a wide variety of programs from many locations throughout Charlestown. Their Senior Center on Bunker Hill serves meals, provides recreation activities, and coordinates homemaker services. The Community Center on Green Street houses job placement services, family and drug/alcohol counseling, fuel assistance, and a wide variety of programs for area youths, including the Kennedy Center's "College Club." This group helps high school students prepare for SATs and helps their parents to find and apply for financial aid.

The Charlestown Headstart Fire Fund, started in January with a goal of raising \$100,000, has received to date contributions totalling over \$7,000. Donations can be sent to Jean E. Driscoll, Branch Manager, Bank of New England, 437 Rutherford Avenue, Charlestown, MA 02129.

## UNFOLDING BEAUTY: THE ART OF THE FAN

From March 9 through June 5, 1988, the beauty and romance of fans will be highlighted in the western fans and costumes from the permanent collection of the Museum of Fine Arts, Boston shown in *Unfolding Beauty: The Art of the Fan*. According to Deborah Kraak, assistant curator in the Department of Textiles and Costumes, "Ninety fans and twenty costumed mannequins in the exhibition will illustrate the changing styles of the fan from the eighteenth to the twentieth century. The chronological survey will be complemented by a display of fans from different eras, grouped according to specific themes: the Grand Tour, political fans, chinoiserie, and ballooning."

Specialty fans created by ingenious designers who transformed the fans

into party games, lorgnettes, and parasols will be well represented in the exhibition. Selected fans will be accompanied by works of European and American decorative arts, costume accessories and fashion plates, and classical figurines that relate to the fans' subject matter and design. Portraits and prints containing fans will also be on view.

The costumed mannequins will reveal the fan as a virtually indispensable fashion accessory for both women and men.

The exhibition will display the richness and variety of materials used in manufacture of these luxurious accessories. Ivory from India or Africa, mother-of-pearl from Madagascar, Australia and Sumatra, tortoiseshell from Borneo, Bali and Guinea were imported to Europe and transformed into sticks to support the colorful fan leaves. A variety of techniques were used to decorate the miniature "canvases," often with adaptations of paintings by famous artists such as Velasquez and Watteau.

Fan leaves painted in watercolors or oils will be shown along with hand-tinted prints and illustrations rendered in the more unusual media of applied straw, fabric and sequins. Rare fan types such as cabriolet fans, seldom found in a collection, are characterized by widely spaced spokes and a reinforcing rim and are named for their structural similarity of the wheels of a popular eighteenth-century carriage.

A rate of \$8 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the City Record. Advertising and other copy must, except in emergencies, be in hand at the City Record office by 11 a.m., Monday of each week to insure its publication in the following Monday's issue.

The Museum of Fine Arts has five, including a beautiful "double" cabriolet whose finely painted medallions resemble the reserves on Meissen porcelain. The Museum's collection is particularly rich in nineteenth-century fans manufactured by the Hunt Allen fan company of Weymouth Landing, Massachusetts, producer of the beautiful Luna Moth fan.

The fans in *Unfolding Beauty: The Art of the Fan* were selected from the Museum's collection of 648 fans, 424 of which were the gift of a single donor: the late Miss Esther Oldham of Wellesley, Massachusetts, who gave her world-famous collection to the Museum in 1976.

A catalogue, prepared in conjunction with the exhibition and written by Anna G. Bennett, will illustrate 145 fans with thirty-three in color, and will contain a biographical sketch of Miss Oldham and essays entitled "The Fan in Social History" and "An Almost Incredible Commerce." Research for the catalogue is supported in part by a grant from the National Endowment for the Arts. The Museum is also organizing an international symposium on fans to be held in the Remis Auditorium on April 8, 1988.

## "STAY-IN-SCHOOL" IS ABCD FOCUS

The 1988 Summerworks program is gearing up to specifically help younger students who face problems in school. It will focus on giving fourteen-, fifteen- and sixteen-year-olds the skills and motivation that will help them stay in school by providing not only job opportunities but career development, special programs, and exposure to excellent role models.

In addition to paid jobs, youths will attend career development workshops conducted by media personalities, professionals, and Summerworks alumni. The workshops give them an opportunity to explore options with experts from many fields. Seventeen special programs meet the needs of particular groups or provide special skills. These programs have included the Career Exploration Program for handicapped youth, MICAS (Metropolitan Indo-Chinese Adolescents Service), La Alianza Hispana, and a program for deaf youth at the Horace Mann School.

Summerworks will continue its Summer Training and Education Program

unded by the Ford Foundation, which  
rolls academically at-risk youths in a  
ationally renowned, education/work  
ogram that tests the effects of reme-  
al education and skill training on the  
chievements of fourteen- and fifteen-  
ar-olds. The program will also con-  
ue to run the Boston Youth  
onservation Corp, which is funded by  
e City of Boston, and combines work  
roving Boston's parks with environ-  
ental education.

Summerworks is funded with federal  
state monies through the Mayor's  
fice of Jobs and Community Serv-  
s. Because of a drastic, 24-percent  
duction in federal funding for summer  
ps in the state of Massachusetts,  
BCD's Summerworks program will  
ce again have to turn away potential  
ents.

Over 1,800 Boston youths — over a  
ousand less then were served in 1986  
were served in last year's program,  
d more of those 1,800 will be cut from  
mmerworks 1988. In urging state  
d city government to allocate funding  
close the gap left by the loss of fed-  
al monies, ABCD Executive Director  
bert M. Coard says, "If the state and  
don't take steps to allocate funding  
cover the federal loss, we may be  
king at a situation this summer that  
ll be disastrous for young people.  
ese outrageous federal cuts repre-  
nt an abandonment of our youth —  
city and state must not stand by and  
this happen in Boston."

### III. SUSPENSION

Due to violation of the terms of probation in-  
stituted as a result of a departmental hearing on  
charges granted Fire Fighter Eddie L. Toomer, Lad-  
der Company 9, on November 24, 1987, the four  
weeks suspension held in abeyance has been im-  
posed commencing 1800 hours, February 5, 1988,  
and continuing to 1800 hours, March 4, 1988.

### IV. HIGH COMMENDATION

At 0310 hours, January 17, 1988, Incident 2142,  
Box 5156 (two alarms) was struck for a fire at 194  
Kelton Street, District 11.

Upon arrival, heavy fire was issuing from the  
third-floor apartment, whereupon the members of  
Ladder Company 14 were informed of two women  
who were trapped in the third-floor apartment that  
was involved with fire.

Fire Lieutenant Charles M. Parillo and Fire  
Fighter Richard F. Felton of Ladder Company 14  
forced entry and ascended via the front stairway to  
the third-floor level. They encountered a man on the  
stairway who appeared confused. He informed them  
that a woman was inside the apartment. At  
this point in time, heavy fire and smoke were issu-  
ing from the apartment. Forced to crawl into the  
apartment, due to the intense heat and smoke, Fire  
Lieutenant Parillo and Fire Fighter Felton located  
an unconscious woman lying on the floor. With con-  
siderable effort, under conditions of heat so intense  
that they were unable to stand, Fire Lieutenant  
Parillo and Fire Fighter Felton dragged the woman  
from the apartment to the landing of the stairs  
where the woman was placed on the shoulders of  
Fire Lieutenant Parillo and carried to the street. Im-  
mediately after the rescue, flashover occurred, en-  
gulfing the entire room.

Because of the great personal risk involved in the  
rescue of the woman, who had suffered burns over  
40 percent of her body, and by their quick action,  
thus saving her life, the Fire Commissioner is  
pleased to highly commend Fire Lieutenant Char-  
les M. Parillo and Fire Fighter Richard F. Felton of  
Ladder Company 14 and recommends that their  
cases be referred to the Board of Merit for further  
consideration.

hourly rate of the contract remains consistent or be-  
low hourly compensation levels for similarly skilled  
consultants. The cost of this amendment, which is  
effective on January 4, 1988, shall not exceed  
\$7,000. The contract, as amended, shall not ex-  
ceed \$9,975. This contract is being submitted after  
the effective date due to an administrative error.

In view of the contractor's performance and fa-  
miliarity with the project, I believe that no purpose  
would be served through public advertising.

Sincerely,

Robert J. Ciolek,  
Director.

### PUBLIC FACILITIES DEPARTMENT

#### Buildings Design Services

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Com-  
mission on November 5, 1987, I respectfully re-  
quest your Honor's permission to dispense with  
further public advertising and amend a contract ap-  
proved by your Honor on December 1, 1986,  
awarded to Architects and Associated Designers,  
Inc., a Massachusetts corporation, with offices at  
286 Congress Street, for design of renovations to  
the Curtis Hall Municipal Building and Uphams  
Corner Municipal Building. The cost of this amend-  
ment shall not exceed \$42,692. The amended cost  
of this contract shall not exceed \$185,632. The  
amended term of this contract shall be extended to  
October 1, 1989.

Said amendment is necessary due to the in-  
creased scope of service required of the designer  
due to the increase in construction budget from  
\$845,000 to \$1,212,000. Under the terms of the  
amended contract, Architects and Associated De-  
signers, Inc. shall provide additional services in-  
cluding roof and pool renovations at Curtis Hall and  
interior renovations at Uphams Corner.

In view of the technical and professional nature of  
the services required, the expertise and familiarity  
of the designer with all existing conditions, and  
the reasonable cost of such services, it is my view that  
further public advertising would serve no useful  
purpose in this particular instance.

Sincerely,

Lisa G. Chapnick,  
Director.

### PUBLIC WORKS DEPARTMENT

#### Project Inspection Services

Dear Mr. Mayor:

On November 30, 1986, you approved the award  
of a contract to Purcell Associates, of 50 Redfield  
Street, for highway reconstruction inspection ser-  
vices for State Aid Project No. 47, in Bray St., Centre  
St., Columbus Ave., Heath St., and New Heath St.,  
in Roxbury, SC-7682(87), at a cost not to exceed  
\$120,000, for a period of 120 working days.

Your permission is respectfully requested to  
amend and extend this contract to provide for addi-  
tional engineering and inspection services not an-  
ticipated in the original contract.

These include: concrete base on several streets,  
which was an unforeseen field condition requiring  
additional time to install street lighting and trench-  
ing within the streets; the rescheduling of opera-  
tions by the contractor requiring additional field  
inspectors to monitor construction on several  
streets simultaneously; coordination and recom-  
mendations modifying full-depth pavement recon-  
struction; and evaluation of MBTA impact to the  
limits of construction.

The cost of this amendment, which is effective on  
December 15, 1987, shall not exceed \$45,000, a  
fixed cost, which I have determined to be reason-  
able for the work. The contract, as amended, shall

## CONTRACTS AMENDED

The Mayor has approved the  
amending of contracts, based on  
the following information:

### BUDGET & PROGRAM EVALUATION

#### Expenditure Plan and Research

Dear Mayor Flynn:

On August 10, 1987, your Honor approved the  
award of an unadvertised contract to Ranjeet Su-  
dan of 142 Middlesex Road, Newton, to complete a  
five-year expenditure plan for the city and to con-  
duct primary research on revenues, including his-  
torical analysis and to provide research assistance  
on budgetary and administrative matters pertain-  
ing to the Department of Health and Hospitals for  
the period of July 1, 1987, through June 30, 1988,  
at a cost not to exceed \$2,975.

Due to the increasing complexity of the project,  
and the number of hours required to complete the  
assignment, the total amount of the approved con-  
tract proved to be insufficient. Your approval is re-  
quested to amend the contractor's rate of com-  
pensation from \$8 per hour to \$12 per hour. The

not exceed \$165,000.

An extension of an additional seventy-five working days is necessary to complete the additional engineering and inspection services.

This amendment is being prepared at this late date, as only now have the full extent of the additional work and the costs involved been fully realized.

Inasmuch as this work is related directly to and in conjunction with an existing contract, I feel that public advertising would serve no useful purpose.

Very truly yours,  
Joseph F. Casazza,  
Commissioner.

## CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

### JOBS AND COMMUNITY SERVICES Employment Services

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to Tent City Corporation, a nonprofit corporation, located at 410A Columbus Avenue. Under the terms of the contract, the contractor will recruit, screen and assess approximately 300 unemployed minority neighborhood residents for direct construction job placement in its agency. In addition, the contractor will provide outreach and referral services to the Boston Skills Bank for other unemployed minorities seeking employment.

The contractor was selected based upon an evaluation of its proposal submitted in response to a request for proposals conducted by the Mayor's Office of Jobs and Community Services. Costs were determined to be reasonable after an extensive analysis by JCS staff. Other selection criteria include administrative capability, reasonableness of cost, the ability to provide the services needed, and the ability to serve the targeted population.

Compensation under the terms of this contract shall not exceed \$70,041, payment being made from funds provided to the City of Boston by the Executive Office of Economic Affairs/Office of Training and Employment Policy to operate minority employment initiative programs. The period of performance shall be from September 1, 1987, until June 30, 1988. This request has been delayed due to late notification of funding availability from the State.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Kristen J. McCormack,  
Director.

### Adult Education Services

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to the Jackson/Mann Community School and Council, Inc., a nonprofit corporation, located at 500 Cambridge Street, for the purpose of providing adult education services in conjunction with city's BostonWorks Program.

Under the terms of the contract, the contractor will operate its Next Step Vocational Readiness program for thirty program participants, providing classroom instruction and counseling services based upon an evaluation of its refunding proposal submitted to the Boston Private Industry Council and reviewed by staff of the Mayor's Office of Jobs and Community Services. Other selection criteria include results of site monitoring visits, an overall review of the contractor's performance during the prior contract period, administrative capability, reasonableness of cost, and the ability to serve the targeted population.

Compensation under the terms of this contract shall not exceed \$30,976, payment being made from the Community Development Block Grant program. The period of performance shall be from December 1, 1987, until June 30, 1988. The submission of this letter has been delayed due to the length of time involved in determining the availability of funds for this program.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Kristen J. McCormack,  
Director.

### PARKS AND RECREATION DEPARTMENT Lighting Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with inviting proposals by advertising in the *City Record*, and to award a contract to Storch Associates, 1616 Soldiers Field Road, for design services for restoration of pedestrian lighting on the Boston Common during the period January 1, 1988, to February 29, 1988, at a cost not to exceed \$10,000, to be charged to 615-310-7232-0725.

Storch Associates was awarded the contract for design services for restoration of pedestrian lighting on the Boston Common based on public advertising during the period February 1, 1986, to October 1, 1986. The construction period was extended through a change order but inadvertently the design contract was not. Since the time period has now run out, your permission is requested to award this contract so that Storch Associates can continue to provide supplementary services for clerk of works until the construction project is completed.

Because of Storch Associates exemplary delivery of services on this project at competitive prices, I, therefore request permission to dispense with public advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, sec. 5.

Very truly yours,  
William B. Coughlin,  
Commissioner.

Dear Mr. Mayor:

I respectfully request your permission to dispense with inviting proposals by advertising in the *City Record*, and to award a contract to Storch Associates, 1616 Soldiers Field Road, for design services for Wesley G. Ross Playground during the period January 1, 1988, to February 29, 1988, at a cost not to exceed \$7,700, to be charged to 615-310-4253-0725.

Storch Associates was awarded the contract for design services for Wesley G. Ross Playground

based on public advertising during the period February 13, 1986, to November 30, 1986. The construction period was extended through a change order but inadvertently the design contract was not. Since the time period has now run out, your permission is requested to award this contract so that Storch Associates can continue to provide supplementary services for clerk of works until the construction project is completed.

Because of Storch Associates exemplary delivery of services on this project at competitive prices, I, therefore request permission to dispense with public advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, sec. 5.

Very truly yours,  
William B. Coughlin,  
Commissioner.

### PUBLIC FACILITIES DEPARTMENT

#### Design Services

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on November 5, 1987, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to Pisani and Associates, a sole proprietorship, with offices at 150 Lincoln Street, to provide design services for renovations to the Hancock Street Public Works Department Yard and Municipal Building in Dorchester. Scope of work to include preliminary drawings, design development, and construction drawings and construction supervision.

Compensation under this contract shall not exceed \$146,800 (including \$55,000 for supplementary services) which is a fixed fee of 7.65 percent based on an estimated cost of construction of \$1,200,000, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be for 144 weeks from the date of execution.

Following the advertisement of this project in the *Boston Globe* on April 27, 1987, and receipt of proposals, the contractor was selected on the basis of a rating system undertaken by the Public Facilities Designer Selection Committee in accordance with MGL c. 7, s. 38A 1/2 et seq. The committee evaluated twelve proposals submitted by the applicants and determined Pisani & Associates most qualified and competent to complete said design work. The numerical matrix rating for a firm reflects the combined score of each committee member's rating of this firm and thus the recommended firm has the lowest number. The numerical matrix rating for many of the three finalists, in order of rank was as follows: Pisani & Associates — 8; Chrischold Washington Architects, Inc. — 8; Zeybekoglu Man Assoc., Inc. — 20.

Pisani & Associates and Chrischold & Washington Architects, Inc. ranked equally. Due to the excellent references and extensive special experience with Public Works Department projects, the committee determined Pisani & Associates most qualified for said design work.

I believe Pisani & Associates is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, my judgment that further public advertising would serve no useful purpose in this instance.

Sincerely,  
Lisa G. Chapnick,  
Director.

INSPECTIONAL SERVICES DEPARTMENT

NOTICE TO CONTRACTORS

Proposal for Boarding and Securing Buildings,  
City Funds, Project No. 30-CI-ABU.

The City of Boston, acting by its Inspectional Services Commissioner, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, hereinafter referred to as the Awarding Authority, invites sealed general bids for the boarding and securing of the following buildings:

68 Forest Street, Ward 8

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 a.m., Friday, March 11, 1988, at the office of the Awarding Authority, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form for general bid obtained from the Awarding Authority. The general bids shall be completely filled in, signed, enclosed in an envelope and plainly marked with the description of the work to be done. Two copies of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or in the form of a certified check, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston in the sum of 5 percent of the attached bid. One copy of the general bid will be filed with the City Auditor. The general bids shall be filed before time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended. This schedule will be available to the successful bidder. The successful bidder will be required to provide assurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and each in the sum of 100 percent of the contract price, will be required of the successful bidder.

All bids for this project are subject to all applicable provisions of law, including without limitation, sections 39F and 39K through 39P of chapter 30, and sections 29 and 44A to 44H, inclusive of chapter 149 of the General Laws, as amended, and in accordance with the terms and provisions of the

contract documents entitled: "Project No. 30-CI-ABU."

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Inspectional Services Commissioner is allowing a thirty-day period to complete the boarding and securing of these buildings starting with his signature on contract.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

Notice

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications for and the obligations of the contractor and subcontractor to take affirmative action in connection with employment practices in the performance of this contract.

Attention to All Bidders

I. Minority Business Requirements.

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for minority business enterprise utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 10 percent of his bid price shall be expended for minority business enterprise, if the bid is over \$10,000. For the purpose of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the minority business enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority-owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 15 Beacon Street, fifth floor, Boston, MA 02108, telephone number 720-4300. If a contractor wishes to use a minority business that is not listed in the directory, he must contact the Minority Business Office to obtain a copy and submit with his bid, a Minority Business Identification Statement. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

II. Workforce Requirements.

During the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following workforce requirements (labor).

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on the contract.

3. *Boston Residents:* The contractor and its subcontractors shall maintain a not less than 50 per-

cent ratio of Boston resident employee manhours to total employee manhours in each trade worked on the contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates" as determined by the Commissioner of Labor and Industries under the provisions of chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended. If you have any questions pertaining to the applicability of these requirements, please call the Compliance Office at 720-4300.

NOTICE OF REQUIREMENT FOR AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT OPPORTUNITY (EXECUTIVE ORDER 11246).

The contractor's attention is called to the "Equal Opportunity Clause" and "Standard Federal Equal Opportunity Construction Contract Specifications" set forth in this part.

The goals and timetables for minority and female participation are expressed in percentage terms for the contractor's aggregate workforce in each trade on all construction work in the covered areas. (See pages EEO-1 and EEO-2 of the bid specifications for goals and timetables.)

These goals are applicable to all the contractor's construction work (whether or not it is federal or federally assisted) performed in the covered areas.

As used in the notice, and in the contract, the covered area is Arlington, Boston, Belmont, Brookline, Burlington, Cambridge, Canton, Chelsea, Dedham, Everett, Malden, Medford, Melrose, Milton, Norwood, Reading, Revere, Somerville, Stoneham, Wakefield, Westwood, Winthrop, Winchester, Woburn, and the Islands of Boston Harbor, Massachusetts.

The contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the equal opportunity clause, specific affirmative action obligations required to meet the goals established for the geographical area where the contract is to be performed.

The hours of minority and female employment and training must be substantially uniform throughout the length of the contract in each trade, and the contractor shall make a good-faith effort to employ minorities and women evenly on each of its projects.

The transfer of minority or female employees or trainees from contractor to contractor or from project to project for the sole purpose of meeting the contractor's goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total workhours performed.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, with limitation, the notice to all bidders (including subbidders), and the provisions with respect to bonds, insurance, equal employment opportunity, minimum wages, time of performance, liquidated damages, and the requirements set forth in the specifications on supplemental equal employment opportunity, anti-discrimination and affirmative action program contract provisions, and to the requirements of mandatory compliance with section 3 of the Housing and Urban Development Act of 1968 and Executive Order 11246.

NOTE: See Procurement Standards Circular No. A-102.

NOTICE TO CONTRACTORS

Proposal for Demolition and Site Clearance,  
City Funds, Project No. 125-CI-ATD (A&D).

The City of Boston, acting by its Inspectional Services Commissioner, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, hereinafter referred to as the Awarding Authority, invites sealed general bids for the demolition and site clearance of the following buildings:

65 St. James Street, Ward 12

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 a.m., Friday, March 11, 1988, at the office of the Awarding Authority, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form for general bid obtained from the Awarding Authority. The general bids shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. Four copies of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or in the form of a certified check, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston in the sum of 5 percent of the attached bid. One copy of the general bid will be filed with the City Auditor. The general bids shall be filed before time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined of this work by the Commissioner of Labor and Industries of the Commonwealth under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended. This schedule will be available to the successful bidder.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

All bids for this project are subject to all applicable provisions of law, including without limitation, sections 39F and 39K through 39P of chapter 30, and sections 29 and 44A to 44H, inclusive of chapter 149 of the General Laws, as amended, and in

accordance with the terms and provisions of the contract documents entitled: "Demolition and Site Clearance, Project 125-CI-ATD, City Funds."

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Inspectional Services Commissioner is allowing a thirty-day period to complete the demolition and site clearance of these buildings starting with his signature on contract.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

The contractor's attention is called to XXIV, Protection of the Public. These measures, which appear in the contract, are two general types: revisions to the demolition contract specifications, and modifications or additions to the Clearance of Unsafe Buildings Program itself.

NOTICE OF REQUIREMENT FOR AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT OPPORTUNITY (EXECUTIVE ORDER 11246) IF APPLICABLE.

The contractor's attention is called to the "Equal Opportunity Clause" and "Standard Federal Equal Employment Opportunity Construction Contract Specifications" set forth in this part.

The goals and timetables for minority and female participation are expressed in percentage terms for the contractor's aggregate workforce in each trade on all construction work in the covered areas. (See pages EEO-1 and EEO-2 of the bid specifications for goals and timetables.)

These goals are applicable to all the contractor's construction work (whether or not it is federal or federally assisted) performed in the covered areas.

As used in the notice, and in the contract, the covered area is Arlington, Boston, Belmont, Brookline, Burlington, Cambridge, Canton, Chelsea, Dedham, Everett, Malden, Medford, Melrose, Milton, Norwood, Reading, Revere, Somerville, Stoneham, Wakefield, Westwood, Winthrop, Woburn, and the Islands of Boston Harbor, Massachusetts.

The contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required to meet the goals established for the geographical area where the contract is to be performed.

The hours of minority and female employment and training must be substantially uniform throughout the length of the contract in each trade, and the contractor shall make a good-faith effort to employ minorities and women evenly on each of the projects.

The transfer of minority or female employees or trainees from contractor to contractor or from project to project for the sole purpose of meeting the contractor's goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total workhours performed.

No bid for the award of this project will be considered acceptable unless the contractor complies fully with the following requirements for minority business enterprise utilization, if applicable.

Notice

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications for and the obligations of the contractor and subcontractors to take affirmative action in connection with employment practices in

the performance of this contract.

Attention to All Bidders

I. Minority Business Requirements:  
No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for minority business enterprise utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 25 percent of his bid price shall be expended for minority business enterprise, if bid is for more than \$50,000. If the bid is under \$50,000, but greater than \$10,000, then the requirement is 10 percent. For the purpose of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the minority business enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority-owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 15 Beacon Street, fifth floor, Boston, MA 02108, telephone number 720-4300. If a contractor wishes to use a minority business that is not listed in the directory he must contact the Minority Business Office to obtain a copy and submit with his bid, a Minority Business Identification Statement. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

II. Workforce Requirements:

During the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following workforce requirements (labor).

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on the contract.

3. *Boston Residents:* The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on the contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates" as determined by the Commissioner of Labor and Industries under the provisions of chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended. If you have any questions pertaining to the applicability of these requirements, please call the Compliance Office at 720-4300.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, with limitation, the notice to all bidders (including subbidders), and the provisions with respect to bonds, insurance, equal employment opportunity minimum wages, time of performance, liquidated damages, and the requirements set forth in the

ifications on supplemental equal employment opportunity, anti-discrimination and affirmative action program contract provisions, and to the requirements of mandatory compliance with section 8B of the Housing and Urban Development Act of 1968 and Executive Order 11246.

The School Committee of the City of Boston, acting by its Department of Planning and Engineering, 26 Court Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the above-entitled project, subject to all applicable provisions of law, including without limitation, sections 39F and 39K through 39P of chapter 30, and sections 29 and 44A to 44I, inclusive, of chapter 149 of the General Laws, as amended, and in accordance with the terms and provisions of the contract documents entitled "Painting at Boston School Department Administration Building, 26 Court Street, Boston, Mass.," at an estimated cost of \$7,500.

SCOPE OF WORK: In general includes: Furnish all labor, material and equipment required for painting the School Committee Chambers and Conference Room as specified.

PLANS AND SPECIFICATIONS will be available on or about Wednesday, March 2, 1988, at the Department of Planning and Engineering to all interested parties for a deposit of \$10. Plans and specifications must be returned in good condition within thirty days after bid opening in order to have the \$10 returned. Bidders are hereby notified that bid deposits must be 5 percent of the bid and shall be in the form of a bid bond, certified check, payable to the City of Boston.

ALL GENERAL BIDS will be received before twelve o'clock noon on Wednesday, March 16, 1988, at which time and place respective bids will be opened and read aloud.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligations of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work. Pursuant to minority participation, the general contractor must complete the Minority Business Form in the specifications, giving assurance that at least 10 percent of his bid price shall be expended for minority business enterprise. The form must be signed by the Minority Business Enterprise. No bid for the award of this project will be considered acceptable unless the Minority Business Form signed by both parties accompanies the bid.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities in or to reject any and all bids if it be in the public interest to do so.

PARKS AND RECREATION DEPARTMENT

NOTICE TO CONTRACTORS

Invitation for Bids for Spraying Trees for Control  
of the Elm Leaf Beetle — Summer Application.

The City of Boston, acting by the Parks Commission, Room 930, 294 Washington Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project listed below.

Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid, and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled: "Spraying Trees for the Control of the Elm Leaf Beetle — Summer Application."

SCOPE OF WORK consists of furnishing of all labor, material, and equipment necessary to apply One (1) Follar Spray of Carbaryl for control of the Elm Leaf Beetle to existing elm trees on Commonwealth Avenue, between Arlington Street and Kenmore Square, and limited trees in the Boston Common, Public Gardens, Worcester Square, and Union Park. Estimated cost, \$10,000.

BIDS shall be submitted in duplicate before 2 p.m., Boston time, on Wednesday, March 16, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bid. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS AND PLANS will be available on or about Monday, February 29, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department, to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check, or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 20 percent of his bid shall be expended for minority business enterprise. For the purpose of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

A completed Minority Business Identification Statement (MBU-IS-A) shall be submitted for each Minority Business Enterprise listed on a bidders form (MBU-F), and submitted at the time of bid

opening, that is not included in the Minority Business Directory published by the Office of Minority Business. Copies of the Minority Business Identification Statement are available at the City of Boston Jobs and Community Services, 15 Beacon Street, Boston, MA 02108.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The commissioner reserves the right to waive any informalities and to reject any or all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, Room 930, 294 Washington Street, Boston, MA 02108, on Tuesday, March 8, 1988, at 10 a.m., Boston time.

The School Committee of the City of Boston, acting by the Senior Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed bids for furnishing and delivering health room furniture to the Campbell Resource Center, 1216 Dorchester Avenue, Dorchester, Mass.

General bids will be received up until twelve

o'clock noon, Boston time, Wednesday, March 16, 1988, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals must be duplicate, the one with the certified check is to be filed and left at the above, the other without certified check to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$100 minimum or 5 percent of total amount bid, whichever is the greater amount. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities in or to reject any and all bids if it be in the public interest to do so.

MONDAY, MARCH 7, 1988

NO. 10

## MAYOR APPOINTS FELIX ARROYO DIRECTOR OF PERSONNEL MANAGEMENT

Mayor Raymond L. Flynn announced his appointment of key aide Felix Arroyo as Director of the Office of Personnel Management.

Mr. Arroyo, a Hyde Park resident, has served as Education Advisor to Mayor Flynn since May of 1986. He holds a Certificate of Advanced Study in Administration, Planning and Social Policy from the Harvard Graduate School of Education and a Master's Degree from the University of Puerto Rico. He is married to Elsa Montano and is the father of four children.

"As Education Advisor, Felix Arroyo's hard work with the School Department, parents, teachers, advocacy groups, and community agencies has helped move public education forward in the City of Boston," said Mayor Flynn. "He shares my commitment to the public schools and understands their importance in preparing Boston's young people to assume their roles as leaders in Boston's future.

"Together, we worked with parents, the business community, and the School Committee to craft a new school governance structure that increases the fiscal and educational accountability of the school system and strengthens the role of the parents in the decisions about their children's education."

Director Arroyo has served as an assistant for policy analysis on the staff of U.S. Senator John Kerry. He was Executive Director of the Casa del Sol Educational Programs, Inc., a staff member of the Massachusetts Advocacy Center, and a consultant to Massport for minority business development.

He has been active in community affairs as a trustee of Roxbury Community College, a board member of the Robert F. Kennedy Action Corps, and a member of the Office for Children Advisory Council. He also served as a chairperson of the Boston Arson Prevention Commission.

"Felix Arroyo brings to the important position of Director of Personnel Management a unique combination of training, knowledge of government, and compassion for the individual," said Mayor Flynn.

"I am grateful to Mayor Flynn for his confidence in me and for this new opportunity to serve the City of Boston," said Mr. Arroyo. "Our employees are our greatest resources,

and the development of these human resources is critical to the future of service delivery in Boston. I plan to continue the progress made in developing human resource programs for city employees to ensure that we provide the best possible services to all neighborhoods of Boston. I look forward to working with the staff of the Office of Personnel Management and to continuing the work begun by Bob Consalvo."

### MAYOR FLYNN NAMES DIANE PAYNE AS ELDERLY COMMISSIONER

Mayor Raymond L. Flynn announced his selection of seniors advocate Diane Payne as Boston's Commissioner on Affairs of the Elderly.

Mrs. Payne, a Roxbury resident and mother of three children, is presently associate director of the Mayor's Office of Neighborhood Services.

"Diane Payne has worked with Boston's neighborhood residents for fifteen years," said Mayor Flynn. "During that time, she has worked to make sure that our elderly residents receive the housing, health care, and other essential services they require. As my community representative, Diane has worked diligently with state and city agencies to ensure the delivery of programs vital to the health and well-being of all neighborhood residents."

A licensed social worker, Payne advocated for the elderly in Roxbury and Dorchester while she was manager of the Cooper Community Center's social service program in the 1970's and early 1980's. She received the Community Leadership Award of the Massachusetts Black Legislative Caucus in 1987.

Mayor Flynn expressed his confidence in Mrs. Payne's ability to enhance the quality of life for Boston's senior citizens by recalling the late Senator Hubert Humphrey's credo for public service.

"Hubert Humphrey defined the moral test of government as,

'how it treats those who are in the dawn of life, the children; those who are in the twilight of life, the aged; and those who are in the shadows of life — the sick, the needy, and the handicapped.'

"Diane's appointment as commissioner will help us to carry out this moral test," said Mayor Flynn.

"I am grateful to the Mayor for this exciting opportunity to work on behalf of Boston's older citizens," said Diane Payne. "I see my role as Commissioner of Elderly Affairs as an opportunity to return to work that I have always cherished. I remember my experience as a community worker, and staffer within the Elderly Commission, as being the most gratifying years of my career. I look forward to the opportunity to renew friendships and association with the elderly councils and area agencies in order to continue the dedicated service provided to seniors under Commissioner Mike Taylor."

## THINK ABOUT THESE FACTS . . .

- When people are killed or disabled in car crashes, their loved ones suffer. Society pays for medical and rehabilitation costs, Worker's Compensation, and Welfare.

- In a crash, a properly worn seat belt almost guarantees that your injuries will be less severe. The belt should be worn snugly across the shoulder — not under the arm and low hips.

- Statistics show that you are twenty-five times more likely to be killed if you are thrown from your car.

- Trying to brace yourself in a 30 MPH crash is like trying to lift thirty times your own weight.

- A seat belt can actually help you get out of a wrecked car, keeping your injuries to a minimum.

- Most fatal accidents occur on short trips, within 25 miles of home, at speeds under 40 MPH.

So, buckle up Boston!

## CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

### AFFAIRS OF THE ELDERLY

#### Project Bright Eyes

Dear Mr. Mayor:

Your permission is hereby requested to award contract, without advertising, to the National Society to Prevent Blindness, Massachusetts Affiliate Belmont, for the operation of project "Bright Eye" within the City of Boston in an amount not to exceed \$7,500 for the period September 1, 1987, through June 30, 1988.

Project "Bright Eyes" a free optical testing and follow-up program for the elderly, will be conducted thirty times during the fall, winter, and spring months with an approximate session caseload of twenty-five persons and is a joint venture between the Commission on Affairs of the Elderly and the National Society to Prevent Blindness, Massachusetts Affiliate who have satisfactorily performed this service in the past.

The funds to be provided under this contract will be used to meet food, professional, and other administrative costs incurred by the society in an amount of approximately \$250 per session which is reasonable for the service to be provided.

Due to the unique nature of the service to be provided, it is hereby requested that the commission be allowed to dispense with public advertising awarding this contract.

Sincerely,

Michael Taylor,  
Commissioner

### HEALTH AND HOSPITALS DEPARTMENT Furnishing Radionuclides

Dear Sir:

An invitation for bids, Proposal No. 669, to furnish Radionuclides to the Department of Health and Hospitals, was advertised in the *City Record* on October 19, 1987. Bids were publicly opened and read on November 3, 1987. Ten companies were solicited and seven companies responded to the invitation to bid.

A technically defective bid was received from following vendor, who submitted the lowest acceptable bid meeting specifications at prices I consider to be reasonable, in that the vendor did not furnish a copy of the bid with the City Auditor — Dupont Diagnostic Imaging Division, North Billerica, \$5,500. 30 days.

Therefore, because it is in the best interest of the city, pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award a contract, without further advertising, to the above vendor. The contract amount is an approximate figure based on estimated volumes. The contract period is from January 1, 1988, through December 31, 1988.

Very truly yours,  
Lewis W. Pollack,  
*Commissioner.*

#### Cardwriters

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to DataCard Corporation, Minneapolis, for the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$12,000.

Under this contract, DataCard Corp. (formerly Addressograph/Farrington) will service and maintain the following Addressograph/Farrington cardwriters: nine Cardwriter IIs, four Cardwriter IIs, and three Model 6660 Cardwriters. They will provide unlimited service calls and parts for the model 6660 Cardwriters, and in addition they will provide as needed, limited service calls for the cardwriter IIs and IIs.

Unadvertised contracts have been awarded to DataCard Corp. for the past three fiscal years in the following amounts: 1987 — \$27,500; 1986 — \$6,100; 1985 — \$30,000.

Therefore, because of the above, and because the cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

The documents were not received from the vendor until February 4, 1988, therefore this award is being processed late.

Very truly yours,  
Lewis W. Pollack,  
*Commissioner.*

#### Orthopedic Instrumentation, etc.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award a contract, without advertising, to the following vendor: Surge, Inc., Lexington, \$20,000; net 30 days.

A multi-vendor contract was awarded to several vendors to furnish Orthopedic Instrumentation, Prostheses, and Neurosurgical Products based on Proposal No. 542, which was advertised in the *City Record* on May 5, 1986, and opened on May 22, 1986, for a two-year period from July 1, 1986, through June 30, 1988.

As quoted in that letter, the decision as to which plants are to be bought is made solely by the physician based on what he/she deems to be in the best interest of his/her patient. Contracts are executed with every vendor whose products are acceptable for the medical staff.

Surge, Inc. is the distributor in this area for Ace Medical Products which has a new system of Orthopedic Implants which the department feels is the best technology available at this time. The cost to the city will be no more than what the city is presently paying for like products.

Therefore, in view of the above, and because the cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

The contract amount is an approximate figure based on estimated volume. The contract period is

from January 1, 1988, through June 30, 1988.

Very truly yours,  
Lewis W. Pollack,  
*Commissioner.*

#### Binding of Journals

Dear Sir:

An invitation to bid to provide binding of journals for the Medical Library at Boston City Hospital for the period February 1, 1988, through January 31, 1989, was advertised in the *City Record* on December 28, 1987, and bids were publicly opened and read on January 12, 1988. Four companies were solicited and the following bids were received:

Bridgeport National Bindery, Inc., Agawam, \$9.20 a volume; and Acme Bookbinding Co., Inc., Charlestown, \$9.95 a volume.

A technically defective bid was received from Bridgeport National Bindery, Inc., the lower bidder, in that it was submitted late.

Therefore, pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to reject all bids and award this contract without advertising to Bridgeport National Bindery, Inc., at a cost not to exceed \$6,000, under the terms and conditions stated above.

Very truly yours,  
Lewis W. Pollack,  
*Commissioner.*

#### Primary Care Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to enter into a contract, and thereby make a grant to the following Community Health Center in the amount indicated for the period January 1, 1988, through June 30, 1988.

Grantee Corporation, General Hospital Corp.; Neighborhood Health Center, MGH-Bunker Hill Comm. Health Ctr., Charlestown; amount of grant, \$10,184.

The purpose of this grant is to enable the aforementioned participants to meet the responsibility placed upon them by the City of Boston Primary Care Districting Plan. The grant is subject to two conditions: First, that the city's contribution be matched by the particular grantee corporation by either providing funds or services equal in value to the city's grant; and secondly, that the Department of Health and Hospitals is satisfied that the health center and the grantee corporation are agreed on the program of primary health care services for which these funds shall be spent and their respective roles relative to the management of the program.

Fiscal year 1988 is the first year that the Department of Health and Hospitals will have a contract with the Bunker Hill Community Health Center to provide primary care services in Charlestown. The health center provides high-quality health services in a neighborhood that has almost no private physicians or other acceptable primary care services. Boston's network of neighborhood health centers provide needed services and have had a significant impact on the health of people in Boston's neighborhoods.

Therefore, because of the professional nature of the services to be rendered, because the aforementioned is particularly suited to provide these health care services, and because the cost to the city is reasonable, no useful purpose would be served by publicly advertising for bids.

This award is being processed late because the request for a contract for these services was submitted after January 1, 1988.

Very truly yours,  
Lewis W. Pollack,  
*Commissioner.*

#### JOBS AND COMMUNITY SERVICES Chinese Youths Services

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to Boston Chinese Youth Essential Service, Inc., a nonprofit corporation, located at 199 Harrison Avenue. Under the terms of the contract, the contractor will provide a variety of counseling services to Asian youths who are newcomers to this country and considered to be at risk.

The contractor was selected based upon an evaluation of its proposal submitted in response to a request for proposals conducted by the Mayor's Office of Jobs and Community Services. Costs were determined to be reasonable after an extensive analysis by JCS staff and outside readers. Other selection criteria include administrative capability, performance under previous contracts, the ability to provide the services needed, and the ability to serve the targeted population.

Compensation under the terms of this contract shall not exceed \$25,000, payment being provided by the Executive Office of Communities and Development through the Gateway Cities Program. The period of performance shall be from January 1, 1988, until June 30, 1988. This request has been delayed due to the time involved in reaching funding decisions.

As this is a negotiated contract at a reasonable cost, based upon an extensive review of proposals which conforms to federal procurement requirements, no public purpose would serve by public advertising. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Neil H. Gordon,  
*Associate Director.*

#### Nursing Assistance Training

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to the Dimock Community Health Center, a nonprofit corporation, located at 55 Dimock Street, Roxbury, for the purpose of providing education and training services in conjunction with the city's BostonWorks Program.

Under the terms of the contract, the contractor will provide a nursing assistant training program to twelve program participants who are currently employed as home health care workers, in preparation for employment in Boston's acute care facilities. The contractor was selected based upon an evaluation of its refunding proposal submitted to the Boston Private Industry Council and review by staff of the Mayor's Office of Jobs and Community Services. Other selection criteria include the results of site monitoring visits, an overall review of the contractor's performance during the prior contract period, administrative capability, reasonableness of cost, and the ability to serve targeted population.

Compensation under the terms of this contract shall not exceed \$42,078, payment being made from the Community Development Block Grant program. The period of performance shall be from November 16, 1987, until June 30, 1988. The submission of this letter has been delayed due to

the length of time involved in determining the availability of funds for this program.

As this is negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no useful or practical purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Neil H. Gordon,  
Associate Director.

#### Logos, Flyers, Posters, etc.

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to Gene Hurd, an individual residing at 22 Edgerly Road, for the purpose of providing graphic design services to the Mayor's Office of Jobs and Community Services.

Under the terms of the contract, the contractor will design and assist in the production of logos, flyers, posters, and other promotional material for the JobStarts program administered by Jcs. The contractor was selected as one of three respondents to a legal notice placed in the *Boston Globe* on October 3, 1987:

Gene Hurd, Boston, design: \$15-\$20 an hour; mechanicals: \$12-\$15 an hour; Rosemary Spellman, West Roxbury, design: \$20 an hour; mechanicals: \$10-12 an hour; Jameson-Teitelbaum Designs, Lawrence, design: \$56 an hour; mechanicals: \$42 an hour.

Mr. Hurd possesses the necessary experience, and his rates were the least expensive.

Compensation under the terms of this contract shall not exceed \$9,000, payment being made from funds received from the Commonwealth of Massachusetts, Department of Public Welfare. The period of performance shall be from January 1, 1988, until June 30, 1988.

As this is a negotiated contract for professional services at a reasonable cost, based upon review of Mr. Hurd's qualifications, I believe that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Kristen J. McCormack,  
Director.

#### Immigrants Employment and Educational Services

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to the Jewish Vocational Services, Inc., a nonprofit corporation, located at 31 New Chardon Street. Under the terms of the contract, the contractor will provide educational and employment related services to approximately sixty immigrants from the Soviet Union. The contractor will also implement and operate a case management program for the participants.

The contractor was selected based upon an evaluation of its proposal submitted to the Mayor's Office of Jobs and Community Services. Other selection criteria include administrative capability, reasonableness of cost, and the ability to serve the targeted population.

Compensation under the terms of this contract shall not exceed \$71,335, payment being provided to the City of Boston through a Targeted Assistance

Grant received through the Commonwealth of Massachusetts. The period of performance shall be from January 1, 1988, until June 30, 1988. This request had been delayed due to the time involved in reaching funding decisions.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Neil H. Gordon,  
Associate Director.

#### Adult Education Services

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to the Boston Young Women's Christian Association/Aswalos House, a nonprofit organization, located at 246 Seaver Street, Dorchester, for the purpose of providing adult education services.

Under the terms of the contract, the contractor will offer adult basic education instruction, and an External Diploma Program to thirty-six low-income women of the Roxbury/North Dorchester, Mattapan, and Jamaica Plain communities. The contractor was selected as it has agreed to assume responsibility for the W.E.A.V.E. program currently operated by Women, Inc., a nonprofit organization, located at 244 Townsend Street, Dorchester. Women, Inc. is currently experiencing organizational and financial problems, and is unable to operate the W.E.A.V.E. program after the end of the month. The Aswalos House, with its history of operating similar programs and services in the same neighborhood, is best suited to assume responsibility for this program.

Compensation under the terms of this contract shall not exceed \$47,636, payment being made from the Community Development Block Grant. The period of performance shall be from January 1, 1988 until June 30, 1988. The submission of this letter has been delayed due to the recent determination of the need for and the availability of the services of the Aswalos House.

As this is a negotiated contract at a reasonable cost, which will enable the W.E.A.V.E. program to continue operating for the remainder of the current fiscal year, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Neil H. Gordon,  
Associate Director.

#### LIBRARY DEPARTMENT Periodicals and Serials

Dear Mr. Mayor:

The Board of Trustees in charge of the Library Department of the City of Boston respectfully requests the approval of your Honor for the award of a contract, without public advertising, to the Faxon Company, Inc., for supplying to the Boston Public Library periodicals and serials. The Faxon Company is to supply each periodical and serial indicated in the specifications of the contract during the period January 1, 1988, through June 30, 1988. In addition, this company guarantees that subscriptions in those periodicals and serials will be maintained, furnished, delivered and serviced for the remaining portion of their current terms.

The Faxon Company, Inc., has had over ninety years of experience in servicing libraries, has a reputation for rendering good service, and has all of its records on data processing equipment. Also, this company, located as it is near Boston, is convenient when it is necessary to register claims for materials not received from publishers and for corrections.

The matter of service and of continuity of receipt of periodicals and serials is of the highest importance. Missing issues, resulting from delays in renewing subscriptions, lower the quality of service. To prevent this gap in service to the public, many libraries have placed "till forbid" orders with the subscription dealers. Under such an arrangement the agency sends to the library in August, each year, a preliminary invoice which is examined on which any necessary additions or deletions are made. The agency then prepares a final invoice and automatically renews with the publishers the subscriptions several months in advance of the expiration, thus eliminating gaps in the library files. This also reduces the amount of paper work involved in the renewing procedure. The "till forbid" arrangement was in effect last year in connection with the library's 1987 contract with The Faxon Company, Inc.

Inasmuch as it appears to be in the best interest of service to the public and of economy of operation, it is recommended that the Boston Public Library periodical and serial subscription for 1988 be placed on a similar "till forbid" basis with the Faxon Company, Inc. The company will base its charge on the cost to it of each title, plus a service charge per title, the same formula used by it computing prices for previous years. For this present contract it is estimated that the total cost will not exceed \$180,624.

In view of the foregoing, the Board of Trustees in charge of the Library Department, acting in the name of and for the City of Boston, has taken the following action to award the contract:

VOTED, that without public advertising, there be entered into with The Faxon Company, Inc., 100 Southwest Park, Westwood, a contract for supplying periodicals and serials for the year 1988; and servicing the subscriptions for the individual titles throughout the year as specified in the specifications and Appendix A, and subject to the terms, agreements, and conditions set forth in said contract, at a total cost not to exceed \$180,624.

Respectfully,  
Arthur Curley,  
Director and Librarian.

#### REAL PROPERTY DEPARTMENT Heating Systems Installation

Your Honor:

I respectfully request your Honor's permission to award to Consolidated, Quincy, the task of installing a heating system at 42 Burgess Street, Roxbury.

The City of Boston Real Property Department has care, custody and maintenance of a one family home housing one male adult at 42 Burgess Street, Roxbury. This property was acquired through foreclosure. The owner of the property has been tempted (unsuccessfully) to redeem the property and recently has forfeited his redemption right. This home has no heating system and it is our belief that the tenant is using electrical appliances that are in disrepair to heat the premises, which is a violation of the state sanitary code.

Vendors currently under contract with the Real Property Department were asked to submit proposals to furnish necessary labor and materials for a new system. The following proposals were received:

Consolidated, Quincy, \$4,685; D&F Plumbing & Heating Co., Jamaica Plain, \$4,850; J. McCusker, Inc., Readville, \$5,150.

In my opinion, the price quoted is a reasonable one and it does not appear that a lower price could have been obtained by public advertising. The period of performance will be January 27 — February 3, 1988.

The cost of work shall not exceed \$4,685, which will be paid pursuant to the city's existing contract with this firm, contract 3544-88 for miscellaneous and emergency repairs. This contract required the Mayor's approval for any single repair of \$2,00 or more.

Respectfully yours,  
J. Edward Roche,  
Commissioner.

Your Honor:

I respectfully request your Honor's permission to award to J.L. McKeen Electric, 413 Bowdoin Street, Dorchester, the task of installing electric heat at 247 Columbia Road, Dorchester.

The City of Boston Real Property Department has care, custody and maintenance of a four unit building located at 247 Columbia Road, Dorchester, due to a tax foreclosure. One unit is occupied by an elderly male and that unit is without heat.

The following three electrical contractors currently under contract with the Real Property Department were asked to submit proposals to furnish necessary labor and materials for electric heat (occupied unit only):

J.L. McKeen, Dorchester, \$4,600; Obin Electrical, Jamaica Plain, \$5,000; Congress Electric, Dorchester, no response.

In my opinion, the price quoted is a reasonable one and it does not appear that a lower price could have been obtained by public advertising. The period of performance will be February 8 — February 6, 1988.

The cost of the work shall not exceed \$4,600, which will be paid pursuant to the city's existing contract with this firm, contract 3557-88 for miscellaneous and emergency repairs. This contract required the Mayor's approval for any single repair of 2,000 or more.

Respectfully yours,  
J. Edward Roche,  
Commissioner.

#### SCHOOL DEPARTMENT Self-Insurance Proposal

Dear Mr. Mayor:

As superintendent of the Boston Public Schools, I respectfully request your authorization to award a contract, without public advertisement, to J.H. Albert International Insurance Advisors, Inc. of Needham Heights, for the period February 15, 1988, to February 14, 1989, at a cost not to exceed \$5,000, a price I deem reasonable.

Under the terms of this agreement, the contractor will evaluate the School Department's self-insurance proposal and provide preparation work for ranging renewal of conventional insurance for school bus fleet, effective July 1, 1988. On the subject of conventional insurance, the following activities will be performed:

Meet with the School Committee to update exposures and plan a timetable of the process; review school bus contract agreements to confirm insurance compliance; review any lease or finance agreements for insurance implications; draft bid advertisement and place advertisement in the

Standard publication; drawup insurance specifications; Attend bid conference to allocate insurance markets to all bidders; supervise the bid effort in response to all bidder questions, in writing, with a copy to the School Committee; attend bid opening meeting and read all presented bids; analyze proposals and submit written recommendation to the School Committee; review policies for compliance with proposal and insurance specifications and issue review letter.

The contractor will be paid at rates of \$110 to \$150 per hour, depending upon the specific personnel actually utilized, plus reasonable out-of-pocket expenses incurred.

The contractor's fee will be billed in three installments. The first will be billed following an initial meeting with the School Committee to update exposures and plan the timetable for both the bid process and the evaluation of self-insurance. The first installment amount will be \$7,500. The second installment, also in the amount of \$7,500, will be billed on or about July 1, 1988; a third interim installment will be billed on or about November 15, 1988. The final billing will be made at the termination of the contract and will be for the balance of fees due as a result of the application of hourly rates and out-of-pocket expenses. Should the actual fee time and expenses develop a lower fee than the maximum amount proposed, the School Department will be billed for the lower fee.

IN 1981, the School Department requested the firm of Alexander Grant and Co., independent auditors under contract with the School Department to audit the school bus contract, to review and make recommendations as to the insurance coverage for the school bus fleet, which insurance cost approximately \$550,000, in FY81. Alexander Grant declined, lacking appropriate staff to perform such analysis, but offered to make inquiry among its business clients to identify and recommend an insurance consultant who was not associated with any insurance company. Alexander Grant recommended the contractor. The contractor furnished a list of representative clients; a panel consisting of the business manager, director of transportation, and general counsel, selected three references from the list (Boston University, University of Massachusetts, and Tufts University). The general counsel contacted each reference and each gave an unqualified endorsement of the contractor's past performance, indicating that their efforts resulted in substantial savings in insurance costs.

The contractor was retained in 1981, in 1983, 1984, 1985, 1986, again in 1987, and has through its advice, effectuated substantial savings in insurance premium costs, despite adverse claim experience, primarily through the design and monitoring of a limited self-insurance program for glass losses. The contractor has successfully supervised, on four occasions, the bidding process for the purchase of complex fleet insurance policies.

Because of the professional nature of the services to be provided under this agreement, and because of the contractor's specific and successful prior experience in advising the School Department on its school bus insurance requirements, and because of the objectivity of the 1981 initial selection process, it is my determination that the public interest would not be served by publicly advertising for bids.

Compensation to this vendor for similar services during the past three fiscal years is as follows: 1987 — \$32,580.44; 1986 — \$10,000, 1985 — \$3,000.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

#### Heat Seal Roll

Dear Mr. Mayor:

It is necessary that the Department of Planning and Engineering purchase a rubber-covered heat seal roll for the use at the Central Food Facility of the Boston Public Schools.

The heat seal roll is a replacement part for a machine used in the preparation of food for the school lunch program. The part can be obtained from the original equipment manufacturer, Plus Container Machine, Inc. While the part could possibly be obtained from another vendor who would still have to purchase it from the manufacturer, at an increased cost, it is advisable to obtain the part directly from the manufacturer.

Funding for this purchase will be provided by the Department of Food Services.

The period of the contract will be from February 16, 1988, to April 15, 1988.

I request your approval of my action in awarding a contract, without advertising, to Plus Container Machine Inc., Illinois, in an amount not to exceed \$3,000. In this instance I do not believe that public advertising would serve any useful purpose.

Respectfully yours,  
Paul W. Mooney,  
Senior Structural Engineer.

#### Leadership Training

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to Youth Enrichment Services, located at 412 Massachusetts Avenue. This contract shall be in effect during the period from February 8, 1988, to June 30, 1988, and shall occur at a cost not to exceed \$8,730, which I have deemed to be reasonable. On July 21, 1987, the School Committee approved all of the chapter 636 FY'88 proposals for the sum of \$5,128,956. Youth Enrichment Services' portion as is related to that amount is \$8,730.

The contractor will provide leadership training sessions for up to 315 students from District C. The training sessions will be sequenced with an activity so that students acquire self confidence and motivation skills and interact positively with other students of all races. The activities consist of skiing, biking and hiking trips preceded by an hour of orientation.

The contractor is uniquely qualified to provide the above services because: the contractor has organized appropriate resources to enable the Boston School Department to qualify for funding under chapter 635 (1974 Amendments to the 1965 Racial Imbalance Act) in the category of cultural institution; the institution has specifically designed services in conjunction with school personnel to meet the intent of U.S. District Court Judge, W. Arthur Garrity, Memorandum and Orders Modifying Desegregation Plan (*Morgan v. McDonough*, Civil Action No. 72-911-G); further, the services have been reviewed and approved by appropriate personnel at the Department of Education.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services, it is my determination that the public interest would not be served by public advertisement for bids.

This agreement is to be executed, without an appropriation of funds, under provisions of General Laws, chapter 44, s. 53A and is subject to the receipt of funds under grant from chapter 636.

Compensation to this vendor over the past three fiscal years in the form of unadvertised contracts is as follows: 1985 — \$31,000; 1986 — \$9,500.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

## Videotape Documentary

Dear Mr. Mayor:

As superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to Robert Newman, d/b/a Audio-Visual Works, located in Westwood.

This contract shall be in effect during the period from March 15, 1988, to May 1, 1988, and shall occur at a cost not to exceed \$6,000, which I have deemed to be reasonable. Compensation for these services will be \$25 per hour for taping or editing and \$10 per hour for other production services.

Under the terms of this contract, the contractor will provide on videotape a fourteen to eighteen-minute documentary on the Chapter I Program of the Boston School Department. This videotape will be used as part of the presentation of the Boston Chapter I Program at the annual conference of the International Reading Association to be held in Toronto, Canada, from May 1 through May 5, 1988.

The honor of this invitation to present at this prestigious conference comes to the City of Boston and the Boston School Department because the Chapter I Program has been identified as an outstanding program by the United States Secretary of Education. The use of this videotape will help to make this presentation one which will be creditable to the city and to the School Department.

The contractor was selected to provide the above services because he has carried out similar projects in the Boston Public Schools and can provide these services expeditiously. Some of the file footage generated by these earlier projects will be used by the supplier under the proposed contract at considerable saving. The contractor would be the sole supplier of this material. This service will be at no cost to the city as it will be charged to the chapter I budget.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest would not be served by publicly advertising for bids.

This is the first contractual agreement between Robert Newman, d/b/a Audio-Visual Works, and the Boston Public Schools.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

## CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

### FIRE DEPARTMENT

#### Automotive Vehicles Repairs

Dear Mayor Flynn:

On July 21, 1987, your Honor approved an award of a contract based on public advertising for bids, for Repetitive Service Contracts, Item 27, for vehicles under the care and custody of the Fire Department at a cost not to exceed \$130,000, during the period of July 1, 1987, to June 30, 1988.

Your approval is requested to amend this contract to provide additional services for fire apparatus, truck and automobile repair work, and add one additional vendor to the current list of vendors at no additional cost — New England Brake Center, 708 Columbia Road, Dorchester.

The reason for lateness in this submission is due

to the fact that another vendor was needed immediately in the local area to assist in the repairs of small cars. The addition of New England Brake will assist us greatly in the repairs of these small cars.

Very truly yours,  
Leo D. Stapleton,  
Fire Commissioner.

### HEALTH AND HOSPITALS DEPARTMENT Health Care Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to amend the contract with Roxbury Comprehensive Community Health Center, Inc., 435 Warren Street, Roxbury, matching grant for primary health care services, for the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$77,500.

This amendment will increase the contract sum by \$13,000, thereby increasing the city's total liability under this contract as so amended, to an amount not to exceed \$90,500.

This amendment represents the allocation of prenatal initiative funds targeted to reduce infant mortality rates in the neighborhood by expanding maternal and child health services provided by the community health centers.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

### JOBS AND COMMUNITY SERVICE Courier Services

Dear Mayor Flynn:

On or about October 21, 1987, your Honor approved the award of a contract based on public advertising to Skyline Communications, Inc., located at 186 Lincoln Street, to provide courier services to the Mayor's Office of Jobs and Community Services. Compensation was for an amount not to exceed \$7,500, payment being provided by the Job Training Partnership Act for the period July 21, 1987, through June 30, 1988.

Your approval is requested to amend this contract in terms of compensation. At the time of the submission of the original contract, it had been the intent of JCS to begin to develop its own capacity for courier delivery services. Those plans have been delayed, and the contractor has provided, and will continue to provide additional services to JCS not anticipated at the time of the submission of the original contract. I, therefore, request your Honor's permission to increase compensation in the amount of \$7,500 funds being provided by JTPA. Total compensation under the terms of this contract, as amended, shall not exceed \$15,000.

As this amendment is for the continuation of professional services at a reasonable cost which conforms to federal procurement requirements, no public purpose would be served by formal advertising. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Neil H. Gordon,  
Associate Director.

### Support Services to Haitian Youths

Dear Mayor Flynn:

On or about August 6, 1987, your honor approved the award of a contract to the League of Haitian Families, Inc., a nonprofit corporation, located

at 169 Massachusetts Avenue, for the provision of support services to approximately 200 Haitian youths to assist them in adjusting to the Boston Public School system. Compensation was for an amount not to exceed \$25,000, payment being made from funds received from the State's Executive Office of Communities and Development under the Gateway Cities Program for the period of July 1987, until June 30, 1988.

Your approval is requested to amend this contract in terms of compensation. Additional funds are requested to allow the contractor to hire administrative and/or support staff to improve the agency's management capabilities in operating the existing programs. I, therefore request permission to increase compensation in the amount of \$25,156, funds being provided by EOCD through the Gateway Cities Program. Total compensation under the terms of this contract, as amended, shall not exceed \$50,156. All other terms and conditions of the original contract shall remain the same.

As this is a negotiated contract at a reasonable cost, based upon an extensive proposal review, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Neil H. Gordon,  
Associate Director.

### Rental Expenses

Dear Mayor Flynn:

On or about July 20, 1987, your Honor approved the award of a contract to the Veronica Smith Music Service Center, a nonprofit corporation, located at 20 Chestnut Hill Avenue, Brighton, for the purpose of providing a variety of services to over 2,000 elderly residents of the Allston/Brighton Community. Compensation was for an amount not to exceed \$39,000, payment being made from the Community Development Block Grant program for the period of July 1, 1987, until June 30, 1988. The contract is administered by the Trustees of Health and Hospitals.

Your approval is requested to amend this contract in terms of compensation. The contractor's facility at 20 Chestnut Hill Avenue will be undergoing extensive renovations this winter. The Center will be temporarily relocated to 404 Washington Street in Brighton, in order to allow the continuation of services. Additional funds are requested for rental expenses. I, therefore, request permission to increase compensation in the amount of \$5,000. Total compensation under the terms of this contract as amended, shall not exceed \$44,000. All other terms and conditions of the original contract shall remain the same.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Neil H. Gordon,  
Associate Director.

### Educational and Employment Services

Dear Mayor Flynn:

On or about November 23, 1986, your Honor approved the award of a contract to the Chinese American Association, a nonprofit corporation, located at 90 Tyler Street, for the purpose of providing educational and employment services to re-

migrants and refugees. Compensation was for an amount not to exceed \$120,000 payment being made from funds received under the Refugee Education and Employment Program for the period of October 1, 1986, until September 30, 1987. This contract was subsequently amended, approved by your Honor on January 21, 1988, increasing compensation in the amount of \$12,000 to maximize employment services to refugees receiving cash and medical assistance.

Your approval is requested to further amend this contract in terms of compensation and the period of performance. The Massachusetts Office of Refugee Resettlement has agreed to continue funding REEP activities for an additional three months, pending further study of future funding availability from the federal government. I, therefore, request permission to increase compensation in the amount of \$3,000, and to extend the termination date of the contract until December 31, 1987. Total compensation under the terms of this contract, as amended, shall not exceed \$165,000. All other terms of the original contract, as amended, shall remain the same. The submission of this letter has been delayed due to the late notification of funding availability from the state.

As this amendment is for additional services at a reasonable cost, mandated by the state agency responsible for funding REEP activities, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with in-coming sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

Neil H. Gordon,  
Associate Director.

Dear Mr. Mayor Flynn:  
On or about January 24, 1987, your Honor approved the award of a contract to the International Brotherhood of Fire Fighters, a nonprofit corporation, located at 287 Commonwealth Avenue, for the purpose of providing educational and employment services to immigrant and refugees. Compensation is for an amount not to exceed \$145,000, payment being made from funds received under the Refugee Education and Employment Program for the period of October 1, 1986, until September 30, 1987. This contract was subsequently amended, approved by your Honor on or about January 7, 1988, increasing compensation in the amount of \$1,500, to maximize employment services to refugees receiving cash and medical assistance (CMA).

Your approval is requested to further amend this contract in terms of compensation and the period of performance. The Massachusetts Office of Refugee Resettlement has agreed to continue funding REEP activities for an additional three months, pending further study of future funding availability from the federal government. I, therefore, request permission to increase compensation in the amount of \$39,875 and to extend the termination date of the contract until December 31, 1987. Total compensation under the terms of this contract, as amended, shall not exceed \$199,375. All other terms of the original contract, as amended, shall remain the same. The submission of this letter has been delayed due to the late notification of funding availability from the state.

As this amendment is for additional services at a reasonable cost, mandated by the State agency responsible for funding REEP activities, I believe that

public advertising would serve no useful purpose. I, therefore, request permission to dispense with in-coming sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

Neil H. Gordon,  
Associate Director.

#### SUFFOLK COUNTY

Court House Commission

Cleaning, etc.

Dear Mr. Mayor:

On June 2, 1987, your Honor approved the award of a contract to NER Construction Management, Inc., Billerica, for surface cleaning and weather-sealing at the Suffolk County Court House during the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$29,822.

Your approval is requested to amend this contract to provide for additional services which were not anticipated in the terms of the original contract. The additional service will consist of cleaning and sealing the red brick surface area located in the Old Courthouse Building. The cost of this amendment, which is effective on November 16, 1987, shall not exceed \$3,800, which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$33,622.

Very truly yours,

Henry L. Barr,  
Commissioner.

**Request for Proposals for Banking Services  
Pursuant to Compensating Balance Agree-  
ment(s).**

The City of Boston (the City), acting by and through its Collector-Treasurer (the Awarding Authority), invites sealed proposals for the provision of banking services under compensating balance agreements. Requests for Proposals (RFP) containing proposal requirements, selection process and other pertinent information will be available at the Treasury Department, Mezzanine City Hall, Boston, Mass., on or after March 7, 1988.

Sealed envelopes containing proposals must be sealed and clearly marked in large letters: "PROPOSAL FOR THE PROVISION OF BANKING SERVICES PURSUANT TO A COMPENSATING BALANCE AGREEMENT." The signed original and five copies of the proposal, and including a bid deposit in the amount of \$1,000, must be received at the Treasury Department, Mezzanine 5, City Hall, Boston, MA 02101, on or before 4 p.m., Boston time, April 1, 1988. The bid deposit may be either a certified check drawn on, or a treasurer's or cashier's check drawn by, a responsible bank or trust company and payable to the City of Boston. One duplicate of the proposal, also signed, but without bid deposit, also must be filed with the City Auditor, Mezzanine 4, City Hall, Boston, MA 02201, no later than the date and time set forth above for the submission of proposals.

The City will award the contract or contracts under this RFP to that responsible and eligible proposer whose proposal(s), conforming to the RFP, may be deemed by the City to be most advantageous and otherwise in the City's best interest, price and other factors considered.

The Awarding Authority reserves the right to accept or reject any or all proposals in whole or in part; give any defects, informalities and minor irregularities in the proposals received; to accept exceptions to the specifications; and to act otherwise as the Awarding Authority alone may deem in the best interest of the City.

CITY OF BOSTON

INSPECTIONAL SERVICES DEPARTMENT

NOTICE TO CONTRACTORS

Proposal for Bids for Demolition and Site Clearance, Project No. 126-CI-ATD, City Funds.

The City of Boston, acting by its Inspectional Services Commissioner, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, hereinafter referred to as the Awarding Authority, invites sealed general bids for the demolition and site clearance of the following buildings:

5 Warner Street, Ward 14

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 a. m., Friday, March 18, 1988, at the office of the Awarding Authority, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form for general bid obtained from the Awarding Authority. The general bids shall be completely filled in, signed, enclosed in an envelope, and plainly marked with the description of the work to be done. Four copies of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or in the form of a certified check, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston in the sum of 5 percent of the attached bid. One copy of the general bid will be filed with the City Auditor. The general bids shall be filed before time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of section 26, as amended. This schedule will be available to the successful bidder.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

All bids for this project are subject to all applicable provisions of law, including without limitation, sections 39F and 39K through 39P of chapter 30, and sections 29 and 44A to 44H, inclusive of chapter 149 of the General Laws, as amended, and in accordance with the terms and provisions of the

contract documents entitled: "Project No. 126-CI-ATD."

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must insure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Inspectional Services Commissioner is allowing a thirty-day period to complete the demolition and site clearance of these buildings starting with his signature on contract.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

The contractors attention is called to XXIV, Protection of the Public. These measures, which appear in the contract, are two general types: revisions to the demolition contract specifications, and modifications or additions to the Clearance of Unsafe Buildings Program itself.

NOTICE OF REQUIREMENTS  
FOR AFFIRMATIVE ACTION  
TO ENSURE EQUAL EMPLOYMENT  
OPPORTUNITY  
(EXECUTIVE ORDER 11246), IF APPLICABLE

The contractor's attention is called to the "Equal Opportunity Clause" and "Standard Federal Equal Opportunity Construction Contract Specifications" set forth in this part.

The goals and timetables for minority and female participation are expressed in percentage terms for the contractor's aggregate workforce in each trade on all construction work in the covered areas. (See pages EEO-1 and EEO-2 of the bid specification for goals and timetables.)

These goals are applicable to all the contractor's construction work (whether or not it is federal or federally assisted) performed in the covered areas.

As used in this notice, and in the contract, the covered area is Arlington, Boston, Belmont, Brookline, Burlington, Cambridge, Canton, Chelsea, Dedham, Everett, Malden, Medford, Melrose, Milton, Norwood, Reading, Revere, Somerville, Stoneham, Wakefield, Westwood, Winthrop, Woburn and the Islands of Boston Harbor, Massachusetts.

The contractor's compliance with the Executive Order and the regulation in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required to meet the goals established for the geographical area where the contract is to be performed.

The hours of minority and female employment and training must be substantially uniform throughout the length of the contract in each trade, and the contractor shall make a good-faith effort to employ minorities and women evenly on each of the projects.

The transfer of minority or female employees or trainees from contractor to contractor or from project to project for the sole purpose of meeting the contractor's goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total workhours performed.

No bid for the award of this project will be considered acceptable unless the contractor complies fully with the following requirements for minority business enterprise utilization, if applicable.

NOTICE

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section Contract Provision of

the specifications for the obligations of the contractor and subcontractors to take affirmative action connection with employment practices in the performance of this contract.

Attention to All Bidders

I. Minority Business Requirements:

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements: minority business enterprise utilization.

Pursuant to the Supplemental Minority Participation Section of this contract, the general contractor must give satisfactory assurance that at least percent of his bid price shall be expended for minority business enterprise, if bid is more than \$50,000. If the bid is under \$50,000, but greater than \$10,000, then the requirement is 10 percent. The purpose of this paragraph, the term minority business enterprise means a business in which least 51 percent of the beneficial ownership or control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the minority business enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority-owned businesses that have been certified as such by the City of Boston. A copy of the directory can be obtained from the Awarding Authority or the Minority Business Office, 15 Beacon Street, fifth floor, Boston, MA 02108, telephone number 720-4300. If a contractor wishes to use minority business that is not listed in the directory he must contact the Minority Business Office to obtain a copy and submit with his bid, a Minority Business Identification Statement. The contractor is not obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

II. Workforce Requirements:

During the performance of this contract, the general contractor shall agree and shall require that subcontractors agree to the following workforce requirements (labor).

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employment manhours in each trade worked on the contract.

2. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on the contract.

3. *Boston Residents:* The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on the contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates" as determined by the Commissioner of Labor and Industries under the provisions of chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended. If you have any questions pertaining to the applicability of these requirements, please call the Compliance Office at 720-4300.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, with limitation, the notice to all bidders (including subbidders), and the provisions with respect

...s, insurance, equal employment opportunity, minimum wages, time of performance, liquidated damages, and the requirements set forth in the specifications on supplemental equal employment opportunity, anti-discrimination and affirmative action program contract provisions, and to the requirements of mandatory compliance with section 9A of the Housing and Urban Development Act of 1968 and Executive Order 11246.  
See Procurement Standards Circular No. A-102.

**Invitation for Bids for Restoration of Ornamental  
Steel Fence at Lincoln Square, South Boston,  
Mass.**

The City of Boston, acting by the Parks Commission, Room 930, 294 Washington Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project listed below. Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled, "Restoration of Ornamental Steel Fence at Lincoln Square, South Boston, Mass."

**SCOPE OF WORK** includes: Furnishing all labor, materials, equipment and transportation to the restoration of existing ornamental fencing and fabrication of new fencing at Lincoln Square. Estimated cost, \$60,000.

BIDS shall be submitted in duplicate before 2 p.m., Boston time, on Tuesday, March 22, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bids. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS AND PLANS will be available on or about Monday, March 7, 1988, after 9 a.m.,

Boston time, at the Parks and Recreation Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, 294 Washington Street, Room 930, Boston, MA 02108, on Tuesday, March 15, 1988, at 10 a.m., Boston time.

**PUBLIC WORKS DEPARTMENT**

**Proposal for Repairs to Roadways in  
Area I of the City of Boston.**

The City of Boston, acting by its Commissioner, invites sealed proposals for the performance of the work generally described above and in the contract documents.

Every proposal shall be submitted in duplicate on file in accordance with the contract documents which may be obtained at Room 714 (Contract Office), City Hall, Boston, Mass., after Monday, March 21, 1988.

All proposals shall be filed no later than 2 p.m., on the same date, Thursday, March 24, 1988, at Room 714 and at the office of the City Auditor, Room M4, City Hall, Boston, at which time and place they shall be publicly opened and read aloud. There will be a charge of \$5 (five dollars), non-refundable, for each set of contract documents taken out.

The attention of all bidders is directed to the provisions of the contract documents and specifically to the requirements for bid deposits, insurance and performance bonds as may be applicable.

Proposal guaranty shall consist of a bid deposit of five percent of the total bid, in the form of a bid bond, certified check, treasurer's or cashier's check issued to the City of Boston.

A performance bond of a surety company authorized to do business in Massachusetts, and satisfactory to the Commissioner or a certified check on, treasurer's or cashier's check issued by a reputable bank or trust company payable to the City of Boston, will be required of the successful bidder to guarantee the faithful performance of the contract. The penal sum of such bond or amount of such check shall be in the sum of 100 percent of the contract price.

**NOTICE**

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

In carrying out the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following Workforce Requirements (labor).

**Minority Workforce:** The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

**Boston Resident Workforce:** The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on this contract.

**Female Workforce:** The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on this contract.

The workforce requirements of paragraphs (1), (2) and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates," as determined by the Commissioner of Labor and Industries under the provisions of Chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended.

**ATTENTION TO ALL BIDDERS**

**I. Minority Business Requirements**

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for Minority Business Enterprise Utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 20 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the Minority Business Enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 15 Beacon Street, fifth floor, Boston, MA 02108, telephone number 720-4300. If a contractor wishes to use a minority business that is not listed in the directory, he must contact the Minority Business Office to obtain a copy and submit with his bid, a Minority Business Identification Statement. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

**PREBID CONFERENCE**

Bidders seeking information pertaining to the City of Boston's Affirmative Action and Minority Business Enterprise Utilization requirements are invited to attend prebid conference to be held on March 22, 1988, at 10 a.m., in Room 714, City Hall. All prospective bidders are urged to attend and all will be held to knowledge of what there transpires, whether they are present or not.

**ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH.** The commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

The City of Boston, acting by the Parks Commission, Room 930, 294 Washington Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project described below.

Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid, and signed by the bidder. All bids for this project are subject to all applicable provisions of the contract and in accordance with the terms and provisions of the contract document entitled: "Spraying Trees for the Control of the Elm Leaf Beetle — Summer Application."

SCOPE OF WORK consists of furnishing of all labor, material, and equipment necessary to apply (1) Follar Spray of Carbaryl for control of the Elm Leaf Beetle to existing elm trees on Commonwealth Avenue, between Arlington Street and Kenesha Square, and limited trees in the Boston Common, Public Gardens, Worcester Square, and Fen Park. Estimated cost, \$10,000.

Bids shall be submitted in duplicate before 2:00 p.m. Boston time, on Wednesday, March 16, 1988, opened forthwith and read aloud. One bid shall be sealed with the Awarding Authority at the office designated above accompanied by the bid deposit. A duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bid. The Awarding Authority reserves the right to waive any informality, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS AND PLANS will be available for review about Monday, February 29, 1988, after 9:00 a.m. Boston time, at the Parks and Recreation Department, to all interested parties who present a certified check, payable to the City of Boston for each set. Specifications must be returned in original condition within thirty days of the bid opening for the bidder to have the \$25 check refunded.

BIDDERS are hereby notified that bid deposits shall be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check, or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must provide satisfactory assurance that at least 20 percent of the bid shall be expended for minority business enterprise. For the purpose of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the Minority Business Utilization Form."

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

A completed Minority Business Identification Statement (MBU-IS-A) shall be submitted for each minority Business Enterprise listed on a bidders form (MBU-F), and submitted at the time of bid

opening, that is not included in the Minority Business Directory published by the Office of Minority Business. Copies of the Minority Business Identification Statement are available at the City of Boston Jobs and Community Services, 15 Beacon Street, Boston, MA 02108.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The commissioner reserves the right to waive any informalities and to reject any or all bids if it be in the public interest to do so.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, Room 930, 294 Washington Street, Boston, MA 02108, on Tuesday, March 8, 1988, at 10 a.m., Boston time.

# LONSDALE STREET RIBBON CUTTING

Mayor Raymond L. Flynn joined Lonsdale Street neighbors, and other city and state officials at a ribbon-cutting ceremony marking the completion of construction on new homes for three Dorchester families left homeless last June when a small plane crashed onto Lonsdale Street. Mayor Flynn toured the newly completed homes, assisting one family with moving their belongings into their new home.

Standing before the three new homes, Mayor Flynn said, "This community has a long, proud tradition of coming together in times of crisis. The fact that we are all here today — neighbors and friends, and religious, political, and business leaders in the community — and that these families are ready to move in today, is an example of what can be achieved when a community comes together. Let this be a monument to what community pride and community spirit can accomplish."

Mayor Flynn, who arrived on Lonsdale Street moments after the plane crash on June 26, has continued over the last nine months to follow the efforts of the families and their many supporters to bring them back to Lonsdale Street.

Father William Devine, of St. Mark's Church, who offered a prayer to the assembly said, "This is a neighborhood of great faith, and we thank you for the generosity and compassion of so many people over the past nine months." Father Devine and the St. Mark's congregation worked together raising money and providing support for the three families.

Also instrumental in helping the Knauber, Tully, and Byrnes families through their ordeal were Representative Jim Brett (D-Boston) and Councillor Jim Byrne.

The three, triple-decker homes were leveled last summer when a Cash Air Piper Seneca crashed onto Lonsdale Street, killing the pilot and destroying the homes. Destruction and damages totaled \$2 million. Kathy Tully, of 34 Lonsdale, and her mother, Katherine Tully, eighty-one, both sustained burn injuries as a result of the crash and subsequent fire.

Other officials and supporters, who have assisted the three families since their homes were destroyed, include the Boston Fire Department and Emergency Medical Technicians on the scene the night of the crash; the Mayor's Office of Neighborhood Services; the Boston Redevelopment Authority; Representative Paul White (D-Boston); Michael Saccone, Saccone Building and Management; Robert Vitello, High Tech Structures; John Sullivan, Bank of New England; and David Schnee, Burner/Cott & Associates.

## CITY AIDS UNIQUE ROXBURY DAY CARE CENTER

The City of Boston's Public Facilities Department (PFD) is contributing a \$50,000 grant towards the renovation of the future home of the first court-connected child care center in Massachusetts (one of only four in the United States). The Roxbury District Court Child Care Center, planned as a drop-in day care center for the children of persons appearing in Roxbury District Court, will be operated by Associated Day Care Services of Metropolitan Boston (ADCS) and will share space on the second floor of the Boston Public Library's Dudley Branch in Roxbury with the Library's Abler Literacy Center.

"We are very pleased to be able to help Judge Houston in his unflagging

efforts to see this project to its completion," said Lisa G. Chapnick, Director of PFD. "He deserves the highest praise for taking the initiative to set up this unique child care center."

Judge Julian Houston, appointed to the bench in 1979, has long questioned whether children belong in the courtroom, where they may be witness to gruesome scenes including the graphic, painful accounts of victims of violent crimes and in the most severe cases, family members being led out of the courtroom in handcuffs. "I thought of my own children," said Judge Houston. "We could do better. There had to be some alternative."

Three years ago, Judge Houston read an article about child care centers serving the district courts in Brooklyn and the Bronx. He and two colleagues,

a fellow judge and a child psychiatrist went to New York and met with the rector of the Victims' Services Agency operators of the Manhattan center. They returned to Boston, convinced that the project was worthwhile, and contacted the Public Facilities Department for help in securing appropriate space in the area.

"As it turned out, we were in the process of moving a field office out of Dudley Branch Library, so the space was available," said Ms. Chapnick. Added Judge Houston, "The library and the courthouse share a plaza; it looks as though they are connected. Children will be less anxious leaving their children knowing that they are so close to the courthouse."

Judge Houston won approval for the project from the library trustees, receiving an initial funding commitment from the State's Department of Social Services, and raised a substantial sum of money from private foundations, including the Boston Foundation and Godfrey Hyams Trust. ADCS was then selected to manage the center, which is scheduled to be operational by June.

"We have been overwhelmed by the positive response to plans for the center," said Angela Ferrario of Associated Day Care Services. "The Child Museum has offered technical assistance in designing the use of the space and PFD, in addition to the grant, will be providing architectural services and construction management for the project."

Funding for the renovations to the Roxbury District Court Child Care Center was given through the Physical Improvements Program for nonprofit organizations. Over the past five years the Public Facilities Department distributed almost \$4 million to seventy-five, nonprofit organizations through its Physical Improvements Program.

Associated Day Care Services is an umbrella organization that provides child care services in Boston, Chelsea, and Cambridge. ADCS administers programs in eight centers (three in Boston housing developments and thirty-five family day care homes

## JACKSON SQUARE REVITALIZATION TEAMS

The Economic Development and Industrial Corporation (EDIC) of Boston and a Development Committee representing the Jackson Square Station Task Force (SATF) are working together to create an Economic Development Plan for a 14-acre area adjacent to Jackson Square MBTA Station. The area is bordered by Dimock Street, Coburn Avenue, Centre Street, and the Southwest Corridor.

The goals of the planning effort are to develop an industrial area and to bring 300 jobs to the area. A 3-1/2-acre area soon to be transferred from the SATF is targeted for industrial development.

EDIC and the Development Committee will also explore a range of uses for the entire 14-acre area, including housing, retail and commercial development. Maximizing community benefits is the chief concern of both EDIC and community groups.

EDIC is committed to sensitive industrial development planning in order to create more jobs for Boston residents," said EDIC Director Marilyn Ortiz Lloyd. "We are pleased with the working relationship EDIC has developed with the neighborhood groups in the Jackson Square area."

Don Hafer, Project Manager for the Development Committee, calls the project "A unique partnership. EDIC has a history of developing projects by working with communities, but this goes one step further."

Hafer credits Boston Mayor Raymond Flynn for backing the Jackson Square project: "The Mayor is committed to the neighborhoods. He wants to see them prosper just as much as we do."

Industrial development in Boston's neighborhoods is key to the city's economic growth," said Mayor Raymond L. Flynn. "Revitalizing Jackson Square, and other areas like it, prevents manufacturing companies from moving out of the city and creates more jobs for Boston residents." EDIC employment policies would be applied to new Jackson Square employers, assuring that 50 percent of the new jobs go to Boston residents, 25 percent to minorities, and 25 percent to women.

State Representative John E. McDermott (D-Jamaica Plain), has played a

strong role in the project planning. He feels Jackson Square means two things for the community: "It means opportunity for jobs and opportunity for people in the community to be actively involved in decisions about the land in their neighborhoods."

The SATF Development Committee involved in the planning process for the Jackson Square project area includes representatives from Academy Homes Housing, Bromley Heath Tenant Management Corporation, Bromley Heath Community Centers, Dimock Health Center, Jamaica Plain Neighborhood Development Corporation, Southwest Corridor Community Farms, Oficina Hispana, and Urban Edge.

EDIC is the economic development agency of the city mandated to create and retain blue-collar jobs for Boston residents. Through industrial development, job training, financial assistance for businesses, and other services, the agency promotes access for city residents to promising jobs and careers.

Once industrial land-use decisions in Jackson Square have been made, EDIC will be working with local community groups to establish job training programs providing area residents with industrial job skills.

 Company commanders shall make the change in the department running cards

**VII. HEARING BOARD**

In accordance with chapter 31, section 41 of the General Laws, Fire Commissioner Leo D. Stapleton hereby appoints Deputy Fire Chiefs and District Fire Chiefs as Hearing Officers for the Boston Fire Department, effective March 7, 1988.

A Hearing Board will consist of the Deputy Fire Chief in Division I or II Chairman, Fire Lieutenant Robert L. Powell, and a District Fire Chief on an alternate basis.

The Hearing Board will meet as directed by the Fire Commissioner to investigate and hear pending charges. The Deputy Fire Chief presiding at each hearing, shall forthwith report the Board's findings and recommendations to the Fire Commissioner, who will make the final decision. The Fire Commissioner, as the appointing authority, may conduct said hearings as he deems necessary.

**CONTRACTS AMENDED**

The Mayor has approved the amending of contracts, based on the following information.

**ASSESSING DEPARTMENT  
 Consultant Services**

Dear Mr. Mayor

On July 28, 1987, your Honor approved the award of a contract, without public advertising, to Thomas L. Jacobs, Chicago, for professional services as a consultant to the Assessing Department during the period of July 1, 1987 through June 30, 1988, at a cost not to exceed \$60,000.

Your approval is requested to amend this contract to provide for additional services required by the Assessing Department because of an underestimation of time required by the contractor to complete the initial tasks as specified by the contract at the direction of the official. This underestimation of the contractor's time was driven by the decision to accelerate the FY 89 revaluation schedule by an additional four months — ensuring a more timely completion of the project and capture of the ensuing property tax revenues. Therefore the Assessing Department requires an extension of the

contractor's services through his period of revaluation.

The cost of this amendment, which is effective February 25, 1988, shall not exceed \$35,000, which I have determined to be reasonable. The contract, as amended, shall not exceed \$95,000. The rate of compensation shall remain unchanged. The contractor shall be allowed additional reasonable expenses of not more than \$5,000, which shall be included in the total contract price.

The term of the contract shall remain unchanged. Because of the professional and technical nature of the services to be provided, the need to have such services performed in a timely manner, and in order for the 1989 revaluation, and because the original amendment of the already approved contract I believe that public advertising would serve no useful purpose.

Sincerely,  
 Thomas E. Frankowski, Jr.  
 Commissioner

**PUBLIC WORKS DEPARTMENT  
 Snow Removal Services**

Dear Mr. Mayor

On December 7, 1987, his Honor the Mayor approved the award of a contract based on public advertising for bids to South Shore Paving Corp. located at Milton, for removing snow and furnishing labor and equipment in connection with the work of keeping the highways and streets open following snowstorms in District 7B (Dorch.) SC 7687(88) at a cost not to exceed \$100,000 for the period November 15, 1987 to April 30, 1988.

Your permission is respectfully requested to amend this contract to provide for additional funds that are necessary, as the funds encumbered have already been depleted and additional funds will have to be made available for the remainder of the snow season.

The cost of this amendment, which is effective on February 1, 1988, shall not exceed \$150,000 at rates set forth in the original bid and are reasonable for the services. The contract, as amended, shall not exceed \$250,000.

This letter is being prepared at this late date as up-to-date billings have only recently been completed.

Inasmuch as this work is related directly to and in conjunction with an existing contract, I feel that public advertising would serve no useful purpose.

Very truly yours,  
 Joseph F. Casazza  
 Commissioner

Dear Mr. Mayor

On December 23, 1987, his Honor the Mayor approved the award of a contract based on public advertising for bids to South Shore Paving Corp. located at Milton, for removing snow and furnishing labor and equipment in connection with the work of keeping the highways and streets open following snowstorms in District 7A (Dorch.) SC-7690(88), at a cost not to exceed \$100,000 for the period November 15, 1987 to April 30, 1988.

The assessment panel is comprised of 27 super-  
intendents from police departments around the  
city. No member of the assessment panel is  
employed by the Boston Police Department. The  
assessment process has been developed to for-  
mally determine a promotional candidate's poten-  
tial as a supervisor manager.

Each candidate for sergeant are required to view  
scenarios on a television screen and to verbally  
describe to a student tape-recorder, their response  
to specific questions related to each scene. Re-  
sponses to the questions are about one hour in  
length for each of the 230 candidates. It is integral  
to the assessment process that these tapes be  
used according to various qualifications (such as  
leadership potential and the ability to communicate  
effectively). Rating or grading these tapes is a  
highly complex and lengthy task. Central to the  
legitimacy of the examination process is that  
members of the assessment panel must have clear  
understanding of the role and responsibility of the  
position being assessed. Hence, the assessors  
must be adequately trained and must operate un-  
der close supervision, requiring considerable time  
to complete the process.

To provide the above-outlined services, the Bos-  
ton Police Department requires a hotel of adequate  
size to accommodate the members of the assess-  
ment panel while they perform their important task.  
Francis M. Roache, a first-time vendor with the Pol-  
ice Department, has been chosen by the principals  
of Metro and M. Daniel, the subcontractors con-  
ducting the important examination, after a search  
of hotels in the city to identify the needs of the panel. No  
hotels in the city are available because of a  
major fire during the period in question.  
Public facilities department would serve no use-  
ful purpose in meeting the special requirements of  
this examination process.

The vendor is being firm fixed late as the Con-  
tract is being awarded and notified of this need by the  
Public Facilities Department one week prior to serv-

...I have determined to be reasonable for the services to be performed. The  
term of this contract shall be from December 1,  
1987 to December 1, 1988. This contract has been  
awarded due to the time required of vendor to com-  
plete contract documents.

The contractor was selected based upon an eval-  
uation of the proposal submitted in response to a  
publicly advertised request for proposals in the  
Boston Globe on December 1, 1986. A selection  
committee consisting of members of the Public Fa-  
cilities Department's Development Division, evalu-  
ated proposals based on the following eligibility and

## CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

### LICENSING BOARD

#### Legal Services

Mr. Mayor,  
I respectfully request your Honor's permission to be  
awarded a contract without advertising for the awarding of

### POLICE DEPARTMENT

#### Assessment Panel Services

David Mayo Flynn

...I have determined to be reasonable for the services to be performed. The  
term of this contract shall be from December 1,  
1987 to December 1, 1988. This contract has been  
awarded due to the time required of vendor to com-  
plete contract documents.

selection criteria: community-based, nonprofit organization, low-moderate income census area, neighborhood location, readiness to start construction, and feasibility of project. The following nonprofit organizations were awarded contracts:

Victory House, Inc., South Boston Neighborhood House, Inc.; Little Folks Day Care, Inc.; Paige Academy, Inc., NICE Day Care Center, Inc.; Fenway Community Health Ctr., Inc.; La Alianza Hispana, Inc.; Interim House, Inc.; F.I.R.S.T., Inc.; Arch Foundation, Inc.; Casa Esperanza, Inc.

Costs were determined to be reasonable after extensive analysis by Public Facilities Department staff.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review. I believe that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

Lisa G. Chapnick,  
Director.

#### Design Services

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on January 14, 1988, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to Taskin, Inc., a Massachusetts corporation, with offices at North Reading, providing design services for upgrade of emergency electrical system at Long Island Hospital. Scope of work will include preliminary drawings, design development, working drawings and construction supervision.

Compensation under this contract shall not exceed \$20,080, including \$1,000 for supplementary services, which is a fixed fee of 10.6 percent based on an estimated cost of construction of \$180,000, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be for fifty-two weeks from the date of execution.

Following the advertisement of this project in the *Boston Globe* on October 5, 1987, and receipt of proposals, the contractor was selected on the basis of a rating system undertaken by the Public Facilities Designer Selection Committee in accordance with MGL c. 7, s. 38A 1/2 et seq. The committee evaluated eight proposals submitted by the applicants and determined Taskin, Inc. most qualified and competent to complete said design work. The numerical matrix rating for a firm reflects the combined score of each committee member's ranking for a firm reflects the combined score of each committee member's ranking of this firm and thus the recommended firm has the lowest number. The numerical matrix rating summary of the three finalists, in order of rank, was as follows:

Taskin, Inc., N Reading — 4; Richard Kimball Company, Reading — 8; Johnson & Stover, Inc., Stoughton — 9.

I believe Taskin, Inc. is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that further public advertising would serve no useful purpose in this instance.

Sincerely,

Lisa G. Chapnick,  
Director.

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Com-

mission on December 10, 1987, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to Green International Affiliates, Inc., a Massachusetts corporation, with offices at 529 Main Street, Boston, providing design services for soil borings and survey of a new soccer field over an unusable baseball field at Ohrenberger Community School, West Roxbury. Scope of work will include design development, working drawings and construction supervision.

Compensation under this contract shall not exceed \$15,500, including \$8,000 for supplementary services, which is a fixed fee of 8.3 percent based on an estimated cost of construction of \$90,000, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be for 102 weeks from the date of execution.

Following the advertisement of this project in the *Boston Globe* on May 4, 1987, and receipt of proposals, the contractor was selected on the basis of a rating system undertaken by the Public Facilities Designer Selection Committee in accordance with MGL c. 7, s. 38A 1/2 et seq. The committee evaluated four proposals submitted by the applicants and determined Green International Affiliates, Inc. most qualified and competent to complete said design work. The numerical matrix rating for a firm reflects the combined score of each committee member's ranking of this firm and thus the recommended firm has the lowest number. The numerical matrix rating summary of the three finalists, in order of rank, was as follows:

Green International Affiliates, Inc., Boston — 8; Moriece & Gary, Inc., Boston — 8; Pat Loheed/Landscape Architect, Watertown — 14; Schoenfeld Associates, Boston — 20.

Green International Affiliates, Inc. and Moriece & Gary Inc. ranked equally. The committee decided Green International Affiliates, Inc. most qualified for this project as they are an architectural and engineering firm. Moriece & Gary Inc. are landscaping architects and therefore would require subcontractors for the engineering work.

I believe Green International Affiliates, Inc. is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that further public advertising would serve no useful purpose in this instance.

Sincerely,

Lisa G. Chapnick,  
Director.

#### Construction Supervision

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on August 27, 1987, I respectfully request your Honor's written permission to dispense with public advertisement and award a contract to the Halvorson Company, Inc., a Massachusetts corporation, with offices at 161 Massachusetts Avenue, providing construction supervision for capital improvements to Cleary and Logan Squares in Hyde Park. Improvements will include renovations to the following: sidewalks, roadworks, traffic signs, pedestrian lighting, traffic islands and trees.

Compensation under this contract shall not exceed \$8,550, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be from September 1, 1987, to December 31, 1988. This contract has been delayed due to the time involved in securing funding approval.

The contractor was selected based upon an evaluation of the proposal conducted in response to a

publicly advertised request for proposals by the Public Facilities Department on December 2, 1987, in the *Boston Globe*. Costs were determined to be reasonable after extensive analysis by Public Facilities staff. Other selection criteria include qualifications of firm, professionalism of staff, and experience with similar design projects.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review. I believe that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s.

Sincerely,

Lisa G. Chapnick,  
Director.

#### REAL PROPERTY DEPARTMENT Project Manager Services

Your Honor:

Pursuant to a unanimous vote of the Real Property Board on January 22, 1988, I respectfully request your permission to dispense with public advertising and to award a contract to Mr. Steven Whitkin of 778 Tremont Street, as development consultant to the Real Property Board.

Under the terms of the contract, Mr. Whitkin will be involved with current and long-range developments entailing the disposition and/or construction of municipal parking facilities in the neighborhood and the core city. He shall provide various services, including, but not limited to, assisting in the procurement of the City Council, legislative and other approvals necessary for the commencement of any project. As in the past, he shall be involved in land assemblage, coordination of project consultants and coordination of construction activities including affirmative action compliance.

Currently, Mr. Whitkin is this department's project manager for the Kingston-Bedford/Parcel 18, parcel-to-parcel, linkage project. After having just completed an RFP process, he is overseeing the activities of those consultants who were selected to conduct a garage feasibility study. He is also a member of the Advisory Panel which will recommend to the Boston Redevelopment Authority Board a majority developer for the aforementioned project.

Mr. Whitkin is a member of the team which is responsible for the present and the future construction of surface parking lots in the Uphams Corner and Fields Corner sections of Dorchester as well as the reconstruction of lots in Mattapan and Jamaica Plain. At present, he is the only individual in this department who is involved with and has particular knowledge of the upcoming Lafayette Place Phase II development.

For the past eight years, Mr. Whitkin has acted as a consultant on various parking-related developments. His services have been invaluable in that expertise and counsel have enabled the Real Property Board to act diligently and responsibly on so very difficult issues. He has, in effect, saved the City of Boston a significant sum of money. During the past year, Mr. Whitkin was paid \$44,200 for his services under the terms of his contract, said contract being the only one he had with this department any other city department last year. In contract year 1986, he was compensated \$40,300, and in contract year 1985 he was compensated \$36,400.

Compensation under this contract shall not exceed \$46,000, which I have determined to be reasonable for the work to be performed and will be paid out of the Parking Facilities Fund Account 0251-7156-0000. The term of the contract shall

n February 24, 1988, to February 22, 1989. The amount of compensation shall be \$884.61 per week because of the professional nature of the services rendered and the individual's unique experience and qualifications. I believe that public advertising would serve no useful purpose due to the delay in administrative procedures. Award letter is being submitted and processed.

Very truly yours,  
J. Edward Roche  
Chairman, Real Property Board

#### REGISTRY OF DEEDS Microfilm Reduction

Mr Mayor, in response to an advertisement, published in the Record, on December 22, 1986, for proposals for optical reduction of microfilm, your Honor on January 30, 1986, awarded the contract to Eastman Kodak Co. as the lowest bidder. This contract was awarded with the option on the part of the awarding authority for an extension of time and funds at the bidder's bid price. Therefore, we request your Honor's approval for a F/Y 88 contract be awarded, without public advertising to Eastman Kodak Co. in order that we may continue to complete this project. Compensation under this contract shall not exceed \$36,400, to reduce 1,400 rolls of 35mm to microfilm at \$26 a roll for an original and two copies. The term of this contract shall be from December 1, 1987 to June 30, 1988. Because of the reasons outlined above, I believe that public advertising would serve no useful purpose.

Very truly yours,  
Paul R. Tierney,  
Register of Deeds

#### SCHOOL DEPARTMENT Chapter 766 Services

Mr Mayor, on behalf of the School Committee of the City of Boston, I request your authorization for the award of a contract as a sole source provider to Central Massachusetts Educational Collaborative, Webber Associates, for the provision of special educational services to Boston Public School children in accordance with M.G.L.c. 71B (chapter 766), and regulations promulgated thereunder, at a cost not to exceed \$14,800, which is deemed to be reasonable by the committee during the period of January 15, 1987, to June 30, 1988. The amount to be encumbered initially is \$4,800. This facility will provide educational services to Boston Public School pupils in accordance with each child's individual educational plan devised by the School Department staff. Because it has been determined that these children are in immediate need of special education, due to the professional nature of the services to be performed, the expertise of the facility in this regard, and the setting of rates by the Massachusetts Setting Commission, it is the determination of the School Committee that public interest would be served by public advertising for bids — FY-85 bid item 0, FY-86, 0; FY-87, 0.

Very truly yours,  
Laval S. Wilson,  
Superintendent

#### TRANSPORTATION DEPARTMENT Hearing Officer Services

Mr Mayor, I respectfully request your permission to discontinue advertising with public advertising and to award a con-

tract to Mr. Leo S. Fama, Medford, for the purpose of adjudicating the parking violations in the Adjudication Section of the Office of the Parking Clerk.

Under the terms of the contract, Leo S. Fama will perform as a hearing officer as designated by the Parking Clerk adjudicating parking violations issued in the City of Boston. He is qualified to do this work because of his successful completion of two years of law school and a B.A. degree from a recognized college or university.

Compensation under this contract shall not exceed \$5,000 payable at a rate of \$8.50 per hour on a Monday through Friday schedule which I have determined to be reasonable for the work to be performed.

The term of this contract shall be March 7, 1988 through June 30, 1988.

Because of the professional nature of the services to be performed, I believe public advertising would serve no useful purpose.

Very truly yours,  
Richard A. Dimino,  
Commissioner

CITY OF BOSTON

INSPECTIONAL SERVICES DEPARTMENT

NOTICE TO CONTRACTORS

Proposal for Boarding and Securing, Project  
No. 32-CI-ABU (A-C), City Funds.

The City of Boston, acting by its Inspectional Services Commissioner, fifth floor 1010 Massachusetts Avenue, Roxbury, MA 02118, hereinafter referred to as the Awarding Authority invites sealed general bids for the boarding and securing of the following buildings:

251 Athens Street, Ward 6  
25 Norwell Street, Ward 14  
28 Whitman Street, Ward 17

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 a.m. Friday, March 25, 1988, at the office of the Awarding Authority, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form for general bid obtained from the Awarding Authority. General bids shall be completely filled in, sealed, enclosed in an envelope sealed and clearly marked with the description of the work to be done. Four copies of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or in the form of a certified check, or a treasurer's or cashier's check issued by a responsible bank or trust company payable to the City of Boston in the sum of 5 percent of the amount of the bid. One copy of the general bid will be filed with the City Auditor. The general bids shall be filed in the time stated above for the opening of general bids.

General bids may be withdrawn after the time for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) after the opening of the general bids. In addition, no general bid filed by the three lowest responsible eligible general bidders may be withdrawn after execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rates established for this work by the Commissioner of Labor and Industries of the Commonwealth under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended. This schedule will be available to the successful bidder. The successful bidder will be required to provide performance and payment bonds, and also a labor and material payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and each in the sum of 100 percent of the contract price, will be required of the successful bidder.

Bids for this project are subject to all applicable provisions of law, including without limitation sections 39F and 39K through 39P of chapter 30,

and sections 29 and 44A to 44H, inclusive of chapter 149 of the General Laws, as amended, and in accordance with the terms and provisions of the contract documents entitled "Project No. 32-CI-ABU (A-C)".

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Inspectional Services Commissioner is allowing a thirty-day period to complete the boarding and securing of these buildings starting with his signature on contract.

The Awarding Authority reserves the right to waive any formalities and to reject any or all general bids if it be in the public interest to do so.

Notice

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications for and the obligations of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

Attention to All Bidders

I. Minority Business Requirements

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for minority business enterprise utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 10 percent of his bid price shall be expended for minority business enterprise. If bid is over \$10,000. For the purpose of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the minority business enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority-owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 15 Beacon Street, fifth floor, Boston, MA 02108, telephone number 720-4300. If a contractor wishes to use a minority business that is not listed in the directory he must contact the Minority Business Office to obtain a copy and submit with his bid, a Minority Business Identification Statement. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

II. Workforce Requirements

During the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following workforce requirements (labor):

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on the

contract.

3. *Boston Residents:* The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on the contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates" as determined by the Commissioner of Labor and Industries under the provisions of chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended. If you have any questions pertaining to the applicability of these requirements, please call the Compliance Office at 720-4300.

NOTICE OF REQUIREMENT FOR AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT OPPORTUNITY (EXECUTIVE ORDER 11246) IF APPLICABLE

The contractor's attention is called to the "Equal Opportunity Clause" and "Standard Federal Equal Opportunity Construction Contract Specifications" set forth in this part.

The goals and timetables for minority and female participation are expressed in percentage terms for the contractor's aggregate workforce in each trade on all construction work in the covered areas. (See pages EEO-1 and EEO-2 of the bid specifications for goals and timetables.)

These goals are applicable to all the contractor's construction work (whether or not it is federal or federally assisted) performed in the covered areas.

As used in the notice, and in the contract, the covered area is Arlington, Boston, Belmont, Brookline, Burlington, Cambridge, Canton, Chelsea, Dedham, Everett, Malden, Medford, Melrose, Milton, Norwood, Reading, Revere, Somerville, Stoneham, Wakefield, Westwood, Winthrop, Winchester, Woburn, and the Islands of Boston Harbor, Massachusetts.

The contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required to meet the goals established for the geographical area where the contract is to be performed.

The hours of minority and female employment and training must be substantially uniform throughout the length of the contract in each trade, and the contractor shall make a good-faith effort to employ minorities and women evenly on each of the projects.

The transfer of minority or female employees or trainees from contractor to contractor or from project to project for the sole purpose of meeting the contractor's goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total workhours performed.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, with limitation, the notice to all bidders (including subbidders), and the provisions with respect to bonds, insurance, equal employment opportunity, minimum wages, time of performance, liquidated damages, and the requirements set forth in the specifications on supplemental equal employment opportunity, anti-discrimination and affirmative action program contract provisions, and to the requirements of mandatory compliance with section 3 of the Housing and Urban Development Act of 1968 and Executive Order 11246.

NOTICE TO CONTRACTORS

Proposal for Demolition and Site Clearance,  
Project No. 128-CI-ATD, City Funds.

The City of Boston acting by its Inspectional Services Commissioner, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, hereinafter referred to as the Awarding Authority, invites sealed general bids for the demolition and site clearance of the following buildings

139 Worcester Street, Ward 4

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 a. m., Friday, March 25, 1988, at the office of the Awarding Authority, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form for general bid obtained from the Awarding Authority. The general bids shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. Four copies of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or in the form a certified check or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston in the sum of 5 percent of the attached bid. One copy of the general bid will be filed with the City Auditor. The general bids shall be filed before time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended. This schedule will be available to the successful bidder.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

All bids for this project are subject to all applicable provisions of law, including without limitation, sections 39F and 39K through 39P of chapter 30, and sections 29 and 44A to 44H, inclusive of chapter 149 of the General Laws, as amended, and in

accordance with the terms and provisions of the contract documents entitled: "Project No. 128-CI-ATD."

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Inspectional Services Commissioner is allowing a thirty-day period to complete the demolition and site clearance of these buildings starting with his signature on contract.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

The contractor's attention is called to XXIV, Protection of the Public. These measures, which appear in the contract, are two general types: revisions to the demolition contract specifications, and modifications or additions to the Clearance of Unsafe Buildings Program itself.

NOTICE OF REQUIREMENT FOR AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT OPPORTUNITY (EXECUTIVE ORDER 11246) IF APPLICABLE

The contractor's attention is called to the "Equal Opportunity Clause" and "Standard Federal Equal Employment Opportunity Construction Contract Specifications" set forth in this part.

The goals and timetables for minority and female participation are expressed in percentage terms for the contractor's aggregate workforce in each trade on all construction work in the covered areas. (See pages EEO-1 and EEO-2 of the bid specifications for goals and timetables.)

These goals are applicable to all the contractor's construction work (whether or not it is federal or federally assisted) performed in the covered areas.

As used in the notice, and in the contract the covered area is Arlington, Boston, Belmont, Brookline, Burlington, Cambridge, Canton, Chelsea, Dedham, Everett, Malden, Medford, Melrose, Milton, Norwood, Reading, Revere, Somerville, Stoneham, Wakefield, Westwood, Winthrop, Woburn, and the Islands of Boston Harbor, Massachusetts.

The contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required to meet the goals established for the geographical area where the contract is to be performed.

The hours of minority and female employment and training must be substantially uniform throughout the length of the contract in each trade, and the contractor shall make a good-faith effort to employ minorities and women evenly on each of the projects.

The transfer of minority or female employees or trainees from contractor to contractor or from project to project for the sole purpose of meeting the contractor's goals shall be a violation of the contract. The Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total workhours performed.

No bid for the award of this project will be considered acceptable unless the contractor complies with the following requirements for minority business enterprise utilization, if applicable:

Notice

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications for and the obligations of the contractor and subcontractors to take affirmative action in connection with employment practices in

the performance of this contract.

Attention to All Bidders

1. Minority Business Requirements.

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for minority business enterprise utilization:

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 2 percent of his bid price shall be expended for minority business enterprise, if bid is for more than \$50,000. If the bid is under \$50,000, but greater than \$10,000, then the requirement is 10 percent. For the purpose of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership a control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the minority business enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directories lists all minority-owned businesses that have been certified as such by the City of Boston. A copy of the directory can be obtained from the Awarding Authority or the Minority Business Office, 15 Beane Street, fifth floor, Boston, MA 02108, telephone number 720-4300. If a contractor wishes to use minority business that is not listed in the directory, he must contact the Minority Business Office to obtain a copy and submit with his bid, a Minority Business Identification Statement. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

II. Workforce Requirements

During the performance of this contract, the general contractor shall agree and shall require that all subcontractors agree to the following workforce requirements (labor):

1. *Minority Workforce.* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employment manhours in each trade worked on the contract.

2. *Female Workforce.* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on the contract.

3. *Boston Residents.* The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on the contract.

4. The workforce requirements of paragraphs (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates" as determined by the Commissioner of Labor and Industries under the provisions of chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended. If you have any questions pertaining to the applicability of these requirements, please call the Compliance Office at 720-4300.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, with limitation, the notice to all bidders (including subcontractors), and the provisions with respect to bonds, insurance, equal employment opportunity, minimum wages, time of performance, liquidated damages, and the requirements set forth in the

critical provisions on supplemental equal employment opportunity anti-discrimination and affirmative action program contract provisions and to the requirements of mandatory compliance with section 8 of the Housing and Urban Development Act of 1968 and Executive Order 11246

**Invitation for Bids for Pruning and Trimming  
Trees in the City of Boston.**

The City of Boston, acting by the Parks Commission, Room 930, 294 Washington Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project listed below. Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled: "Pruning and Trimming Trees in the in the City of Boston."

**SCOPE OF WORK** includes: Furnishing all labor, materials, equipment and transportation to provide a crew to prune and trim trees at various locations in the City of Boston and to properly transport and legally dispose. Estimated cost \$15,000.

**BIDS** shall be submitted in duplicate before 2 p.m., Boston time, on Thursday, March 31, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bids. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

**SPECIFICATIONS** will be available on or about Monday, March 14, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

**BIDDERS** are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 20 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form"

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Partici-

pation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent. Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest to do so.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, 294 Washington Street, Room 930, Boston, MA 02108, on Tuesday, March 22, 1988, at 10 a.m., Boston time.

INSPECTIONAL SERVICES DEPARTMENT

NOTICE TO CONTRACTORS

Proposal for Demolition and Site Clearance,  
Project No. 127-CI-ATD, City Funds.

The City of Boston, acting by its Inspectional Services Commissioner, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, hereinafter referred to as the Awarding Authority, invites sealed general bids for the demolition and site clearance of the following buildings

36 Glenway Street, Ward 14

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 a.m. Friday, March 25, 1988, at the office of the Awarding Authority, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, at which time and place they will be publicly opened and read aloud

General bids must be submitted on the form for general bid obtained from the Awarding Authority. The general bids shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. Four copies of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or in the form a certified check, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston in the sum of 5 percent of the attached bid. One copy of the general bid will be filed with the City Auditor. The general bids shall be filed before time stated above for the opening of general bids

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended. This schedule will be available to the successful bidder.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152 to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

All bids for this project are subject to all applicable provisions of law, including without limitation, sections 39F and 39K through 39P of chapter 30, and sections 29 and 44A to 44H, inclusive of chapter 149 of the General Laws, as amended, and in

accordance with the terms and provisions of the contract documents entitled "Project No. 127-CI-ATD"

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin

The Inspectional Services Commissioner is allowing a thirty-day period to complete the demolition and site clearance of these buildings starting with his signature on contract

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

The contractor's attention is called to XXIV, Protection of the Public. These measures, which appear in the contract, are two general types: revisions to the demolition contract specifications, and modifications or additions to the Clearance of Unsafe Buildings Program itself

NOTICE OF REQUIREMENT FOR AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT OPPORTUNITY (EXECUTIVE ORDER 11246) IF APPLICABLE

The contractor's attention is called to the "Equal Opportunity Clause" and "Standard Federal Equal Employment Opportunity Construction Contract Specifications" set forth in this part.

The goals and timetables for minority and female participation are expressed in percentage terms for the contractor's aggregate workforce in each trade on all construction work in the covered areas. (See pages EEO-1 and EEO-2 of the bid specifications for goals and timetables.)

These goals are applicable to all the contractor's construction work (whether or not it is federal or federally assisted) performed in the covered areas.

As used in the notice, and in the contract, the covered area is Arlington, Boston, Belmont, Brookline, Burlington, Cambridge, Canton, Chelsea, Dedham, Everett, Malden, Medford, Melrose, Milton, Norwood, Reading, Revere, Somerville, Stoneham, Wakefield, Westwood, Winthrop, Woburn, and the Islands of Boston Harbor, Massachusetts.

The contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required to meet the goals established for the geographical area where the contract is to be performed

The hours of minority and female employment and training must be substantially uniform throughout the length of the contract in each trade, and the contractor shall make a good-faith effort to employ minorities and women evenly on each of the projects.

The transfer of minority or female employees or trainees from contractor to contractor or from project to project for the sole purpose of meeting the contractor's goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total workhours performed

No bid for the award of this project will be considered acceptable unless the contractor complies with the following requirements for minority business enterprise utilization, if applicable.

Notice

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications for and the obligations of the contractor and subcontractors to take affirmative

action in connection with employment practices in the performance of this contract.

Attention to All Bidders

I. Minority Business Requirements:

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for minority business enterprise utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 25 percent of his bid price shall be expended for minority business enterprise, if bid is for more than \$50,000. If the bid is under \$50,000, but greater than \$10,000, then the requirement is 10 percent. For the purpose of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the minority business enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority-owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 15 Beacon Street, fifth floor, Boston, MA 02108, telephone number 720-4300. If a contractor wishes to use a minority business that is not listed in the directory he must contact the Minority Business Office to obtain a copy and submit with his bid, a Minority Business Identification Statement. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

II. Workforce Requirements:

During the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following workforce requirements (below).

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on the contract.

3. *Boston Residents:* The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on the contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates" as determined by the Commissioner of Labor and Industries under the provisions of chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended. If you have any questions pertaining to the applicability of these requirements, please call the Compliance Office at 720-4300.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, with limitation, the notice to all bidders (including subbidders), and the provisions with respect to bonds, insurance, equal employment opportunity, minimum wages, time of performance, liquidated

damages, and the requirements set forth in the specifications on supplemental equal employment opportunity, anti-discrimination and affirmative action program contract provisions, and to the requirements of mandatory compliance with section 3 of the Housing and Urban Development Act of 1968 and Executive Order 11246.

Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled "Pruning of Tree Roots at Various Locations in the City of Boston."

SCOPE OF WORK includes: Furnishing all labor, materials, equipment and transportation to provide a crew for pruning tree roots at various locations in the City of Boston. Estimated cost \$15,000.

BIDS shall be submitted in duplicate before 2 p.m., Boston time, on Thursday, March 31, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bids. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS will be available on or about Monday, March 14, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 20 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass. to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, 294 Washington Street, Room 930, Boston, MA 02108, on Tuesday, March 22, 1988, at 10 a.m., Boston time.

INSPECTIONAL SERVICES DEPARTMENT

NOTICE TO CONTRACTORS

Proposal for Boarding and Securing, Project No. 31-CI-ABU, City Funds.

The City of Boston, acting by its Inspectional Services Commissioner, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, hereinafter referred to as the Awarding Authority, invites sealed general bids for the boarding and securing of the following buildings:

271 Talbot Avenue, Ward 17

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 a.m., Friday, March 25, 1988, at the office of the Awarding Authority, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form for general bid obtained from the Awarding Authority. The general bids shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. Four copies of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or in the form a certified check, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston in the sum of 5 percent of the attached bid. One copy of the general bid will be filed

with the City Auditor. The general bids shall be filed before time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended. This schedule will be available to the successful bidder.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

All bids for this project are subject to all applicable provisions of law, including without limitation, sections 39F and 39K through 39P of chapter 30, and sections 29 and 44A to 44H, inclusive of chapter 149 of the General Laws, as amended, and in accordance with the terms and provisions of the contract documents entitled: "Project No. 31-CI-ABU."

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Inspectional Services Commissioner is allowing a thirty-day period to complete the boarding and securing of these buildings starting with his signature on contract.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

Notice

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications for and the obligations of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

Attention to All Bidders

I. Minority Business Requirements:

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for minority business enterprise utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 10 percent of his bid price shall be expended for minority business enterprise, if bid is over \$10,000. For

the purpose of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the minority business enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority-owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 15 Beacon Street, fifth floor, Boston, MA 02108, telephone number 720-4300. If a contractor wishes to use a minority business that is not listed in the directory he must contact the Minority Business Office to obtain a copy and submit with his bid, a Minority Business Identification Statement. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

**II. Workforce Requirements.**  
During the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following workforce requirements (labor).

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on the contract.

3. *Boston Residents:* The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on the contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates" as determined by the Commissioner of Labor and Industries under the provisions of chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended. If you have any questions pertaining to the applicability of these requirements, please call the Compliance Office at 720-4300.

**NOTICE OF REQUIREMENT FOR AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT OPPORTUNITY (EXECUTIVE ORDER 11246) IF APPLICABLE**

The contractor's attention is called to the "Equal Opportunity Clause" and "Standard Federal Equal Opportunity Construction Contract Specifications" set forth in this part.

The goals and timetables for minority and female participation are expressed in percentage terms for the contractor's aggregate workforce in each trade on all construction work in the covered areas. (See pages EEO-1 and EEO-2 of the bid specifications for goals and timetables.)

These goals are applicable to all the contractor's construction work (whether or not it is federal or federally assisted) performed in the covered areas.

As used in the notice, and in the contract, the covered area is Arlington, Boston, Belmont, Brookline, Burlington, Cambridge, Canton, Chelsea, Dedham, Everett, Malden, Medford, Melrose, Milton,

Norwood, Reading, Revere, Somerville, Stoneham, Wakefield, Westwood, Winthrop, Winchester, Woburn, and the Islands of Boston Harbor, Massachusetts.

The contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required to meet the goals established for the geographical area where the contract is to be performed.

The hours of minority and female employment and training must be substantially uniform throughout the length of the contract in each trade and the contractor shall make a good-faith effort to employ minorities and women evenly on each of the projects.

The transfer of minority or female employees or trainees from contractor to contractor or from project to project for the sole purpose of meeting the contractor's goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total workhours performed.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, with limitation, the notice to all bidders (including subcontractors), and the provisions with respect to bonds, insurance, equal employment opportunity, minimum wages, time of performance, liquidated damages, and the requirements set forth in the specifications on supplemental equal employment opportunity, anti-discrimination and affirmative action program contract provisions, and to the requirements of mandatory compliance with section 3 of the Housing and Urban Development Act of 1968 and Executive Order 11246.

**Invitation for General Bids for Rehabilitation of the World War II Memorial in the Back Bay Fens District of the City of Boston, Project No. 4883, C. 30 Project.**

The City of Boston, George Robert White Fund, in its capacity as a public charitable trust, acting by and through the trustees designated in the fourteenth clause of the will of George Robert White, Boston City Hall, One City Hall Square, Boston, MA 02201, invites sealed general bids for Rehabilitation of the World War II Memorial in the Back Bay Fens District of the City of Boston.

The Board of Trustees of the White Fund has designated the Director of the Public Facilities Department to act on its behalf to administer the project in a manner consistent with other City of Boston projects, subject to all applicable provisions of law, including but not necessarily limited to section 39F and 39K through 39P of chapter 30 of the General Laws as amended, and in accordance with the terms and provisions of the contract documents entitled: "Rehabilitation of the World War II Memorial in the Back Bay Fens District of the City of Boston."

Scope of work includes masonry cleaning and pointing, cleaning the bronze plaques and statues, replacing missing bronze plaques, installing new lights and flag poles.

Bids will be received up until twelve o'clock, Boston time, March 31, 1988, at the office of the Public Facilities Department, 26 Court Street, sixth floor, Boston, MA 02108, at which time and place they will be publicly opened and read aloud.

The bids shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The bid shall be filed with the Public Facilities Department, at the office designated above, accompanied by a bid deposit in the form of a bid bond, certified check, treasurer's check or cashier's check made payable to the City of Boston, in the sum of five percent of his or her bid.

No bid may be withdrawn after the time limit for filing bids and for the five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the bids. In addition, no bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful bidder will be required to provide for the payment of compensation by insurance and for the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed), chapter 152, to all persons to be employed during the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor to take affirmative action in connection with employment practices throughout the work.

PLANS AND SPECIFICATIONS will be available on or about February 29, 1988, at the Public Facilities Department to all interested parties who present a \$25 certified check payable to the City of Boston for each set. Plans and specifications must be returned in good condition within thirty days of

the bid opening in order for the bidder to have the \$25 check returned.

A performance bond and labor and materials payment bond of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Public Facilities Department, and in the sum of 100 percent of the contract price will be required of the successful bidder.

The George Robert White Fund reserves the right to waive any informalities and to reject any or all bids or any items of a bid, if it be in the public interest to do so.

**Invitation for General Bids for Making and Delivering Xerox Reproductions, Blue-line Prints, Autopositives and Sepias for the Period July 1, 1988, to June 30, 1989.**

The City of Boston, acting by its Director of the Public Facilities Department, 26 Court Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, invites sealed bids for making and delivering Xerox reproductions, blue-line prints, autopositives and sepias for the period July 1, 1988, to June 30, 1989.

Bids will be received up until twelve o'clock noon, Boston time, March 29, 1988, at the office of the Awarding Authority, 26 Court Street, Boston, MA 02108, at which time and place they will be publicly opened and read aloud.

The bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, certified check, treasurer's check or cashier's check, made payable to the City of Boston, in the sum of 5 percent of his or her bid.

No bid may be withdrawn after the time limit for filing bids and for the five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of bids. In addition, no bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful bidder will be required to provide for the payment of compensation by insurance and for the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed during the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor to take affirmative action in connection with employment practices.

Specifications will be available at the office of the Awarding Authority, 26 Court Street, Boston, MA 02108, on or about March 14, 1988.

A performance bond of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and in the sum of one thousand dollars (\$1,000) will be required of the successful bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all bids or any items of a bid, if it be in the public interest to do so.

Paige Academy, hereinafter referred to as the Awarding Authority, through funding from the Public Facilities Department, under support from the Community Development Block Grant, invites contractors to bid the following project:

Site: Paige Academy, 40 Highland Avenue, Roxbury, MA 02119.

Scope of Work: General carpentry, interior painting, porch enclosure, exterior painting, fencing and electrical.

Time and Place for Filing Bids: ALL GENERAL BIDS shall be filed with the Awarding Authority at the above address before 10 a.m. on April 6, 1988, at which time and place respective bids will be opened forthwith and read aloud. Contractors planning to submit bids should plan to attend a prebid

meeting specifying the extent of the renovations. The prebid meeting is scheduled as follows: Paige Academy, 40 Highland Avenue, Roxbury, MA 02119, March 23, 1988, 10 a.m.

PLANS AND SPECIFICATIONS will be available on March 16, 1988, at Paige Academy, 40 Highland Avenue, Roxbury, MA 02119, through Joe Cook at 445-5419.

The attention of all bidders is specifically directed to the fact that this is a federally assisted project and, therefore, not less than the minimum salaries and wages set forth in the contract documents must be paid to each worker on the project (Davis-Bacon), and that the contractor must ensure that employees and applicants are not discriminated against because of race, color, religion, sex, or national origin (Executive Order No. 11246). Attention is also called to the contractor requirements relating to Workmen's Compensation, and insurance requirements of the successful general contractor and subcontractor for the project shall be set forth in the Supplementary and Special Conditions of the contract documents.

The Awarding Authority reserves the right to waive any informalities in or to reject any and all bids if it be in the public interest to do so.

**Invitation for Bids for Restoration of Ornamental  
Steel Fence at Lincoln Square, South Boston, Mass.**

The City of Boston, acting by the Parks Commission, Room 930, 294 Washington Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project listed below. Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled, "Restoration of Ornamental Steel Fence at Lincoln Square, South Boston, Mass."

SCOPE OF WORK includes: Furnishing all labor, materials, equipment and transportation to the restoration of existing ornamental fencing and fabrication of new fencing at Lincoln Square. Estimated cost, \$60,000.

BIDS shall be submitted in duplicate before 2 p.m., Boston time, on Tuesday, March 22, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bids. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS AND PLANS will be available on or about Monday, March 7, 1988, after 9 a.m.,

Boston time, at the Parks and Recreation Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent, and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, 294 Washington Street, Room 930, Boston, MA 02108, on Tuesday, March 15, 1988, at 10 a.m., Boston time.

 MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

 PRESIDENT CITY COUNCIL

VOL. 80

MONDAY, MARCH 21, 1988

NO. 12

## MAYOR FLYNN ANNOUNCES BUILDING SALE

Mayor Raymond L. Flynn announced that the city's Public Facilities Department (PFD) contributed both the location and a \$90,000 grant to establish a transitional housing facility for the homeless.

"Transitional housing plays an important role in helping homeless people bridge the gap between life in a temporary shelter and getting a permanent home. In addition to providing homeless people with food and shelter, it is important that we help them find long-term housing and employment solutions," Mayor Flynn said.

The former six-family apartment building, located at 9 Codman Park in Roxbury, is being sold for \$1 by PFD, and will provide housing for eighteen homeless men and women.

In addition to providing the building, the city is contributing \$90,000 for renovation costs, funds provided in a \$1 million grant in federal Homeless Emergency Assistance Funds recently received by the city.

Mayor Flynn, Chairman of the U.S. Conference of Mayors' Task Force on Hunger and Homelessness, lobbied extensively for the passage of the Stewart B. McKinney Homeless Assistance Act passed in 1987, which provided the city with the \$1 million in homeless funding.

Second Home, Inc., of Dorchester, will operate the facility, expected to open in July. Second Home currently runs another transitional housing facility in Dorchester, established in 1984 with property also acquired from PFD.

Stuart Gurnsey, Director of Second Home, Inc., noted that continuing fund-raising efforts have produced over \$130,000 in contributions to the project. That money, combined with PFD's grant will help defray the estimated \$200,000 in total development costs.

"PFD staff members have been extremely generous with their time and talent," Guernsey said. "They guided us to just the right property to fit our needs," he added.

### A TRIBUTE TO EUGENE O'NEIL

In a tribute to Eugene O'Neil (1888-1953) and in observance of the 100th year of his birthday, the Boston Public Library is presenting a series of Hollywood adaptations of six of his classic plays.

Eugene O'Neill, born October 16, 1888, in New York City, had an unstable boyhood. His father James O'Neill, a well-known stage actor of his day, was frequently absent from home, while his mother suffered from chronic mental illness.

His writings, based on his early experiences in Provincetown, Mass., Connecticut, and New York City, were often pessimistic melodramas, but were highly praised by drama critics for their poetic dialogue and their insight into the human condition.

In 1920, seven years after he began writing, he received the Pulitzer Prize for his first full-length drama *Beyond the Horizon*.

Plagued by illness throughout his later years, both mental and physical, he died in Boston in 1953. Honored posthumously for his last major work, *Long Day's Journey Into Night* he is the first American writer to have received four Pulitzer Prizes, as well as the Nobel Prize for literature in 1935.

On March 21, the Boston Public Library will present *Mourning Becomes Electra*, O'Neill's six-hour Freudian-American-Greek tragedy was adopted for the screen in a truncated version by Dudley Nichols. A financial and critical

failure on screen, the film remains of interest to today's audiences for the powerful performances of Michael Redgrave as Orin, Katina Paxinou as Christine, and Raymond Massey as the father. Rosalind Russell, in a rare dramatic role for her at the time, did not fare too well with the critics as Lavinia, although she was nominated for an Academy Award. Michael Redgrave was also nominated for Best Actor. Directed by Dudley Nichols and produced by RKO. The play premiered on Broadway on October 26, 1931.

The March 28 presentation will be *Desire under the Elms*.

Irwin Shaw adapted O'Neill's grim and disturbing tragedy of passionate family conflicts and life on a New England farm. In spite of Hollywood's miscasting, the film version retains enough of the play to hold an audience's attention. Sophia Loren plays the Italian wife (a New Englander in the original), Burl Ives plays the husband (whom critics felt was wrong for the role), and Anthony Perkins plays the young man. Directed by Delbert Mann and produced by Paramount Pictures. The play premiered on Broadway on November 11, 1924.

*Anna Christie* will be shown on April 4. This screen adaptation of O'Neill's Pulitzer Prize winning play is probably best known as Swedish actress Greta Garbo's first talking film. Her performance as the prostitute redeemed through love is, however, both fascinating and admirable. Her scene with the wonderful character actress, Marie Dressler, cannot be forgotten. Charles Bickford plays the seaman ably assisted by George F. Marion. Directed by Clarence Brown and produced by MGM. The play premiered on Broadway on November 2, 1928.

All films are free and open to the public.

## CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

HEALTH AND HOSPITALS DEPARTMENT

## Professional Management Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to amend the contract with Custom Management Corporation, Pennsylvania, for professional management of the Dietary Department at Boston City Hospital, for the period July 1, 1985, through June 30, 1988, at a cost not to exceed \$2,808,000.

This amendment will increase the contract sum by \$98,403.75, thereby increasing the city's total liability under this contract, as so amended, to an amount not to exceed \$2,906,403.75.

This amendment is necessary due to the fact that the cost for the original contract did not include meals for the homeless, Employee Recognition Luncheon or free meals served during the 1986 work action. Since we required the dietary service to provide these meals the contract must be adjusted by the cost of these exceptions.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,

Lewis W. Pollack,  
Commissioner.

## CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

### HEALTH AND HOSPITALS DEPARTMENT Geriatrics Physician

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Trustees of Boston University, acting by the Boston University School of Public Health, School of Medicine, 80

### NEWS AGENCY

### Advertising

A rate of \$8 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the City Record. Advertising and other copy must, except in emergencies, be in hand at the City Record office by 11 a.m., Monday of each week to insure its publication in the following Monday's issue

East Concord Street, for the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$356,434.

Under this contract, the university shall provide a qualified physician group specializing in Geriatrics to plan, develop and deliver long-term care services for the City of Boston. The contract will cover salaries and support services for provision of the following: (a) medical services for elderly patients at Mattapan and Long Island Hospitals; (b) home health care; and (c) follow patients on acute-care admissions. The physician group will provide the aforementioned services on a twenty-four-hour a day, seven days a week basis.

The department has had contracts with the Boston University School of Medicine for medical and professional services for many years. Unadvertised contracts were awarded for the last three fiscal years in the following amounts: 1987 — \$218,962; 1986 — \$196,297; 1985 — \$48,680. The contract for 1985 was for the provision of only one physician specializing in geriatrics. The Medical School provides the department with high quality medical and professional services that incorporate service, teaching and research activities.

Because of the special fitness of the university to provide these services, because of the personal and professional nature of the services to be provided, and as the cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

Negotiations over the amount of this contract were not finalized until the end of June, therefore this award is being processed late.

Very truly yours,

Lewis W. Pollack,  
Commissioner.

### SCHOOL DEPARTMENT Accounting Services

Dear Mr. Mayor:

As superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to Maria Engel, an individual, residing at 19 Midvale Road, West Roxbury.

This contract shall be in effect during the period from February 29, 1988, to June 30, 1988, and shall occur at a cost not to exceed \$5,519, which I have deemed to be reasonable, an initial encumbrance of \$3,520, will be established for this vendor.

Under the terms of this contract, Maria Engel will provide professional services to the Office of Grants Management. Under the direction of the Senior Coordinator/External Grants, Ms. Engel will reconcile various externally funded School Department accounts with the records of the City Auditor. Ms. Engel will be compensated for her services at the rate of \$80 per day.

During her employment at the Office of the City Auditor, Maria Engel acquired the experience necessary to perform these and similarly complex accounting tasks. Her past experience and familiarity with the issues and procedures involved, in addition to the cost savings realized by hiring an individual with her training, make her highly qualified to provide these services.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest would not be served by publicly advertising for bids.

This is the first contractual agreement between the School Department and Maria Engel.

Very truly yours,

Laval S. Wilson,  
Superintendent.

## FIRE DEPARTMENT ORDERS

March 10.

General Order No. 16

### I. FIRE FIGHTER ROBERT L. HENNESSEY TRAINING, MAINTENANCE AND RESEARCH DIVISION

It with deep regret that the Fire Commissioner announces the death on February 25, 1988, of Fire Fighter Robert L. Hennessey, Training, Maintenance and Research Division. Fire Fighter Hennessey was appointed to the department April 27, 1955.

The funeral was held from the Alfred D. Thomas Funeral Home, 326 Granite Avenue, Milton, at 0800 hours, February 29, 1988, followed by a Funeral Mass at St. Ann's Church, 90 West Milton Street, Readville, at 0900 hours.

The Fire Commissioner made the customary detail to act as funeral escort and members from Headquarters, Training, Maintenance and Research, Fire Prevention Divisions and the Rifle Honor Guard were excused to attend the services.

### II. RETIREMENT

The retirement of the following-named member, in accordance with the provisions of section 5, chapter 32, G.L., became effective 1700 hours, February 29, 1988:

Fire Fighter Thomas F. Goodwin, Engine Company 5.

Fire Fighter Goodwin was appointed to the department July 6, 1955.

Fire Fighter Goodwin leaves the department with the best wishes of his associates.

### III. TRANSFERS

The transfers of the following-named members will become effective 0800 hours, Saturday, March 12, 1988:

Fire Fighter Stephen Harrington, from Engine Co. 33, to Personnel/Medical.

Fire Fighter Kenneth D. O'Neil, from Engine Co. 30, to Personnel/Medical.

Prin. Fire Alarm Operator, Henry W. Murphy, Fire Alarm Div., to Personnel/Medical.

### IV. HIGH COMMENDATION

On February 26, 1988, at 1300 hours, Box 2621 (2 alarms) was struck for a building fire at 25 Stellman Road, District 12.

Upon the arrival of District 12 and Engine Company 53, heavy fire was issuing from the first floor overlapping the second.

Upon notification by a civilian that a child was on the first floor, Fire Fighter (Aide to District Fire Chief) Paul D. Hynes, was ordered to conduct a search. Fire Fighter (Aide to District Fire Chief) Hynes entered via the front door, following Engine 53's line where members were in the process of knocking down the fire in the living and dining rooms.

Fire Fighter (Aide to District Fire Chief) Hynes entered a bedroom to the left and completely searched the room to no avail. He then located a door leading to a hall where he encountered intensive heat which forced him to crawl on hands and knees, locating an unconscious child and carried her to the street. Acting Lieutenant William Austin, Rescue Company 2, immediately performed CPR on the child who then was transported by Health and Hospitals to the Faulkner Hospital.

Because this rescue was accomplished during extreme heat, fire and smoke conditions, and performed at great personal risk and without regard for his personal safety, the Fire Commissioner is pleased to highly commend Fire Fighter (Aide to District 12) Paul D. Hynes for his actions and refers his case to the Board of Merit for further consideration.

### V. CHANGE IN DESIGNATIONS OF FIRE ALARM BOXES

The designations of the following-named fire alarm boxes have been changed to read as follows:  
12-1772 — Early Learning Center, Dist. C, 370 Columbia Road.

12-2165 — Boston Prep/Boston Schools, Safety, 205 Townsend Street.

12-259 — Barron Assessment Center, 515 Hyde Park Ave.

12-545 — Early Learning Center, Dist. A, 50 Beechcroft Street.

Company commanders shall make the above-mentioned changes to the department running cards

### VI. FIRE ALARM BOXES INSTALLED

The following-numbered fire alarm boxes have been installed. Company commanders shall add these boxes to their respective circuit cards.

12-1536 — Berkeley Place, 54 Commonwealth Ave., Circuit 5.

17-3148 — Boston Ambulance Squad, 19 Dickens Street, Circuit 38.

13-7261 — Fortress Storage, 101 Boston Street, Circuit 39.

### VII. SUSPENSIONS

In accordance with the provisions of section 20.10 of the Rules and Regulations of the Boston Fire Department, the following-named members are suspended, without pay, according to the dates indicated:

Fire Fighter Eddie Johnson, Engine Company 56, for five days, effective 0800 hours March 5, 1988, for violation of Rule 18.44(f) and Rule 18.52.

Fire Fighter Donald Mathes, Engine Company 5, for five days, effective 0800 hours, March 9, 1988, for violation of Rule 18.4, Rule 18.44(e), Rule 18.44(a) and Rule 18.44(i).

NOTICE TO CONTRACTORS

EXTENSION OF BID DATE

Invitation for Bids for Restoration of Ornamental Steel Fence at Lincoln Square, South Boston.

The City of Boston, acting by the Parks Commission, Room 930, 294 Washington Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby extends the bid date to March 31, 1988, instead of the proposed date March 23, 1988, to invite sealed bids for the project listed below.

Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled, "Restoration of Ornamental Steel Fence at Lincoln Square, South Boston."

SCOPE OF WORK consists of furnishing of all labor, material, equipment and transportation to restore existing ornamental fencing and fabrication of new fencing at Lincoln Square. Estimated cost, \$60,000.

BIDS shall be submitted in duplicate before 2 p.m., Boston time, on Thursday, March 31, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bid. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS AND PLANS will be available on or about Monday, March 14, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

A completed Minority Business Identification Statement (MBU-IS-A) shall be submitted for each Minority Business Enterprise listed on a bidders form (MBU-F), and submitted at the time of bid

opening, that is not included in the Minority Business Directory published by the Office of Minority Business. Copies of the Minority Business Identification Statement are available at the City of Boston Jobs and Community Services, 15 Beacon Street, Boston, MA 02108.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, Room 930, 294 Washington Street, Boston, MA 02108, on Tuesday, March 22, 1988, at 10 a.m., Boston time.

DEPARTMENT OF HEALTH AND HOSPITALS

Invitation for Bids for Chassis and Running Gear Work on Ambulances, Trucks, and Automobiles for the Department of Health and Hospitals for the Period July 1, 1988, through June 30, 1989.

The City of Boston, acting by its Board of Health and Hospitals and its Commissioner, hereinafter referred to as the Awarding Authority, invites proposals for furnishing the above service in accordance with specifications accompanying the proposal forms which may be obtained at the Office of Contract Management, Boston City Hospital, third floor, Administration Building, 818 Harrison Avenue, Boston, Mass., at or after twelve noon, Boston time, on Monday, March 21, 1988.

Bidders are required to leave at the above office their bid proposal together with a certified check in the amount of \$500, as a bid deposit payable to and

to become the property of the City of Boston if the proposal, after acceptance, is not carried out. A fully executed duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The proposal must be completely filled in, signed, and enclosed in an envelope, sealed, and plainly marked identifying the particular service or equipment to which it relates.

Bids will be publicly opened and read on Tuesday, April 5, 1988, at twelve noon, Boston time, at the Office of Contract Management at the address shown above.

No bid proposal may be withdrawn after the time limit for filing bid proposals and for thirty (30) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the bid proposals. In addition, no bid proposal filed by the three lowest responsible and eligible bidders may be withdrawn prior to the execution and delivery of the contract, unless no award has been made upon the expiration of the prescribed time therefor.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The Awarding Authority reserves the right to waive any informalities and to accept or reject any or all bids, or any part of a bid, and to award the contract as it deems to be in the public interest so to do.

The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bids. The Awarding Authority reserves the right to waive any informalities

in, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS will be available on or about Monday, March 14, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 20 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, 294 Washington Street, Room 930, Boston, MA 02108, on Tuesday, March 22, 1988, at 10 a.m., Boston time.

**REAL PROPERTY BOARD**

**Invitation for Proposals for Leasing of Public  
Parking Facility at 45 Nashua Street and 36  
Accolon Way, Boston.**

The Real Property Board of the City of Boston, hereinafter called the Board, invites, from individual citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one-half thereof is owned by a citizen or citizens of the United States, proposals for leasing the public parking facility situated in Boston at 45 Nashua Street and 36 Accolon Way, for the term of thirteen (13) months beginning May 1, 1988, and ending May 31, 1989, unless earlier terminated in accordance with the terms and conditions as more fully set forth in the form of lease. Copies of the proposal and the lease, containing all applicable terms, conditions and covenants regarding the leasing of the Nashua Street/Accolon Way Parking Facility may be obtained daily (except Saturdays, Sundays and holidays) between 9 a.m. and 5 p.m., at the office of the Board, One City Hall Square, Room 811, Boston, for a non-refundable fee of twenty-five dollars (\$25) for each proposal taken. The covenants and agreements contained in the lease will require, among other conditions, that the lessee will maintain and operate the parking facility at all times in a manner fully satisfactory to the Board.

Bidders may be asked to provide the Board with evidence of ability to perform the terms and conditions of the lease. As part of their proposal, bidders must furnish the Board with information concerning past experience in managing and operating parking facilities.

Proposals shall be submitted, in duplicate, on forms obtained as aforesaid. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed, and marked, "Proposal for Leasing of Public Parking Facility at 45 Nashua Street and 36 Accolon Way, Boston." One copy of proposal shall be filed with the Board at its office on or before 10 a.m. on Tuesday, April 19, 1988, at which time and place all proposals will be publicly opened and read aloud. The copy of the proposal filed with the Board shall be accompanied by a bid deposit of five thousand dollars (\$5,000), made under the terms stated in the form of proposal, in the form of cash or a certified check, payable to the City of Boston. Additionally, the copy of the proposal filed with the Board shall be accompanied by a letter from a duly authorized agent of an insurance company certifying that a performance bond in the required amount as set forth in the proposal will be produced or, alternatively, the bidder shall accompany any proposal filed with the Board with cash or a certified check in the required amount as set forth in the proposal, payable to the City of Boston. The other copy of the proposal shall be filed by the bidder before said day and hour at the office of the City Auditor, One City Hall Square, Room M4, Boston.

No proposal shall be withdrawn after the day and hour hereinbefore set for the opening of proposals.

The Board reserves the right to reject any and all proposals.

CITY OF BOSTON

PUBLIC WORKS DEPARTMENT

Proposal for Roadways Resurfacing in  
All Areas of the City of Boston.

The City of Boston, acting by its Commissioner, invites sealed proposals for the performance of the work generally described above and in the contract documents.

Every proposal shall be submitted in duplicate on and in accordance with the contract documents which may be obtained at Room 714 (Contract Office), City Hall, Boston, Mass., after Monday, March 21, 1988.

All proposals shall be filed no later than 2 p.m., Boston time, Thursday, April 7, 1988, at Room 714, and at the office of the City Auditor, Room M4, City Hall, Boston, at which time and place they shall be publicly opened and read aloud. There will be a charge of five dollars (\$5), not refundable, for each set of contract documents taken out.

The attention of all bidders is directed to the provisions of the contract documents and specifically to the requirements for bid deposits, insurance and performance bonds as may be applicable.

Proposal guaranty shall consist of a bid deposit of 5 percent of the total bid, in the form of a bid bond, certified check, treasurer's or cashier's check issued to the City of Boston.

A performance bond of a surety company authorized to do business in Massachusetts, and satisfactory to the Commissioner or a certified check on, or a treasurer's or cashier's check issued by a responsible bank or trust company payable to the City of Boston, will be required of the successful bidder as security to guarantee the faithful performance of the contract. The penal sum of such bond or amount of such check shall be in the sum of 100 percent of the contract price.

NOTICE

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

During the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following Workforce Requirements (labor).

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Boston Resident Workforce:* The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on this contract.

3. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on this contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates," as determined by the Commissioner of Labor and Industries under the provisions of chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended.

ATTENTION TO ALL BIDDERS

I. Minority Business Requirements

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for Minority Business Enterprise Utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 20 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the Minority Business Enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 15 Beacon Street, fifth floor, Boston, MA 02108, telephone number 720-4300. If a contractor wishes to use a minority business that is not listed in the directory, he must contact the Minority Business Office to obtain a copy and submit with his bid, a Minority Business Identification Statement. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

PREBID CONFERENCE

Bidders seeking information pertaining to the City of Boston's Affirmative Action and Minority Business Enterprise Utilization requirements are invited to attend prebid conference to be held on Tuesday, April 5, 1988, at 10 a.m., in Room 714, City Hall. All prospective bidders are urged to attend and all will be held to knowledge of what there transpires, whether they are present or not.

ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH. The commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

**NOTICE TO CONTRACTORS**

**Invitation for Bids for Improvements to Dorchester Park, Dorchester, Mass.**

The City of Boston, acting by the Parks Commission, Room 930, 294 Washington Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project listed below.

Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled: "Improvements to Dorchester Park, Dorchester, Mass."

**SCOPE OF WORK:** Furnishing all labor, materials, equipment and transportation for tree removal, pruning and clearing. Estimated cost \$40,000.

BIDS shall be submitted in duplicate before 2 p.m., Boston time, on Wednesday, April 6, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bid. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

**SPECIFICATIONS AND PLANS** will be available on or about Monday, March 21, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

**BIDDERS** are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

A completed Minority Business identification Statement (MBU-IS-A) shall be submitted for each Minority Business Enterprise listed on a bidders form (MBU-F), and submitted at the time of bid opening, that is not included in the Minority Business Directory published by the Office of Minority Business. Copies of the Minority Business Identification Statement are available at the City of Boston Jobs and Community Services, 15 Beacon Street, Boston, MA 02108.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materi-

ils or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, 294 Washington Street, Room 930, Boston, MA 02108, on Wednesday, March 30, 1988, at 10 a.m., Boston time.

PARKS AND RECREATION DEPARTMENT

NOTICE TO CONTRACTORS

Invitation for Bids for Wall Reconstruction at  
Charter Street Playground, North End.

The City of Boston, acting by the Parks Commission, Room 930, 294 Washington Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project listed below.

Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled: "Wall Reconstruction at Charter Street Playground, North End."

SCOPE OF WORK consists of furnishing of all labor, material, equipment for excavation, demolition and reconstruction of concrete wall, drainage and cement concrete walk work. Estimated cost \$250,000.

BIDS shall be submitted in duplicate before 2 p.m., Boston time, on Thursday, April 7, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bids. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS AND PLANS will be available on or about Monday, March 21, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$50 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$50 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

A completed Minority Business identification Statement (MBU-IS-A) shall be submitted for each Minority Business Enterprise listed on a bidders form (MBU-F), and submitted at the time of bid opening, that is not included in the Minority Business Directory published by the Office of Minority Business. Copies of the Minority Business Identification Statement are available at the City of Boston

Jobs and Community Services, 15 Beacon Street, Boston, MA 02108.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, 294 Washington Street, Room 930, Boston, MA 02108, on Tuesday, March 29, 1988, at 10 a.m., Boston time.

## MAYOR APPOINTS TWO ADMINISTRATORS

Mayor Raymond L. Flynn announced the appointment of administrators to fill two City Hall positions in the areas of education and job opportunities this week. Ellen Guiney, longtime educational advocate, has been named Education Advisor for the city; and Roscoe Morris, formerly of the Public Facilities Department, was named Affirmative Action Director.

"Ellen Guiney is widely known as one of Boston's strongest and most knowledgeable advocates for public education," Mayor Flynn said. "Her experience and her commitment to genuine and meaningful parental involvement in public education will be of enormous help as we move forward to develop a new Boston Compact and a new student assignment plan in the months ahead."

Ellen Guiney, has been director of Citywide Education Coalition (CWEC) and a member of the Massachusetts Board of Regents. She brings fourteen years of commitment to public education and involvement as a parent of three children in the Boston Public Schools. She has served since 1980 as the director of CWEC, an independent research and advocacy organization for public education in Boston.

"The Boston Public Schools have received unprecedented financial support under Mayor Flynn's administration," Guiney noted, pointing to a facilities improvement plan of nearly \$150 million and an operating budget which has grown by over \$100 million since Mayor Flynn took office.

Ellen Guiney succeeds Felix Arroyo as Education Advisor. Last month, Mayor Flynn appointed Arroyo as Director of the Office of Personnel Management, making him the chief personnel officer for the City of Boston.

"We are fortunate to have a manager of Roscoe Morris' caliber to accept the ongoing challenge of my executive order establishing employment opportunities within the city's workforce for women, minorities, veterans and persons with disabilities," Mayor Flynn said. "As Affirmative Action Director, he will work directly with department heads to provide jobs and promotional opportunities in

all levels of government to people who reflect the diversity of Boston's neighborhoods."

Roscoe Morris, a Dorchester resident and veteran, has previously managed community programs and recruitment policies for the city's Public Facilities Department. Before entering public service, he coordinated affirmative action policies at the National Shawmut Bank. Morris also assists neighborhood youths seeking employment through his work with the Dorchester Youth Collaborative and Skill Builders Corporation.

Mr. Morris will assume the responsibilities of Affirmative Action director on April 6, 1988. In addition to his responsibilities to ensure adherence to affirmative action policies in the City of Boston line departments, Morris will work closely with the Boston Redevelopment Authority, Boston Housing Authority, and the Economic Industrial Corporation of Boston, to support the employment opportunities for women and minorities within these agencies.

### TRAFFIC CHANGES ON BEACON STREET

Boston Transportation Department Commissioner Richard A. Dimino has announced that traffic regulation changes will soon be implemented on Beacon Street in Beacon Hill for a trial basis of ninety days.

In cooperation with the Beacon Hill Civic Association, the Transportation Department is removing twenty parking meters on Beacon Street between Charles Street and Spruce Street and instituting a **No Parking, Monday through Friday, 7 A.M. to 7 P.M.** ban at the location. The action will serve to accommodate an additional lane of traffic traveling up the hill from Charles Street to Joy Street, but will maintain parking for residents and visitors during the evening and weekend hours. Beacon Street currently accommodates two lanes of traffic from Joy Street to Park Street, but only one lane of traffic from Charles to Joy Street.

The new Beacon Street traffic pattern is the result of studies performed by the Transportation Department in an effort to reduce serious levels of congestion on the section of Charles Street adjacent to Boston Common. The studies indicate that backups on Charles Street are directly linked with an insufficient travel capacity for motorists driving in a northeasterly direction on Beacon Street between Charles and Joy Streets.

Commissioner Dimino said, "The new traffic pattern is expected to increase traffic volume and reduce vehicular congestion in the Charles/Beacon area. The Transportation Department will closely monitor the effects of the changes and, in conjunction with the Beacon Hill Civic Association, assess the resulting consequences before a permanent decision is made."

## CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

### CAPITAL PLANNING Printing Services

Dear Mr. Mayor:

On September 19, 1987, your Honor approved the award of an advertised contract to Allison Associates, located at 654 Beacon Street, Boston, for editorial and production services to be rendered to the Office of Capital Planning in the development of a capital planning document during the period of July 20, 1987, through September 30, 1987, at a cost not to exceed \$28,355.

Your approval is requested to amend this contract to provide for additional services which were not anticipated in the terms of the original contract. Due to changes of the printing quote including overtime charges, authors' alterations, changes in page count and printing of covers and shipping, it is necessary to increase the scope of work, the not to exceed amount, and the expiration date under this contract.

The cost of this amendment shall not exceed \$10,000, which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$38,355. The period of this contract shall be extended to June 30, 1988.

Because of the specialized scope of services to be performed and in consideration of the selection process followed for the award of the original contract, I do not believe public advertising would benefit the City of Boston, or serve any useful purpose.

The lapse of time between the contract expiration date and the date of the amendment is due to administrative delays, particularly in obtaining all necessary contract documents.

Respectively,  
Mary Nee,  
Director.

### HEALTH AND HOSPITALS DEPARTMENT Technicians Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the contract with Staff Builders Allied Health Division, 18 Tremont Street, for the period September 1, 1987, through June 30, 1988, at a cost not to exceed \$20,000.

This amendment will increase the contract sum by \$7,500, thereby increasing the city's total liability under this contract, as so amended, to an amount not to exceed \$27,500.

Due to staffing shortage there was a greater need for additional temporary technicians, therefore making it necessary to amend this contract.

In view of the above, in my opinion, is reasonable, I recommend approval of the amendment.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

### RIA Kits, etc.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the contract with Ciba Corning Diagnostics Corp., Medfield, for the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$35,505.

This amendment will increase the contract by \$30,000, thereby increasing the city's total liability under this contract to an amount not to exceed \$65,505.

Currently Boston City Hospital purchases RIA Kits/Controls from several vendors under contract agreements as a result of public bids. This office has received notification from Serona Diagnostics, Inc. of Norwell, that they have entered into an exclusive distribution agreement for RIA products in the U.S. with the Ciba Corning Diagnostics Corp. Therefore this amendment is requested to incorporate those RIA Kits, etc. which were previously purchased from Serona into the existing contract with Ciba Corning Diagnostics Corp.

Whereas prices, terms and conditions shall remain the same, no benefit would inure to the city by readvertising these kits for bid. I recommend approval of this amendment.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

### Rubbish Removal Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the contract with GSX Corporation of New England for rubbish removal services at Long Island Hospital for the period July 1, 1987, through June 30, 1989, at a cost not to exceed \$27,900.

This amendment will increase the contract sum by \$74,000, thereby increasing the city's total liability under this contract, as so amended, to an amount not to exceed \$101,900.

A contract for disposal of refuse was originally awarded to Waste Management of Mass. for the period July 1, 1986, through June 30, 1987, with an option to renew for a second and third year under the same terms or those more favorable to the city. The contract was extended under the same terms for the period July 1, 1987, through June 30, 1988, at a cost of \$62.50 per ton. Long Island Hospital was refused access to the landfill provided by Waste Management of Mass. several times during July and August. The hospital was unable to confirm

### Advertising

A rate of \$8 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the City Record Advertising and other copy must, except in emergencies, be in hand at the City Record office by 11 a.m., Monday of each week to insure its publication in the following Monday's issue

their status from week to week. Due to the emergency nature of this service it was necessary to establish an agreement with GSX Corp. of New England, the contractor providing rubbish removal services for the hospital.

In addition to providing rubbish removal services, GSX Corp. has agreed to provide for the disposal of refuse through June 30, 1989, the term of the contract, at a cost of \$77 per ton. The cost of refuse disposal will be renewed on July 1, 1988, at the option of the Department of Health and Hospitals. It is the intent of the department to decrease the monies encumbered for Waste Management of Mass. so that these funds can be appropriated to GSX Corporation of New England.

This amendment is necessary to provide for the disposal of refuse, estimated at 480 tons per year, for the period July 1, 1987, through June 30, 1989, at a cost of \$37,000 per year. Due to the emergency nature of this service and because the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

### POLICE DEPARTMENT Repairs to Typewriters

Dear Mayor Flynn:

On October 13, 1987, following public advertising, your Honor approved an award of a contract to Cameron Business Machines, 24 Brighton Avenue, Allston, for the maintenance and repair of Police Department typewriters during the period of July 1, 1987, through June 30, 1988, at a cost not to exceed \$5,304.

Your approval is requested to amend this contract to provide for repair work not originally detailed in the contract. This amendment will cover the repair and maintenance of thirty-two newly purchased state surplus typewriters, as well as parts and labor costs to repair all damaged Police Department's typewriters, due to negligence.

The cost of this amendment, which is effective October 13, 1987, shall not exceed \$5,500, which I have determined to be reasonable. The total cost of the contract, as amended, shall not exceed \$10,804. The period of performance shall remain the same.

Because the original contract was advertised, it is submitted that further public advertising would serve no useful purpose. This amendment is being submitted late due to administrative delays caused by internal personnel changes.

Respectfully,  
Francis M. Roache,  
Police Commissioner.

### Towing of Vehicles

Dear Mayor Flynn:

On October 9, 1987, your Honor approved the award of a contract which was publicly advertised on May 4, 1987, to Norfolk Service Station, Inc., 841 Morton Street, Mattapan, for the towing of disabled Police Department vehicles and motor vehicles held for evidence purposes during the period July 10, 1987, through June 30, 1988, at a cost not to exceed \$10,000.

Your approval is requested to amend this contract to provide for an increased amount due to a higher number of towing services needed by the Police Department than was estimated in the terms of the original contract. The cost of this amendment, which is effective January 1, 1987, shall not exceed \$20,000. The total cost of the contract, as

amended, shall not exceed \$30,000. I have determined this to be reasonable given the amount of towing services used by the Police Department in previous fiscal years. The period of performance shall remain the same.

Due to the exigency of this service and the fact that Norfolk Service Station, Inc. is a responsible and qualified vendor, your permission is requested to amend this contract without further advertising. This letter is being submitted late due to administrative delays with regard to personnel changes.

Respectfully,  
Francis M. Roache,  
Police Commissioner.

**PUBLIC WORKS DEPARTMENT**  
**Materials Testng, etc.**

Dear Mr. Mayor:

On February 10, 1987, you approved the award of a contract to Thompson & Lichtner Co., Inc., of 111 First Street, Boston, for testing of materials and plant inspection of construction materials, SC-7700(87), at a cost not to exceed \$50,000, for the period April 1, 1987, to December 31, 1987.

Your permission is respectfully requested to amend this contract to provide for additional work not anticipated in the original contract.

In the course of the work this amount has proven to be insufficient, inasmuch as the major portion of the work done under this contract is on an as-needed basis determined by the maintenance and construction schedules and could not be anticipated in advance.

The cost of this amendment, which is effective on December 15, 1987, shall not exceed \$16,500, a fixed cost, which I have determined to be reasonable for the work. The contract, as amended, shall not exceed \$66,500.

This amendment is being prepared at this late date, as only now has the full extent of the additional work and the costs involved been fully realized.

Inasmuch as this work is related directly to and in conjunction with an existing contract, I feel that public advertising would serve no useful purpose.

Very truly yours,  
Joseph F. Casazza,  
Commissioner.

**SCHOOL DEPARTMENT**  
**Various Educational Materials**

Dear Mr. Mayor:

On May 2, 1986, the Mayor approved the award of a contract to various vendors for providing books and certain educational materials during the period August 1, 1987, to June 30, 1989.

Your approval is requested to amend this contract to add additional vendors to the original listing approved by the Mayor. They are as follows:

American Psychiatric Press; Callaghan & Co.; Clarus Music Ltd.; Hayes School Pub.; Insect Lore Products; Jalmar Press; Learning Alternatives; Mind Training Systems; Moreno Educational Co.; Nelco, Inc.; Sargent Welch Scientific Co.; Student Supply Co.; Wholesale Educational Supply; Vocational Technical Education Consortium of States Commission on Occupational Education Institutions Southern Association of Colleges and Schools (V-TECS).

This amendment will not affect the amount of dollars budgeted for fiscal year 1987. Because of the ongoing need to provide Boston Public Schools with books and certain educational materials, and because textbooks and certain other educational materials, are unique to a particular publisher, it is my opinion that advertising for bids would serve no public purpose.

This contract amendment is late due to new orders placed by various schools and departments. Orders were placed at intervals between summer, 1987 and as recent as fall, 1987. The Business Office anticipated that new orders are going to exceed the \$2,000 limit.

All companies on this list are reputable and publish at least some materials that should be included on Boston's Approved Lists.

Very truly yours,  
Leo J. Burke,  
Business Manager.

**Duplicating Machine Supplies**

Dear Mr. Mayor:

On July 24, 1987, your Honor approved an award of a contract CO4381(88) to Standard Duplicator Sales, Inc., Andover, to purchase, maintain and furnish related supplies for duplicating machines during the period July 1, 1987, through June 30, 1988, at cost not to exceed \$16,500.

Your approval is requested to amend this contract for an additional \$12,000. The contract allows for the purchase of equipment and supplies in addition to maintenance. The total contract as amended will not exceed \$28,500.

The reason for this amendment is due to the fact that we could not anticipate at the time the contract was executed how many schools planned to purchase equipment. Because we had requested price quotes for equipment to be purchased in the original bid and the vendor has agreed to hold to these original prices, a price I deem reasonable, I believe that public advertisement at this time would serve no useful purpose.

Very truly yours,  
Leo J. Burke,  
Business Manager.

**TREASURY DEPARTMENT**  
**Financial Assistance Services**

Dear Mr. Mayor:

On August 24, 1987, your Honor approved award of a contract, without public advertising, to William Lee, an individual located at 180 Chiswick Road, for assistance in financial activities for the Treasury Department for the period August 24, 1987, through June 30, 1988, at a cost not to exceed \$19,501.

Your approval is requested to amend this contract to provide for an increase in weekly compensation as provided for in the terms of the original contract. Mr. Lee has demonstrated a mastery of the cash flow preparation and of several other major operational areas. This reduces the need for day to day supervision of his activities. In recognition of his increased capacity for more independent project management, Mr. Lee will continue to work full time at the new rate of \$479.17 per week, effective January 25, 1987. The total amount of this contract as amended will not change.

The period of performance shall remain August 24, 1987, through June 30, 1988.

Respectfully yours,  
George A. Russell, Jr.,  
Collector-Treasurer.

Dear Mr. Mayor:

On August 24, 1987, your Honor approved award of a contract, without public advertising, to Robert Walthall, an individual located at 49 Alpine Street, for professional services as financial/systems analyst for the Treasury Department for the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$21,209.

Your approval is requested to amend this contract to provide for an increase in weekly compensation as provided for in the terms of the original contract. Mr. Walthall has demonstrated the ability to manage projects independently, particularly in the handling of 121A and problem PILOT accounts and of several other major operational areas. This reduces the need for day to day supervision of his activities. In recognition of his increased capacity for more independent project management, Mr. Walthall will continue to work full time at the new rate of \$451.06 per week, effective January 25, 1987. The total amount of this contract as amended will not change.

The period of performance shall remain July 1, 1987, through June 30, 1988.

Respectfully yours,  
George A. Russell, Jr.,  
Collector-Treasurer.

**CONTRACTS AWARDED  
WITHOUT ADVERTISING**

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

**BUDGET AND PROGRAM EVALUATION**  
**Program Budgeting Evaluation**

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to Trainor and Company of 77 North Washington Street. Under the terms of the contract, the contractor will assist the director of the Office of Budget and Program Evaluation in the design, implementation and subsequent critique of a program budgeting and evaluation process and will assist in the development and production of the City of Boston's operating budget.

The implementation of the second phase of the program budgeting and evaluation process was under way when the sole consultants assigned to this project resigned from the firm of Deloitte, Haskins & Sells and founded Trainor and Company. Not only did the lead consultant leave DHS, but every member of the consulting team left as well. It is essential to the successful completion of this project that OBPE continue to benefit from their experience and expertise. Additionally, a substantial reduction in the hourly rate for professional services is realized under the Trainor and Company contract.

Compensation under the terms of this contract shall not exceed \$80,000, a cost which has been deemed reasonable. Services will be performed on a task-order basis at a cost of \$75 per hour. Payment for those services will be made from appropriation code 030-14-8870-0290 and 011-140-0141-0290 by the Office of Budget and Program Evaluation. The period of performance will be from February 22, 1988, through June 30, 1988.

The original contract was competitively awarded, by means of an RFP, prebid conference and the active solicitation of proposals. This is a negotiated contract at a reasonable cost and no purpose would be served through public advertising. Another public bidding process would inevitably lead to the same result, as the prior RFP contained the criteria "experience" in the subject area and "experience in dealing with City of Boston financial issues." Given the fact that this term won the award of the contract on a competitive basis, their one and a half years of experience working on this project, their

reduction in hourly compensation, and the likely unwillingness of other consulting firms to bid on the project, I therefore request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code St. 4, s. 5.

Sincerely,  
Robert J. Ciolek,  
Director.

#### HEALTH AND HOSPITALS DEPARTMENT Analysis Reports, etc.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend a contract, without advertising, to American Hospital Association, Healthcare Administrative Services Division, Chicago, for the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$4,000.

Under this contract, Healthcare Administrative Services will provide Boston City Hospital with a quantitative monthly report (Monitrend), which compares hospital performance indicators over time and in relation to comparable institutions. It provides an information system for monitoring the budget process, operational inefficiencies and provides trend analysis reports. Additional comparative data on financial ratios, payer sources and uncompensated care are also available.

The Monitrend Monthly Report cost is \$275 per month. An annual Graphing Program fee is \$450 and the six-month Monitrend book issued twice a year cost \$42.50 each. An additional \$165 is included to cover any increases which may occur in April, 1988. There was no prior contract for these services.

Since Healthcare Administrative Services is the only vendor with access to the American Hospital Association's data on hospitals' statistics, and because the cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

This award is being processed late because the documents were not received from the vendor until after March 1, 1988.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

#### Automatic Tourniquet System

Dear Sir:

An invitation for bids, Proposal No. 690, to furnish automatic tourniquet system to the Department of Health and Hospitals, was advertised in the *City Record* on January 4, 1988. Bids were publicly opened and read on January 20, 1988. Ten companies were solicited and one company responded to the invitation to bid.

A technically defective bid was received from the following vendor, who submitted the lowest acceptable bid meeting specifications at prices I consider to be reasonable, in that the vendor submitted a late bid. Zimmer, Inc., Indiana, \$10,122; net 30 days; FOB: origin.

Therefore, because it is in the best interest of the city, pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award a contract, without further advertising, to the above vendor. The contract amount is an approximate figure based on estimated volume. The contract price is from February 16, 1988, through June 30, 1988.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

#### Psychiatry Consultant Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Katherine Poole Wolf, M.D., 161 Reservoir Road, Chestnut Hill, for the period March 1, 1988, through June 30, 1989, at a cost not to exceed \$10,000.

Under this contract, Dr. Wolf will provide on-site consultation services in Psychiatry to Mattapan Hospital. The on-site consultative sessions are to total at most twelve hours per week, with an anticipated average of eight hours a week, to be reimbursed at the rate of \$50 per hour. Telephone availability for problems and questions regarding the psychiatric aspect of patient care is to be reimbursed at a flat rate of \$1,200 per year. Reimbursement is to be paid monthly on a services rendered basis.

Fiscal year 1988 is the first year that a contract will be awarded to Dr. Wolf. Prior to this, unadvertised contracts were awarded to Dr. Zavarine for the past two fiscal years in the following amounts: 1987 — \$16,000; 1986 — \$14,000. Dr. Zavarine left Mattapan Hospital voluntarily.

As Dr. Wolf is a specialist in this field, because of the professional nature of the services to be provided and as the cost, in my opinion, is reasonable, no useful purpose would be served by publicly advertising for bids.

This award is being processed late because the documents were not received from the vendor until after March 1, 1988.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

#### Physiotherapy Services

Dear Sir:

An invitation for bids, Proposal No. 683, to furnish physiotherapy cycle and muscle stimulator to the Department of Health and Hospitals, was advertised in the *City Record* on December 7, 1987. Bids were publicly opened and read on December 21, 1987. Ten companies were solicited and four companies responded to the invitation to bid.

A technically defective bid was received from the following vendor, who submitted the lowest acceptable bid meeting specifications at prices I consider to be reasonable, in that the vendor submitted a late bid — Halliday Hospital Supply, Inc., Needham, \$4,640; net 30 days.

Therefore, because it is in the best interest of the city, pursuant to the authority, delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award a contract, without further advertising, to the above vendor. The contract amount is an approximate figure based on estimated volume. The contract period is from March 7, 1988, through June 30, 1988.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

#### JOBS AND COMMUNITY SERVICES

##### Prevocational Training

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to the Jewish Vocational Services, Inc., a nonprofit corporation, located at 31 New Chardon Street. Under the terms of the contract, the contractor will provide prevocational training for approximately five DPW eligible participants with special needs for placement into various JTPA training programs. Services will include care exploration, assessment, counseling and tutoring.

The contractor was selected based upon an evaluation of its proposal submitted in response to a Request for Proposals conducted by the Mayor's Office of Jobs and Community Services. Costs were determined to be reasonable after an extensive analysis by JCS staff and outside readers. Other selection criteria include administrative capability, performance under previous contracts, the ability to provide the services needed, and the ability to serve the targeted population.

Compensation under the terms of this contract shall not exceed \$12,500, payment being provided by the Department of Public Welfare. The period of performance shall be from January 1, 1988, until December 31, 1988. This request has been delayed due to the time involved in reaching funding decisions.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Neil H. Gordon,  
Associate Director.

#### Training Programs

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to the Jewish Vocational Services, Inc., a nonprofit corporation, located at 31 New Chardon Street, Boston. Under the terms of the contract, the contractor will provide outreach, recruitment and referral services for five Eastern European refugees for placement into various JTPA training programs. In addition, ongoing support, English as a Second Language and cultural orientation awareness services will be provided.

The contractor was selected based upon an evaluation of its refunding proposal submitted to the Mayor's Office of Jobs and Community Services. Other selection criteria include results of site monitoring visits conducted by JCS staff, an overall review of the contractor's performance during the prior contract period, administrative capability, reasonableness of cost, and the ability to serve the targeted population.

Compensation under the terms of this contract shall not exceed \$10,710, payment being provided by the Job Training Partnership Act. The period of performance shall be from July 1, 1987, until June 30, 1988. The request has been delayed due to the time involved in reaching funding decisions.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Neil H. Gordon,  
Associate Director.

#### LAW DEPARTMENT

##### Legal Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Budd, Wiley & Richlin, P. C., a law office located at 75 Arlington Street, Boston.

Under the terms of the contract, Budd, Wiley & Richlin, P. C. will provide services for the Boston Housing Authority and the city for a Housing and

Urban Development legal matter during the revision of the assignment process. They are uniquely qualified to provide these services because of their expertise and experience in this field.

Compensation under this contract shall not exceed \$50,000. Payment will be made at the rate of \$175 for partners' time and \$95 for associates' time. I have determined these rates to be reasonable. The term of this contract shall be from February 21, 1988, to June 30, 1988.

Because of the professional nature of the services to be performed, I feel that public advertising would serve no useful purpose.

This contract is being submitted late due to the unanticipated rapid development of the issues involved.

Very truly yours,  
Joseph I. Mulligan Jr.,  
Corporation Counsel.

**MANAGEMENT INFORMATION SYSTEMS  
Software Programs**

Dear Mr. Mayor:

I respectfully request that your Honor award a contract, without public advertising to Technology Systems, Inc., Lexington, for the purchase and installation of LAMP (Large Administrative Municipal Package), a software program to be used on the Wang vs. System in City Hall.

The acquisition of this software package will allow Management Information Systems to establish a vehicle for correspondence with citizens who have complaints or suggestions about the delivery of city services. In addition, the program will enhance the coordination of service requests requiring the collaboration of two or more departments in conjunction with the Office of Budget and Program Evaluation and the Mayor's Policy Office. MIS will be able to monitor and increase the efficiency of departmental responses to groups and individuals.

Inasmuch as LAMP is a software package designed by TSI and has been installed in dozens of chief executive offices, including the Commonwealth of Massachusetts, it is my opinion that public advertising would serve no useful purpose.

The cost of this contract, which I deem as being reasonable, is a one-time cost of \$35,000 and includes training. This dollar amount should be charged to appropriation 011-140-0149-0490.

This contract is late due to loss of the original TSI documents in the contract process.

Sincerely,  
Allan K. Stern,  
Director.

**PENAL INSTITUTIONS DEPARTMENT  
Adult Education Instructor**

Dear Mr. Mayor:

In response to an advertisement in the *Boston Sunday Globe*, published on December 12, 1987, for an adult basic education instructor at the Suffolk County House of Correction, Deer Island, a resume was submitted by Sue S. Luce, an individual residing at Westwood.

Ms. Luce's experience includes being an associate professor of English for the Montgomery College at Rockville, Maryland, and also as an instructor of English composition for the Los Angeles Valley College at Van Nuys, California.

Under the terms of this contract, Ms. Luce will instruct inmates that are confined to the Suffolk County House of Correction thirty-five hours per week at a rate of \$12.87 per hour, which I have determined to be reasonable for the work to be performed.

Ms. Luce is currently providing ABC instruction

to inmates confined at the Suffolk County House of Correction via a service order, total cost not to exceed \$1,802, from February 17, 1988, to March 16, 1988. Due to the *Watkins, et al v. Flynn, et al.* settlement agreement, it was necessary to hire an ABE instructor immediately. Hence, a service order was initiated in order that Ms. Luce could begin work immediately.

Therefore, your permission is requested to award this contract, without further public advertising, to Sue S. Luce, Westwood, for the period of February 17, 1988, through June 30, 1988. Compensation under this contract shall not exceed \$8,650 which includes the service order for \$1,802. This contract is being submitted late in order to have Ms. Luce begin work as an adult basic education instructor at the Suffolk County House of Correction immediately.

Very truly yours,  
Robert G. Walsh, Jr.,  
Commissioner.

**POLICE DEPARTMENT  
Psychological Examinations**

Dear Mayor Flynn:

I respectfully request your permission to dispense with public advertising and to award a contract to Dr. William Brickhouse, a psychologist, located at 47 Fort Avenue, Roxbury, for the preparation and administration of the examination for the Boston Police Cadet Program.

Under the terms of the contract, Dr. Brickhouse will construct the competency and psychological cadet examinations and score the examinations for an estimated 394 participants. In addition to these services, Dr. Brickhouse will act as consultant to the Boston Police Department's Personnel Department on any issues concerning the cadet examination and its process.

Dr. William Brickhouse has extensive work experience with state and local public safety departments, specifically in the development of psychological testing and selection criteria. He is uniquely qualified to perform these services as he developed the Boston Police Cadet Selection Program.

Compensation under this contract shall be at a rate of \$60 per hour, with the total cost of this contract not to exceed \$4,700, which I have determined reasonable for the work to be performed. The term of the contract shall be July 1, 1987, through June 30, 1988.

In light of Dr. Brickhouse's specialized qualifications and the fact that he developed the Boston Police Cadet Selection Program, it is submitted that public advertising would serve no useful purpose. This letter is being submitted late due to administrative delays caused by internal personnel changes.

Respectfully,  
Francis M. Roache,  
Police Commissioner.

Dear Mayor Flynn:

I respectfully request your permission to dispense with public advertising and to award a contract to the Neurological Referral Center, Inc., a corporation, located at 720 Harrison Avenue, for the psychiatric and psychological evaluation of the Police Department's sworn personnel.

Under the terms of the contract, the Neurological Referral Center, Inc. will conduct psychiatric and psychological evaluations of sworn personnel with regard to their fitness to return to active duty. These tests will evaluate a sworn member's mental ability

and fitness to return to street duty and to carry a firearm. These evaluations are essential to the Police Department's Medical Services Unit.

The Neurological Referral Center has provided psychiatric and psychological services to the Boston Community since 1968. They have an excellent team of trained psychiatrists and psychologists, including PHD as well as SCD certified. The Police Department, prior to this contract request, had utilized the services of another psychologist who notified us that he was relocating his practice. At the time of notification, the department was in need of evaluations for several officers. The Neurological Referral Center came highly recommended to us by the University Hospital.

Compensation under this contract shall not exceed \$12,000, which I have determined to be reasonable for the services to be performed.

The term of this contract shall be July 1, 1987, through June 30, 1988.

Due to the professional nature of the services to be performed and the exigency of the situation, it is submitted that public advertising would serve no useful purpose. This letter is being submitted late due to administrative delays and internal personnel changes within the department.

Respectfully,  
Francis M. Roache,  
Police Commissioner.

**PUBLIC FACILITIES DEPARTMENT  
Land Surveys**

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on January 14, 1988, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to K & M Associates, Partnership, a Massachusetts partnership, with offices at 529 Main Street, Charlestown, to provide land surveys of city-owned land in the BUILD Boston Project 747.

Compensation under this contract shall not exceed \$32,000 which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be from January 15, 1988, to June 30, 1988. This contract has been submitted late due to the time involved in negotiating the scope of services.

Following the advertisement of this project in the *Boston Globe* on September 13, 1987, and receipt of proposals, the contractor was selected on the basis of a rating system undertaken by the Public Facilities Designer Selection Committee in accordance with MGL c. 7, s. 38A 1/2 et seq. The committee evaluated thirteen proposals submitted by the applicants and determined K & M Associates, Partnership to be one of the three firms most qualified and competent to complete said design work. The numerical matrix rating for a firm reflects the combined score of each committee member's ranking and thus the recommended firm has the lowest number. The numerical matrix rating summary of the three finalists, in order of rank was as follows: K & M Associates, Partnership — 6; Mistry Associates, Inc. — 6; LEA Group, Inc. — 17.

I believe K & M Associates, Partnership is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that further public advertising would serve no useful purpose in this instance

Sincerely,  
Lisa G. Chapnick,  
Director.

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on January 14, 1988, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to LEA Group, Inc., a Massachusetts corporation, with offices at 75 Kneeland Street, to provide land surveys of city-owned land in the BUILD Boston Project 747.

Compensation under this contract shall not exceed \$31,000 which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be from January 15, 1988, to June 30, 1988. This contract has been submitted late due to the time involved in negotiating the scope of services.

Following the advertisement of this project in the *Boston Globe* on September 13, 1987, and receipt of proposals, the contractor was selected on the basis of a rating system undertaken by the Public Facilities Designer Selection Committee in accordance with MGL c. 7, s. 38A 1/2 et seq. The committee evaluated thirteen proposals submitted by the applicants and determined LEA Group, Inc., to be one of the three firms most qualified and competent to complete said design work. The numerical matrix rating for a firm reflects the combined score of each committee member's ranking and thus the recommended firm has the lowest number. The numerical matrix rating summary of the three finalists, in order of rank was as follows: K & M Associates, Partnership — 6; Mistry Associates, Inc. — 6; LEA Group, Inc. — 17.

I believe LEA Group, Inc., is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that further public advertising would serve no useful purpose in this instance

Sincerely,

Lisa G. Chapnick,  
Director.

#### SCHOOL DEPARTMENT

##### Various Therapies

Dear Mr. Mayor:

As superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to Center for Creative Art Therapies, a corporation located at 731 Harrison Avenue.

This contract shall be in effect during the period March 4, 1988, to September 30, 1988, and shall occur at a cost not to exceed \$15,000, which I have deemed to be reasonable.

Under the terms of this contract, the contractor will provide a Parent/Child program in three Early Childhood Centers. This program will target "high risk" children and their families and will provide therapies in the areas of Art, Music, and Movement. Children with emotional and language disabilities will learn to fully express themselves. Parents will learn about developmental levels, fostering communication in their families, and establishing behavioral expectations.

The expected cost for these services per month is \$2,150, and is broken down as follows: two therapists x 24 hrs./mth. x \$35/hr. — \$1,680; administrative costs (printing, etc.) — \$70; documentation (video) — \$200; supplies (records, tapes, etc.) — \$200.

The Center for Creative Art Therapies has provided services to the Boston Public School Early Childhood Program for the past five years. These services have previously been supported by grants from private foundations. Their work with children and parents has been highly successful and the

principals of the schools involved have all requested that the center continue this service. There is no other organization in the city that provides such a variety of therapies under the guidance of trained clinicians.

Because of the professional nature of the services to be provided under this agreement and the unique ability of this contractor in providing these services, it is my determination that the public interest would not be served by publicly advertising for bids.

This is the first contractual agreement between the School Department and this vendor.

Very truly yours,

Laval S. Wilson,  
Superintendent.

#### Broken Pipe Repairs

Dear Mr. Mayor:

On Friday, January 15, 1988, a steam condensate leak at the Boston Latin Academy became so severe that it was necessary to immediately excavate the floor in order to effect this repair. Condensate losses were so acute that it was impossible to keep the boiler on line in the automatic mode.

The T. C. Murphy Company was directed to commence with the demolition of the floor and also to repair the broken pipe because he was immediately available and had the equipment and manpower to do both the excavation and piping required. The contractor was also agreeable to working at our standard hourly rate as set forth in our repetitive service contract.

I, therefore, request your approval of my action in awarding a contract to T. C. Murphy Company in an amount not to exceed \$4,950, to perform repairs at Boston Latin Academy. The term of the contract was January 15 through 22, 1988.

Due to the emergency nature and hazard involved, the contractor was ordered to proceed with the work immediately. It also was necessary to wait for a period of time to determine if any further work would be necessary prior to the completion of this letter.

Respectfully yours,

Paul W. Mooney,  
Senior Structural Engineer.

#### Chapter 636 Programs

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to Thom Clinic, located at 315 Dartmouth Street. This contract shall be in effect during the period from February 29, 1988, to June 30, 1988, and shall occur at a cost not to exceed \$7,000, which I have deemed to be reasonable. On July 21, 1987 the School Committee approved all of the chapter 636 FY'88 proposals for the sum of \$5,128,956. Thom Clinic's portion as is related to that amount is \$7,000.

The contractor will provide the following services: a counselor will be provided for 100 students at Copley Square High School. The counselor will provide 280 on-site hours to coordinate services between school and community referrals to alternative programs and social service agencies. The population to be served will be students failed in school and students who display signs of poor school adjustment. This program will enhance student academic achievement and improve socialization skills. Consultant fee is \$35 per hour for 200 hours.

The contractor is uniquely qualified to provide the above services because the Douglas A. Thom Clinic is the country's third oldest child clinic operating since 1921. It is an association of services for

children and their families providing state of the art therapeutic, intervention and assessment services. The Thom Clinic has been providing services to Copley Square High School for the past three years. These services have included individual and group therapy, diagnostic assessments and crises intervention with case management.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services it is my determination that the public interest would not be served by public advertisement for bids.

This is the first contractual agreement between this vendor and the Boston Public Schools.

Very truly yours,

Laval S. Wilson,  
Superintendent.

#### Chapter 766 Program

Dear Mr. Mayor:

As superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to Brigham and Women's Hospital, d/b/a Southern Jamaica Plain H.C., a corporation located at 687 Centre Street, Jamaica Plain.

This contract shall be in effect during the period September 14, 1987, to June 30, 1988, and shall occur at a cost not to exceed \$2,876, which I have deemed to be reasonable.

Under the terms of this contract, the contractor will provide the necessary entry level physical examinations, medical examinations of students who participate in interscholastic sports, and chapter 766 physical examinations for students enrolled at the Agassiz Elementary School. In addition, the contractor will provide emergency medical service and medical consultation services to the school nurse at this location.

The contractor is specially qualified to provide the above services because it is within close proximity to this school. In addition, many of the students attending this school presently receive their primary health care from this agency.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest would not be served by publicly advertising for bids.

This request is being submitted at this time because of the unexpected delay in obtaining a properly completed set of contract documents from the vendor.

Compensation to this vendor during the past three fiscal years in the form of unadvertised contracts is as follows: 1987 — \$2,879; 1986 — \$2,300; 1985 — \$2,300.

Very truly yours,

Laval S. Wilson,  
Superintendent.

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to Boston College, located at 140 Commonwealth Avenue, Chestnut Hill. This contract shall be in effect during the period from February 29, 1988, to June 30, 1988, and shall occur at a cost not to exceed \$70,567, which I have deemed to be reasonable. On July 21, 1987, the School Committee approved all of the chapter 636 FY'88 proposals for the sum of \$5,128,956. Boston College's portion as is related to that amount is \$70,567.

The contractor will provide the following instructional services in Area B:

Three, part-time liaisons to coordinate activities for parents in the Parent Information Center as well as in individual schools; a parent editor responsible for publishing and disseminating five issues of a parent outreach newsletter throughout the school year; training, technical assistance and materials for the parent liaisons and the center; train and work with four teachers and two counselors to develop curriculum which supplements and enriches that of the Boston Public High schools' program as well as planning for skills necessary for success to college; establish multi-criteria for student selection and identify twenty-five, eighth-grade students to participate in the program; plan and conduct an all day orientation for participating students and their families.

The contractor is uniquely qualified to provide the above services because: the contractor has organized appropriate resources to enable the Boston School Department to qualify for funding under chapter 636 (1974 Amendments to the 1965 Racial Imbalance Act) in the category of University Pairing; the institution has specifically designed services in conjunction with school personnel to meet the intent of U. S. District Court Judge W. Arthur Garrity, Memorandum and Orders Modifying Desegregation Plan (*Morgan v. McDonough*, Civil Action No. 72-911-G); further, the services have been reviewed and approved by appropriate personnel at the Department of Education.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services, it is my determination that the public interest would not be served by public advertisement for bids.

This agreement is to be executed, without an appropriation of funds, under provisions of General Laws, chapter 44, s. 53A and is subject to the receipt of funds under grant from chapter 636.

Compensation to this vendor over the past three fiscal years in the form of unadvertised contracts is as follows: 1985 — \$159,173; 1986 — \$170,518; 1987 — \$218,920.

Very truly yours,

Laval S. Wilson,  
Superintendent.

#### TRANSPORTATION DEPARTMENT Adjudicating Parking Violations

Dear Mr. Mayor:

I respectfully request your permission to disperse with public advertising and to award a contract to Mr. Peter Rabinovitz, 125 Chiswick Road, Brighton, for the purpose of adjudicating the parking violations in the Adjudication Section of the Office of the Parking Clerk.

Under the terms of the contract, Peter Rabinovitz will perform as a hearing officer as designated by the parking clerk adjudicating parking violations issued in the City of Boston. He is qualified to do this work because of his successful completion of two years of law school and a B. A. degree from a recognized college or university.

Compensation under this contract shall not exceed \$4,800, payable at a rate of \$8.50 per hour on a Monday through Friday schedule which I have determined to be reasonable for the work to be performed.

The term of this contract shall be March 7, 1988, through June 30, 1988.

Because of the professional nature of the services to be performed, I believe public advertising would serve no useful purpose.

Very truly yours,

Richard A. Dimino,  
Commissioner/Parking Clerk.

**Invitation for Bids for Temporary Employment of Pharmacists at Boston City Hospital.**

The City of Boston, acting by its Board of Health and Hospitals and its Commissioner, hereinafter referred to as the Awarding Authority, invites proposals for furnishing the above service in accordance with specifications accompanying the proposal forms which may be obtained at the Office of Contract Management, third floor, Administration Building, Boston City Hospital, 818 Harrison Avenue, Boston, Mass., at or after twelve noon, Boston time, on Monday, March 28, 1988.

Bidders are required to leave at the above office their bid proposal together with a certified check in the amount of \$500, as a bid deposit, payable to and to become the property of the City of Boston if the proposal, after acceptance, is not carried out. A fully executed duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The proposal must be completely filled in, signed, and enclosed in an envelope, sealed, and plainly marked identifying the particular service or equipment to which it relates.

Bids will be publicly opened and read on Wednesday, April 13, 1988, at twelve noon, Boston time, at the Office of Contract Management, at the address shown above.

No bid proposal may be withdrawn after the time

limit for filing bid proposals and for thirty (30) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the bid proposals. In addition, no bid proposal filed by the three lowest responsible and eligible bidders may be withdrawn prior to the execution and delivery of the contract, unless no award has been made upon the expiration of the prescribed time therefor.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The Awarding Authority reserves the right to waive any informalities and to accept or reject any or all bids, or any part of a bid, and to award the contract as it deems to be in the public interest so to do.

NOTICE TO CONTRACTORS

Proposal for Boarding and Securing Buildings,  
City Funds, Project No. 3-CI-AMS.

The City of Boston, acting by its Inspectional Services Commissioner, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, hereinafter referred to as the Awarding Authority, invites sealed general bids for the make safe of the following buildings:

12 Abbot Street, Ward 14

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 a.m., Friday, April 8, 1988, at the office of the Awarding Authority, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form for general bid obtained from the Awarding Authority. The general bids shall be completely filled in, signed, enclosed in an envelope and plainly marked with the description of the work to be done. Four copies of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or in the form of a certified check, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston in the sum of 5 percent of the attached bid. One copy of the general bid will be filed with the City Auditor. The general bids shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended. This schedule will be available to the successful bidder.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and each in the sum of 100 percent of the contract price, will be required of the successful bidder.

All bids for this project are subject to all applicable provisions of law, including without limitation, sections 39F and 39K through 39P of chapter 30, and sections 29 and 44A to 44H, inclusive of chapter 149 of the General Laws, as amended, and in

accordance with the terms and provisions of the contract documents entitled: "Project No. 3-CI-AMS."

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Inspectional Services Commissioner is allowing a thirty-day period to complete the boarding and securing of these buildings starting with his signature on contract.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

Notice

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications for and the obligations of the contractor and subcontractor to take affirmative action in connection with employment practices in the performance of this contract.

Attention to All Bidders

I. Minority Business Requirements.

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for minority business enterprise utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 10 percent of his bid price shall be expended for minority business enterprise, if the bid is over \$10,000. For the purpose of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the minority business enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority-owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 15 Beacon Street, fifth floor, Boston, MA 02108, telephone number 720-4300. If a contractor wishes to use a minority business that is not listed in the directory, he must contact the Minority Business Office to obtain a copy and submit with his bid, a Minority Business Identification Statement. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

II. Workforce Requirements.

During the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following workforce requirements (labor).

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on the contract.

3. *Boston Residents:* The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on the contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates" as determined by the Commissioner of Labor and Industries under the provisions of chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended. If you have any questions pertaining to the applicability of these requirements, please call the Compliance Office at 720-4300.

NOTICE OF REQUIREMENT FOR AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT OPPORTUNITY (EXECUTIVE ORDER 11246).

The contractor's attention is called to the "Equal Opportunity Clause" and "Standard Federal Equal Opportunity Construction Contract Specifications" set forth in this part.

The goals and timetables for minority and female participation are expressed in percentage terms for the contractor's aggregate workforce in each trade on all construction work in the covered areas. (See pages EEO-1 and EEO-2 of the bid specifications for goals and timetables.)

These goals are applicable to all the contractor's construction work (whether or not it is federal or federally assisted) performed in the covered areas.

As used in the notice, and in the contract, the covered area is Arlington, Boston, Belmont, Brookline, Burlington, Cambridge, Canton, Chelsea, Dedham, Everett, Malden, Medford, Melrose, Milton, Norwood, Reading, Revere, Somerville, Stoneham, Wakefield, Westwood, Winthrop, Winchester, Woburn, and the Islands of Boston Harbor, Massachusetts.

The contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the equal opportunity clause, specific affirmative action obligations required to meet the goals established for the geographical area where the contract is to be performed.

The hours of minority and female employment and training must be substantially uniform throughout the length of the contract in each trade, and the contractor shall make a good-faith effort to employ minorities and women evenly on each of its projects.

The transfer of minority or female employees or trainees from contractor to contractor or from project to project for the sole purpose of meeting the contractor's goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total workhours performed.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, with limitation, the notice to all bidders (including subbidders), and the provisions with respect to bonds, insurance, equal employment opportunity, minimum wages, time of performance, liquidated damages, and the requirements set forth in the specifications on supplemental equal employment opportunity, anti-discrimination and affirmative action program contract provisions, and to the requirements of mandatory compliance with section 3 of the Housing and Urban Development Act of 1968 and Executive Order 11246.

All bids or this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled: "Improvements to William F. Devine Golf Course at Franklin Park, Boston."

**SCOPE OF WORK** includes: Furnishing all labor, materials, equipment and transportation to reconstruct the greens and tees and to install an automated irrigation system. Estimated cost \$1,000,000.

**BIDS** shall be submitted in duplicate before 2 p.m., Boston time, on Wednesday, April 20, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bids. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

**SPECIFICATIONS AND PLANS** will be available on or about Monday, March 21, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department to all interested parties who present a \$50 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$50 check returned.

**BIDDERS** are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must

give satisfactory assurance that at least 30 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

A completed Minority Business identification Statement (MBU-IS-A) shall be submitted for each Minority Business Enterprise listed on a bidders form (MBU-F), and submitted at the time of bid opening, that is not included in the Minority Business Directory published by the Office of Minority Business. Copies of the Minority Business Identification Statement are available at the City of Boston Jobs and Community Services, 15 Beacon Street, Boston, MA 02108.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, 294 Washington Street, Room 930, Boston, MA 02108, on Tuesday, April 5, 1988, at 10 a.m., Boston time.

PRESIDENT, CITY COUNCIL

NO. 14

## CITY LAUNCHES COMMUTER MOBILITY CAMPAIGN

Recently, Mayor Raymond L. Flynn, the Boston Transportation Advisory Committee, and the Greater Boston Chamber of Commerce jointly hosted a gathering at the Federal Reserve Bank, of about seventy-five, top business leaders to launch a major Commuter Mobility Campaign for the City of Boston. This program, developed by the Boston Transportation Department and CARAVAN for Commuters, Inc., a statewide, nonprofit commuter transportation company, is designed to work with major employers to develop commuting options for their employees.

On an average day, 500,000 vehicles reportedly travel through the City of Boston leading to severe congestion. The purpose of the session was to encourage interest and support from Boston-based businesses for commuting alternatives. Faced with lengthening traffic jams, the Flynn administration and CARAVAN hope to team up with downtown business leaders to launch commuter mobility programs for the Hub's work force.

Mayor Flynn said, "The City of Boston is the economic center of the region. Over 500,000 people are employed by fiscally healthy, Boston-based businesses, a statistic the City is proud of and is working hard to maintain. Boston's daytime population, including residents, commuting workers, shoppers and tourists, swells to over 900,000. This program represents one of many being taken to keep Boston's economy growing while maintaining an accessible, vibrant city. The kind of partnership with the business community which will result from this program will make that effort a success."

According to Boston Transportation Commissioner Richard A. Dimino, "Currently, commuter mobility programs are being designed with major employers in the major project impact zone. Employing over 90,000 people, half the work force in the impact area, these businesses generate an estimated 21,000 automobile trips during peak commuting hours each day. The Artery impact zone is a top priority, however, the Commuter Mobility Office plans to expand rapidly to include a broader range of City businesses in its programs."

To assist businesses in implementing employee transportation plans, the City of Boston has contracted with CARAVAN for Commuters, Inc., CARAVAN brings to the equation its nine years of statewide experience in designing, marketing, and implementing commuter mobility programs. The result of this joint venture is a Commuter Mobility Office located within City Hall where businesses will be able to obtain comprehensive information on a full

range of transportation services available to Boston area commuters.

CARAVAN Executive Director Carolyn DiMambro said, "Today's briefing session is designed to inform Boston businesses leaders about the program and to promote interest in commuting programs. The Commuter Mobility Office at City Hall will actively recruit businesses to study the wide range of commuting possibilities available and implement them as an additional benefit for their employees."

Greater Boston Chamber of Commerce President James L. Sullivan added, "Clearly, continued access is of vital importance for the City to continue to prosper. Throughout the construction projects of the next decade, it is imperative that downtown businesses be able to function normally. The Chamber of Commerce is happy to cooperate with the Boston Transportation Department and CARAVAN to promote commuting alternatives and maintain accessibility for the City's workforce."

Commuter transportation programs are currently being implemented by John Hancock and MASCO (Medical Area Service Corporation). Beacon Management Company is currently working with the City to develop a program for its downtown employees.

### CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

#### ASSESSING DEPARTMENT Appraisal System Services

Dear Mayor Flynn:

On August 18, 1987, your Honor approved an award of a contract with public advertising for bids to John Bowen, 137 Marlborough Street, for expert technical assistance in completing the development of the Assessing Department's in-house VAX-based appraisal system and related subsystems, during the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$50,000.

Your approval is requested to amend this contract to provide for additional support, which was not anticipated, for the Assessing Department's various computerized software systems, because of new programming and production requirements for the FY 89 revaluation. The contractor shall assist the department in the FY 89 revaluation by providing additional support for the department's CAMA system, automated ownership history subsystems and the automated abatement tracking system. The newly developed ownership history subsystem, which was written by the contractor has undergone major changes causing delays in completing this system. This system is crucial to the parcel inventory record owners for taxbill purposes.

The cost of this amendment, which is effective April 15, 1988, shall not exceed \$15,000, which I have determined to be reasonable. The contract, as amended, shall not exceed \$65,000. The rate of compensation shall remain unchanged.

The term of this contract shall remain unchanged.

Because of the professional and technical nature of the services to be provided and the need to have such services performed in a timely manner, and because this is an amendment of a previously advertised and approved contract, I believe that public advertising would serve no useful purpose.

Sincerely,  
Thaddeus J. Jankowski, Jr.,  
Commissioner.

HEALTH AND HOSPITALS DEPARTMENT  
Full Service Advertising

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the contract with the Haughey Group, Inc. for full service advertising to the Personnel Division of the Department of Health and Hospitals for the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$164,000.

This amendment will increase the contract sum by \$103,000, thereby increasing the city's total liability under this contract, as so amended, to an amount not to exceed \$267,000.

This amendment is necessary due to the fact that the costs for advertising were underestimated.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

Maternal and Child Health Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to amend the contract with Mattapan Community Health Center, 1425 Blue Hill Avenue, Mattapan, matching grant for primary health care services, for the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$123,800.

This amendment will increase the contract sum by \$15,274, thereby increasing the city's total liability under this contract as so amended, to an amount not to exceed \$139,074.

This amendment represents the allocation of prenatal initiative funds targeted to reduce infant mortality rates in the neighborhood by expanding maternal and child health services provided by the community health centers.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

MANAGEMENT INFORMATION SYSTEMS  
Computer Services

Dear Mr. Mayor:

On September 17, 1987, your Honor approved an award of a contract, without public advertising for bids, to Carol Williams, 1131 Commonwealth Avenue, for professional computer services on the Wang and IBM personal computers for various projects within MIS and also to assist all other departments in the training and development of this equipment during the period of October 26, 1987, to June 30, 1988, at a cost not to exceed \$8,500. Miss Williams is compensated at a rate of \$8 per hour.

Your approval is requested to amend this contract to provide for additional compensation which was not anticipated in the terms of the original contract. Due to the extra work load undertaken, Carol has been requested to work more hours than the original contract stated. The cost of this amendment, which is effective on May 2, 1988, shall not exceed \$2,000, which I have determined to be reasonable. The contract, as amended, shall not exceed \$10,500. The period of performance shall remain the same as the original contract stated.

Miss Williams is currently a cooperative student at Northeastern University and through her education and the work she has provided in the past, has considerable knowledge in the operation and application development of these systems. I have determined the cost of these services is reasonable, and therefore no useful purpose would be served by public advertising.

Sincerely,  
Allan K. Stern,  
Director.

CONTRACTS AWARDED  
WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

ASSESSING DEPARTMENT

Tax Abatement and Valuation Testimony

Dear Mayor Flynn:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Drexel, Burnham, Lambert, Inc., New York.

Under the terms of the contract, the contractor will provide expert testimony concerning the value of Boston Gas Company property. The contractor will also assist the Assessor, his staff and representatives in the preparation of testimony for certain tax abatement cases pending at the Appellate Tax Board concerning the Boston Gas Company and provide expert testimony. The contractor is qualified to perform such services because it is recognized as expert in matters concerning regulated utilities.

The cost of this contract shall not exceed \$51,000, which I have determined to be reasonable for the work to be performed. The contractor shall be paid a fixed fee, as specified in the contract, for all services to be performed, including expenses.

Dear Mayor Flynn:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Berkshire Consulting Services, Connecticut, for services as expert witness in Boston Gas Company rate case under litigation at the Department of Public Utilities.

Under the terms of the contract, the contractor, through its principal, David J. Efron, will work under the direction of the Corporation Counsel and his representatives to prepare testimony. The contractor will also assist the Assessor, his staff and representatives in the preparation of analysis or information and testimony submitted by Boston Gas in the litigation. The contractor is qualified to perform such services because it is recognized as expert in matters concerning regulated utilities.

The cost of this contract shall not exceed \$5,000 which I have determined to be reasonable for the work to be performed. The contractor shall be paid an hourly rate of \$80, as specified in the contract, and reasonable expenses shall be allowed.

The term of this contract shall be from July 1, 1987, through June 30, 1988.

This contract could not be processed at the beginning of the fiscal year because the extent of the required services could not be determined until this time.

Very truly yours,  
Thaddeus J. Jankowski, Jr.,  
*Commissioner.*

Dear Mayor Flynn:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Casey and Dennis, 14 Beacon Street.

Under the terms of the contract, the contractor through its principal, Mr. Dennis, will appraise the real estate owned by Boston Gas Company within Boston and prepare for testimony concerning his opinion. The contractor will also assist the Assessor, his staff and representatives in the preparation of testimony and analysis of the tax abatement cases pending at the Appellate Tax Board concerning the Boston Gas Company. The contractor is

qualified to perform such services because it is recognized as expert in matters concerning regulated utilities.

The cost of this contract shall not exceed \$8,000, which I have determined to be reasonable for the work to be performed. The contractor shall be paid a fixed fee for all work to be performed, as specified in the contract.

The term of this contract shall be from July 1, 1987, through June 30, 1988.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

This contract could not be processed at the beginning of the fiscal year because the extent of the required services could not be determined until this time.

Very truly yours,  
Thaddeus J. Jankowski, Jr.,  
*Commissioner.*

Dear Mayor Flynn:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to R. W. Beck & Associates (contractor), Wellesley, for professional services as consultant engineers to the Assessing Department.

Under the terms of the contract, the contractor will provide valuation services, as required, relating to the property of the Boston Gas Company located in the City of Boston which is subject to pending appeals at the Appellate Tax Board. The services shall include any mapping or research to identify such property. The contractor is a generally recognized expert in the field of utility appraisal who has assisted the Assessing Department in the past and in ongoing litigation before the Appellate Tax Board.

Compensation under this contract shall not exceed \$96,500, which I have determined to be reasonable for the work to be performed. The compensation shall be on a fixed fee basis.

The term of this contract shall be from July 1, 1987, through June 30, 1988.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

This contract could not be processed at the beginning of the fiscal year because the extent of the required services could not be determined until this time.

Very truly yours,  
Thaddeus J. Jankowski, Jr.,  
*Commissioner.*

Dear Mayor Flynn:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to LaCapra Associates (contractor), 294 Washington Street, for consulting services to the Assessing Department.

Under the terms of the contract, the contractor through its partner, Richard LaCapra, will advise the Assessing Department concerning matters relating to the valuation and operation of regulated gas and electric companies in the Commonwealth and in Boston. The contractor will assist the Assessor, his staff and representatives in the preparation of certain tax abatement cases pending at the Appellate Tax Board concerning the Boston Gas Company and the Boston Edison Company, and other regulated utilities. The contractor is qualified to perform such services because it is recognized as expert in matters concerning regulated utilities.

The cost of this contract shall not exceed

\$60,000, which I have determined to be reasonable for the work to be performed. The contractor shall be paid hourly rates of \$80 per hour for the principal, \$65 per hour for the project manager, and \$50 per hour for analysts, as specified in the contract, and shall be allowed reasonable expenses of not more than \$2,000, which shall be included in the total contract price.

The term of this contract shall be from July 1, 1987, through June 30, 1988.

Because of the professional nature of the services to be provided, I believe that public advertising would serve no useful purpose.

This contract could not be processed at the beginning of the fiscal year because the extent of the required services could not be determined until this time.

Very truly yours,  
Thaddeus J. Jankowski, Jr.,  
Commissioner of Assessing.

#### HEALTH AND HOSPITALS DEPARTMENT Anesthesiologists Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award a contract, without advertising, to Trustees of Boston University, acting by the Boston University School of Medicine, 80 East Concord Street, to provide anesthesiologists to the Department of Health and Hospitals, for the period July 1, 1987, through June 30, 1988, at a cost not to exceed \$1,694,179.

Under this contract, the university shall provide the city with a physician who will be known as the Director of Anesthesiology of the Boston City Hospital and a professional staff of qualified anesthesiologists with appropriate staff privileges to train/supervise residents and medical students and to provide direct clinical services required in the care of hospital patients.

Each said qualified physician or other practitioner shall provide such administrative, supervisory and clinical services as his/her position description calls for in such manner as to assure continuous and timely delivery of high-quality and cost-effective patient care and compliance with administrative and regulatory requirements.

The department has awarded unadvertised contracts for this service for the past three fiscal years to Boston City Hospital Anesthesia Associates in the following amounts: 1987 — \$1,267,000; 1986 — \$840,000; 1985 — \$800,000.

Therefore, because of the special fitness of the university to provide these services, because of the personal and professional nature of the services to be provided, and as the cost, in my opinion is reasonable no benefit would inure to the city by public advertising for bids.

This award is being processed late due to the finalization of the negotiations with the Finance Commission regarding the processing of a contract for this service.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

#### POLICE DEPARTMENT Psychologist Services

Dear Mayor Flynn:

I respectfully request your permission to dispense with public advertising and to award a contract to Dr. Yvonne Jenkins, a psychologist, located at 1455 Commonwealth Avenue, for the preparation and administration of the examination for the Boston Police Cadet Program.

Under the terms of the contract, Dr. Jenkins will construct the competency and psychological Cadet examinations, furnish all necessary examination supplies and materials, and score the examinations for an estimated 394 participants. In addition to these services, Dr. Jenkins will act as consultant to the Boston Police Department's Personnel Department on any issues concerning the Cadet examination and its process.

Dr. Yvonne Jenkins is a reputable practitioner in the development of testing instruments and selection criteria. She is uniquely qualified to perform these services as she developed the Boston Police Cadet Selection Program.

Compensation under this contract shall be \$10,204.85 for examination supplies and materials and \$6,380 for consulting fees invoiced at a rate of \$60 per hour. The total cost of this contract shall not exceed \$16,584.85, which I have determined reasonable for the work to be performed. The term of the contract shall be July 1, 1987, through June 30, 1988.

In light of Dr. Jenkins' specialized qualifications and the fact that she developed the Boston Police Cadet Selection Program, it is submitted that public advertising would serve no useful purpose. This letter is being submitted late due to administrative delays caused by internal personnel changes.

Respectfully,  
Francis M. Roache,  
Police Commissioner.

#### PUBLIC FACILITIES DEPARTMENT Land Surveys

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on January 14, 1988, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to Mistry Associates, Inc., a Massachusetts corporation, with offices at Reading, to provide land surveys of city-owned land in the BUILD Boston Project 747.

Compensation under this contract shall not exceed \$32,000, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be from January 15, 1988, to June 30, 1988. This contract has been submitted late due to the time involved in negotiating the scope of services.

Following the advertisement of this project in the *Boston Globe* on September 13, 1987, and receipt of proposals, the contractor was selected on the basis of a rating system undertaken by the Public Facilities Designer Selection Committee in accordance with MGL c. 7, s. 38A 1/2 et seq. The Committee evaluated thirteen proposals submitted by the applicants and determined Mistry Associates, Inc. to be one of the three firms most qualified and competent to complete said survey work. The numerical matrix rating for a firm reflects the combined score of each committee member's ranking and thus the recommended firm has the lowest number. The numerical matrix rating summary of the three finalists, in order of rank, was as follows:

K & M Associates, Partnership, Charlestown — 6; Mistry Associates, Inc., Reading — 6; LEA Group, Inc., Boston — 17.

I believe Mistry Associate, Inc. is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that further public advertising would serve no useful purpose in this instance.

Sincerely,  
Lisa G. Chapnick,  
Director.

#### Housing Rehabilitation

Dear Mr. Mayor:

Pursuant to the vote of the Public Facilities Commission on December 17, 1987, I respectfully request your Honor's written permission to dispense with public advertisement and award a contract to Massachusetts Housing Finance Agency, a public agency with offices at 50 Milk Street, for an additional contingency budget for the rehabilitation of six dwelling units at 21-23 Dixwell Street, Roxbury, owned and developed by the Urban Edge Housing Corporation.

Compensation under this contract shall not exceed \$60,000, which I have determined to be a reasonable cost for the services to be performed. The term of this contract shall be from January 15, 1988, to December 31, 1988. Funds for this contract shall come from those received under the Community Development Block Grant program.

As the project's primary lender and a party to the agreement between the Public Facilities Department, Massachusetts Housing Finance Agency and the Urban Edge Housing Corporation, Massachusetts Housing Finance Agency is the only appropriate and possible source to administer the security funds. Costs were determined to be reasonable after extensive analysis by the Public Facilities Department staff.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,  
Lisa G. Chapnick,  
Director.

#### PUBLIC WORKS DEPARTMENT Bridge Engineering Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Hardesty and Hanover, Inc., for engineering services relative to repairs to the bascule span of the McArdle Bridge.

Under the terms of the contract, the consultant will perform services directly related to the inspection of the bascule span. The full scope of the services will be outlined in the actual contract.

Compensation under this contract shall not exceed \$120,000, which I have determined to be reasonable for the services they will perform, and the contract period will be from March 15, 1988, to June 30, 1989.

Accordingly, your permission is hereby requested to award, without public advertising, a contract for professional engineering services to Hardesty and Hanover, Inc. a corporation at New York, for the amount stated above.

My selection of this firm is based on a recommendation from the consulting firm of Seelye Stevenson Value and Knecht, as part of their contract for overview engineering services. I believe that public advertising for proposals would serve no useful purpose.

Very truly yours,  
JOSEPH F. CASAZZA,  
Commissioner.

#### Design and Engineering Services

Dear Mr. Mayor:

We respectfully request your Honor's permission to award a contract, without further advertising, to Purcell Associates, a corporation located at 50

Redfield Street, to provide design and engineering services for the reconstruction of Blue Hill Avenue, from Warren Street to Dudley Street, and of Dudley Street, from Blue Hill Avenue to Harrison Avenue.

The above services will include, but not be limited to: analysis of traffic, lighting, signals, and sub-surface conditions; preparation of maps, construction plans, and specification documents; and participation in public meetings as may be required.

Purcell Associates was selected as result of a lengthy process. First, an advertisement for the reconstruction project was placed in the May 4 and 11, 1987 issues of the *City Record*, inviting interested parties to a preproposal conference on May 13, 1987. Nineteen firms attended the conference. Eighteen firms ultimately submitted Statements of Qualifications, expressing interest in the project. Of these eighteen firms, four were invited to submit detailed proposals: BSC Engineering, Purcell Associates, Vollmer Associates, and Vanasse Hangen Brustlin, Inc.

BSC declined the invitation and the others accepted. Their respective bids were as follows: Purcell Associates, \$360,755; Vollmer Associates, \$392,180; Vanasse Hangen Brustlin, Inc., \$421,389.

Both the Statements of Qualifications and the subsequent detailed proposals were carefully evaluated by the Selection Committee composed of senior staff representatives of our departments. The committee considered factors such as cost, understanding of the work to be done, the proposed project personnel, previous corporate experience, and the proposed work schedule. The committee recommended the firm of Purcell Associates as having the best proposal, and we agree with the committee's recommendation.

Compensation under this contract is not to exceed \$360,755, an amount which we have determined to be reasonable.

The term of the contract shall be April 26, 1988, through April 26, 1991.

This contract shall be charged to Public Works appropriation code 624-310-6302-0725.

Because of the professional nature of the services, the quality of the firm and its proposal, and the reasonableness of the cost, your permission is requested to award this contract under the terms and conditions stated above.

Very truly yours,  
JOSEPH F. CASAZZA,  
*Commissioner of Public Works.*  
RICHARD A. DIMINO,  
*Commissioner of Transportation.*

SCHOOL DEPARTMENT  
Chapter 766 Services

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston, I request your authorization for the award of a contract as a sole source provider to Boston Higashi School, Lexington, for the provision of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$118,638, which is deemed to be reasonable by the committee during the period of July 1, 1987, to June 30, 1988.

This contract is late due to this new contractor having difficulty in getting contract back in a timely manner despite much correspondence. The services have however been provided.

The amount to be encumbered initially is \$59,319.

The facility will provide educational services to

Boston Public School pupils in accordance with each child's individual educational plan devised by the School Department staff.

Because it has been determined that these children are in immediate need of special education, and due to the professional nature of the services to be performed, the expertise of the facility in this area, and the setting of rates by the Massachusetts Rate Setting Commission it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,  
Laval S. Wilson,  
*Superintendent.*

Chapter 636 Services

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to Efficacy Committee, Inc., located at Arlington. This contract shall be in effect during the period from March 14, 1988, to June 30, 1988, and shall occur at a cost not to exceed \$10,000, which I have deemed to be reasonable. On July 21, 1987, the School Committee approved all of the chapter 636 FY'88 funding in the amount of \$5,128,956. Efficacy Committee, Inc.'s portion as is related to that amount is \$10,000.

The contractor will provide the following instructional services:

Consultant agency will offer efficacy presentations to the Boston Public Schools. The program will stress the notion that development of the intellect and of one's character is a major determining factor of the quality of life one will lead in the future. We will explore techniques to enhance development, and examine some of the psychological obstacles that can get in the way.

The contractor is uniquely qualified to provide the above services because the efficacy committee is composed of minority consultants with expertise in raising achievement levels and expectations for minority students and their teachers.

Because of the professional nature of the services to be provided under this agreement, and the expertise of the contractor in providing such services, it is my determination that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation of funds, under provisions of General Laws, chapter 44 s. 53A and is subject to the receipt of funds under grant from chapter 636.

this is the first contractual agreement between this contractor and the Boston Public Schools.

Very truly yours,  
Laval S. Wilson,  
*Superintendent.*

COURT HOUSE COMMISSION  
Robert Consalvo,  
*Director, Personnel Management.*

Dear Mr. Consalvo:

Effective Wednesday, January 27, 1988, the Court House Commission promoted Mr. George E. Nigro to the position of Senior Administrative Assistant, Grade R16-2, responsible for supervision of night custodial services at the Courthouse. Mr. Nigro has evidenced prior creditable service which is hereby submitted for consideration under the provisions of Rule 15(F) of the Suffolk County Compensation Plan, as amended.

Prior to this promotion, Mr. Nigro functioned as Supervisor of Custodial Workers (effective August

15, 1986), and Principal Custodial Worker (effective December 19, 1984), responsible for the supervision of night custodial services at the Courthouse. Additionally, Mr. Nigro has some twenty-three years' experience as manufacturing supervisor in private industry.

In view of Mr. Nigro's prior credible experience and qualifications, it is requested that his third-, fourth-, fifth-, and sixth-year increments of Grade 16 be determined under the provisions of Rule 15F of the County Compensation Plan, as amended.

The effective date of this action is January 27, 1988.

Sincerely,  
**HENRY L. BARR,**  
*Commissioner.*

**Invitation for Bids to Provide Cleaning, Maintaining and Repairing of Wheelchairs for Boston City Hospital.**

The City of Boston, acting by its Board of Health and Hospitals and its Commissioner, hereinafter referred to as the Awarding Authority, invites proposals for furnishing the above service in accordance with specifications accompanying the proposal forms which may be obtained at the Office of Contract Management, Boston City Hospital, third floor, Administration Building, 818 Harrison Avenue, Boston, Mass., at or after twelve noon, Boston time, on Monday, April 4, 1988.

Bidders are required to leave at the above office their bid proposal together with a certified check in the amount of \$500, as a bid deposit payable to and to become the property of the City of Boston if the proposal, after acceptance, is not carried out. A fully executed duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The proposal must be completely filled in, signed, and enclosed in an envelope, sealed, and plainly marked identifying the particular service or equipment to which it relates.

Bids will be publicly opened and read on Friday, April 29, 1988, at twelve noon, Boston time, at the Office of Contract Management at the address shown above.

No bid proposal may be withdrawn after the time limit for filing bid proposals and for thirty (30) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the bid proposals. In addition, no bid proposal filed by the three lowest responsible and eligible bidders may be withdrawn prior to the execution and delivery of the contract, unless no award has been made upon the expiration of the prescribed time therefor.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The Awarding Authority reserves the right to waive any informalities and to accept or reject any or all bids, or any part of a bid, and to award the contract as it deems to be in the public interest so to do.

The School Committee of the City of Boston, acting by its Department of Planning and Engineering, 26 Court Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the above-entitled project, subject to all applicable provisions of law, including without limitation, sections 39F, 39J, and 39K of chapter 30, and section 29 of chapter 149 of the General Laws, as amended, and in accordance with the terms and provisions of the contract documents entitled "New Playground Equipment for the Agassiz School, 20 Child Street, Jamaica Plain, Mass."

GENERAL BIDS will be received before twelve o'clock noon on Friday, April 22, 1988, at which time and place respective bids will be opened and read aloud.

PLANS AND SPECIFICATIONS will be available on or about Wednesday, April 6, 1988, at the Department of Planning and Engineering to all interested parties for a deposit of \$10. Plans and specifications must be returned in good condition within thirty days after bid opening in order to have the \$10 returned. Bidders are hereby notified that bid deposits must be 5 percent of the bid and shall be in the form of a bid bond, certified check, treasurer's check or cashier's check, payable to the City of Boston.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligations of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work. Pursuant to minority participation, the general contractor must complete the Minority Business Form in the specifications, giving assurance that at least 10 percent of his bid price shall be expended for minority business enterprise. The form must be signed by the Minority Business Enterprise. No bid for the award of this project will be considered acceptable unless the Minority Business Form signed by both parties accompanies the bid.

A performance bond, and also a labor and materials or payment bond, each of a surety company

qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

GEORGE ROBERT WHITE FUND

NOTICE TO CONTRACTORS

Invitation for General Bids for Asbestos Removal, Phase II, at the Rosa Parks Daycare Center, Roxbury, Mass., Project No. 5226.

The City of Boston, George Robert White Fund, in its capacity as a public charitable trust, acting by and through the trustees designated in the fourteenth clause of the will of George Robert White, Boston City Hall, One City Hall Square, Boston, MA 02201, invites sealed general bids for Asbestos Removal, Phase II, at the Rosa Parks Daycare Center, Roxbury, Mass.

The Board of Trustees of the White Fund has designated the Director of the Public Facilities Department, sixth floor, 26 Court Street, Boston, MA 02108, to act on its behalf to administer the project in a manner consistent with other City of Boston projects, subject to all applicable provisions of law, including but not necessarily limited to, section 39F and 39K through 39P of chapter 30, and sections 29 and 44A to 44I, inclusive of chapter 149 of the General Laws as amended, and in accordance with the terms and provisions of the contract documents entitled: "Asbestos Removal, Phase II, at the Rosa Parks Daycare Center, Roxbury, Mass."

Scope of work includes removal of all asbestos containing the materials in the basement area of the daycare center and re-insulation.

Bids will be received up until twelve o'clock, noon, Boston time, April 21, 1988, at the office of the Public Facilities Department, 26 Court Street, sixth floor, Boston, MA 02108, at which time and place respective bids will be opened forthwith and read aloud.

A prebid meeting will be held on Tuesday, April 12, 1988, at 10 a.m., Boston time, at the Rosa Parks Daycare Center, 82 Savin Street, Roxbury, Mass.

General bids will be valid only when accompanied by (1) a certificate of eligibility issued by DCPO, showing that the contractor has been approved to bid on projects the size and nature of that advertised; and (2) an updated statement summarizing the contractor's record for the period between the latest DCPO certification and the date the contractor submits its bid.

PLANS AND SPECIFICATIONS will be available on or about April 4, 1988, at the Public Facilities Department to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Plans and specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned. Bidders are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, or certified check, treasurer's check or cashier's check made payable to the City of Boston.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

A performance bond and labor and materials payment bond of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Public Facilities Department, and in the sum of 100 percent of the contract price will be required of the successful bidder.

The Awarding Authority reserves the right to waive any informalities in or to reject any and all bids if it be in the public interest to do so.

LIBRARY DEPARTMENT

Invitation for Proposals for Operation and Servicing of Heating, Ventilating and Air Conditioning Systems, Electrical Systems and Equipment as Well as Plumbing Systems, throughout the Library System.

The City of Boston, acting by the Board of Trustees in charge of the Library Department of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for the operation and servicing of heating, ventilating and air conditioning systems, electrical systems and equipment as well as plumbing systems, throughout the Library system during the period July 1, 1988, through June 30, 1989, with the option for renewal on July 1, 1989, and July 1, 1990, at bid price.

Proposals will be received until 12 o'clock noon, Boston time, Monday, May, 2, 1988, at the office of the Awarding Authority (Office of the Director), 666 Boylston Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Business Office, Boston Public Library, Room 305, 666 Boylston Street, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in an envelope, sealed, plainly marked with the name of the bidder and the notation "Bid Proposal," followed by a brief description of the item bid upon. One copy shall be filed at the office of the Awarding Authority (mail address: P.O. Box 286, Boston, MA 02117), and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, MA 02201. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of 5 percent of the total bid price shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bid may be withdrawn after the time limit for filing bids and for two days (Saturdays, Sundays, and legal holidays excluded) from the opening of the bids. In addition, no bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to the execution and delivery of the contract, unless no award has been made upon the expiration of the prescribed time therefor.

Specifications may be obtained on and after 12 o'clock noon, Boston time, Wednesday, April 6, 1988, at the Business Office, Boston Public Library, Room 305, 666 Boylston Street, Boston, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, and written in the full amount of the contract, will be required of the successful bidder.

The Awarding Authority reserves the right to waive any informalities, to accept or reject any or all bids, and to award the contract as it deems for the best interest of the city.

**Proposal for Repairs to Existing Mechanical Equipment at Various Drawbridges in the City of Boston.**

The City of Boston, acting by its Commissioner, invites sealed proposals for the performance of the work generally described above and in the contract documents which may be obtained at Room 714 (Contract Office), City Hall, Boston, Mass., after Monday, April 4, 1988. There will be a charge of five dollars (\$5), not refundable, for each set of contract documents taken out.

Every proposal shall be submitted in duplicate on and in accordance with the contract documents. All proposals shall be filed no later than 2 p.m., Boston time, Thursday, April 21, 1988, at Room 714, and at the office of the City Auditor, Room M4, City Hall, Boston, at which time and place they shall be publicly opened and read aloud.

Proposal guaranty shall consist of a bid deposit of 5 percent of the total bid, in the form of a bid bond, certified check, treasurer's or cashier's check issued to the City of Boston.

A performance bond of a surety company authorized to do business in Massachusetts, and satisfactory to the Commissioner or a certified check on, or a treasurer's or cashier's check issued by a responsible bank or trust company payable to the City of Boston, will be required of the successful bidder as security to guarantee the faithful performance of the contract. The penal sum of such bond or amount of such check shall be in the sum of 100 percent of the contract price.

**NOTICE**

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

During the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following Workforce Requirements (labor).

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Boston Resident Workforce:* The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on this contract.

3. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on this contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates," as determined by the Commissioner of Labor and Industries under the provisions of chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended.

**ATTENTION TO ALL BIDDERS**

**I. Minority Business Requirements**

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for

**Minority Business Enterprise Utilization.**

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 10 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the Minority Business Enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 15 Beacon Street, fifth floor, Boston, MA 02108, telephone number 720-4300. If a contractor wishes to use a minority business that is not listed in the directory, he must contact the Minority Business Office to obtain a copy and submit with his bid, a Minority Business Identification Statement. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

**PREBID CONFERENCE**

Bidders seeking information pertaining to the City of Boston's Affirmative Action and Minority Business Enterprise Utilization requirements are invited to attend prebid conference to be held on Wednesday, April 13, 1988, at 10 a.m., in Room 714, City Hall. All prospective bidders are urged to attend and all will be held to knowledge of what there transpires, whether they are present or not.

**ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH.** The commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

The penal sum of such bond or amount of such check shall be in the sum of 100 percent of the contract price.

**NOTICE**

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of

the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

During the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following Workforce Requirements (Labor).

1. *Minority Workforce*: The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Boston Resident Workforce*: The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on this contract.

3. *Female Workforce*: The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on this contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates," as determined by the Commissioner of Labor and Industries under the provisions of chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended.

#### ATTENTION TO ALL BIDDERS

##### I. Minority Business Requirements

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for Minority Business Enterprise Utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 10 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the Minority Business Enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 15 Beacon Street, fifth floor, Boston, MA 02108, telephone number 720-4300. If a contractor wishes to use a minority business that is not listed in the directory, he must contact the Minority Business Office to obtain a copy and submit with his bid, a Minority Business Identification Statement. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

#### PREBID CONFERENCE

Bidders seeking information pertaining to the City of Boston's Affirmative Action and Minority Business Enterprise Utilization requirements are invited to attend prebid conference to be held on Wednesday, April 13, 1988, at 10 a.m., in Room 714, City Hall. All prospective bidders are urged to attend and all will be held to knowledge of what there transpires, whether they are present or not.

##### Invitation for Bids to Provide Medical Transcriptionist for Radiology Reports Using a DEC RAD Computer System at Boston City Hospital.

The City of Boston, acting by its Board of Health and Hospitals and its Commissioner, hereinafter referred to as the Awarding Authority, invites proposals for furnishing the above service in accordance with specifications accompanying the proposal forms which may be obtained at the Office of Contract Management, third floor, Administration Building, Boston City Hospital, 818 Harrison Avenue, Boston, Mass., at or after twelve noon, Boston time, on Monday, April 4, 1988.

Bidders are required to leave at the above office their bid proposal together with a certified check in the amount of \$500, as a bid deposit payable to and to become the property of the City of Boston if the proposal, after acceptance, is not carried out. A fully executed duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The proposal must be completely filled in, signed, and enclosed in an envelope, sealed, and plainly marked identifying the particular service or equipment to which it relates.

Bids will be publicly opened and read on Friday, April 22, 1988, at twelve noon, Boston time, at the Office of Contract Management, at the address shown above.

No bid proposal may be withdrawn after the time limit for filing bid proposals and for thirty (30) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the bid proposals. In addition, no bid proposal filed by the three lowest responsible and eligible bidders may be withdrawn prior to the execution and delivery of the contract, unless no award has been made upon the expiration of the prescribed time therefor.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The Awarding Authority reserves the right to waive any informalities and to accept or reject any or all bids, or any part of a bid, and to award the contract as it deems to be in the public interest so to do.

##### Proposal for PWD Tire Solid Fill.

The City of Boston, acting by its Commissioner, invites sealed proposals for the performance of the work generally described above and in the contract documents.

Every proposal shall be submitted in duplicate on and in accordance with the contract documents which may be obtained at Room 714 (Contract Office), City Hall, Boston, Mass., after Monday, April 4, 1988.

All proposals shall be filed no later than 2 p.m., Boston time, Thursday, April 14, 1988, at Room 714, and at the office of the City Auditor, Room M4, City Hall, Boston, at which time and place they shall be publicly opened and read aloud. There will be a charge of five dollars (\$5), not refundable, for each set of contract documents taken out.

The attention of all bidders is directed to the provisions of the contract documents and specifically to the requirements for bid deposits, insurance and performance bonds as may be applicable.

Proposal guaranty shall consist of a bid deposit of 5 percent of the total bid, in the form of a bid bond, certified check, treasurer's or cashier's check issued to the City of Boston.

The Commissioner of Public Works has determined that there is little or no risk of default or unsatisfactory performance by the vendor/contractor, therefore, a performance bond will not be required.

**NOTICE TO BIDDERS**

Sealed bids for MBTA Contract No. S5CN09, LANDSCAPE IMPROVEMENTS, ORIENT HEIGHTS CAR BARN, East Boston, Mass., will be received by the Director of Construction at the Contract Administration Office, fifth floor, Transportation Building, 10 Park Plaza, Boston, MA 02116-3933, until two o'clock (2 p.m.) on April 19, 1988. Immediately thereafter, in a designated room, the bids will be opened and read publicly.

Work consists of clearing and grubbing, removing existing bituminous concrete, new chain link fence with gate, bollards, planting trees, shrubs and vines.

Bidding documents may be obtained from the Contract Administration Office at the address above from 8:30 a.m. to 4 p.m., after March 17, 1988, Monday through Friday, at a charge of \$50. The Authority's Standard Specifications, Bidding and Contract Requirements and Division 1 — General Requirements, dated November, 1983, is available at a charge of \$5 per copy. The Authority's Standard Specifications, Construction, dated January, 1980, is available at a charge of \$15 per copy. Bidding documents will be mailed by parcel post upon request and receipt of an additional fee of fifteen dollars (\$15), payable by separate check. If required, documents will be forwarded by air freight, where such service is available, at the expense of the plan holder. None of these charges are refundable.

Bidders' attention is directed to Appendix 1, Goals and Timetables for Female and Minority Participation in the Construction Industry; and to Appendix 2, Supplemental Equal Employment Opportunity, Anti-Discrimination and Affirmative Action Program in the specifications. In addition, pursuant to the requirements of Appendix 3, Disadvantaged Business Enterprise (DBE) Participation Provision, bidders must submit an assurance with their bids that they will make sufficient reasonable efforts to meet the stated DBE goal of 16 percent.

Bidders will affirmatively insure that in regard to any contract entered into pursuant to this solicitation, minority and female construction contractors will be afforded full opportunity to submit bids and will not be discriminated against on the grounds of race, color, religion, sex, or national origin in consideration for an award.

Bidders will be required to comply with federal equal employment opportunity regulations and the President's Executive Order No. 11246 and any amendments or supplements thereof.

Authorization for the bidders to view the site of the work on the MBTA's property shall be obtained from the office of the Project Manager, Mr. Kenneth F. Allegra, 21 Arlington Avenue, Charlestown, MA 02129, Telephone No. (617) 722-5806. A prebid conference will be held on April 5, 1988, at 10 a.m., at the above office. Any request for interpretation of plans and specifications should be submitted in writing at the same time.

Bidders will be required to certify as part of their bids that they are able to furnish labor that can work in harmony with all other elements of labor employed or to be employed on the work.

This contract is subject to minimum state wage rates as well as all other applicable labor laws.

Big guaranty shall consist of a bid deposit in the amount of 5 percent of the value of the bid in the form of a bid bond, cash, certified check, treasurer's or cashier's check.

The successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract price.

The Authority reserves the right to reject any or all bids, to waive informalities, to advertise for new bids, or proceed to do the work otherwise, as may be deemed to be for the best interests of the Authority.

**PUBLIC WORKS DEPARTMENT**

**Proposal for Repairs to Existing Electrical Equipment at Various Drawbridges in the City of Boston.**

The City of Boston, acting by its Commissioner, invites sealed proposals for the performance of the work generally described above and in the contract documents which may be obtained at Room 714 Contract Office, City Hall, Boston, Mass., after Monday, April 4, 1988. There will be a charge of five dollars (\$5), not refundable, for each set of contract documents taken out.

Every proposal shall be submitted in duplicate and in accordance with the contract documents. All proposals shall be filed no later than 2 p.m., Boston time, Thursday, April 21, 1988, at Room 714, and at the office of the City Auditor, Room M4, City Hall, Boston, at which time and place they shall be publicly opened and read aloud.

The attention of all bidders is directed to the provisions of the contract documents and specifically to the requirements for bid deposits, insurance and performance bonds as may be applicable.

Proposal guaranty shall consist of a bid deposit of 5 percent of the total bid, in the form of a bid bond, certified check, treasurer's or cashier's check issued to the City of Boston.

A performance bond of a surety company authorized to do business in Massachusetts, and satisfactory to the Commissioner or a certified check on, or a treasurer's or cashier's check issued by a responsible bank or trust company payable to the City of Boston, will be required of the successful bidder as security to guarantee the faithful performance of the contract. The penal sum of such bond or amount of such check shall be in the sum of 100 percent of the contract price.

**NOTICE**

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

During the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following Workforce Requirements (labor).

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Boston Resident Workforce:* The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on this contract.

3. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on this contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates," as determined by the Commissioner of Labor and Industries under the provisions of chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended.

**ATTENTION TO ALL BIDDERS**

**I. Minority Business Requirements**

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for Minority Business Enterprise Utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 10 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the Minority Business Enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 15 Beacon Street, fifth floor, Boston, MA 02108, telephone number 720-4300. If a contractor wishes to use a minority business that is not listed in the directory, he must contact the Minority Business Office to obtain a copy and submit with his bid, a Minority Business Identification Statement. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

**PREBID CONFERENCE**

Bidders seeking information pertaining to the City of Boston's Affirmative Action and Minority Business Enterprise Utilization requirements are invited to attend prebid conference to be held on Wednesday, April 13, 1988, at 10 a.m., in Room 714, City Hall. All prospective bidders are urged to attend and all will be held to knowledge of what there transpires, whether they are present or not.

**ATTENTION IS CALLED TO CHAPTER 370 OF THE ACTS OF 1963, WHICH MUST BE STRICTLY COMPLIED WITH.** The commissioner reserves the right to reject any and all proposals or any item or items of the proposal should he deem it to be for the best interest of the city so to do.

Cabinets in Various Schools.**

The School Committee of the City of Boston, acting by the Senior Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed bids for furnishing, delivering and setting in place flammable liquid storage cabinets in various schools.

General bids will be received up until twelve o'clock noon, Boston time, Wednesday, April 27,

1988, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals must be made in duplicate, the one with the certified check is to be filed and left at the above, the other without certified check to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$100 minimum or 5 percent of total amount bid, whichever is the greater amount. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities in or to reject any and all bids if it be in the public interest to do so.

The City of Boston, acting by the Board of Trustees in charge of the Library Department of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for extermination and pest control services at the Central Library and certain branch libraries during the period July 1, 1988, through June 30, 1989.

Proposals will be received until 12 o'clock noon, Boston time, Thursday, April 28, 1988, at the office of the Awarding Authority (Office of the Director), 666 Boylston Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Business Office, Boston Public Library, Room 305, 666 Boylston Street, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in an envelope, sealed, plainly marked with the name of the bidder and the notation "Bid Proposal," followed by a brief description of the item bid upon. One copy shall be filed at the office of the Awarding Authority (mail address: P.O. Box 286, Boston, MA 02117), and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, MA 02201. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of a certified check on a responsible bank or trust company, payable to the City of Boston, in the sum of 5 percent of the total bid price shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bid may be withdrawn after the time limit for filing bids and for two days (Saturdays, Sundays, and legal holidays excluded) from the opening of the bids. In addition, no bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to the execution and delivery of the contract, unless no award has been made upon the expiration of the prescribed time therefor.

Specifications may be obtained on and after 12 o'clock noon, Boston time, Wednesday, April 6, 1988, at the Business Office, Boston Public Library, Room 305, 666 Boylston Street, Boston, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, and written in the full amount of the contract, will be required of the successful bidder.

The Awarding Authority reserves the right to waive any informalities, to accept or reject any or all bids, and to award the contract as it deems for the best interest of the city.

MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

NO. 15

## MAYOR FLYNN ATTENDS GROUNDBREAKING

Mayor Raymond L. Flynn joined hundreds of West Roxbury residents at a groundbreaking for the new addition to the West Roxbury Branch Library. The \$3.7 million addition designed by A. Anthony Tappe and Associates, to be built by the city's Public Facilities Department, is part of the Mayor's five-year \$920 Million Capital Plan, and is the largest expenditure for a branch library.

"The people of West Roxbury have worked and waited a long time for this project to become a reality," said Mayor Flynn. "The expansion of the library benefits everyone, and helps to insure that the quality of life in our neighborhoods is as good as the people who live there."

The West Roxbury Branch Library is one of the two busiest branches in the city, and one of the smallest. The new building will more than double the size of the library, and will include a lecture hall/multi-purpose room for the use of the community. The addition will also house an exhibiting room to be maintained by the West Roxbury Historical Society, and will be completely accessible to the handicapped.

The building will be constructed on land formerly occupied by the West Roxbury Congregational Church. When the church was destroyed by fire in the mid-70s, its members found that they could not afford to rebuild. The congregation then voted to deed the land to the Trustees of the Boston Public Library, insuring that it would be used for the much-needed addition. Construction is scheduled to begin immediately and will take approximately eighteen months, according to Consalvo and Sons, contractors for the project.

"So many people have worked so hard on this project," said Pam Siegle, President of the Friends of the West Roxbury Library. "When we look at this building we can take pride in knowing that we were instrumental in its completion."

Included in the budget for the project is a contribution from the Edward Ingersoll Browne Fund, established for the preservation of the city's public space, which will allow for the landscaping of the proposed reading garden and courtyard. The Mary Draper Fountain, which now stands in front of the library, will be moved to this courtyard and reactivated. Funding for the future upkeep of the reading garden will be provided by Baybanks.

Lisa G. Chapnick, director of the City's Public Facilities Department, served as MC for the groundbreaking. Guest speakers included Kevin Moloney, president of the Board of Trustees and Arthur Curley, director of the Boston Public Library. Alice Hennessey and Fred Kerrick, founders of the Friends of the West Roxbury Library, were honored for their efforts in the drive to expand the library. Mr. Kerrick was primarily responsible for persuading the members of the West Roxbury Congregational Church to deed the land to the Trustees. The groundbreaking event was the result of the combined efforts of the Friends of the West Roxbury Library, the Library Department, the Mayor's Office of Capital Planning, the Mayor's Office of Neighborhood Services, and the Public Facilities Department.

### GUIDELINES TO BUILDING OWNERS

Responding to a recent survey from the Environmental Protection Agency that estimated "at least 500,000 buildings throughout the United States house asbestos in loose and deteriorating condition," noted attorney Daniel J. Sitomer recently addressed the International Building Owners and Managers Association focusing on proper asbestos "abatement" or removal at building sites, and how owners and managers could avoid liability arising from improper asbestos handling and removal.

Mr. Sitomer suggested that, to avoid liability, owners and managers utilize what he called "the three Cs of asbestos removal": Control of the pre-abatement process; care at selecting the right removal and disposal team; and contracts to define procedures and specifications while limiting liabilities. He explained:

- **Control:** Since owners of buildings containing asbestos are legally liable for its proper handling, removal and even disposal — remaining liable for damages caused by the materials even years after it is disposed of — Mr. Sitomer recommended that owners or their representatives take a leadership role to insure that proper guidelines are followed in all types of an abatement.

- **Care:** To insure this care is followed throughout, Mr. Sitomer also recommended great care in selecting asbestos abatement and disposal contractors, "since no manager or owner can be 'on-site' every step of the way." He outlined a series of revealing questions to help separate less qualified practitioners from more skilled firms.

- **Contract:** Once a qualified asbestos consultant or contractor has been identified, Mr. Sitomer recommends

drafting binding contract stipulating that the responsibility for appropriate removal and disposal will be assumed by the contractor or consultant, a procedure usually acceptable to reputable contractors. To assure this, he also suggested using licensed architectural and engineering firms as the chief consultant or contractor, since they must be covered with suitable insurance for different aspects of their professions.

"Outlining responsibility in this way and having binding contracts drawn up will effectively eliminate the need for building owners and managers to be worried that proper procedures are being followed," concluded Mr. Sitomer.

## CITY ANNOUNCES DECLINE IN FRAUDULENT RESIDENT PARKING STICKERS

As a result of a firm commitment to the city's Resident Parking Program by both the city Administration and neighborhood residents, the Boston Transportation Department reports a sharp decline over 1986, in the number of fraudulently obtained 1987 resident parking stickers, even though the number of permits issued has increased substantially.

In late 1984, the city began cross-referencing vehicle registrations with the Registry of Motor Vehicles. It was discovered that non-residents were obtaining resident parking stickers by registering their cars under a Boston address, obtaining a permit, then reregistering their cars at their out-of-town address.

According to Transportation Department records, the total number of resident parking stickers issued in 1987 was 36,403 versus 25,951 issued in 1986. In contrast, as a result of year-end, cross-referencing with Registry, only 13 stickers were found to be fraudulent in 1987, as opposed to 33 in 1986, a reduction of 214 percent. Year-end checks, completed in 1986, showed a 20 percent reduction in fraudulent permits over 1985 which closed the books with a 56 percent reduction from 1984.

Boston Transportation Department Commissioner Richard A. Dimino attributes the sharp and steady decline to a good working relationship between the Transportation Department and the

neighborhoods. "In cooperation with neighborhood representatives, we have been able to develop an effective and efficient Resident Parking Program that best serves the needs of Boston residents."

Commissioner Dimino added, "The severe parking shortage faced by the city in recent years has significantly increased the value of the Resident Parking Program. Downtown residential areas and residential areas in the neighborhoods located close to commercial districts and commuter facilities have been hardest hit. To ease this problem, the department is making additions to the East Boston and South End Programs, implementing resident parking regulations in Hyde Park, Roxbury, Allston/Brighton and in Jamaica Plain in the vicinity of the newly opened Southwest Corridor MBTA Stations, and working on proposals for programs in West Roxbury and Roxbury."

 Fire Fighter William H. Mann, from Engine Co. 5 to Ladder Co. 25  
 Fire Fighter Daniel E. Moore, from Engine Co. 55 to Maintenance

### III. HIGH COMMENDATIONS

On January 23, 1988, at 21:15 hours, Fire Fighter William D. Trojano of Ladder Company 11, was exiting his home in Savin Hill, Dorchester, when he observed a group of young adults in pursuit of three teenage boys. One of the youths fell to the ground and was jumped upon and beaten by the group.

Fire Fighter Trojano proceeded in pulling the men off the boy and led the bleeding youth into his home where he administered first aid. Moments later he heard screams outside his home and observed the victim's two friends pursuing the attackers with knives. Fire Fighter Trojano immediately ran out of the house, shouting for the boys to stop, when one of them turned on him with a knife, threatening to use it. Fire Fighter Trojano succeeded in removing the knife from the youngster. He then offered his home as a refuge until the arrival of the police.

Because Fire Fighter William D. Trojano performed this act with complete disregard for his own safety and in doing so brought credit to himself and the department, and the praise of both the City Council and the neighborhood, the Fire Commissioner is pleased to highly commend him for his actions and refers his case to the Board of Merit.

On January 17, 1988, Box 3336 (working fire) was struck for a fire at 1 Nottingham Street, District Seven. Upon the arrival of Engine Company 24 and Ladder Company 23, heavy fire was observed at the second-floor front of a 2-1/2 story dwelling. Members were notified by neighbors and police officers at the scene of their repeated attempts to effect the rescue of a four-year-old boy on the second floor.

Advancing to the top of the stairs leading to the second floor and upon receipt of water in Engine Company 24's line which stopped the further advance of heavy fire, Fire Captain James M. Flaherty, Headquarters (detailed to Ladder Company 23) made his way crawling to the rear of the apartment where he located and removed the four-year-old child to the street, administering mouth-to-mouth resuscitation enroute. Fire Captain Flaherty received burns to both thighs in effecting the rescue.

Because this act was performed under adverse conditions and at extreme personal risk, the Fire Commissioner is pleased to highly commend Fire Captain James M. Flaherty, Headquarters (detailed to Ladder Company 23) and refers his case to the Board of Merit for further consideration.

### IV. COMMENDATIONS

At this same fire, Fire Lieutenant Bernard T. Ryan, Fire Fighters Robert J. Munroe, Michael J. Morrissey, Jr., Engine Company 24, and Fire

Fighter William J. McCarthy, Ladder Company 23, are recommended for their performance of duty under conditions involving unusual risk.

The Fire Commissioner is pleased to commend them for their actions and makes these recommendations a part of their personnel file.

On February 26, 1988, Engine Company 8 and Ladder Company 21 responded to 2 Grady Court, District 1. Upon arrival, it was determined that a male adult, with an infant in his arms, was threatening to jump. Members of Engine Company 8 were positioned alongside the building in the event the baby was dropped.

A struggle ensued between a police officer and the distraught person at the top of the stairs on the roof. Fire Fighter Peter J. Dolan, Tower Company and Fire Fighter Mario J. Dell'Orfano, Engine Company 9, both detailed to Engine Company 8, hearing of the struggle, raced to the third-floor landing and assisted in removing the infant from the male person's arms. This was accomplished with complete disregard for their own safety, not knowing if the person was armed with a weapon. The infant was carried to safety by the Fire Fighters.

The Fire Commissioner is pleased to commend Fire Fighter Peter J. Dolan, Tower Company, and Fire Fighter Mario J. Dell'Orfano, Engine Company 9, for their actions and makes this commendation a part of their personnel folders.

## CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

### PUBLIC WORKS DEPARTMENT

#### Engineering Services

Dear Mr. Mayor:

On January 29, 1987, your Honor approved the award of a contract, without public advertising for bids, to STV/Seelye Stevenson Value and Knecht, 230 Congress Street, for consultant services relating to the overview engineering services relative to a bridge rehabilitation program during the period November 1, 1986, to November 1, 1987, at a cost not to exceed \$125,000.

Your approval is requested to amend this contract to provide for additional services which were not anticipated in the terms of the original contract. Due to the lack of information regarding city-owned bridges, it is necessary we analyze the current condition of each bridge. The cost of this amendment, which is effective January 15, 1988, shall not exceed \$50,000 which I have determined to be reasonable. The total cost of this contract, as amended shall not exceed \$175,000. The period of this contract shall be extended from November 1, 1987, to November 1, 1989.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,  
 Joseph F. Casazza,  
*Commissioner.*

Dear Mr. Mayor:

Please be advised that due to an administrative oversight, the period of performance for Contract No. SC-2966(86) for ENGINEERING SERVICES RELATIVE TO THE REHABILITATION OF THE NORTHERN AVENUE BRIDGE, by STV/Seelye Stevenson Value & Knecht, 230 Congress Street, Boston, Massachusetts, was allowed to expire.

This has resulted in the termination of the contract before all services could be completed and will not allow for an extension of time, and therefore, a new contract must be implemented in order for the remaining portion of the contract to be completed.

I respectfully request that we encumber the amount of \$24,800.00 under a new Contract No. SC-7710(88), which will allow the scope of services to be completed.

I further respectfully request that your Honor dispense with public advertising and approve the award of this contract to STV/Seelye Stevenson Value & Knecht, 230 Congress Street, Boston, Massachusetts, for the work as stated above, for the amount stated above, and for these reasons I believe that public advertising for proposals would serve no useful purpose.

The period of performance will be from July 1, 1987 to June 30, 1988. This letter is being submitted at this late date, as it was only recently realized that the contract had in fact expired.

Very truly yours,

Joseph F. Casazza,  
Commissioner.

#### SUFFOLK COUNTY SHERIFF'S DEPARTMENT

##### Electronic Key System

Dear Mayor Flynn:

On November 1, 1987, your Honor approved the award of a contract, with public advertising for bids, to TSI, Inc., 381 Eliot Street, Newton Upper Falls. TSI, Inc., will provide wiring and installation of a leased purchase or outright purchase of a Hybrid IBX or a technologically advanced electronic key system. Installation is to take place at the Suffolk County Sheriff's Department, located at 239 Charles Street, Boston, at a cost not to exceed \$8,975.

Your approval is requested to amend this contract to provide for an additional piece of equipment which was not anticipated in the terms of the original contract. The addition of one OPX Tieline Equipment is necessary to properly wire and install the phone system. The cost of this amendment, shall not exceed \$3,000, which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$11,975.

Very truly yours,

Robert C. Rufo,  
Sheriff.

### CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

#### ASSESSING DEPARTMENT

##### Photographing and Processing

Dear Mr. Mayor:

In response to a request for proposals to provide expert technical assistance in photographing and

processing photographs of structures and land for incorporation in the Assessing Department Visual Data Base, dated February 19, 1988, which was disseminated to eleven potential bidders, the following bids were opened and read on February 26, 1988:

Bidder: Mobil Video Services, Inc., Missouri; bid per photo basis: \$2.79; total contract price (approx. 32,000 photos); \$89,300.

The Property Systems Company, Ohio; bid per photo basis: \$4.38; total contract price (approx. 32,000 photos); \$140,160.

The approval of your Honor is requested to award, without advertising, a contract to Mobil Video Services, Inc., Missouri, for services and products connected with the photography of structures and land in the City of Boston and incorporation of the images into the Assessing Department visual data base.

The City of Boston is in the process of developing a comprehensive videodisc system consisting of photographic representations of all real estate parcels in the City of Boston. The City of Boston has approximately 100,000 to 105,000 land parcels. At present, the department has a video database for approximately 75 percent of the parcels. In order to complete the department's database approximately 31,300 additional parcels must be imaged.

Toward this completion, the contractor will photograph and create videotape records of properties within the boundaries of the city and convert them into a 12-inch videodisc format and will further supply a nine-track tape index in ASCII format, and a hard copy index relating parcel numbers to disc frame numbers as indicated in the RFP and as directed by the Official.

I have determined that the bid submitted by Mobil Video Services, Inc., Missouri, is reasonable and in the best interest of the city. Mobil Video was the lowest responsible and responsive bidder.

Your permission is requested to award this contract to Mobil Video Services, Inc. in an amount not to exceed \$89,300. I have determined such contract cost to be reasonable. The term of this contract shall be from March 28, 1988, through June 30, 1988.

Sincerely,  
Thaddeus J. Jankowski, Jr.,  
Commissioner.

#### AUDITING DEPARTMENT

##### Accounting Services

Dear Mr. Mayor:

Your approval is respectfully requested to dispense with public advertising and award a contract to Mr. Steven Conway, an individual residing in South Boston.

Mr. Conway is qualified to render these services based on his prior accounting experiences with the Auditing Department, involving similar responsibilities and special projects. He is also graduating from Suffolk University and will have a Bachelor of Science degree with concentration in accounting.

Under the terms of this contract, Mr. Conway will be assisting in the reconciliation of various accounts and participate in special projects as necessary.

Compensation under this contract will be paid at the rate of \$9 per hour and shall not exceed \$4,500, which I have determined to be reasonable.

The period of this contract shall run from March 10, 1988, through June 30, 1988.

Because of the nature of the service to be performed and because of the circumstances cited

above, I believe that public advertising would serve no useful purpose.

Sincerely,  
Leon P. Stamps,  
City Auditor.

#### HEALTH AND HOSPITALS DEPARTMENT

##### Medical Consultant

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Bernard Smith, M.D., Weymouth, for the period October 1, 1987, through June 30, 1988, at a cost not to exceed \$3,750.

Under this contract, Dr. Smith will provide consultative services in gastroenterology at Mattapan Hospital. On-site consultations will be provided once every other week at Mattapan Hospital, each visit not to exceed two hours in length. All sessions will be reimbursed at the rate of \$50 per hour. Telephone availability for consultants relating to gastroenterology will be provided over the period of the contract for a flat fee of \$333. Reimbursement will be paid on a service-rendered basis.

Fiscal year 1988 is the first year a contract will be awarded to Dr. Smith. Fiscal year 1987, Dr. McClintock provided services for both Mattapan and Long Island Hospitals and was awarded an unadvertised contract in the amount of \$6,900. Dr. McClintock resigned her position with the hospital, effective July 1987. Prior to this, these services were not required by the hospital.

As Dr. Smith is a specialist in this field, because of the professional nature of the services to be provided, and as the cost, in my opinion, is reasonable, no useful purpose would be served by publicly advertising for bids.

This contract is being processed late because it was not determined whether the contract would be with the Trustees of Boston University, a private corporation, or the physician providing the services. It was decided that the contract would be with Dr. Bernard Smith, the physician providing the service.

Very truly yours,  
Lewis W. Pollack,  
Commissioner.

#### MAYOR'S OFFICE

##### Basic Services Delivery

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and award a contract to Mr. James Vrabel, an individual, of Roxbury, for the provision of program and planning development for various city initiatives, including street cleaning programs, vacant lot cleaning and maintenance, and other basic service delivery systems.

Mr. Vrabel is uniquely qualified to perform these services due to his extensive background in service delivery program development while with the city in the last four years, including the Office of Neighborhood Services for the last two years. While at that office, Mr. Vrabel coordinated several successful programs including vacant lot maintenance, abandoned car removal, street sweeping, and neighborhood cleanups.

Compensation under this agreement shall be paid at the rate of \$25 per hour, a cost that I have determined to be reasonable for the services to be provided. The cost of this agreement shall not exceed \$10,000. The term of this agreement shall be

from March 15, 1988, through June 30, 1988. Mr. Vrabel has not been under contract with this office within the last three fiscal years.

Therefore, because of the professional nature of the services to be performed, and the unique ability of the contractor to provide them, I respectfully request your permission to award this agreement without public advertising.

Sincerely,  
Robert W. Consalvo,  
Director of Operations.

## PUBLIC WORKS DEPARTMENT

### Engineering Consultant Services

Dear Mr. Mayor:

I respectfully request your Honor's permission to award a contract to Fay, Spofford & Thorndike, Inc., a corporation located at Boston, for engineering services for Boylston Street in the City of Boston. The department advertised for request for qualifications and shortlisted the applicants to three. We then asked each of the three to submit a proposal. After reviewing the proposals and interviewing the applicants, we selected Fay, Spofford & Thorndike, Inc., based upon their qualifications, experience and their proposed budget.

Compensation under this contract shall not exceed \$300,000, which is the maximum limitation based upon services performed for an amount equal to 2.50 times the hourly rates for employees named in Exhibit A which is attached to the contract. I have determined the cost is reasonable for the work to be performed. The term of this contract shall be from March 1, 1988, to November 30, 1989.

Under the terms of the contract, the consultant will render technical and engineering advice and assistance for all or some of the preliminary engineering and design. The specifics of the scope of the work will be completely outlined in the contract itself.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purposes.

Very truly yours,  
Joseph F. Casazza,  
Commissioner.

## SCHOOL DEPARTMENT

### Health, Safety, Hazards Inventory

Dear Mr. Mayor:

As superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to ERM, New England, Inc., a corporation located at 205 Portland Street, Boston.

This contract shall be in effect during the period March 15, 1988, to September 30, 1988, and shall occur at a cost not to exceed \$31,725, which I have determined to be reasonable.

Under the terms of this agreement, and under the direction of the director of Facilities Management, the contractor will perform the following tasks:

**Task 1 — Develop a Hazardous Substance Inventory:** An ERM team will inspect each of Facilities Management's 127 buildings and prepare a master hazardous substance inventory based on chemicals that are present in the custodial workplaces. This inventory will not cover laboratories. The master inventory will list each building, the hazardous substances present, container size, label condition and manufacturer information, if any. ERM will also meet with the Purchasing Office to review the MSDS requesting procedures and the annual vendor contract. For each building, the ERM team will

be escorted by the senior custodian. As part of this inspection, ERM will consider the need for any special health or safety equipment or procedures. The early inspections will be conducted by an ERM team led by John Wright and will focus on the more complicated facilities including the Campbell Resource Center, Lewis Middle School, Josiah Quincy School, and several of the largest schools. Subsequent inspections will be undertaken by less senior ERM staff to minimize the project cost. Five copies of the master inventory will be submitted to Facilities Management.

**Task 2 — Obtain Material Safety Data Sheets:** Based upon the information in the master inventory, ERM will assemble material safety data sheets (MSDS). Any existing MSDSs will be reviewed for completeness and accuracy. If there is no MSDS or the current MSDS is unacceptable, ERM will prepare MSDS request letters to the manufacturer. This request letter will be written on BPS stationery. If there is no response, ERM will prepare a second request in order to show diligent effort as required by law. ERM's computerized word processing and data management systems will ensure that this request effort is undertaken in a cost-effective manner. MSDSs will be assembled into a master MSDS file with information on all buildings. A copy of this master MSDS file will be provided to the Department of Environmental Quality Engineering as required by law. Furthermore, each facility will receive an MSDS file for hazardous substances in their workplace.

**Task 3 — Design and Conduct Right to Know Training:** ERM will work closely with Facilities Management to design an appropriate RTK training program. Approximately twenty-five individuals will be identified as in-house trainers. These individuals will receive a customized four-hour training program and will be given a trainers kit, including a videotape, manual, brochures, and supporting documents. The in-house trainers will in turn provide basic training to all 510 employees. ERM will conduct the in-house training program and provide the complete training kit. ERM's training team will include John Wright and Peter Schneider, a Department of Labor and Industries certified trainer. ERM will also monitor two training sessions conducted by in-house trainers and make any necessary implementation recommendations.

**Task 4 — Develop Recommendations on Health, Safety and Environmental Issues:** ERM will prepare and submit a written report to Facilities Management with specific recommendations on the need for health or safety equipment or special safety procedures in the workplaces inspected. This written report will also discuss Facilities Management's ongoing RTK program, including the annual training requirements and updating the master inventory and master MSDS file. Other related workplace issues will also be addressed including the proper procedures for the disposal of any unused or discarded substances in accordance with hazardous waste laws and regulation.

ERM estimates that this RTK assistance program can be completed for a fixed price of \$31,725, including all labor and expenses. This represents approximately 416 hours of professional time to inspect all 127 buildings, prepare the master inventory and master file, conduct the training and prepare the final report. Expenses account for \$5,485, including all travel, printing and twenty-five training kits with videotapes.

The contractor was selected to provide these services because it has extensive experience in providing Right to Know (RTK) assistance to both government and industry. For example, they recently completed a national RTK training program

for Digital Equipment Corp. and have worked for the City of Beverly on their RTK program for the past two years. ERM is a nationwide consulting organization with a professional staff of over 400 in twenty-six offices located throughout the U.S., Canada and Europe. Their staff includes engineers, industrial hygienists, RTK trainers and a wide variety of other health, safety and environmental scientists. ERM-New England is ERM's Boston-based affiliate. Both the Digital and Beverly RTK projects were managed by ERM-New England.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest would not be served by publicly advertising for bids.

This is the first contractual agreement between the Boston Public Schools and ERM-New England.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

## Chapter 636 Services

Dear Mr. Mayor:

On behalf of the Boston Public Schools, I request your authorization for the award of a contract to Richard Cohen, dba School Mediation Associates, located at Cambridge. This contract shall be in effect during the period from February 29, 1988, to June 30, 1988, and shall occur at a cost not to exceed \$12,492, which I have deemed to be reasonable. On July 21, 1987, the School Committee approved all of the FY'88 chapter 636 proposals for the sum of \$5,128,956.

The contractor will provide the following services: train approximately seventy-two students and teachers in four District B schools to mediate the interpersonal conflicts of their peers. A separate, twenty-three-hour training program will be conducted in each school. Training manuals and related materials will be created and provided by School Mediation Associates; train a program coordinator (or a team of coordinators) in each school to coordinate the mediation program; SMA will also provide ongoing technical assistance to these coordinators; consult with administrators in each school and assist them in implementing the mediation program. The contractor will work approximately fifty days at \$250 per day.

The contractor is uniquely qualified to provide the above services because they have effectively trained administrators, teachers and students to use this program in a racially diversified urban setting, have effectively reduced suspension by 75 percent since implementing this program in an urban setting and have effectively empowered students to be actual decision makers. This program has effectively sensitized students to issues of peer violence. They have previously provided these services at Cambridge Rindge and Latin High, Graham Park Middle School in Cambridge and Chestnut Hill Middle School in Springfield.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services, it is my determination that the public interest would not be served by public advertisement for bids.

This is the first contractual agreement between this vendor and the Boston Public Schools.

Very truly yours,  
Laval S. Wilson,  
Superintendent.

INSPECTIONAL SERVICES DEPARTMENT

NOTICE TO CONTRACTORS

Proposal for Demolition and Site Clearance,  
Project No. 129-CI-ATD, City Funds.

The City of Boston, acting by its Inspectional Services Commissioner, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, hereinafter referred to as the Awarding Authority, invites sealed general bids for the demolition and site clearance of the following buildings:

391-393 Blue Hill Avenue, Ward 12

395 Blue Hill Avenue, Ward 12

397 Blue Hill Avenue, Ward 12

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 a.m., Friday, April 22, 1988, at the office of the Awarding Authority, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form for general bid obtained from the Awarding Authority. The general bids shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. Four copies of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or in the form of a certified check, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston in the sum of 5 percent of the attached bid. One copy of the general bid will be filed with the City Auditor. The general bids shall be filed before time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth under the provisions of General Laws (Ter. Ed.), chapter 149, of section 26, as amended. This schedule will be available to the successful bidder.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

All bids for this project are subject to all applicable provisions of law, including without limitation, sections 39F and 39K through 39P of chapter 30,

and sections 29 and 44A to 44H, inclusive of chapter 149 of the General Laws, as amended, and in accordance with the terms and provisions of the contract documents entitled: "Project No. 129-CI-ATD."

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Inspectional Services Commissioner is allowing a thirty-day period to complete the demolition and site clearance of these buildings starting with his signature on contract.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

The contractor's attention is called to XXIV, Protection of the Public. These measures, which appear in the contract, are two general types: revisions to the demolition contract specifications, and modifications or additions to the Clearance of Unsafe Buildings Program itself.

NOTICE OF REQUIREMENTS FOR AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT OPPORTUNITY (EXECUTIVE ORDER 11246) IF APPLICABLE.

The contractor's attention is called to the "Equal Opportunity Clause" and "Standard Federal Equal Employment Opportunity Construction Contract Specifications" set forth in this part.

The goals and timetables for minority and female participation are expressed in percentage terms for the contractor's aggregate workforce in each trade on all construction work in the covered areas. (See pages EEO-1 and EEO-2 of the bid specifications for goals and timetables.)

These goals are applicable to all the contractor's construction work (whether or not it is federal or federally assisted) performed in the covered areas.

As used in the notice, and in the contract, the covered area is Arlington, Boston, Belmont, Brookline, Burlington, Cambridge, Canton, Chelsea, Dedham, Everett, Malden, Medford, Melrose, Milton, Norwood, Reading, Revere, Somerville, Stoneham, Wakefield, Westwood, Winthrop, Woburn, and the Islands of Boston Harbor, Massachusetts.

The contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required to meet the goals established for the geographical area where the contract is to be performed.

The hours of minority and female employment and training must be substantially uniform throughout the length of the contract in each trade, and the contractor shall make a good-faith effort to employ minorities and women evenly on each of the projects.

The transfer of minority or female employees or trainees from contractor to contractor or from project to project for the sole purpose of meeting the contractor's goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total workhours performed.

No bid for the award of this project will be considered acceptable unless the contractor complies with the following requirements for minority business enterprise utilization, if applicable.

Notice

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications for and the obligations of the con-

tractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

Attention to All Bidders

I. Minority Business Requirements:

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for minority business enterprise utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 25 percent of his bid price shall be expended for minority business enterprise, if bid is for more than \$50,000. If the bid is under \$50,000, but greater than \$10,000, then the requirement is 10 percent. For the purpose of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the minority business enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority-owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 15 Beacon Street, fifth floor, Boston, MA 02108, telephone number 720-4300. If a contractor wishes to use a minority business that is not listed in the directory he must contact the Minority Business Office to obtain a copy and submit with his bid, a Minority Business Identification Statement. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

II. Workforce Requirements:

During the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following workforce requirements (labor).

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on the contract.

3. *Boston Residents:* The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on the contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates" as determined by the Commissioner of Labor and Industries under the provisions of chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended. If you have any questions pertaining to the applicability of these requirements, please call the Compliance Office at 720-4300.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, with limitation, the notice to all bidders (including subbidders), and the provisions with respect to bonds, insurance, equal employment opportunity, minimum wages, time of performance, liquidated

amages, and the requirements set forth in the specifications on supplemental equal employment opportunity, anti-discrimination and affirmative action program contract provisions, and to the requirements of mandatory compliance with section 508 of the Housing and Urban Development Act of 1968 and Executive Order 11246.

INSPECTIONAL SERVICES DEPARTMENT

NOTICE TO CONTRACTORS

Proposal for Demolition and Site Clearance,  
Project No. 130-CI-ATD, City Funds.

The City of Boston, acting by its Inspectional Services Commissioner, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, hereinafter referred to as the Awarding Authority, invites sealed general bids for the demolition and site clearance of the following buildings:

41 Maywood Street, Ward 12.

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 a.m., Friday, April 22, 1988, at the office of the Awarding Authority, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form for general bid obtained from the Awarding Authority. The general bids shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. Four copies of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or in the form of a certified check, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston in the sum of 5 percent of the attached bid. One copy of the general bid will be filed with the City Auditor. The general bids shall be filed before time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth under the provisions of General Laws (Ter. Ed.), chapter 149, of section 26, as amended. This schedule will be available to the successful bidder.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

All bids for this project are subject to all applicable provisions of law, including without limitation, sections 39F and 39K through 39P of chapter 30, and sections 29 and 44A to 44H, inclusive of chapter 149 of the General Laws, as amended, and in

accordance with the terms and provisions of the contract documents entitled: "Project No. 130-CI-ATD."

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Inspectional Services Commissioner is allowing a thirty-day period to complete the demolition and site clearance of these buildings starting with his signature on contract.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

The contractor's attention is called to XXIV, Protection of the Public. These measures, which appear in the contract, are two general types: revisions to the demolition contract specifications, and modifications or additions to the Clearance of Unsafe Buildings Program itself.

**NOTICE OF REQUIREMENTS FOR AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT OPPORTUNITY (EXECUTIVE ORDER 11246) IF APPLICABLE.**

The contractor's attention is called to the "Equal Opportunity Clause" and "Standard Federal Equal Employment Opportunity Construction Contract Specifications" set forth in this part.

The goals and timetables for minority and female participation are expressed in percentage terms for the contractor's aggregate workforce in each trade on all construction work in the covered areas. (See pages EEO-1 and EEO-2 of the bid specifications for goals and timetables.)

These goals are applicable to all the contractor's construction work (whether or not it is federal or federally assisted) performed in the covered areas.

As used in the notice, and in the contract, the covered area is Arlington, Boston, Belmont, Brookline, Burlington, Cambridge, Canton, Chelsea, Dedham, Everett, Malden, Medford, Melrose, Milton, Norwood, Reading, Revere, Somerville, Stoneham, Wakefield, Westwood, Winthrop, Woburn, and the Islands of Boston Harbor, Massachusetts.

The contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required to meet the goals established for the geographical area where the contract is to be performed.

The hours of minority and female employment and training must be substantially uniform throughout the length of the contract in each trade, and the contractor shall make a good-faith effort to employ minorities and women evenly on each of the projects.

The transfer of minority or female employees or trainees from contractor to contractor or from project to project for the sole purpose of meeting the contractor's goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total workhours performed.

No bid for the award of this project will be considered acceptable unless the contractor complies with the following requirements for minority business enterprise utilization, if applicable.

Notice

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications for and the obligations of the contractor and subcontractors to take affirmative action in connection with employment practices in

the performance of this contract.

Attention to All Bidders

I. Minority Business Requirements:

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for minority business enterprise utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 25 percent of his bid price shall be expended for minority business enterprise, if bid is for more than \$50,000. If the bid is under \$50,000, but greater than \$10,000, then the requirement is 10 percent. For the purpose of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the minority business enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority-owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 15 Beacon Street, fifth floor, Boston, MA 02108, telephone number 720-4300. If a contractor wishes to use a minority business that is not listed in the directory he must contact the Minority Business Office to obtain a copy and submit with his bid, a Minority Business Identification Statement. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

II. Workforce Requirements:

During the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following workforce requirements (labor).

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on the contract.

3. *Boston Residents:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on the contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates" as determined by the Commissioner of Labor and Industries under the provisions of chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended. If you have any questions pertaining to the applicability of these requirements, please call the Compliance Office at 720-4300.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, with limitation, the notice to all bidders (including subbidders), and the provisions with respect to bonds, insurance, equal employment opportunity, minimum wages, time of performance, liquidated damages, and the requirements set forth in the specifications on supplemental equal employment

opportunity, anti-discrimination and affirmative action program contract provisions, and to the requirements of mandatory compliance with section 3 of the Housing and Urban Development Act of 1968 and Executive Order 11246.

**Invitation for Bids for Pruning and Trimming of  
Trees In the Boston Common.**

The City of Boston, acting by the Parks Commission, Room 930, 294 Washington Street, Boston, MA 02108, hereinafter referred to as the Awarding Authority, hereby invites sealed bids for the project listed below. Bids shall be on a form supplied by the Parks and Recreation Department, shall be clearly identified as a bid, and signed by the bidder. All bids for this project are subject to all applicable provisions of law and in accordance with the terms and provisions of the contract document entitled: "Pruning and Trimming of Trees in the Boston Common."

SCOPE OF WORK includes: Furnishing all labor, materials, equipment and transportation to provide a crew to prune and trim trees at various locations in the Boston Common. Estimated cost, \$50,000.

BIDS shall be submitted in duplicate before 2 p.m., Boston time, on Wednesday, April 27, 1988, and opened forthwith and read aloud. One bid shall be filed with the Awarding Authority at the office designated above accompanied by the bid deposit. The duplicate copy of the bid shall be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for opening of bids. The Awarding Authority reserves the right to waive any informalities in, or to reject any and all bids, if it be in the public interest to do so.

SPECIFICATIONS will be available on or about Monday, April 11, 1988, after 9 a.m., Boston time, at the Parks and Recreation Department, to all interested parties who present a \$25 certified check, payable to the City of Boston for each set. Specifications must be returned in good condition within thirty days of the bid opening in order for the bidder to have the \$25 check returned.

BIDDERS are hereby notified that bid deposits must be 5 percent of his/her bid, and shall be in the form of a bid bond, cash, or certified check, treasurer's check, or cashier's check, made payable to the City of Boston.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 15 percent of his bid shall be expended for minority business enterprise. For the purpose of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority group members who are Black, Hispanic, Oriental, or American Indian.

Included with the contract documents is a copy of the "Minority Business Utilization Form."

Each general contractor must complete, sign,

and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal.

A completed Minority Business Identification Statement (MBU-IS-A) shall be submitted for each Minority Business Enterprise listed on a bidders form (MBU-F), and submitted at the time of bid opening, that is not included in the Minority Business Directory published by the Office of Minority Business. Copies of the Minority Business Identification Statement are available at the City of Boston Jobs and Community Services, 15 Beacon Street, Boston, MA 02108.

All contractors shall also avail themselves of the City of Boston Minority Business Directory published by the city through the Office of Contract Compliance and Enforcement Division of Jobs and Community Services, 15 Beacon Street, Boston, Mass., to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The commissioner reserves the right to waive any informalities and to reject any or all bids if it be in the public interest to do so.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, Room 930, 294 Washington Street, Boston, MA 02108, on Tuesday, April 19, 1988, at 10 a.m., Boston time.

**NOTICE TO BIDDERS**

Sealed bids for MBTA Contract No. R8CN08, PARKING IMPROVEMENTS, WEST CONCORD STATION, CONCORD, MASSACHUSETTS, (Class 1 — General Transit Construction, Project Value 11.80) will be received by the Director of Construction, at the Contract Administration Office, fifth floor, Transportation Building, 10 Park Plaza, Boston, MA 02116-3933, until two o'clock (2 p.m.) on April 27, 1988. Immediately thereafter, in a designated room, the bids will be opened and read publicly.

The work consists of improving and expanding parking lot and platforms, including full depth construction, paving, drainage, curbing, signing, lighting, pavement markings, landscaping, handicap platforms and platform canopy.

Each prospective bidder proposing to bid on this project must be prequalified in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders." Copies may be obtained from the Contract Administration Office at the above address. Requests for prequalification for this project will not be accepted by the Authority after the tenth (10th) day preceding the date set for the opening of bids.

Prequalified bidders may obtain from the Contract Administration Office a "Request for Bid Form," which must be properly filled out and submitted for approval.

Bidding documents may be obtained from the Contract Administration Office at the address above from 8:30 a.m. to 4 p.m., after March 30, 1988, Monday through Friday, at a charge of \$25 per set. The Authority's Standard Specifications, Bidding and Contract Requirements and Division 1 — General Requirements dated November, 1983, is available at a charge of \$5 per copy. The Authority's Standard Specifications, Construction, dated January, 1980, is available at a charge of \$15 per copy. Also available is the Authority's "Railroad Operations — Book of Standard Plans — Track and Roadway" at a charge of \$25 per copy. Bidding documents will be mailed by parcel post upon request and receipt of an additional fee of \$15, payable by separate check. If requested, documents will be forwarded by air freight, where such service is available, at the expense of the plan holder. None of these charges are refundable.

Bidders attention is directed to Appendix 1, Goals and Timetables for Female and Minority Participation in the Construction Industry; and to Appendix 2, Supplemental Equal Employment Opportunity, Anti-Discrimination and Affirmative Action Program in the specifications. In addition, pursuant to the requirements of Appendix 3, Disadvantaged Business Enterprise (DBE) Participation Provision, bidders must submit an assurance with their bids that they will make sufficient and reasonable efforts to meet the stated DBE goal of 16 percent.

Bidders will affirmatively insure that, in regard to any contract entered into pursuant to this solicitation, minority and female construction contractors will be afforded full opportunity to submit bids and will not be discriminated against on the grounds of race, color, religion, sex, or national origin in consideration for an award.

Bidders will be required to comply with federal equal employment opportunity regulations and the President's Executive Order No. 11246 and any amendments or supplements thereof.

Authorization for the bidders to view the site of the work on the MBTA's property shall be obtained from the office of the Project Manager, Mr. James L. Eng, 21 Arlington Avenue, Charlestown, MA 02129, Telephone No. (617) 722-5806. A prebid conference will be held on April 13, 1988, at 10 a.m. in the above office. Any request for interpretation of plans and specification should be submitted in writing at the same time.

Bidders will be required to certify as part of their bids that they are able to furnish labor that can work in harmony with all other elements of labor employed or to be employed on the work.

This contract is subject to minimum state wage rates as well as all other applicable labor laws.

Bid guaranty shall consist of a bid deposit in the amount of 5 percent of the value of the bid in the form of a bid bond, cash, or a certified, treasurer's or cashier's check.

The successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract price.

The Authority reserves the right to reject any or all bids, to waive informalities, to advertise for new bids or proceed to do the work otherwise, as may be deemed to be for the best interests of the Authority.

N.I.C.E. Day Care Center, hereinafter referred to as the Awarding Authority, through funding from the Public Facilities Department, under support from the Community Development Block Grant, invites contractors to bid the following project:

Site: N.I.C.E. Day Care Center, 3297 Washington Street, Jamaica Plain.

Scope of Work: Installation of wheel chair lift, relocation of bathroom and general renovations. See specifications for more detailed breakdown of work items.

Time and Place for Filing Bids: ALL GENERAL BIDS shall be filed with the Awarding Authority at the above address before 10 a.m. on April 27, 1988, at which time and place respective bids will be opened forthwith and read aloud. Contractors planning to submit bids should plan to attend a prebid meeting specifying the extent of the renovations. The prebid meeting is scheduled as follows: N.I.C.E. Day Care Center, 3297 Washington Street, Jamaica Plain, April 13, 1988, at 10 a.m.

PLANS AND SPECIFICATIONS will be available on or about April 6, 1988, at N.I.C.E. Day Care Center, 3297 Washington Street, Jamaica Plain, through Susan Landers at 524-1439.

The attention of all bidders is specifically directed to the fact that this is a federally assisted project and, therefore, not less than the minimum salaries and wages set forth in the contract documents must be paid to each worker on the project (Davis-Bacon), and that the contractor must ensure that employees and applicants are not discriminated

against because of race, color, religion, sex, or national origin (Executive Order No. 11246). Attention is also called to the contractor requirements relating to Workmen's Compensation, and insurance requirements of the successful general contractor and subcontractor for the project shall be set forth in the Supplementary and Special Conditions of the contract documents.

Pursuant to the supplemental minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 10 percent (or 30 percent if in the impact area; see contract documents) of his price shall be expended on minority business enterprises. For the purpose of this paragraph, the term minority business enterprise means a business organization in which at least 51 percent of the beneficial ownership is held by one or more minority persons who are Black, Hispanic, Oriental, or American Indian.

The attention of each bidder is called to the provisions of the contract documents requiring that at least 50 percent of all work hours on this project be performed by Boston residents, 25 percent by minorities, and 10 percent by women, in each trade.

The Awarding Authority reserves the right to waive any informalities in or to reject any and all bids if it be in the public interest to do so.

CITY OF BOSTON

INSPECTIONAL SERVICES DEPARTMENT

NOTICE TO CONTRACTORS

Proposal for Boarding and Securing,  
Project No. 33-CI-ABU(A-C), City Funds.

The City of Boston, acting by its Inspectional Services Commissioner, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, hereinafter referred to as the Awarding Authority, invites sealed general bids for the boarding and securing of the following buildings:

30 Brook Avenue, Ward 8  
251 Norwell Street, Ward 14  
25 Lyons Street, Ward 15

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 a.m., Friday, April 22, 1988, at the office of the Awarding Authority, fifth floor, 1010 Massachusetts Avenue, Boston, MA 02118, at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form for general bid obtained from the Awarding Authority. The general bids shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. Four copies of the general bids shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or in the form a certified check on, or a treasurer's or cashier's check issued by a responsible bank or trust company, payable to the City of Boston in the sum of 5 percent of the attached bid. One copy of the general bid shall be filed with the City Auditor. The general bids shall be filed before the time stated above for the opening of the general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended. This schedule will be available to the successful bidder.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

All bids for this project are subject to all applicable provisions of law, including without limitation, sections 39F and 39K through 39P of chapter 30, and sections 29 and 44A to 44H, inclusive of chap-

ter 149 of the General Laws, as amended, and in accordance with the terms and provisions of the contract documents entitled: "Project No. 33-CI-ABU(A-C)."

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Inspectional Services Commissioner is allowing a thirty-day period to complete the boarding and securing of these buildings starting with his signature on contract.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

Notice

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Section contract provision of the specifications for and the obligations of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract.

Attention to All Bidders

I. Minority Business Requirements:

No bid for the award of this project will be considered acceptable unless the general contractor complies fully with the following requirements for minority business enterprise utilization.

Pursuant to the Supplemental Minority Participation section of this contract, the general contractor must give satisfactory assurance that at least 10 percent of his bid price shall be expended for minority business enterprise, if the bid is over \$10,000. For the purpose of this paragraph, the term minority business enterprise means a business in which at least 51 percent of the beneficial ownership and control is held by one or more minority persons (Black, Hispanic, Asian-American, or American Indian).

Each general contractor must complete, sign, and file with his bid the Minority Business Utilization Form. The Minority Business Utilization Form shall be completed and signed by the minority business enterprise and the general contractor. Failure to submit a Minority Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority Business Directory lists all minority-owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Awarding Authority or the Minority Business Office, 15 Beacon Street, fifth floor, Boston, MA 02108, telephone number 720-4300. If a contractor wishes to use a minority business that is not listed in the directory he must contact the Minority Business Office to obtain a copy and submit with his bid, a Minority Business Identification Statement. The dollar amount obligated to a non-certified (City of Boston) minority business will not count towards the minority business percentage requirements.

II. Workforce Requirements:

During the performance of this contract, the general contractor shall agree and shall require that his subcontractors agree to the following workforce requirements (labor).

1. *Minority Workforce:* The contractor and its subcontractors shall maintain a not less than 25 percent ratio of minority manhours to total employee manhours in each trade worked on the contract.

2. *Female Workforce:* The contractor and its subcontractors shall maintain a not less than 10 percent ratio of female employee manhours to total employee manhours in each trade worked on the contract.

3. *Boston Residents:* The contractor and its subcontractors shall maintain a not less than 50 percent ratio of Boston resident employee manhours to total employee manhours in each trade worked on the contract.

4. The workforce requirements of paragraphs (1), (2), and (3) above shall apply to each trade that appears on the list of "Classification and Minimum Wage Rates" as determined by the Commissioner of Labor and Industries under the provisions of chapter 149, sections 26 through 27G, of the General Laws of Massachusetts, as amended. If you have any questions pertaining to the applicability of these requirements, please call the Compliance Office at 720-4300.

NOTICE OF REQUIREMENT FOR AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT OPPORTUNITY (EXECUTIVE ORDER 11246).

The contractor's attention is called to the "Equal Opportunity Clause" and "Standard Federal Equal Opportunity Construction Contract Specifications" set forth in this part.

The goals and timetables for minority and female participation are expressed in percentage terms for the contractor's aggregate workforce in each trade on all construction work in the covered areas. (See pages EEO-1 and EEO-2 of the bid specifications for goals and timetables.)

These goals are applicable to all the contractor's construction work (whether or not it is federal or federally assisted) performed in the covered areas.

As used in the notice, and in the contract, the covered area is Arlington, Boston, Belmont, Brookline, Burlington, Cambridge, Canton, Chelsea, Dedham, Everett, Malden, Medford, Melrose, Milton, Norwood, Reading, Revere, Somerville, Stoneham, Wakefield, Westwood, Winthrop, Winchester, Woburn, and the Islands of Boston Harbor, Massachusetts.

The contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required to meet the goals established for the geographical area where the contract is to be performed.

The hours of minority and female employment and training must be substantially uniform throughout the length of the contract in each trade, and the contractor shall make a good-faith effort to employ minorities and women evenly on each of its projects.

The transfer of minority or female employees or trainees from contractor to contractor or from project to project for the sole purpose of meeting the contractor's goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against the total workhours performed.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, with limitation, the notice to all bidders (including subbidders), and the provisions with respect to bonds, insurance, equal employment opportunity, minimum wages, time of performance, liquidated damages, and the requirements set forth in the specifications on supplemental equal employment opportunity, anti-discrimination and affirmative action program contract provisions, and to the requirements of mandatory compliance with section 3 of the Housing and Urban Development Act of 1968 and Executive Order 11246.

NOTE: See Procurement Standards, Circular No. A-102.

RAYMOND L. FLYNN  
MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

CHRISTOPHER A. IANNELLA  
PRESIDENT, CITY COUNCIL

VOL. 80

MONDAY, APRIL 18, 1988

NO. 16

# PATRIOT'S DAY

From Lexington's Battle Green to the Bridge at Concord,  
From Bunker Hill to the decks of our historic USS Constitution;  
Bay State citizens know we were the Cradle of Liberty  
that gave birth to the democracy we cherish.

Our freedom is precious and worth defending.

# BOSTON POLICE LIEUTENANTS' PROMOTION

Mayor Raymond L. Flynn recently joined Police Commissioner Francis "Mickey" Roache at the swearing in of thirty-three police officers promoted to the Civil Service rank of Lieutenant. With these first Civil Service promotions in ten years, the Boston Police Department has doubled the number of Lieutenants on the force.

"Our continued efforts to bolster the field and command personnel, and supply state-of-the-art equipment enables the Boston Police Department to better serve and protect the people of Boston," Mayor Flynn said.

Over the last four years, more than 400 new police recruits have been hired, bringing police staffing levels to their highest point since the passage of Proposition 2-1/2.

In addition to the personnel increases, the city has secured funding for reopening of stations in East Boston and Brighton, as well as for the building and rehabilitation of neighborhood police stations in Mattapan, South Boston, Hyde Park, Jamaica Plain, and Charlestown.

In order to allow the police to better serve the community, the 911 system has been enhanced with a new computerized state-of-the-art equipment to increase its responsiveness.

"These improvements are helping the qualified and dedicated members of the Boston Police Department to keep our neighborhoods safe," Flynn concluded.
